No. M., th January 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. D. KRISHNAMA CHARLU Garu, Chairman, Municipal Council, Bellary, to the Chief Secretary to Government (through the Revenue Officer in charge of Division), dated Bellary, 6th January 1896, No. 6393 :—

I have the honour to submit, herewith, the revised estimate for the current official year 1895–96 and the budget estimate of the municipality of Bellary for the ensuing official year 1896–97, and to request that the Government will be pleased to accord their sanction to the same.

REVISED ESTIMATE FOR 1895–96.

2. Credit is taken in the revised estimate for the balance of Rs. 36,080 in round sum on 31st March 1895.

3. The revised receipts of the year, exclusive of the opening balance, amounted to Rs. 78,750 against Rs. 77,300 of the sanctioned budget. The increase is slight and occurs chiefly under "Tolls," "Rent of lands," and "Fees from Educational Institutions" and it is partly counterbalanced by a decrease under "Grants from Government (iii) Other purposes—Sanitation."

4. The total charges are estimated at Rs. 88,590 against Rs. 89,580 of the sanctioned budget. The decrease in the expenditure occurs under Grant II, Education, and Grant III, Sanitation and Medical services.

5. *Grant II, Education—(2) Municipal Schools—(i) On Salary System—(a) Establishment.*—The decrease of expenditure under this head is attributable to the third assistant master of the Municipal High school undergoing training during the year, to the second assistant master having been granted leave for six months on loss of full pay and their places being filled up temporarily by men on lower salaries, and to the non-entertainment of the drawingmaster, as the services of a qualified drawingmaster could not be secured. Owing to the increase in the number of pupils attending the Anglo-Vernacular Primary school from February last, long after the submission of the budget for 1895–96, an additional teacher on a salary of Rs. 20 per mensem was employed. This appointment continued up to the end of November 1895, when the services of the teacher were dispensed with. No further allotment is necessary, as the expenditure was met from the savings under the same head. The sanction of Government is solicited for the entertainment of this additional teacher. A statement of proposition for revision of establishment is herewith submitted.

6. *Grant III, Sanitation and Medical Services—(5-c) Cholera Charges.*—Rs. 400 were sanctioned in the budget. The increase of Rs. 300 is due to the entertainment of temporary establishment and purchase of a large quantity of disinfectants during the prevalence of cholera in the months of June and July 1895.

7. The fluctuations in the important items of receipts and charges are explained in column 7 of Statement VI of the revised estimate.

BUDGET FOR 1896–97.

8. The closing balance of Rs. 26,240 of the revised estimate for the current year has been adopted as the opening balance for the ensuing year. The estimated receipts of the year amount to Rs. 78,540 exclusive of the opening balance against Rs. 78,750 of the revised estimate. The few variations in the two estimates, as anticipated in the budget for the ensuing year, are due to the following causes.

that the Budget Estimate as revised by the municipal Council at the meeting be approved and submitted to Government

Revised Estimate for 1895–96.

2. Credit is taken in the revised estimate for the balance of Rs. 36,080 in round sum on 31st March 1895.

3. The revised receipts of the year, exclusive of the opening balance, amounted to Rs. 78,750 against Rs. 77,300 of the sanctioned budget. The increase is slight and occurs chiefly under "Tolls," "Rent of lands," and "Fees from Educational Institutions" and it is partly counterbalanced by a decrease under "Grants from Government (iii) Other purposes—Sanitation."

4. The total charges are estimated at Rs. 88,590 against Rs. 89,580 of the sanctioned budget. The decrease in the expenditure occurs under Grant II, Education, and Grant III, Sanitation and Medical services.

5. *Grant II, Education*—(2) *Municipal Schools*—(*i*) *On Salary System*—(*a*) *Establishment.*—The decrease of expenditure under this head is attributable to the third assistant master of the Municipal High school undergoing training during the year, to the second assistant master having been granted leave for six months on loss of full pay and their places being filled up temporarily by men on lower salaries, and to the non-entertainment of the drawingmaster, as the services of a qualified drawingmaster could not be secured. Owing to the increase in the number of pupils attending the Anglo-Vernacular Primary school from February last, long after the submission of the budget for 1895–96, an additional teacher on a salary of Rs. 20 per mensem was employed. This appointment continued up to the end of November 1895, when the services of the teacher were dispensed with. No further allotment is necessary, as the expenditure was met from the savings under the same head. The sanction of Government is solicited for the entertainment of this additional teacher. A statement of proposition for revision of establishment is herewith submitted.

6. *Grant III, Sanitation and Medical Services*—(5-*c*) *Cholera Charges.*—Rs. 400 were sanctioned in the budget. The increase of Rs. 300 is due to the entertainment of temporary establishment and purchase of a large quantity of disinfectants during the prevalence of cholera in the months of June and July 1895.

7. The fluctuations in the important items of receipts and charges are explained in column 7 of Statement VI of the revised estimate.

Budget for 1896–97.

8. The closing balance of Rs. 26,240 of the revised estimate for the current year has been adopted as the opening balance for the ensuing year. The estimated receipts of the year amount to Rs. 78,540 exclusive of the opening balance against Rs. 78,750 of the revised estimate. The few variations in the two estimates, as anticipated in the budget for the ensuing year, are due to the following causes.

9. (2) *Municipal rates and taxes—(h) Tolls.*—Rs. 12,870 are anticipated against the revised estimate of Rs. 13,860. This amount is the average of the last five years and is adopted in the absence of anything more definite. It is difficult to anticipate the precise amount that would be realized by the sale of the contract. A few of the contractors complain that they have incurred heavy loss already.

10. (3) *Realizations under special Acts—(c) Fees under Act II of* 1888.—Rs. 50 are, as usual, anticipated under this head.

11. (4) *Revenue derived from municipal property and powers apart from taxation.*—A rent of lands, Rs. 200, are estimated against Rs. 300 of the revised estimate. As the Superintendent of Police has already paid rent for six months in advance for storing building materials on municipal ground, for the construction of the Police station and as a large extent of land will not be taken up by him for depositing building materials in the ensuing year, a decrease of Rs. 100 is anticipated.

12. (*d*) (*i*) *Fees from educational institution.*—Rs. 5,500 are estimated against Rs. 5,200 of the revised estimate. An increase is anticipated, as the number of pupils that attend the municipal schools is increasing year after year.

13. (*f*) (*ii*) *Income from slaughter-houses.*—Rs. 3,300 are anticipated against Rs. 3,230 of the revised estimate.

14. (*g*) (*iii*) *Cart-stand fees.*—Rs. 500 are anticipated under this head, the revised estimate being Rs. 420.

15. (5) *Grants and contributions—(a) From Government—(i) Education—Municipal schools.*—Rs. 1,800 are estimated against Rs. 1,800 of the revised estimate. Credit is taken for the proportionate increased grant of Rs. 46 on account of the headmaster, for Rs. 23 on account of the first assistant master, for Rs. 16–10–8 on account of the second assistant master, for Rs. 5–7–3 for the Sanscrit Pandit, for Rs. 5–7–3 for the Telugu Pandit, for Rs. 5 for the Hindustani Pandit, for Rs. 3 for the gymnastic instructor and for Rs. 12–8–0 for the drawingmaster. Credit is also taken for Rs. 300 on account of the girls' schools and for Rs. 100 for furniture and building grants.

16. (*iii*) *Other purposes—Sanitation.*—Rs. 3,600, the maximum grant sanctioned by Government for the conservancy of the military lines in the cantonment, are estimated against Rs. 3,090 of the revised estimate.

Expenditure.

17. The charges are estimated at Rs. 1,02,890 against the revised estimate of Rs. 88,590 and Rs. 89,580 of the sanctioned budget.

18. The chief heads of expenditure are—

	RS.
Grant I, Public Works	22,400
„ II, Education	15,100
„ III, Sanitation and Medical Services	49,570
„ IV, Lighting and Miscellaneous municipal purposes ..	7,490
„ V, Supervision and management	7,730
Advances	300
Refunds	300

19. The increase over the revised estimate occurs chiefly under Grants I and III. Provision is made under Grant I for a large number of new works involving considerable outlay as detailed in Statement II-A, Part I, New works. Under Grant III, Rs. 5,000 are allotted for medicines and supplies (Rs. 1,800 for payment of arrears for medicines ordered during the current year 1895–96 and Rs. 3,200 for the ensuing year), and Rs. 3,000 on account of cholera charges, as required by G.O., No. 1028 M., dated 26th June 1895.

20. *Grant I, Public Works—(1) New Works—(a) Communications.*—Rs. 100 are allotted for payment of compensation to owners of houses and lands for widening lanes as suggested by the Sanitary Commissioner in his inspection notes embodied in G.O., No. 534 M., dated 25th March 1895.

21. (*b*) *Buildings.*—Rs. 6,200 are allotted against Rs. 2,200 of the revised estimate for the construction of the following works :—

	RS.
(1) Construction of public latrines	1,000
(2) „ of urinals	200
(3) „ of a dispensary in Cowl Bazaar	3,000
(4) „ of two contagious diseases huts	400
(5) Improvements to the Prince of Wales' choultry	500
(6) Improvements to the cart-stand at Herial Ookkadum in Brucepettah	1,000
(7) Improvements to the Brucepettah vegetable market	100

22. The usual allotments of Rs. 1,000 and Rs. 200 for the construction of public latrines and urinals are repeated.

23. The Surgeon-General with the Government of Madras, at his inspection of the branch dispensary at Cowl Bazaar on 20th September 1894, remarked in the visitors' book that the building is very badly adapted for the purpose and it is impossible to separate the sexes either in the waiting rooms which do not exist or in the dressing rooms and recommended that the building should be sold and a new out-patient dispensary should be erected on a more generally convenient site in accordance with the sanctioned plan with the Sanitary Board. The sanctioned plan of a dispensary and the standard estimate of the building having been received from the Sanitary Board, the Council have made a provision of Rs. 3,000 for the construction of a new dispensary in Cowl Bazaar. The branch dispensary of Brucepettah too is not in a much better condition and the council in their resolution No. 4, dated 27th August 1895, have sanctioned Rs. 4,800 for a new building. As it is not practicable to undertake the construction of both the dispensaries this year, the construction of Cowl Bazaar dispensary, which is the more necessary of the two, is provided for.

