Vanigambadi
for 1896-97
With reference to the programme
of expenditure for 1896-97 drawn
up by the Municipal Council,
Vanigambadi, I have the honour
to state that the Council's proposals
in regard to revising the vaccine
staff contained in para 43 of the
Chairman's letter are approved, as
is also the increase of salary re-
commended for the Registrar of
births and deaths in para 44.

2. The Conservancy allotment,
which amounts to a fifth of the
estimated current receipts, needs
revision. The Inspectorial staff
suggested in para 45 is not
well chosen. I would advise
that one 3rd grade certificated
Sanitary Inspector be entertained
on Rs 25 (35) + 7½ aided by one
Conservancy

Conservancy overseer on Rs 12 and
6 pawns on Rs 7 each, and that
the staff of sweepers be reduced
from 44 to 16 and that of scavengers
raised from 21 to 32. This will
prove financially advantageous
to the Council, and will at the
same time secure efficient working.

3. Under Grant I, a sum of
Rs 500 is entered under drainage
for the purpose of taking levels and
surveys of the town for the prepara-
tion of a drainage scheme. Taking
into consideration the number of
horns that must take precedence
of Vanijambadi as to the carrying
out of major works, I consider the
money would be better spent in
making permanent wells in the
river bed, in lieu of the system
of periodically making holes
in the sand. This course was pro-

posed in the last inspection ^{*}notis
by the Deputy Sanitary Commissioner,
and although objected to by the
Council as not feasible, the
idea is I think capable of

application
