OFFICE OF SANITARY COMMISSIONER,
Fort St. George, 27th January 1896.

Local Dept. 28th Feb. 1896
CURRENT No. 384 M

From

SURGEON LIEUT.-COL. W. G. KING, M.B., C.M., D.P.H.,
SANITARY COMMISSIONER FOR MADRAS,

To

THE Chief Secretary to Government,
Local & Municipal Department,
Fort St. George.

Enclosure.

SIR,

Referring to the Ongole Municipal Budget for 1896/97, I have the honor to state that the provision therein made for Vaccination is sufficient, and calls for no remarks. The allotment for Conservancy is 23·7 per cent of the estimated receipts and shows, in comparison with the current year's Grant, a slight decrease. I consider the assignment made is insufficient, and should be supplemented so as to provide for the following objects:—

(a) The salary budgetted for the Sanitary Inspector should be fixed at Rs 25+7½ allowance, so as to provide for a 3rd grade certificated — Sanitary Inspector.

(b) The number of sweepers for — cleaning roads and streets should be fixed at 11, while the number of toties (scavengers) for the removal of night soil should not be

less

less than 22.

2. From para 67 of the Chairman's report printed in G.O dated 13th September 1895 No 1487 Qr, it is observed that the town is in possession of only 3 carts — 2 for removal of rubbish and 1 for night soil. This is insufficient for requirements. I would therefore advise that the Council be directed to provide for 9 rubbish and 3 iron night soil carts of 12 cubic feet capacity"

I have the honor to be,
Sir
Your most obedient servant.

1. Budget estimates of Receipts and Charges for 1896-97.

The Council approves of the budget as prepared by the Chairman

Revised Estimate for 1895-96

As there is a proposal to build

Palamcottah

a separate hospital for women under the auspices of the District Board, the District Medical and Sanitary Officer is of opinion that it would be better if the Municipal Council will Contribute a sum of money for a Labour Ward to be attached to this hospital. He is also of opinion that if the womens' hospital is Constructed that is sure to draw away all female patients and then the Labour Ward attached to the Municipal Hospital will become useless. The Council therefore Considers that under these circumstances it would be advisable to Contribute a sum of money towards the Construction of a Labour Ward to be attached to the Womens' Hospital. The allotments of Rs 1330 set apart for the Labour Ward in this year's budget will be utilized for the Construction

of a pucka Compound wall round the new Protestant burial ground and also for the Construction of a tiled masonry drain in the hospital Compound.

TINNEVELLY
DEC. 95
TREASURY DEPUTY COLLECTOR'S OFFICE

No. M., JANUARY 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. BALU S. SREENIVASSA, Chairman, Municipal Council, Palamcottah, to the Chief Secretary to Government (through the Divisional-officer and Collector of Tinnevelly), dated Palamcottah, 24th December 1895, No. 465.

I have the honour to forward, herewith, the budget estimates of receipts and charges of this municipality for the year 1896–97.

REVISED ESTIMATES FOR 1895–96.

2. *Opening Balance.*—The year opened with a balance of Rs. 5,210 against an estimate of Rs. 4,210, the increase being due partly to enhanced receipts under certain items on the receipt side and partly to short expenditure under Grants I, II and IV in 1894–95.

3. The receipts for the current year are now estimated at Rs. 24,500 or Rs. 780 in excess of the budget estimates sanctioned by Government in the orders noted in the margin.

G.O., No. 141 M., dated 29th January 1895.
„ Mis. No. 657 M., dated 10th April 1895.

Under charges, there is an increase of Rs. 120 under Grant IV, counterbalanced by a decrease of Rs. 310 under Grants II and III. The principal variations between columns 5 and 6 of statement VI are duly explained in column 7 of the statement. The proposal for the construction of a labour ward is to be abandoned for the reasons stated in the accompanying copy of the Council's resolution, dated 19th December 1895, and the allotment of Rs. 1,330 set apart for the same is proposed to be utilized for the construction of a pucka compound wall round the new Protestant burial-ground and also for the construction of a tiled vaccine depôt in the hospital compound. Of the sum of Rs. 650 allotted under "New Works—Water-supply," Rs. 300 has already been advanced to the Sanitary Engineer to Government for taking preliminary surveys and levels in connection with the joint water-supply scheme. The low proportion of the allotments for communications and buildings under Grant I—Repairs utilized during the first eight months of the year is due partly to payments made in December 1895 for certain works completed and partly to the delay in the preparation of estimates owing to the absence of the overseer on privilege leave. Steps have been taken to utilize the unspent portion of the allotment before the close of the year.

BUDGET ESTIMATES FOR 1896–97.

4. The receipts for the ensuing year, excluding the opening balance, are estimated at Rs. 24,890 against Rs. 24,500 in the revised estimate for 1895–96.