24. Rs. 400 are allotted for the construction of two contagious diseases huts holding two beds each for males and females in accordance with the suggestion of the Surgeon-General with the Government of Madras. A standard plan of contagious diseases shed is not available in the office of Sanitary Engineer. This work will not be undertaken till the plan and estimate are approved of by competent authority.

25. As the notification referred to in G.O., Mis. No. 1272 M., dated 6th August 1895, for transferring to and vesting in the municipal council, the Prince of Wales choultry, together with its out-houses and all articles appertaining thereto, has been published and as the Sanitary Commissioner has suggested that certain improvement should be made to the choultry, the council have provided Rs. 500 for carrying out the works.

26. The cart-stand at Herial Ookkadum in Brucepettah is situated on an open piece of ground. It is in an insanitary state for want of proper drainage. A provision of Rs. 1,000 is made for gravelling the floor and constructing pucka-built drains.

27. The allotment of Rs. 250 made in the budget for the current year to gravel the floor of the vegetable market in Brucepettah and to construct raised platforms thereon for the use of the vegetable sellers and vendors of other articles, being insufficient, a provision of Rs. 100 is made to complete the work.

28. (*a*) *Water-supply.*—Rs. 4,850 are allotted under this head. In regard to the protection of the Mainwaring tank, the Sanitary Commissioner suggested that, if the supply is to be drawn upon without the intervention of machinery, either floating or fixed platforms having impervious surface should be constructed. The council in a body inspected the tank to see what steps could be adopted to carry out the suggestions of the Sanitary Commissioner. The Collector of Bellary was also kindly present. The council came to the conclusion that the source of supply should be improved and that arrangements should be made for pumping the water into cisterns constructed on the bund and provided with taps. For the fort ditch, which supplies drinking water to Cowl Bazaar and cantonment, pulleys have to be constructed as a

9. (2) *Municipal rates and taxes—(h) Tolls.*—Rs. 12,870 are anticipated against the revised estimate of Rs. 13,860. This amount is the average of the last five years and is adopted in the absence of anything more definite. It is difficult to anticipate the precise amount that would be realized by the sale of the contract. A few of the contractors complain that they have incurred heavy loss already.

10. (3) *Realizations under special Acts—(c) Fees under Act II of 1888.*—Rs. 50 are, as usual, anticipated under this head.

11. (4) *Revenue derived from municipal property and powers apart from taxation.*—A rent of lands, Rs. 200, are estimated against Rs. 300 of the revised estimate. As the Superintendent of Police has already paid rent for six months in advance for storing building materials on municipal ground, for the construction of the Police station and as a large extent of land will not be taken up by him for depositing building materials in the ensuing year, a decrease of Rs. 100 is anticipated.

12. (*d*) (*i*) *Fees from educational institution.*—Rs. 5,500 are estimated against Rs. 5,200 of the revised estimate. An increase is anticipated, as the number of pupils that attend the municipal schools is increasing year after year.

13. (*f*) (*ii*) *Income from slaughter-houses.*—Rs. 3,300 are anticipated against Rs. 3,230 of the revised estimate.

14. (*g*) (*iii*) *Cart-stand fees.*—Rs. 500 are anticipated under this head, the revised estimate being Rs. 420.

15. (5) *Grants and contributions—(a) From Government—(i) Education—Municipal schools.*—Rs. 1,800 are estimated against Rs. 1,800 of the revised estimate. Credit is taken for the proportionate increased grant of Rs. 46 on account of the headmaster, for Rs. 23 on account of the first assistant master, for Rs. 16–10–8 on account of the second assistant master, for Rs. 5–7–3 for the Sanscrit Pandit, for Rs. 5–7–3 for the Telugu Pandit, for Rs. 5 for the Hindustani Pandit, for Rs. 3 for the gymnastic instructor and for Rs. 12–8–0 for the drawingmaster. Credit is also taken for Rs. 300 on account of the girls' schools and for Rs. 100 for furniture and building grants.

16. (*iii*) *Other purposes—Sanitation.*—Rs. 3,600, the maximum grant sanctioned by Government for the conservancy of the military lines in the cantonment, are estimated against Rs. 3,090 of the revised estimate.

Expenditure.

17. The charges are estimated at Rs. 1,02,890 against the revised estimate of Rs. 88,590 and Rs. 89,580 of the sanctioned budget.

28. (*a*) *Water-supply.*—Rs. 4,850 are allotted under this head. In regard to the protection of the Mainwaring tank, the Sanitary Commissioner suggested that, if the supply is to be drawn upon without the intervention of machinery, either floating or fixed platforms having impervious surface should be constructed. The council in a body inspected the tank to see what steps could be adopted to carry out the suggestions of the Sanitary Commissioner. The Collector of Bellary was also kindly present. The council came to the conclusion that the source of supply should be improved and that arrangements should be made for pumping the water into cisterns constructed on the bund and provided with taps. For the fort ditch, which supplies drinking water to Cowl Bazaar and cantonment, pulleys have to be constructed as a

means of protection against pollution. To carry out these works the council has allotted Rs. 4,000. These works will not be undertaken until the result of experiments on the water supply from Copper Mountains now under investigation is known. A provision of Rs. 250 is made for the construction of a parapet wall and putting up pulleys to the Kurdappah well which supplies drinking water to a very large number of people residing in the south-western portion of Brucepettah. Rs. 600 are allotted for providing fencing and pulleys to all public wells, as these are not only proof against accidents but are also in accordance with the sanitary principles as suggested by the Sanitary Commissioner.

29. (2) *Repairs—(a) Communications.*—The allotment of Rs. 4,700 for the maintenance of the roads in the town in addition to the provision of Rs. 2,000 made under "(5)—Contribution (*c*) To others for Public Works" as an allowance to the Military Works Department, sanctioned in G.O., No. 7599, dated 30th November 1892, Military Department, for the maintenance of the roads in the cantonment, is repeated.

30. (*b*) *Buildings.*—Rs. 2,000 are provided for the execution of repairs to the undermentioned buildings against the revised estimate of Rs. 1,000. The increase is due to provision of Rs. 1,000 being made for carrying out the necessary repairs to the High school building (transferred to the municipal council—*vide* G.O., No. 738 M., Financial, dated 29th October 1895), as recommended by the Inspector of Schools, Central Circle, at his inspection in September 1895. This amount is wholly insufficient for all the repairs and improvements required for the school. The remarks of the Collector of Bellary on the administration report of the municipality for 1894–95 concerning question of the construction of a new building for the High school are still under consideration of the council. Should the council decide upon constructing a new building, the amount of Rs. 1,000 now provided for will be spent on such repairs as are unavoidable. Otherwise a much larger amount has to be provided for for improvements and repairs :—

	RS.
Public latrines, markets, slaughter-houses, urinals and other municipal buildings	600
Sabapathy Mudaliar's hospital	400
High school building	1,000

31. (*d*) *Water-supply—(i) Repairs to works, machinery, &c.*—Rs. 150 are allotted for cleaning tanks and wells, the revised estimate being Rs. 300. The provision seems to be sufficient as almost all the tanks and wells are full.

32. (*ii*) *Establishment.*—Rs. 500 are allotted against Rs. 360 of the revised estimate. The increase is due to provision being made for the entertainment of a tank watchman on Rs. 6 for the Wudder bunda tank—a large tank in Brucepettah—the water of which is used for domestic purposes, and another on Rs. 6 for guarding the supply channel from the Alepore tank to the Fort ditch—a large drinking-water tank in the cantonment—from being polluted. A statement of proposition for revision of establishment is herewith submitted.

33. (3) *Establishment.*—Rs 1,850 are allotted under this head against Rs. 1,790 of the revised estimate. The increase is attributable to provision being made for raising the salary of the overseer's clerk from Rs. 15 to Rs. 20, as it is absolutely necessary to secure the services of a clerk who knows drawing to assist the overseer in preparing plans in connection with sale of lands for submission to Government for sanction, &c. The council has revised the scale of establishment and has reduced the salary of the two road maistries from Rs. 15 to Rs. 10 to enable it to entertain an additional road maistry on Rs. 10 per mensem without additional expenditure. The council considers that the pay of Rs. 10 for ordinary road maistries is ample. A statement of proposition for revision of establishment is herewith submitted.

34. *Grant II, Education—(2) Municipal Schools—(i) On Salary System—(a) Establishment.*—Rs. 9,150 are allotted under this head against Rs. 8,600 of the revised estimate and Rs. 9,380 of the sanctioned budget. The increase over the revised estimate is due to provision being made for the annual increments of Rs. 6, Rs. 4, Rs. 2 and

Rs. 2 to the headmaster, first assistant, third assistant and fourth assistant, respectively, of the municipal high school, sanctioned in G.O., No. 255 M., dated 24th February 1893, to the raising of the salary of the drawing master from Rs. 20 to Rs. 25, as no competent person could be secured for the post on Rs. 20. M.R.Ry. O. Gopaul Pillai, B.A., having resigned his appointment of second assistant master in the municipal high school, the council by a majority has altered the scale of pay of the appointment from Rs. 60—80, sanctioned in the Government Order quoted above, to Rs. 50—60, as, in their opinion, education has become cheap and as graduates are available for still lower pay. The council has also by a majority sanctioned the increase of the salary of the Hindustani pandit of the municipal high school and of the headmaster of the Anglo-Vernacular primary school from Rs. 25 to Rs. 30 and Rs. 30 to Rs. 35, respectively, by an annual increment of Re. 1. The present Hindustani pandit has been in the appointment for five years. He knows English also and his work has increased owing to the increase in the number of Muhammadan pupils that attend the school. The present headmaster of the Anglo-Vernacular primary school has been in the service of the municipal council for upwards of seven years. It is also proposed to raise the salary of the third assistant of the Anglo-Vernacular primary school from Rs. 15 to Rs. 17–8–0, as his work has considerably increased owing to the increase in the strength of the school. The council proposed to abolish the appointment of an additional teacher on Rs. 25 per mensem in the municipal high school, as the work can be managed with the existing staff of teachers. A statement of proposition for revision of establishment is herewith submitted.

