From J. K. BATTEN, Esq., Political Agent for Pudukkóttai, to the Chief Secretary to Government, dated Trichinopoly, 24th October 1896, Ref. on Cur. No. 344-O—Pol.

With reference to G.O., No. 343, dated 1st October 1896, communicating to me the Order, Mis. No. 1729 L., dated 23rd September 1896, I have the honour to report that the Pudukkóttai Darbar wishes to avail itself of the services of Mr. Hormusji Nowroji and agrees to pay him at the rate of Rs. 30 per diem during such time as he may be absent from his duty in the British territory and half of it when he may be preparing estimates, &c., as proposed by the Sanitary Engineer to Government in his letter to Government, No. 2153, dated 10th July 1896.

(Signed) A. L. HANNAY,
Ag. Asst. Secretary.

From F. C. HARRISON, Esq., Officiating Accountant-General, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 30th November 1896, No. I.A.E.—275-C.

With reference to your endorsement, No. 1301, dated the 13th of November 1896, referring to me, for remarks, letter, No. 344-O—Pol., dated 24th October 1896, from the Political Agent for Pudukkóttai, in which he reports that the Puddukkóttai Darbar wishes to avail itself of the services of Mr. Hormusji Nowroji, Assistant to the Sanitary Engineer to Government, in the place of Mr. Minchin, who has since resigned the service of Government for employment in the Travancore Public Works Department, and that it agrees to pay him at the rate of Rs. 30 per diem during such time as he may be absent from his duty in British territory and half this sum when he may be preparing estimates, &c., I have the honour to make the following remarks.

As Mr. Nowroji is to be transferred to the Puddukkóttai State for a special temporary duty lasting only for a few days, the condition as to ten years' qualifying service laid down in Article 806 of the Civil Service Regulations need not be applied to his case and no contribution need be levied from him for the period of his transfer (*vide* Article 815 of the Civil Service Regulations).

As regards the remuneration proposed to be paid to him, I have to invite the attention of Government to clause 1 of Article 806 (iv) of the Civil Service Regulations, from which it will be seen that his remuneration should not exceed Rs. 587-8-0 per mensem, his present pay under Government being only Rs. 470. If the transfer take place from and after 1st December 1896, his pay under Government will be Rs. 500, and his remuneration in the Pudukkóttai State should not therefore exceed Rs. 625 a month. The grant of pay in excess of these amounts requires the sanction of the Government of India in the Foreign Department under Article 806 (ii) (*a*).

During the period when Mr. Nowroji is required to prepare estimates, &c., while doing duties of his office under Government, his case will be governed by Article 91, clauses (*a*), (*b*), (*c*), if he is considered not to be in foreign service, and the Government may pay him any remuneration it thinks fit under that article.

ORDER—No. 2370 L., dated 14th December 1896.

The services of Mr. Hormusji Nowroji, the Assistant Engineer, will be placed temporarily at the disposal of the Pudukkóttai Darbar for the purpose of preparing a water-supply scheme for that town. He will be allowed to draw pay at the rate of Rs. 20-13-4 a day for the days he is actually on duty at Pudukkóttai and he will be permitted to accept for the period he may be employed in preparing the plans and estimates, in addition to his ordinary duties, a fair and reasonable bonus, to be paid by that State, the amount of which will be fixed by Government after the completion of the work.

FOR ORDERS.