(*a*) *Conservancy Receipts.*—The increase of Rs. 150 over the revised estimate is due to the proposal made by the Council to hold the cattle fair within municipal limits in the ensuing year.

(*b*) *Grants and Contributions from Government—Education.*—Credit is taken for a scholarship grant of Rs. 40 for training one teacher and a salary grant of Rs. 120 for gymnastic instructor and drawing master employed in this municipality. As the drawing master holds only a second-class certificate, one-third of the total salary drawn by him is to be recoverable from Government under the provisions of the revised Grant-in-Aid Code.

(*c*) *Contribution from Local Boards—Medical.*—This is in excess of the revised estimate by Rs. 240. The excess is owing chiefly to the heavy expenditure which the Council has to incur during the current year on account of the hospital.

(*d*) The other items of receipts call for no particular remarks, as they closely follow the revised estimate.

5. *Expenditure—Grant* I (*a*), *Public Works—Communications.*—Rs. 3,100 is provided under this head or Rs. 850 in excess of 50 per cent. of the estimated receipts from tolls. Of this sum Rs. 930 is proposed to be spent on new works and Rs. 2,170 on repairs as shown in detail in statement II-A.

(*b*) *Buildings.*—Rs. 1,360 is allotted under this head, of which Rs. 200 is set apart for the construction of a pucka compound wall round the dead-house as suggested by the District Medical and Sanitary Officer, Tinnevelly, Rs. 460 for the purchase of 2 iron latrines and 25 corrugated iron dust-bins, and Rs. 700 for making necessary repairs to the hospital and other buildings belonging to the municipality.

(*c*) *Drainage—Establishment.*—The allotment under this head is to meet the cost of temporary establishment to be entertained for two months for clearing drains during the monsoon.

6. *Grant II, Education.*—The proposals submitted by the Assistant Inspector of Schools, Seventh Division, with regard to the educational budget estimates for 1896–97 were adopted by the Council, Rs. 60 is provided for the training of one teacher at Rs. 5 per mensem, Rs. 200 for Panchama school, Rs. 1,070 for payment of salary grants to three middle schools, Rs. 750 for payment of results grants to primary schools in the town, Rs. 150 for inspection and Rs. 440 for miscellaneous. The total educational allotment amounts to Rs. 2,670 or Rs. 270 in excess of the revised estimate which exceeds 16 per cent. of the estimated income from taxation, markets and rents against 15 per cent., the limit fixed by Government.

7. *Grant III, Hospital.*—In consultation with the District Medical and Sanitary Officer, the allotment for the hospital is fixed at Rs. 6,250 which is in excess of the revised estimate by Rs. 430. The excess is due to the provision made in the budget for the entertainment of one additional compounder on Rs. 9 for night duty and one sweeper on Rs. 5 per mensem and also for the purchase of iron cots for the use of in-patients. As the hospital assistant attached to the municipal hospital has been provided with free quarters, no provision is made for house-rent.

8. *Contribution to Provincial Funds for Cutler's Establishment.*—No provision is made under this head with reference to G.O., No. 97 L., dated 18th January 1895.

9. *Vaccination—Establishment.*—Rs. 250 is allotted against Rs. 240 in the revised estimate. The Council has raised the pay of the vaccine peon from Rs. 5 to Rs. 6 per mensem; hence the increase under this head.

10. *Conservancy—(a) Establishment.*—The allotment under this head is Rs. 2,330 against Rs. 1,870 in the revised estimate and Rs. 2,000 in the budget sanctioned by Government. The increase over the budget estimate is chiefly intended to meet the cost of the undermentioned additional establishment to be entertained next year, as the number of toties and sweepers now employed for the purpose is found to be totally inadequate for the requirements of the town:—

Four additional toties on Rs. 5 each per mensem for the removal of the contents of cesspool.

Two additional sweepers on Rs. 5 each per mensem.

(*b*) *Other charges such as purchase or hire of carts, &c.*—Rs. 2,250 is provided under this head against Rs. 1,950 in the revised estimate. The provision of Rs. 2,250 is distributed as follows:—

	Rs.
Hire of bullocks to be engaged for sewage and rubbish carts	1,500
Cost of making two new four-wheeled carts for the removal of night-soil to the depôt	150
Cost of making one reserved and two additional sewage carts with four casks	200
Cost of making five reserved iron hand-carts	160
Purchase of twenty air-tight iron buckets for storing night-soil ..	140
Repair of existing carts	100
Total ..	2,250

11. *Grant IV, Lighting—(a) Establishment.*—The Council has raised the allotment under this head by Rs. 90. The excess is due to the provision made for the entertainment of one additional lamp-lighter on Rs. 5–4–0 per mensem owing to the increase in the number of lanterns and for raising the pay of the existing establishment as follows:—

Lighting Inspector from Rs. 6 to Rs. 7 per mensem.
Lamp-lighters from Rs. 5 to Rs. 5–4–0 each per mensem.