35. (*b*) *Contingencies.*—Rs. 400 are allotted under this head, against Rs. 500 of the revised estimate, in accordance with the recommendation made by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

36. (*ii*) *On Salary-results System—(a) Fixed Payments.*—Rs. 1,810 are allotted against Rs. 1,670 of the revised estimate. The increase is due to provision being made for an additional teacher on Rs. 5 and a waterman and sweeper on Re. 1 per mensem for the Brucepettah night school for Muhammadans, on account of the increase in the number of pupils attending the school, in accordance with the recommendation of the Sub-Assistant Inspector of Muhammadan Schools, Central Circle, in his footnote No. 731, dated 28th September 1895, and to the establishment of a night school in Cowl Bazaar for the benefit of the Muhammadan population at a monthly cost of Rs. 6, being the salary of the teacher and a waterman, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 25, dated 16th August 1895. A statement of proposition for revision of establishment is herewith submitted.

37. (3) *Salary Grants.*—Rs. 600 are allotted under this head, against Rs. 900 of the revised estimate, as recommended by the Director of Public Instruction in his No. 11048, dated 14th October 1895. The latter sum is inclusive of the arrear grant of Rs. 300 for 1894–95 paid in the current year 1895–96—*vide* G.O., Mis. No. 1182 M., dated 24th July 1895.

38. (6) *Inspection—(b) Municipal Inspectors—(ii)—Contingencies.*—A provision fo Rs. 20 is made under this head, against Rs. 10 of the revised estimate, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

39. (7) *Miscellaneous—(a) Building, Furniture, &c., Grants.*—A provision of Rs. 100 only is made for the payment of building and furniture grants to the deserving results schools, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

40. (*c*) *Other items.*—No provision is made under this head, as the book-depôt in the municipal high school has been abolished and no expenditure is anticipated.

41. *Grant III, Sanitation and Medical Services—(i) Hospitals and Dispensaries—(a) Establishment.*—Rs. 5,200 are allotted under this head against Rs. 4,320 of the revised estimate. The increase is attributable to provision being made for one first-class hospital assistant and one second-class hospital assistant instead of two second-class hospital assistants, to the raising of the salary of the two ward coolies and the two

means of protection against pollution. To carry out these works the council has allotted Rs. 4,000. These works will not be undertaken until the result of experiments on the water supply from Copper Mountains now under investigation is known. A provision of Rs. 250 is made for the construction of a parapet wall and putting up pulleys to the Kurdappah well which supplies drinking water to a very large number of people residing in the south-western portion of Brucepettah. Rs. 600 are allotted for providing fencing and pulleys to all public wells, as these are not only proof against accidents but are also in accordance with the sanitary principles as suggested by the Sanitary Commissioner.

29. (2) *Repairs*—(*a*) *Communications.*—The allotment of Rs. 4,700 for the maintenance of the roads in the town in addition to the provision of Rs. 2,000 made under "(5)—Contribution (*c*) To others for Public Works" as an allowance to the Military Works Department, sanctioned in G.O., No. 7599, dated 30th November 1892, Military Department, for the maintenance of the roads in the cantonment, is repeated.

30. (*b*) *Buildings.*—Rs. 2,000 are provided for the execution of repairs to the undermentioned buildings against the revised estimate of Rs. 1,000. The increase is due to provision of Rs. 1,000 being made for carrying out the necessary repairs to the High school building (transferred to the municipal council—*vide* G.O., No. 738 M., Financial, dated 29th October 1895), as recommended by the Inspector of Schools, Central Circle, at his inspection in September 1895. This amount is wholly insufficient for all the repairs and improvements required for the school. The remarks of the Collector of Bellary on the administration report of the municipality for 1894–95 concerning question of the construction of a new building for the High school are still under consideration of the council. Should the council decide upon constructing a new building, the amount of Rs. 1,000 now provided for will be spent on such repairs as are unavoidable. Otherwise a much larger amount has to be provided for for improvements and repairs :—

31. (*d*) *Water-supply*—(*i*) *Repairs to works, machinery, &c.*—Rs. 150 are allotted for cleaning tanks and wells, the revised estimate being Rs. 300. The provision seems to be sufficient as almost all the tanks and wells are full.

32. (*ii*) *Establishment.*—Rs. 500 are allotted against Rs. 360 of the revised estimate. The increase is due to provision being made for the entertainment of a tank watchman on Rs. 6 for the Wudder bunda tank—a large tank in Brucepettah—the water of which is used for domestic purposes, and another on Rs. 6 for guarding the supply channel from the Alepore tank to the Fort ditch—a large drinking-water tank in the cantonment—from being polluted. The increase is attributable to provision being made for raising the salary of the overseer's clerk from Rs. 15 to Rs. 20, as it is absolutely necessary to secure the services of a clerk who knows drawing to assist the overseer in preparing plans in connection with sale of lands for submission to Government for sanction, &c. The council has revised the scale of establishment and has reduced the salary of the two road maistries from Rs. 15 to Rs. 10 to enable it to entertain an additional road maistry on Rs. 10 per mensem without additional expenditure. The council considers that the pay of Rs. 10 for ordinary road maistries is ample. A statement of proposition for revision of establishment is herewith submitted.

34. *Grant II, Education*—(2) *Municipal Schools*—(*i*) *On Salary System*—(*a*) *Establishment.*—Rs. 9,150 are allotted under this head against Rs. 8,600 of the revised estimate and Rs. 9,380 of the sanctioned budget. The increase over the revised estimate is due to provision being made for the annual increments of Rs. 6, Rs. 4, Rs. 2 and

Rs. 2 to the headmaster, first assistant, third assistant and fourth assistant, respectively, of the municipal high school, sanctioned in G.O., No. 255 M., dated 24th February 1893, to the raising of the salary of the drawing master from Rs. 20 to Rs. 25, as no competent person could be secured for the post on Rs. 20. M.R.Ry. O. Gopaul Pillai, B.A., having resigned his appointment of second assistant master in the municipal high school, the council by a majority has altered the scale of pay of the appointment from Rs. 60—80, sanctioned in the Government Order quoted above, to Rs. 50—60, as, in their opinion, education has become cheap and as graduates are available for still lower pay. The council has also by a majority sanctioned the increase of the salary of the Hindustani pandit of the municipal high school and of the headmaster of the Anglo-Vernacular primary school from Rs. 25 to Rs. 30 and Rs. 30 to Rs. 35, respectively, by an annual increment of Re. 1. The present Hindustani pandit has been in the appointment for five years. He knows English also and his work has increased owing to the increase in the number of Muhammadan pupils that attend the school. The present headmaster of the Anglo-Vernacular primary school has been in the service of the municipal council for upwards of seven years. It is also proposed to raise the salary of the third assistant of the Anglo-Vernacular primary school from Rs. 15 to Rs. 17–8–0, as his work has considerably increased owing to the increase in the strength of the school. The council proposed to abolish the appointment of an additional teacher on Rs. 25 per mensem in the municipal high school, as the work can be managed with the existing staff of teachers. A statement of proposition for revision of establishment is herewith submitted.

35. (*b*) *Contingencies.*—Rs. 400 are allotted under this head, against Rs. 500 of the revised estimate, in accordance with the recommendation made by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

36. (*ii*) *On Salary-results System*—(*a*) *Fixed Payments.*—Rs. 1,810 are allotted against Rs. 1,670 of the revised estimate. The increase is due to provision being made for an additional teacher on Rs. 5 and a waterman and sweeper on Re. 1 per mensem for the Brucepettah night school for Muhammadans, on account of the increase in the number of pupils attending the school, in accordance with the recommendation of the Sub-Assistant Inspector of Muhammadan Schools, Central Circle, in his footnote No. 731, dated 28th September 1895, and to the establishment of a night school in Cowl Bazaar for the benefit of the Muhammadan population at a monthly cost of Rs. 6, being the salary of the teacher and a waterman, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 25, dated 16th August 1895. A statement of proposition for revision of establishment is herewith submitted.

37. (3) *Salary Grants.*—Rs. 600 are allotted under this head, against Rs. 900 of the revised estimate, as recommended by the Director of Public Instruction in his No. 11048, dated 14th October 1895. The latter sum is inclusive of the arrear grant of Rs. 300 for 1894–95 paid in the current year 1895–96—*vide* G.O., Mis. No. 1182 M., dated 24th July 1895.

38. (6) *Inspection*—(*b*) *Municipal Inspectors*—(*ii*)—*Contingencies.*—A provision fo Rs. 20 is made under this head, against Rs. 10 of the revised estimate, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

39. (7) *Miscellaneous*—(*a*) *Building, Furniture, &c., Grants.*—A provision of Rs. 100 only is made for the payment of building and furniture grants to the deserving results schools, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

40. (*c*) *Other items.*—No provision is made under this head, as the book-depôt in the municipal high school has been abolished and no expenditure is anticipated.