The Durbar of Pudukkottai state having applied for the loan of the services of Mr. Minchin, when he was employed as a temporary Assistant Sanitary Engineer in order that he might inspect a large reservoir in the town of Pudukkottai and prepare plans and estimates for the distribution of water from it by pipes, orders were passed in G.O. No. 1632 L dated 10th September 1896 permitting him to carry on the work in anticipation of the sanction of the Government of India and approving the arrangements proposed by the Sanitary Engineer regarding the remuneration to be paid to him. Immediately after this, however, Mr. Jones reported that Mr. Minchin resigned the service of Government and suggested that if Government was desirous of assisting the Pudukkottai

state

state, Mr. Hormusji Nowroji, the Asst Surg Engr, might be requested to undertake the duty on terms similar to those proposed in the case of Mr. Minchin. The Political Agent for Pudukkottai was thereupon requested to report whether the Durbar was desirous of availing itself of the services of Mr. Nowroji. In reply to this the Political Agent states in the first of the letters read above, that the Durbar is willing to do so on the terms proposed by Mr. Jones-viz, to pay Mr. Nowroji at the rate of Rs. 30 per diem during such time as he may be absent from his duty in the British Territory and half of it when he may be preparing estimates &c. The Accountant General to whom this letter was referred for remarks reports that as the transfer of Mr. Nowroji is for a special temporary duty lasting only for a few days, the limit of ten years qualifying service laid down in Art 806(iii) of the Civil Service Regulations does not apply to him and that under Art 815 he need not pay any contribution for this period, but that, under Art 806(IV) his remuneration during the period of his transfer should not exceed Rs. 625 a month or Rs. 20-13-4 per diem, as he now draws pay under Government at the rate of Rs. 500 a month, and that the grant of anything more than this amount requires the sanction of the Government of India in the Foreign Department under Art 806 ii(a). For the period he is required to prepare plans and estimates &c. in addition to his ordinary duties, the Accountant General states that the Government may fix any remuneration it thinks fit under Art 91(a)(b)(c).

For the few days he is actually on duty in Pudukottai Mr Hormasji may draw R20-13-4 a day; and while preparing plans R10 a day in addition to his half salary from port, the other half of salary being credited to Provl revs. While employed partly on govt. & partly on Pudukottai work he wd be drawing at the rate of R550 p.m. or R50 more than his normal salary.

× i.e. 25% of his pay in addition thereto - Art 806 (iv)

× i.e. at the rate of R625 a month, the maxm allowed by the Code

As to this, I think the better plan will be to give him a lump sum (to be paid by Pudukottai) on the completion of his work preparing plans &c. It is impossible to say beforehand what labour this work will involve & I don't think it will be satisfactory that (practically) half his pay for an indefinite period should come from the Native State which he is doing his ordinary work in the ordinary office hours. Moreover, Rs 50 p.m. addl. wd probably not be fair pay for the plans &c. only to be instructed their preparation & an inordinate degree.

FOR ORDERS.

Letter from the Sanitary Engineer to Government, dated 10"July 1896, No.2153.

With reference to the accompanying corresponding from the Political Agent for and the Diwan of Puducottah I have the honour to state that I have no objection to Mr.Minchin being placed on special duty required (not exceeding ten days absence from Trichinopoly).Mr.Minchin is paid from Provincial Funds afterwards recovered from the Municipality of Trichinopoly and I therefore propose, should Government see fit to grant his services, that he cease to draw pay from Provincial Funds for the time of his absence from Trichinopoly and that he be paid at the rate of Rs.30/-daily during such time as he is absent from Trichinopoly (this absence not to carry forfeiture of service for purposes of leave &c.) and half this rate when he may be preparing estimates &c.at Trichinopoly and doing his own work, only half his salary Rs.350/-being drawn from and debited for that period to Provincial Funds, with the usual allowances under the Civil Service Regulations or such other similar arrangements as Government may sanction.

Letter from the same officer, dated 16"September 1896, No.2818.

With reference to G.O., No.1632 L.Mis., dated 10"September 1896, I have the honour to inform you that Mr.Minchin has resigned the service of Government and having been appointed to the Travancore Public Works Department leaves this department on the 21"instant.As this is so and he is now making praparation to give over charge, he cannot go to Pudukkottai as an officer of this Government.

2. If Government is desirous of assisting the Pudukkottai State, I suggest that Mr.Hormusji Nowroji may be requested to undertake the duty on similar terms.