(*b*) *Contingencies.*—The increased provision under this head is required for putting up ten additional lights and for providing all the lanterns with lock and key so that chimneys and burners placed therein may not be stolen.

12. *Market and Slaughter-house.*—The usual provision of Rs. 310 is made under this head. As the establishments are maintained conjointly for market and slaughter-house, the share debitable to each head is separately calculated and entered in statement II alone.

13. *Grant V—(a), Office Establishment.*—As the existing system of employing one of the mile coolies for sweeping the office premises is considered by the Council to be objectionable and prejudicial to his legitimate duties, it has resolved to entertain a sweeper on a salary of Rs. 3 per mensem; hence the increase under this head.

(*b*) *Collection of Municipal Taxes—Establishment.*—As the two bill-collectors have a good deal of hard work to do throughout the year and as the present salary of Rs. 8 is in the opinion of the Council very low, the Council strongly recommends that their salary should be raised to Rs. 10 each per mensem.

14. The other items of expenditure require no explanation, as they agree more or less with the revised estimate.

15. The budget passed by the Council with the above modifications closes with a balance of Rs. 1,200.

16. A copy of the resolution of the Council passing the budget is enclosed, together with a proposition statement showing the alterations and additions proposed in the existing establishments.

2. The roads within the limits of this municipality are fairly good and the provision made for their repair in the budget estimate of 1896–97 seems to be adequate.

3. The entertainment of a sweeper on a monthly salary of Rs. 5 for the municipal hospital seems unnecessary. The menial servants already attached to the hospital are as many as eleven and the work expected to be got from the sweeper proposed to be newly entertained might as well be got from the waterman and the male and the female toties who form part of the present establishment.

4. No reason has been assigned for the increase of the salary of the vaccine peon from Rs. 5 to Rs. 6.

5. It is proposed to increase the salary of the bill-collector in the employ of the municipality from Rs. 8 to Rs. 10. The work of a municipal bill-collector is no doubt heavy and responsible. But the increase in the pay may be more gradual and at present addition of one rupee to the salary is more advisable.

2. *Revised Estimates for* 1895–96.—The general increase under receipts over the budget figure is satisfactory.

Charges.—The proposal to utilize the provision of Rs. 1,330 made for the labour ward, for the construction of a compound wall to the Protestant burial-ground and of a vaccine depôt is in the circumstances judicious.

3. *Budget Estimates for* 1896–97.—The expected receipts for the ensuing official year differ but little from those of the previous year.

4. The provision for two iron latrines and for movable dust-bins is satisfactory.

5. With regard to the Council's recommendation to raise the pay of the two bill-collectors by Rs. 2 each, the Revenue Divisional-officer's suggestion to increase it by Re. 1 each may be adopted, and the increase proposed by the Council in the case of the lighting establishment may be sanctioned.

No. 273 M., 14th February 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers:—

From M.R.Ry. BALU S. SRINIVASA, Chairman, Municipal Council, Palamcottah, to the Chief Secretary to Government (through the Divisional officer and Collector of Tinnevelly), dated Palamcottah, 24th December 1895, No. 465.

I have the honour to forward, herewith, the budget estimates of receipts and charges of this municipality for the year 1896–97.

Revised Estimates for 1895–96.

2. *Opening Balance.*—The year opened with a balance of Rs. 5,210 against an estimate of Rs. 4,210, the increase being due partly to enhanced receipts under certain items on the receipt side and partly to short expenditure under Grants I, II and IV in 1894–95.

3. The receipts for the current year are now estimated at Rs. 24,500 or Rs. 780 in excess of the budget estimates sanctioned by Government in the orders noted in the margin.

G.O., No. 141 M., dated 29th January 1895.
" Mis. No. 657 M., dated 10th April 1895.

Under charges, there is an increase of Rs. 120 under Grant IV, counterbalanced by a decrease of Rs. 310 under Grants II and III. The principal variations between columns 5 and 6 of statement VI are duly explained in column 7 of the statement. The proposal for the construction of a labour ward is to be abandoned for the reasons stated in the accompanying copy of the Council's resolution, dated 19th December 1895, and the allotment of Rs. 1,330 set apart for the same is proposed to be utilized for the construction of a pucka compound wall round the new Protestant burial-ground and also for the construction of a tiled vaccine depôt in the hospital compound. Of the sum of Rs. 650 allotted under "New Works—Water-supply," Rs. 300 has already been advanced to the Sanitary Engineer to Government for taking preliminary surveys and levels in connection with the joint water-supply scheme. The low proportion of the allotments for communications and buildings under Grant I—Repairs utilized during the first eight months of the year is due partly to payments made in December 1895 for certain works completed and partly to the delay in the preparation of estimates owing to the absence of the overseer on privilege leave. Steps have been taken to utilize the unspent portion of the allotment before the close of the year.