41. *Grant III, Sanitation and Medical Services*—(*i*) *Hospitals and Dispensaries*—(*a*) *Establishment.*—Rs. 5,200 are allotted under this head against Rs. 4,320 of the revised estimate. The increase is attributable to provision being made for one first-class hospital assistant and one second-class hospital assistant instead of two second-class hospital assistants, to the raising of the salary of the two ward coolies and the two

nurses from Rs. 6 to Rs. 7 and of the female toty from Rs. 5 to Rs. 6, to the entertainment of a washerman and barber (who were hitherto paid from contingencies) on a salary of Rs. 4 and Rs. 2, respectively, for the Sabapathy Mudaliar hospital; to the raising of the salary of the compounder of the branch dispensary at Cowl Bazaar and the peon of the branch dispensary at Brucepettah from Rs. 7 to Rs. 9 and from Rs. 6 to Rs. 7, respectively, to the entertainment of additional establishment, viz., a nurse on Rs. 6, a caste cook on Rs. 6 and a toty on Rs. 5 for the lying-in hospital, as recommended by the District Medical and Sanitary officer. It is proposed to entertain a qualified compounder for the branch dispensary at Cowl Bazaar. The peon of the Brucepettah branch dispensary has been in the service of the municipal council for upwards of 17 years. The Council and the District Medical and Sanitary officer are of opinion that menial servants on the existing pay are not available for work in the hospitals and dispensaries; hence their pay is raised. On the recommendation of the District Medical and Sanitary officer, the council has resolved to open a new dispensary in Brucepettah for females and children till the lying-in hospital is opened, and to place Mrs. A. D. Carmody, the female hospital assistant of the Sabapathy Mudaliar hospital, in charge of it. Provision is therefore made for entertaining a female assistant on Rs. 6, a female compounder on Rs. 5, a peon on Rs. 5 and a caste waterman on Rs. 4 per mensem for the new institution. A statement of proposition for revision of establishment is herewith submitted.

42. (*b*) *Medicines and Supplies.*—Rs. 5,000 are allotted under this head against Rs. 4,200 of the revised estimate. The provision now made is required for payment of arrears of Rs. 1,800 for medicines ordered in the current year 1895–96 and for medicines to be indented for during the ensuing year 1896–97.

43. (*d*) *Sundries and Contingencies.*—Rs. 2,620 are allotted under this head against Rs. 2,300 of the revised estimate. The increase is attributable to provision being made for payment of rent of Rs. 10 per mensem and for contingent charges on account of the new dispensary for females and children.

44. *Registration of Births and Deaths*—(*b*) *Contingencies.*--Rs. 50 are allotted under this head against Rs. 100 of the revised estimate. The amount is considered to be quite adequate.

45. (5) *Conservancy—Road-cleaning and Road-watering*— (*a*) (*i*) *Establishment.*—Rs. 13,490 are allotted under this head against Rs. 12,590 of the revised estimate. The increase is due to provision being made for raising the salary of the sanitary inspector of Brucepettah from Rs. 70 to Rs. 80 and that of the assistant sanitary inspector of the cantonment and civil lines from Rs. 15 to Rs. 20; to the entertainment of two peons on Rs. 6 each for the two rubbish depôts and six scavengers on Rs. 6 each, and a carpenter on Rs. 12 per mensem. The present sanitary inspector of Brucepettah has been in the service of the municipal council for about 16 years. He has undergone a course of training in Hygiene and has passed in Hygiene (Intermediate) in the second class. His present consolidated salary is Rs. 70 (including horse allowance of Rs. 15) —*vide* G.O., Mis. No. 370 M., dated 18th March 1893. It is proposed to raise his salary from Rs. 55 to Rs. 65 and to pay him horse allowance of Rs. 15 separately. The assistant Sanitary inspector of the cantonment and civil lines has a large area to inspect daily. Two peons are required to watch the two rubbish depôts and to prevent ryots and others from removing decayed manure clandestinely and also to see that the rubbish cart drivers do not waste their time at the depôts after throwing the rubbish. The municipal council's proposal to entertain six additional scavengers, as the existing establishment is insufficient to do the work efficiently, was disallowed by Government in their order Mis. No. 1298 M., dated 10th August 1895, with reference to G.O., No. 1094 L., dated 14th June 1894, and it was ordered that it might be included in the budget for 1896–97. As all the carts used for removing street sweepings, night-soil, urine, &c., numbering about 80, belong to the municipal council, and as they have to the repaired when they get out of order, it is very necessary to entertain a carpenter on Rs. 12 per mensem for executing the necessary repairs at once. It is very difficult to secure the services of temporary carpenters on daily wages and consequently carts cannot be sent back at once. A statement of proposition for revision of establishment is herewith submitted.

46. (*ii*) *Other charges, such as purchase or hire of carts, dry earth, purchase and maintenance or hire of bullocks, &c.*—Rs. 12,150 are allotted under this head against Rs. 12,000 of the revised estimate. The increase is ascribed to provision being made for removing prickly-pear on municipal land in accordance with the resolution of the municipal council passed at its meeting held on 19th November 1895.

47. (*b*) *Private Scavenging* —(*i*) *Establishment.*—Rs. 3,140 are provided under this head against Rs. 2,540 of the revised estimate and Rs. 3,140 of the sanctioned budget. The decrease under the revised estimate is due to savings effected by payment of minimum salary of Rs. 6 to the newly-entertained scavengers instead of the maximum pay of Rs. 7 and to the employment of a less number of scavengers.

48. (*c*) *Cholera Charges.*—Rs. 3,000 are allotted on account of "Cholera reserve" against Rs. 700 of the revised estimate and Rs. 400 of the sanctioned budget as required in G.O., No. 1028 M., dated 26th June 1895.

49. *Grant IV, Lighting and Miscellaneous Municipal purposes*—(*i*) *Lighting*—(*a*) *Establishment.*—Rs. 1,920 are allotted under this head against Rs. 1,740 of the revised estimate. The increase over the revised estimate is due to provision being made for raising the salary of three lamp superintendents from Rs. 9 to Rs. 10 on account of their long service in the department and to the entertainment of two additional lamp lighters on Rs. 6 each per mensem, owing to the increase in the number of street lamps and to additional lamps proposed to be put up in the ensuing year. A statement of proposition for revision of establishment is herewith submitted.

50. (*ii*) *Slaughter-houses*—(*a*) *Establishment.*—Rs. 250 are provided under this head against Rs. 180 of the revised estimate. The increase over the revised estimate is due to the entertainment of a peon on Rs. 6 per mensem to watch the slaughter-house in Brucepettah, to prevent the slaughtering of animals at unusual hours and to see that the floor is washed properly. There is a slaughter-house inspector on Rs. 15 per mensem and he looks after the slaughter-houses in Cowl Bazaar, and it is not possible for him to look after the slaughter-house in Brucepettah also. A statement of proposition for revision of establishment is herewith submitted.

51. (3) *Choultries*—(*a*) *Establishment.*—Rs. 110 are allotted under this head against Rs. 70 of the revised estimate. The increase over the revised estimate is due to provision being made for the entertainment of a sweeper on Rs. 3 per mensem for sweeping the premises of the Prince of Wales' choultry, as it will be transferred to the municipal council—*vide* G.O., Mis. No. 1272 M., dated 6th August 1895. A statement of proposition for revision of establishment is herewith submitted.

52. *Grant V*—(*a*) *General Establishment*—(*i*) *Office Establishment.*--Rs. 4,040 are allotted under this head against Rs. 3,800 of the revised estimate. The increase is due to the raising of the salary of the office manager from Rs. 85 to Rs. 100, that of the process clerk from Rs. 15 to Rs. 17–8–0, and that of the second accountant from Rs. 15 to Rs. 17–8–0. The present manager has been in this appointment from November 1885. He is a very trustworthy and thoroughly efficient officer and has been very useful as office manager. Under an honorary chairman, who can attend the municipal office for only a few hours in the day, the responsibilities of the manager are very great. His work has considerably increased since the introduction of the new forms of accounts and adoption of the various suggestions of the supervising authorities. The Inspector of Local Fund Accounts, in his audit report on the accounts of this municipality for 1892–93, remarked that there has been a marked improvement in the condition of the accounts and registers since the last audit, and that almost all the defects pointed out have been removed. The Assistant Inspector of Local Fund Accounts, in his audit notes on the accounts of the Bellary municipality for 1893–94, remarked that "the general result of the audit is satisfactory, more so, if the heaviness of the varied transactions of this large municipality, most of which are managed departmentally, entailing as they do more account and clerical labour than in other municipalities, is taken into account. The account work, as a whole, evinces care and intelligence on the part of the officials concerned, especially the manager and the accountant. Nothing was discovered important enough to call for immediate action

on the part of Government." The present Inspector of Local Fund Accounts and Assistant Accountant-General, in his audit notes on the accounts of this municipality for the year 1894–95, has remarked that on the whole the accounts were found to have been carefully kept. The council at its meeting endorsed with pleasure the remarks of the auditor in regard to the efficiency of the manager and the accountant. M.R.Ry. P. C. Anuntha Charlu Garu, B.A., B.L., who held the office of Chairman of the Municipal Council of Bellary for the last three years, has recorded that the compliments paid by Government for the careful and accurate preparation of the administration report for 1892–93 and 1893–94, and of the statements appended thereto, are due to the excellent services rendered by the manager and the accountant. The council consider the present salary of Rs. 85 to be not at all proportionate to the responsibilities of the office or to the valuable services of the present incumbent and think it only just to give him an increase of Rs. 15. The work of both the second accountant and the process clerk has also greatly increased since the introduction of the new forms of accounts. The former has been in the service of the municipal council for upwards of four years and the latter, who is in charge of the demand registers and bills, has done his work satisfactorily. The Inspector of Local Fund Accounts, who recently audited the accounts of this municipality, was well satisfied with the work of this clerk, and the council consider that the pay of Rs. 15 is very inadequate. Inclusive of the additional cost, the expenditure under the head of Grant V is still below 10 per cent. of the total receipts. The council therefore respectfully solicit the sanction of Government for the increased expenditure now recommended. A statement of proposition for revision of establishment is herewith submitted.

53. (c) *Contributions for Central Office and Audit Establishments.*—Rs. 470 are provided under this head against Rs. 480 of the revised estimate. The contribution is calculated at the rate sanctioned in G.O., No. 2190 L., dated 19th November 1895.

