Ootacamund.

Sir,

Referring to the Council's Resolution of the 25<sup>th</sup> October 1905, appointing a Sub-committee, to Consider & report, on the feasibility of declaring the bazaars, in the vicinity of the Public Market Ootacamund, a market, on the ground that they have been competing with the Public market, we have the honor to report, that following the definition of the word "market" we think it reasonable to classify the various articles intended of human consumption under two heads, viz: Easily perishable, like meat, fish, fruits, vegetables, and not Easily perishable like rice, Cocoa-nuts, salt, pepper &c, of which the former is likely to deteriorate fast and easily prove noxious to the Public health, while the other is not.

2. The primary aim of the Legislature seems to be to exercise control over and supervise only places intended for the sale of easily perishable articles, in that they are likely to bring in sanitary evils, of various kinds. It is doubtful whether the  
Some

same was intended for articles of a more permanent nature.

3. The bazaars in the vicinity of the market though intended to be dwelling houses, are in some cases partially utilized as rice stalls also and in others as beer, bazaar, sweet meat cigars &c. bazaars. In none of them are easily perishable articles sold.

4. The market, as it now stands is separate in itself, and if we are to bring within the category of market recent constructions, we will be unable to draw a line as to where to end.

5. We are therefore of opinion that it is better to leave matters stand as they are.

We have the honor to be

Sir

Your most obedt. Servt.