Budget Estimates for 1896–97.

4. The receipts for the ensuing year, excluding the opening balance, are estimated at Rs. 24,890 against Rs. 24,500 in the revised estimate for 1895–96.

(*a*) *Conservancy Receipts.*—The increase of Rs. 150 over the revised estimate is due to the proposal made by the Council to hold the cattle fair within municipal limits in the ensuing year.

5. It is proposed to increase the salary of the bill-collector in the employ of the municipality from Rs. 8 to Rs. 10. The work of a municipal bill-collector is no doubt heavy and responsible. But the increase in the pay may be more gradual and at present addition of one rupee to the salary is more advisable.

2. *Revised Estimates for* 1895–96.—The general increase under receipts over the budget figure is satisfactory.

Charges.—The proposal to utilize the provision of Rs. 1,330 made for the labour ward, for the construction of a compound wall to the Protestant burial-ground and of a vaccine depôt is in the circumstances judicious.

3. *Budget Estimates for* 1896–97.—The expected receipts for the ensuing official year differ but little from those of the previous year.

4. The provision for two iron latrines and for movable dust-bins is satisfactory.

5. With regard to the Council's recommendation to raise the pay of the two bill-collectors by Rs. 2 each, the Revenue Divisional-officer's suggestion to increase it by Re. 1 each may be adopted, and the increase proposed by the Council in the case of the lighting establishment may be sanctioned.

TINNEVELLY,
11*th January* 1896. (Signed) A. W. B. HIGGENS,
Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 15th January 1896, No. 295.

Adverting to the budget estimate of the Palamcottah Municipality for 1896–97, I have the honour to state that the provision therein made for education is in general accordance with the recommendations of this department and may be accepted. The net expenditure proposed under Grant II is Rs. 2,510 (2,670—160), which is about 15 per cent. of the estimated income from taxation, markets and rents.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 1st February 1896, No. 216-S.

I have the honour to offer the following remarks on the vaccine and conservancy portions of Palamcottah municipal budget for 1896-97 :—

(1) The increase of salary proposed for the vaccination peon in paragraph 9 of the Chairman's letter may be sanctioned.

(2) The proposed allotment for conservancy is 30·5 per cent. of the anticipated current receipts. No provision appears to have been made for giving the sanitary inspector horse allowance. The horse allowance I recommended for certificated third-grade sanitary inspectors is Rs. 7-8-0 per mensem. An allotment of Rs. 90 should now be made for this purpose.

(3) The number of rubbish carts in use—namely, seven—is insufficient for requirements and should be considerably added to.

ORDER—No. 273 M., dated 14th February 1896.

The estimated receipts and charges of the Palamcottah Municipality for 1896–97, as passed by Government, are compared below with the budget and revised estimates for the year 1895–96 and the actuals of 1894–95 :—

The collections under the taxes on arts and lands during the first eight months of the year were not satisfactory.

BUDGET ESTIMATE FOR 1896–97.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 24,890 against the revised estimate of Rs. 24,500, the increase being mainly under conservancy receipts and contributions from local boards.

4. *Charges.*—(1) The probable charges are entered as Rs. 27,180 against Rupees 26,220 in the revised estimate, the increase under Grants II, III and IV being partly counterbalanced by a decrease under Grant I.

(2) *Grant I.*—The entertainment of the temporary drain-cleaning establishment referred to in paragraph 5 (*c*) of the Chairman's letter is sanctioned.

(3) *Grant III.*—The remarks of the Surgeon-General on the allotment for medical services will be awaited. Meanwhile the amount provided for the entertainment of a sweeper for the municipal hospital will, with reference to paragraph 3 of the Deputy Collector's endorsement, be struck out. The Chairman should report at what stage the District Board's proposal has arrived to build a hospital for women to which the municipality desires to contribute, as no such proposal has been made in the Tinnevelly Local Fund budget estimates for the ensuing year. The increase in the salary of the vaccine peon proposed in paragraph 9 cannot, in the absence of specific reasons, be sanctioned. The proposal to entertain the additional toties and sweepers referred to in paragraph 10 is sanctioned. The recommendation of the Sanitary Commissioner in paragraph 3 of his letter read above regarding the necessity of an increased provision for rubbish carts will be referred to the municipal council for careful consideration.

(4) *Grant IV.*—The entertainment of an additional lamplighter on Rs. 5 per mensem is sanctioned, but the increase proposed in paragraph 11 to the salaries of the existing staff cannot be approved as no adequate reasons for it have been adduced.

5. The budget, as revised by Government, closes with a balance of Rs. 1,290, or 5·2 per cent. of the estimated receipts.