54. A copy of the resolution of the municipal council passing the budget is herewith submitted.

Submitted through the Collector.

Revised Estimate for 1895-96.

2. The current receipts and charges are now estimated at Rs 78750 and Rs 88,590 respectively, against Rs 77,300 & Rs 85,680 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls & School fees & that in the charges under Grants I & III. The entertainment of the additional teacher on Rs 20 referred to in para 5 of the chairman's letter is sanctioned. The sanction of Government has not been obtained for the temporary establishment employed during the prevalence of cholera or for the expenditure referred to in para 6. A formal application for this should now be submitted.

Budget Estimate for 1896-97

3. Receipts. The receipts for the ensuing year are placed at Rs 78,540 against Rs 78750 in the revised estimate. The amount taken credit for under grants from Provincial funds will be reduced by Rs 300 as recommended by the Director in his letter read above

4. Charges - (1) The probable charges are put down at Rs 1,02,890 against the revised estimate of Rs 88,590, the increase appearing chiefly under Grants I & III.

(2) Grant I - The entertainment of two additional water-supply watchmen on Rs 6 each and three maistries on Rs 10 each, instead of two on Rs 15 each, and the increase of Rs 5 in the salary of the clerk, proposed in paras 32 and 33 of the chairman's letter are sanctioned. It is observed that Rs 4000 of the sum allotted for water supply works will not be expended until the result of the investigations on the Copper Mountains water project ~~are~~ is known.

~~(3) Grant II - The remarks of the Director of Public Instruction on this portion of the budget will be awaited.~~

(3) Grant II The alterations in the educational establishments proposed in paras 34 & 36 of the chairman's letter are sanctioned.

WD 8.ii.96.

(4) Grant III - The allotments for medical service, vaccination and Sanitation will be passed subject to the remarks of the Surgeon General and the Sanitary Commissioner. No. 238 M., 8TH FEBRUARY 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From M.R.Ry. D. KRISHNAMA CHARLU Garu, Chairman, Municipal Council, Bellary, to the Chief Secretary to Government (through the Revenue Officer in charge of Division), dated Bellary, 6th January 1896, No. 6393:—

I have the honour to submit, herewith, the revised estimate for the current official year 1895-96 and the budget estimate of the municipality of Bellary for the ensuing official year 1896-97, and to request that the Government will be pleased to accord their sanction to the same.

REVISED ESTIMATE FOR 1895-96.

2. Credit is taken in the revised estimate for the balance of Rs. 36,080 in round sum on 31st March 1895.

3. The revised receipts of the year, exclusive of the opening balance, amounted to Rs. 78,750 against Rs. 77,300 of the sanctioned budget. The increase is slight and occurs chiefly under "Tolls," "Rent of lands," and "Fees from Educational Institutions" and it is partly counterbalanced by a decrease under "Grants from Government (iii) Other purposes—Sanitation."

4. The total charges are estimated at Rs. 88,590 against Rs. 89,580 of the sanctioned budget. The decrease in the expenditure occurs under Grant II, Education, and Grant III, Sanitation and Medical services.

5. *Grant II, Education—(2) Municipal Schools—(i) On Salary System—(a) Establishment.*—The decrease of expenditure under this head is attributable to the third assistant master of the Municipal High school undergoing training during the year, to the second assistant master having been granted leave for six months on loss of full pay and their places being filled up temporarily by men on lower salaries, and to the non-entertainment of the drawingmaster, as the services of a qualified drawingmaster could not be secured. Owing to the increase in the number of pupils attending the Anglo-Vernacular Primary school from February last, long after the submission of the budget for 1895-96, an additional teacher on a salary of Rs. 20 per mensem was employed. This appointment continued up to the end of November 1895, when the services of the teacher were dispensed with. No further allotment is necessary, as the expenditure was met from the savings under the same head. The sanction of Government is solicited for the entertainment of this additional teacher. A statement of proposition for revision of establishment is herewith submitted.

6. *Grant III, Sanitation and Medical Services—(5-c) Cholera Charges.*—Rs. 400 were sanctioned in the budget. The increase of Rs. 300 is due to the entertainment of temporary establishment and purchase of a large quantity of disinfectants during the prevalence of cholera in the months of June and July 1895.

7. The fluctuations in the important items of receipts and charges are explained in column 7 of Statement VI of the revised estimate.

BUDGET FOR 1896-97.

8. The closing balance of Rs. 26,240 of the revised estimate for the current year has been adopted as the opening balance for the ensuing year. The estimated receipts of the year amount to Rs. 78,540 exclusive of the opening balance against Rs. 78,750 of the revised estimate. The few variations in the two estimates, as anticipated in the budget for the ensuing year, are due to the following causes.

[illegible] : Budgets 1896-9

9. (2) *Municipal rates and taxes*—(*h*) *Tolls.*—Rs. 12,870 are anticipated against the revised estimate of Rs. 13,860. This amount is the average of the last five years and is adopted in the absence of anything more definite. It is difficult to anticipate the precise amount that would be realized by the sale of the contract. A few of the contractors complain that they have incurred heavy loss already.

10. (3) *Realizations under special Acts*—(*c*) *Fees under Act II of* 1888.—Rs. 50 are, as usual, anticipated under this head.

11. (4) *Revenue derived from municipal property and powers apart from taxation.*—As rent of lands, Rs. 200, are estimated against Rs. 300 of the revised estimate. As the Superintendent of Police has already paid rent for six months in advance for storing building materials on municipal ground, for the construction of the Police station and as a large extent of land will not be taken up by him for depositing building materials in the ensuing year, a decrease of Rs. 100 is anticipated.

12. (*d*) (*i*) *Fees from educational institutions.*—Rs. 5,500 are estimated against Rs. 5,200 of the revised estimate. An increase is anticipated, as the number of pupils that attend the municipal schools is increasing year after year.

13. (*f*) (*ii*) *Income from slaughter-houses.*—Rs. 3,300 are anticipated against Rs. 3,230 of the revised estimate.

14. (*g*) (*iii*) *Cart-stand fees.*—Rs. 500 are anticipated under this head, the revised estimate being Rs. 420.

15. (5) *Grants and contributions*—(*a*) *From Government*—(*i*) *Education*—*Municipal schools.*—Rs. 1,800 are estimated against Rs. 1,800 of the revised estimate. Credit is taken for the proportionate increased grant of Rs. 46 on account of the headmaster, for Rs. 23 on account of the first assistant master, for Rs. 16–10–8 on account of the second assistant master, for Rs. 5–7–3 for the Sanscrit Pandit, for Rs. 5–7–3 for the Telugu Pandit, for Rs. 5 for the Hindustani Pandit, for Rs. 3 for the gymnastic instructor and for Rs. 12–8–0 for the drawingmaster. Credit is also taken for Rs. 300 on account of the girls' schools and for Rs. 100 for furniture and building grants.

16. (*iii*) *Other purposes*—*Sanitation.*—Rs. 3,600, the maximum grant sanctioned by Government for the conservancy of the military lines in the cantonment, are estimated against Rs. 3,090 of the revised estimate.

Expenditure.

17. The charges are estimated at Rs. 1,02,890 against the revised estimate of Rs. 88,590 and Rs. 89,580 of the sanctioned budget.

18. The chief heads of expenditure are—

	RS.
Grant I, Public Works	22,400
„ II, Education	15,100
„ III, Sanitation and Medical Services	49,570
„ IV, Lighting and Miscellaneous municipal purposes	7,490
„ V, Supervision and management	7,730
Advances	300
Refunds	300

19. The increase over the revised estimate occurs chiefly under Grants I and III. Provision is made under Grant I for a large number of new works involving considerable outlay as detailed in Statement II-A, Part I, New works. Under Grant III, Rs. 5,000 are allotted for medicines and supplies (Rs. 1,800 for payment of arrears for medicines ordered during the current year 1895–96 and Rs. 3,200 for the ensuing year), and Rs. 3,000 on account of cholera charges, as required by G.O., No. 1028 M., dated 26th June 1895.

20. *Grant I, Public Works*—(1) *New Works*—(*a*) *Communications.*—Rs. 100 are allotted for payment of compensation to owners of houses and lands for widening lanes as suggested by the Sanitary Commissioner in his inspection notes embodied in G.O., No. 534 M., dated 25th March 1895.

21. (*b*) *Buildings.*—Rs. 6,200 are allotted against Rs. 2,200 of the revised estimate for the construction of the following works:—

	RS.
(1) Construction of public latrines	1,000
(2) „ of urinals	200
(3) „ of a dispensary in Cowl Bazaar	3,000
(4) „ of two contagious diseases huts	400
(5) Improvements to the Prince of Wales' choultry	500
(6) Improvements to the cart-stand at Herial Ookkadum in Brucepettah	1,000
(7) Improvements to the Brucepettah vegetable market	100

22. The usual allotments of Rs. 1,000 and Rs. 200 for the construction of public latrines and urinals are repeated.

23. The Surgeon-General with the Government of Madras, at his inspection of the branch dispensary at Cowl Bazaar on 20th September 1894, remarked in the visitors' book that the building is very badly adapted for the purpose and it is impossible to separate the sexes either in the waiting rooms which do not exist or in the dressing rooms and recommended that the building should be sold and a new out-patient dispensary should be erected on a more generally convenient site in accordance with the sanctioned plan with the Sanitary Board. The sanctioned plan of a dispensary and the standard estimate of the building having been received from the Sanitary Board, the Council have made a provision of Rs. 3,000 for the construction of a new dispensary in Cowl Bazaar. The branch dispensary of Brucepettah too is not in a much better condition and the council in their resolution No. 4, dated 27th August 1895, have sanctioned Rs. 4,800 for a new building. As it is not practicable to undertake the construction of both the dispensaries this year, the construction of Cowl Bazaar dispensary, which is the more necessary of the two, is provided for.

24. Rs. 400 are allotted for the construction of two contagious diseases huts holding two beds each for males and females in accordance with the suggestion of the Surgeon-General with the Government of Madras. A standard plan of contagious diseases shed is not available in the office of Sanitary Engineer. This work will not be undertaken till the plan and estimate are approved of by competent authority.

25. As the notification referred to in G.O., Mis. No. 1272 M., dated 6th August 1895, for transferring to and vesting in the municipal council, the Prince of Wales choultry, together with its out-houses and all articles appertaining thereto, has been published and as the Sanitary Commissioner has suggested that certain improvement should be made to the choultry, the council have provided Rs. 500 for carrying out the works.

26. The cart-stand at Herial Ookkadum in Brucepettah is situated on an open piece of ground. It is in an insanitary state for want of proper drainage. A provision of Rs. 1,000 is made for gravelling the floor and constructing pucka-built drains.

27. The allotment of Rs. 250 made in the budget for the current year to gravel the floor of the vegetable market in Brucepettah and to construct raised platforms thereon for the use of the vegetable sellers and vendors of other articles, being insufficient, a provision of Rs. 100 is made to complete the work.

28. (*a*) *Water-supply.*—Rs. 4,850 are allotted under this head. In regard to the protection of the Mainwaring tank, the Sanitary Commissioner suggested that, if the supply is to be drawn upon without the intervention of machinery, either floating or fixed platforms having impervious surface should be constructed. The council in a body inspected the tank to see what steps could be adopted to carry out the suggestions of the Sanitary Commissioner. The Collector of Bellary was also kindly present. The council came to the conclusion that the source of supply should be improved and that arrangements should be made for pumping the water into cisterns constructed on the bund and provided with taps. For the fort ditch, which supplies drinking water to Cowl Bazaar and cantonment, pulleys have to be constructed as a

For the fort ditch, which supplies drinking water to Cowl Bazaar and cantonment, pulleys have to be constructed as a

means of protection against pollution. To carry out these works the council has allotted Rs. 4,000. These works will not be undertaken until the result of experiments on the water-supply from Copper Mountains now under investigation is known. A provision of Rs. 250 is made for the construction of a parapet wall and putting up pulleys to the Kurdappah well which supplies drinking water to a very large number of people residing in the south-western portion of Brucepettah. Rs. 600 are allotted for providing fencing and pulleys to all public wells, as these are not only proof against accidents but are also in accordance with the sanitary principles as suggested by the Sanitary Commissioner.

29. (2) *Repairs—(a) Communications.*—The allotment of Rs. 4,700 for the maintenance of the roads in the town in addition to the provision of Rs. 2,000 made under “(5)—Contribution (*c*) To others for Public Works” as an allowance to the Military Works Department, sanctioned in G.O., No. 7599, dated 30th November 1892, Military Department, for the maintenance of the roads in the cantonment, is repeated.

30. (*b*) *Buildings.*—Rs. 2,000 are provided for the execution of repairs to the undermentioned buildings against the revised estimate of Rs. 1,000. The increase is due to provision of Rs. 1,000 being made for carrying out the necessary repairs to the High school building (transferred to the municipal council—*vide* G.O., No. 738 M., Financial, dated 29th October 1895), as recommended by the Inspector of Schools, Central Circle, at his inspection in September 1895. This amount is wholly insufficient for all the repairs and improvements required for the school. The remarks of the Collector of Bellary on the administration report of the municipality for 1894–95 concerning question of the construction of a new building for the High school are still under consideration of the council. Should the council decide upon constructing a new building, the amount of Rs. 1,000 now provided for will be spent on such repairs as are unavoidable. Otherwise a much larger amount has to be provided for for improvements and repairs :—

Sabapathy Mudaliar's hospital	400
High school building	1,000

31. (*d*) *Water-supply—(i) Repairs to works, machinery, &c.*—Rs. 150 are allotted for cleaning tanks and wells, the revised estimate being Rs. 300. The provision seems to be sufficient as almost all the tanks and wells are full.

32. (*ii*) *Establishment.*—Rs. 500 are allotted against Rs. 360 of the revised estimate. The increase is due to provision being made for the entertainment of a tank watchman on Rs. 6 for the Wudder bunda tank—a large tank in Brucepettah—the water of which is used for domestic purposes, and another on Rs. 6 for guarding the supply channel from the Alepore tank to the Fort ditch—a large drinking-water tank in the cantonment—from being polluted. A statement of proposition for revision of establishment is herewith submitted.

33. (3) *Establishment.*—Rs 1,850 are allotted under this head against Rs. 1,790 of the revised estimate. The increase is attributable to provision being made for raising the salary of the overseer's clerk from Rs. 15 to Rs. 20, as it is absolutely necessary to secure the services of a clerk who knows drawing to assist the overseer in preparing plans in connection with sale of lands for submission to Government for sanction, &c. The council has revised the scale of establishment and has reduced the salary of the two road maistries from Rs. 15 to Rs. 10 to enable it to entertain an additional road maistry on Rs. 10 per mensem without additional expenditure. The council considers that the pay of Rs. 10 for ordinary road maistries is ample. A statement of proposition for revision of establishment is herewith submitted.

34. *Grant II, Education—(2) Municipal Schools—(i) On Salary System—(a) Establishment.*—Rs. 9,150 are allotted under this head against Rs. 8,600 of the revised estimate and Rs. 9,380 of the sanctioned budget. The increase over the revised estimate is due to provision being made for the annual increments of Rs. 6, Rs. 4, Rs. 2 and Rs. 2 to the headmaster, first assistant, third assistant and fourth assistant, respectively, of the municipal high school, sanctioned in G.O., No. 255 M., dated 24th February 1893, to the raising of the salary of the drawing master from Rs. 20 to Rs. 25, as no competent person could be secured for the post on Rs. 20. M.R.Ry. O. Gopaul Pillai, B.A., having resigned his appointment of second assistant master in the municipal high school, the council by a majority has altered the scale of pay of the appointment from Rs. 60—80, sanctioned in the Government Order quoted above, to Rs. 50—60, as, in their opinion, education has become cheap and as graduates are available for still lower pay. The council has also by a majority sanctioned the increase of the salary of the Hindustani pandit of the municipal high school and of the headmaster of the Anglo-Vernacular primary school from Rs. 25 to Rs. 30 and Rs. 30 to Rs. 35, respectively, by an annual increment of Re. 1. The present Hindustani pandit has been in the appointment for five years. He knows English also and his work has increased owing to the increase in the number of Muhammadan pupils that attend the school. The present headmaster of the Anglo-Vernacular primary school has been in the service of the municipal council for upwards of seven years. It is also proposed to raise the salary of the third assistant of the Anglo-Vernacular primary school from Rs. 15 to Rs. 17–8–0, as his work has considerably increased owing to the increase in the strength of the school. The council proposed to abolish the appointment of an additional teacher on Rs. 25 per mensem in the municipal high school, as the work can be managed with the existing staff of teachers. A statement of proposition for revision of establishment is herewith submitted.

35. (*b*) *Contingencies.*—Rs. 400 are allotted under this head, against Rs. 500 of the revised estimate, in accordance with the recommendation made by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

36. (*ii*) *On Salary-result System—(a) Fixed Payments.*—Rs. 1,810 are allotted against Rs. 1,670 of the revised estimate. The increase is due to provision being made for an additional teacher on Rs. 5 and a waterman and sweeper on Re. 1 per mensem for the Brucepettah night school for Muhammadans, on account of the increase in the number of pupils attending the school, in accordance with the recommendation of the Sub-Assistant Inspector of Muhammadan Schools, Central Circle, in his footnote No. 731, dated 28th September 1895, and to the establishment of a night school in Cowl Bazaar for the benefit of the Muhammadan population at a monthly cost of Rs. 6, being the salary of the teacher and a waterman, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 25, dated 16th August 1895. A statement of proposition for revision of establishment is herewith submitted.

37. (3) *Salary Grants.*—Rs. 600 are allotted under this head, against Rs. 900 of the revised estimate, as recommended by the Director of Public Instruction in his No. 11048, dated 14th October 1895. The latter sum is inclusive of the arrear grant of Rs. 300 for 1894–95 paid in the current year 1895–96—*vide* G.O., Mis. No. 1182 M., dated 24th July 1895.

38. (6) *Inspection—(b) Municipal Inspectors—(ii)—Contingencies.*—A provision fo Rs. 20 is made under this head, against Rs. 10 of the revised estimate, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

39. (7) *Miscellaneous—(a) Building, Furniture, &c., Grants.*—A provision of Rs. 100 only is made for the payment of building and furniture grants to the deserving results schools, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

40. (*c*) *Other items.*—No provision is made under this head, as the book-depôt in the municipal high school has been abolished and no expenditure is anticipated.

41. *Grant III, Sanitation and Medical Services—(i) Hospitals and Dispensaries—(a) Establishment.*—Rs. 5,200 are allotted under this head against Rs. 4,320 of the revised estimate. The increase is attributable to provision being made for one first-class hospital assistant and one second-class hospital assistant instead of two second-class hospital assistants, to the raising of the salary of the two ward coolies and the two

means of protection against pollution. To carry out these works the council has allotted Rs. 4,000. These works will not be undertaken until the result of experiments on the water-supply from Copper Mountains now under investigation is known. A provision of Rs. 250 is made for the construction of a parapet wall and putting up pulleys to the Kurdappah well which supplies drinking water to a very large number of people residing in the south-western portion of Brucepettah. Rs. 600 are allotted for providing fencing and pulleys to all public wells, as these are not only proof against accidents but are also in accordance with the sanitary principles as suggested by the Sanitary Commissioner.

29. (2) *Repairs—(a) Communications.*—The allotment of Rs. 4,700 for the maintenance of the roads in the town in addition to the provision of Rs. 2,000 made under "(5)—Contribution (*c*) To others for Public Works" as an allowance to the Military Works Department, sanctioned in G.O., No. 7599, dated 30th November 1892, Military Department, for the maintenance of the roads in the cantonment, is repeated.

30. (*b*) *Buildings.*—Rs. 2,000 are provided for the execution of repairs to the undermentioned buildings against the revised estimate of Rs. 1,000. The increase is due to provision of Rs. 1,000 being made for carrying out the necessary repairs to the High school building (transferred to the municipal council—*vide* G.O., No. 738 M., Financial, dated 29th October 1895), as recommended by the Inspector of Schools, Central Circle, at his inspection in September 1895. This amount is wholly insufficient for all the repairs and improvements required for the school. The remarks of the Collector of Bellary on the administration report of the municipality for 1894–95 concerning question of the construction of a new building for the High school are still under consideration of the council. Should the council decide upon constructing a new building, the amount of Rs. 1,000 now provided for will be spent on such repairs as are unavoidable. Otherwise a much larger amount has to be provided for for improvements and repairs :—

31. (*d*) *Water-supply—(i) Repairs to works, machinery, &c.*—Rs. 150 are allotted for cleaning tanks and wells, the revised estimate being Rs. 300. The provision seems to be sufficient as almost all the tanks and wells are full.

32. (*ii*) *Establishment.*—Rs. 500 are allotted against Rs. 360 of the revised estimate. The increase is due to provision being made for the entertainment of a tank watchman on Rs. 6 for the Wudder bunda tank—a large tank in Brucepettah—the water of which is used for domestic purposes, and another on Rs. 6 for guarding the supply channel from the Alepore tank to the Fort ditch—a large drinking-water tank in the cantonment—from being polluted. A statement of proposition for revision of establishment is herewith submitted.

33. (3) *Establishment.*—Rs 1,850 are allotted under this head against Rs. 1,790 of the revised estimate. The increase is attributable to provision being made for raising the salary of the overseer's clerk from Rs. 15 to Rs. 20, as it is absolutely necessary to secure the services of a clerk who knows drawing to assist the overseer in preparing plans in connection with sale of lands for submission to Government for sanction, &c. The council has revised the scale of establishment and has reduced the salary of the two road maistries from Rs. 15 to Rs. 10 to enable it to entertain an additional road maistry on Rs. 10 per mensem without additional expenditure. The council considers that the pay of Rs. 10 for ordinary road maistries is ample. A statement of proposition for revision of establishment is herewith submitted.

34. *Grant II, Education—(2) Municipal Schools—(i) On Salary System—(a) Establishment.*—Rs. 9,150 are allotted under this head against Rs. 8,600 of the revised estimate and Rs. 9,380 of the sanctioned budget. The increase over the revised estimate is due to provision being made for the annual increments of Rs. 6, Rs. 4, Rs. 2 and Rs. 2 to the headmaster, first assistant, third assistant and fourth assistant, respectively, of the municipal high school, sanctioned in G.O., No. 255 M., dated 24th February 1893, to the raising of the salary of the drawing master from Rs. 20 to Rs. 25, as no competent person could be secured for the post on Rs. 20. M.R.Ry. O. Gopaul Pillai, B.A., having resigned his appointment of second assistant master in the municipal high school, the council by a majority has altered the scale of pay of the appointment from Rs. 60—80, sanctioned in the Government Order quoted above, to Rs. 50—60, as, in their opinion, education has become cheap and as graduates are available for still lower pay. The council has also by a majority sanctioned the increase of the salary of the Hindustani pandit of the municipal high school and of the headmaster of the Anglo-Vernacular primary school from Rs. 25 to Rs. 30 and Rs. 30 to Rs. 35, respectively, by an annual increment of Re. 1. The present Hindustani pandit has been in the appointment for five years. He knows English also and his work has increased owing to the increase in the number of Muhammadan pupils that attend the school. The present headmaster of the Anglo-Vernacular primary school has been in the service of the municipal council for upwards of seven years. It is also proposed to raise the salary of the third assistant of the Anglo-Vernacular primary school from Rs. 15 to Rs. 17–8–0, as his work has considerably increased owing to the increase in the strength of the school. The council proposed to abolish the appointment of an additional teacher on Rs. 25 per mensem in the municipal high school, as the work can be managed with the existing staff of teachers. A statement of proposition for revision of establishment is herewith submitted.

35. (*b*) *Contingencies.*—Rs. 400 are allotted under this head, against Rs. 500 of the revised estimate, in accordance with the recommendation made by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

36. (*ii*) *On Salary-result System—(a) Fixed Payments.*—Rs. 1,810 are allotted against Rs. 1,670 of the revised estimate. The increase is due to provision being made for an additional teacher on Rs. 5 and a waterman and sweeper on Re. 1 per mensem for the Brucepettah night school for Muhammadans, on account of the increase in the number of pupils attending the school, in accordance with the recommendation of the Sub-Assistant Inspector of Muhammadan Schools, Central Circle, in his footnote No. 731, dated 28th September 1895, and to the establishment of a night school in Cowl Bazaar for the benefit of the Muhammadan population at a monthly cost of Rs. 6, being the salary of the teacher and a waterman, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 25, dated 16th August 1895. A statement of proposition for revision of establishment is herewith submitted.

37. (3) *Salary Grants.*—Rs. 600 are allotted under this head, against Rs. 900 of the revised estimate, as recommended by the Director of Public Instruction in his No. 11048, dated 14th October 1895. The latter sum is inclusive of the arrear grant of Rs. 300 for 1894–95 paid in the current year 1895–96—*vide* G.O., Mis. No. 1182 M., dated 24th July 1895.

38. (6) *Inspection—(b) Municipal Inspectors—(ii)—Contingencies.*—A provision fo Rs. 20 is made under this head, against Rs. 10 of the revised estimate, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

39. (7) *Miscellaneous—(a) Building, Furniture, &c., Grants.*—A provision of Rs. 100 only is made for the payment of building and furniture grants to the deserving results schools, as recommended by the Assistant Inspector of Schools, Third Division, in his letter No. 125, dated 16th August 1895.

40. (*c*) *Other items.*—No provision is made under this head, as the book-depôt in the municipal high school has been abolished and no expenditure is anticipated.

41. *Grant III, Sanitation and Medical Services—(i) Hospitals and Dispensaries—(a) Establishment.*—Rs. 5,200 are allotted under this head against Rs. 4,320 of the revised estimate. The increase is attributable to provision being made for one first-class hospital assistant and one second-class hospital assistant instead of two second-class hospital assistants, to the raising of the salary of the two ward coolies and the two

nurses from Rs. 6 to Rs. 7 and of the female toty from Rs. 5 to Rs. 6, to the entertainment of a washerman and barber (who were hitherto paid from contingencies) on a salary of Rs. 4 and Rs. 2, respectively, for the Sabapathy Mudaliar hospital; to the raising of the salary of the compounder of the branch dispensary at Cowl Bazaar and the peon of the branch dispensary at Brucepettah from Rs. 7 to Rs. 9 and from Rs. 6 to Rs. 7, respectively, to the entertainment of additional establishment, viz., a nurse on Rs. 6, a caste cook on Rs. 6 and a toty on Rs. 5 for the lying-in hospital, as recommended by the District Medical and Sanitary officer. It is proposed to entertain a qualified compounder for the branch dispensary at Cowl Bazaar. The peon of the Brucepettah branch dispensary has been in the service of the municipal council for upwards of 17 years. The Council and the District Medical and Sanitary officer are of opinion that menial servants on the existing pay are not available for work in the hospitals and dispensaries; hence their pay is raised. On the recommendation of the District Medical and Sanitary officer, the council has resolved to open a new dispensary in Brucepettah for females and children till the lying-in hospital is opened, and to place Mrs. A. D. Carmody, the female hospital assistant of the Sabapathy Mudaliar hospital, in charge of it. Provision is therefore made for entertaining a female assistant on Rs. 6, a female compounder on Rs. 5, a peon on Rs. 5 and a caste waterman on Rs. 4 per mensem for the new institution. A statement of proposition for revision of establishment is herewith submitted.

42. (*b*) *Medicines and Supplies.*—Rs. 5,000 are allotted under this head against Rs. 4,200 of the revised estimate. The provision now made is required for payment of arrears of Rs. 1,800 for medicines ordered in the current year 1895–96 and for medicines to be indented for during the ensuing year 1896–97.

43. (*d*) *Sundries and Contingencies.*—Rs. 2,620 are allotted under this head against Rs. 2,300 of the revised estimate. The increase is attributable to provision being made for payment of rent of Rs. 10 per mensem and for contingent charges on account of the new dispensary for females and children.

44. *Registration of Births and Deaths*—(*b*) *Contingencies.*—Rs. 50 are allotted under this head against Rs. 100 of the revised estimate. The amount is considered to be quite adequate.

45. (5) *Conservancy—Road-cleaning and Road-watering*—(*a*) (*i*) *Establishment.*—Rs. 13,490 are allotted under this head against Rs. 12,590 of the revised estimate. The increase is due to provision being made for raising the salary of the sanitary inspector of Brucepettah from Rs. 70 to Rs. 80 and that of the assistant sanitary inspector of the cantonment and civil lines from Rs. 15 to Rs. 20; to the entertainment of two peons on Rs. 6 each for the two rubbish depôts and six scavengers on Rs. 6 each, and a carpenter on Rs. 12 per mensem. The present sanitary inspector of Brucepettah has been in the service of the municipal council for about 16 years. He has undergone a course of training in Hygiene and has passed in Hygiene (Intermediate) in the second class. His present consolidated salary is Rs. 70 (including horse allowance of Rs. 15)—*vide* G.O., Mis. No. 370 M., dated 18th March 1893. It is proposed to raise his salary from Rs. 55 to Rs. 65 and to pay him horse allowance of Rs. 15 separately. The assistant Sanitary inspector of the cantonment and civil lines has a large area to inspect daily. Two peons are required to watch the two rubbish depôts and to prevent ryots and others from removing decayed manure clandestinely and also to see that the rubbish cart drivers do not waste their time at the depôts after throwing the rubbish. The municipal council's proposal to entertain six additional scavengers, as the existing establishment is insufficient to do the work efficiently, was disallowed by Government in their order Mis. No. 1298 M., dated 10th August 1895, with reference to G.O., No. 1094 L., dated 14th June 1894, and it was ordered that it might be included in the budget for 1896–97. As all the carts used for removing street sweepings, night-soil, urine, &c., numbering about 80, belong to the municipal council, and as be| they have to ~~the~~ repaired when they get out of order, it is very necessary to entertain a carpenter on Rs. 12 per mensem for executing the necessary repairs at once. It is very difficult to secure the services of temporary carpenters on daily wages and consequently carts cannot be sent back at once. A statement of proposition for revision of establishment is herewith submitted.

46. (*ii*) *Other charges, such as purchase or hire of carts, dry earth, purchase and maintenance or hire of bullocks, &c.*—Rs. 12,150 are allotted under this head against Rs. 12,000 of the revised estimate. The increase is ascribed to provision being made for removing prickly-pear on municipal land in accordance with the resolution of the municipal council passed at its meeting held on 19th November 1895.

47. (*b*) *Private Scavenging*—(*i*) *Establishment.*—Rs. 3,140 are provided under this head against Rs. 2,540 of the revised estimate and Rs. 3,140 of the sanctioned budget. The decrease under the revised estimate is due to savings effected by payment of minimum salary of Rs. 6 to the newly-entertained scavengers instead of the maximum pay of Rs. 7 and to the employment of a less number of scavengers.

48. (*c*) *Cholera Charges.*—Rs. 3,000 are allotted on account of "Cholera reserve" against Rs. 700 of the revised estimate and Rs. 400 of the sanctioned budget as required in G.O., No. 1028 M., dated 26th June 1895.

49. *Grant IV, Lighting and Miscellaneous Municipal purposes*—(*i*) *Lighting*—(*a*) *Establishment.*—Rs. 1,920 are allotted under this head against Rs. 1,740 of the revised estimate. The increase over the revised estimate is due to provision being made for raising the salary of three lamp superintendents from Rs. 9 to Rs. 10 on account of their long service in the department and to the entertainment of two additional lamp lighters on Rs. 6 each per mensem, owing to the increase in the number of street lamps and to additional lamps proposed to be put up in the ensuing year. A statement of proposition for revision of establishment is herewith submitted.

50. (*ii*) *Slaughter-houses*—(*a*) *Establishment.*—Rs. 250 are provided under this head against Rs. 180 of the revised estimate. The increase over the revised estimate is due to the entertainment of a peon on Rs. 6 per mensem to watch the slaughter-house in Brucepettah, to prevent the slaughtering of animals at unusual hours and to see that the floor is washed properly. There is a slaughter-house inspector on Rs. 15 per mensem and he looks after the slaughter-houses in Cowl Bazaar, and it is not possible for him to look after the slaughter-house in Brucepettah also. A statement of proposition for revision of establishment is herewith submitted.

51. (3) *Choultries*—(*a*) *Establishment.*—Rs. 110 are allotted under this head against Rs. 70 of the revised estimate. The increase over the revised estimate is due to provision being made for the entertainment of a sweeper on Rs. 3 per mensem for sweeping the premises of the Prince of Wales' choultry, as it will be transferred to the municipal council—*vide* G.O., Mis. No. 1272 M., dated 6th August 1895. A statement of proposition for revision of establishment is herewith submitted.

52. *Grant V*—(*a*) *General Establishment*—(*i*) *Office Establishment.*—Rs. 4,040 are allotted under this head against Rs. 3,800 of the revised estimate. The increase is due to the raising of the salary of the office manager from Rs. 85 to Rs. 100, that of the process clerk from Rs. 15 to Rs. 17-8-0, and that of the second accountant from Rs. 15 to Rs. 17-8-0. The present manager has been in this appointment from November 1885. He is a very trustworthy and thoroughly efficient officer and has been very useful as office manager. Under an honorary chairman, who can attend the municipal office for only a few hours in the day, the responsibilities of the manager are very great. His work has considerably increased since the introduction of the new forms of accounts and adoption of the various suggestions of the supervising authorities. The Inspector of Local Fund Accounts, in his audit report on the accounts of this municipality for 1892–93, remarked that there has been a marked improvement in the condition of the accounts and registers since the last audit, and that almost all the defects pointed out have been removed. The Assistant Inspector of Local Fund Accounts, in his audit notes on the accounts of the Bellary municipality for 1893–94, remarked that "the general result of the audit is satisfactory, more so, if the heaviness of the varied transactions of this large municipality, most of which are managed departmentally, entailing as they do more account and clerical labour than in other municipalities, is taken into account. The account work, as a whole, evinces care and intelligence on the part of the officials concerned, especially the manager and the accountant. Nothing was discovered important enough to call for immediate action

on the part of Government." The present Inspector of Local Fund Accounts and Assistant Accountant-General, in his audit notes on the accounts of this municipality for the year 1894–95, has remarked that on the whole the accounts were found to have been carefully kept. The council at its meeting endorsed with pleasure the remarks of the auditor in regard to the efficiency of the manager and the accountant. M.R.Ry. P. C. Anantha Charlu Garu, B.A., B.L., who held the office of Chairman of the Municipal Council of Bellary for the last three years, has recorded that the compliments paid by Government for the careful and accurate preparation of the administration report for 1892–93 and 1893–94, and of the statements appended thereto, are due to the excellent services rendered by the manager and the accountant. The council consider the present salary of Rs. 85 to be not at all proportionate to the responsibilities of the office or to the valuable services of the present incumbent and think it only just to give him an increase of Rs. 15. The work of both the second accountant and the process clerk has also greatly increased since the introduction of the new forms of accounts. The former has been in the service of the municipal council for upwards of four years and the latter, who is in charge of the demand registers and bills, has done his work satisfactorily. The Inspector of Local Fund Accounts, who recently audited the accounts of this municipality, was well satisfied with the work of this clerk, and the council consider that the pay of Rs. 15 is very inadequate. Inclusive of the additional cost, the expenditure under the head of Grant V is still below 10 per cent. of the total receipts. The council therefore respectfully solicit the sanction of Government for the increased expenditure now recommended. A statement of proposition for revision of establishment is herewith submitted.

53. (c) *Contributions for Central Office and Audit Establishments.*—Rs. 470 are provided under this head against Rs. 480 of the revised estimate. The contribution is calculated at the rate sanctioned in G.O., No. 2190 L., dated 19th November 1895.

54. A copy of the resolution of the municipal council passing the budget is herewith submitted.

Submitted through the Collector.

Forwarded. With reference to paragraph 41, I suggest that the lying-in hospital, long practically completed, should be opened at once, and used also as a woman's hospital.

Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 1st February 1896, No. 824.

With reference to the budget estimate of the Bellary Municipality for 1896–97, I have the honour to state that the allotments therein made for the several heads under Grant II seem adequate and may be accepted. The Government grant, viz., Rs. 1,800, appears to have been over-estimated and should be reduced to Rs. 1,500. The net expenditure under Grant II will then be Rs. 8,100 (15,100—7,000), which is about 15 per cent. of the receipts expected from taxation, rents and markets.

ORDER—No. 238 M., dated 8th February 1896.

The estimated receipts and charges of the Bellary Municipality for 1896–97, as passed by Government, are compared below with the budget and revised estimates for the year 1895–96 and the actuals of 1894–95:—

REVISED ESTIMATE FOR 1895–96.

2. The current receipts and charges are now estimated at Rs. 78,750 and Rupees 88,590, respectively, against Rs. 77,300 and Rs. 85,680 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls and school-fees, and that in the charges under Grants I and III. The entertainment of the additional teacher on Rs. 20, referred to in paragraph 5 of the Chairman's letter, is sanctioned. The sanction of Government has not been obtained for the temporary establishment employed during the prevalence of cholera. A formal application for this should now be submitted.

BUDGET ESTIMATE FOR 1896–97.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 78,540 against Rs. 78,750 in the revised estimate. The amount taken credit for under grants from Provincial funds will be reduced by Rs. 300 as recommended by the Director in his letter read above.

4. *Charges.*—(1) The probable charges are put down at Rs. 1,02,890 against the revised estimate of Rs. 88,590, the increase appearing chiefly under Grants I and III.

(2) *Grant I.*—The entertainment of two additional water-supply watchmen on Rs. 6 each and three maistries on Rs. 10 each instead of two on Rs. 15 each, and the increase of Rs. 5 in the salary of the clerk, proposed in paragraphs 32 and 33 of the Chairman's letter, are sanctioned. It is observed that Rs. 4,000 of the sum allotted for water-supply works will not be expended until the result of the investigations on the Copper Mountains water project is known.

(3) *Grant II.*—The alterations in the Educational establishments proposed in paragraphs 34 and 36 of the Chairman's letter are sanctioned.

(4) *Grant III.*—The allotments for medical services, vaccination and sanitation will be passed subject to the remarks of the Surgeon-General and the Sanitary Commissioner. Meanwhile the provision of Rs. 20 made for the cutlers' establishment will be struck out with reference to G.O., No. 97 L., dated 18th January 1895. The attention of the municipal council will be drawn to the Collector's remarks regarding the lying-in hospital.

(5) *Grant IV.*—The increase in the salaries of the three lamp superintendents proposed in paragraph 49 cannot be sanctioned as the Government is not satisfied of its necessity but the entertainment of two additional lamplighters is approved. The entertainment of a peon on Rs. 6 for the slaughter-house and a sweeper on Rs. 3 for the choultry, referred to in paragraphs 50 and 51, is sanctioned.

(6) *Grant V.*—The municipal council's proposal to increase the salaries of the office manager, process clerk and the second accountant, referred to in paragraph 52, cannot be approved, as these men appear to be already sufficiently paid.

5. The budget, as revised by Government, closes with a balance of Rs. 1,890, or only 2·4 per cent. of the estimated receipts.
