Carried from Council

That the following reasons be Enacted

in the draft of the letter to Government

(1) That the Actual Cost of the building from
the Municipal Funds may not exceed Rs 15000.
Taking into Consideration the Contribution
for the Normal School Building and
building grant -

(2) The present building does not belong to the
Municipality & that the Municipality
ought to be asked to vacate it at any time.

(3) That the Municipality has to spend Rs 3
or 4 thousand Rupees for the repairs of the
present building which the Council Consider
inadvisable.

(4) That the unanimous opinion of the public
at large is for the Construction of the
new building which they expected 5 years ago.

(5) That the strength & prosperity of the
Municipal High School and the primary
School are a great deal affected for want of a

It is improving. —

(c) Repair to the Hospital and Dispensaries.

Will be attended to

(a) Report on the Lying-in Hospital.

Will be sent in as soon as the opinion of the Sanitary Board is obtained.

4. Attention to be bestowed on death statistics

Will be attended to

Para 5. Collection records on the proposed Municipal High School Building.

Proposed by Mr. C. E. Olmsted & seconded by Doctor J. H. Evans.

That the remarks of Government concerning the School will be replied to when the Scheme is submitted for sanction.

The proposition was put to vote & lost.

Proposed by Mr. R. P. K. Sreenivasa Rao
Seconded by Mr. R. P. K. Ariga

by not collecting taxes regularly in advance.

(c) Immediate cleaning of cess pools filled.

Steps are being taken to clean the sink pits

as soon as information of the filling is received.

The Codies used to the work having left.

It has become difficult to carry out the cleaning promptly. Steps will be taken to

induce the Villagers to enter the Service on an increased pay.

Para 4 (1) Encroachments and roads.

The instruction of Government will be attended to.

In all Cases of new Encroachments steps are being taken to have them removed

without delay.

(3) (a) Decline in the number of patients in Hospital and Dispensaries. The number is increasing since

on account of the people not consenting to it and
the Council having no authority to compel them.
In the new District Municipalities Act it is proposed
to confer such authority on Councils. There will
then be improvement in the markets.

Para 3 (c) (a) collection of scavenging fees in advance.

(b) Efforts to be taken to bring private latrines
under Municipal Control.

Steps are being taken to act according to the
instructions of Government as much as possible. Once
before, when the taxes were attempted to be levied
collected in advance many of the private latrines

went out of the Control of the Municipality. Prose-

cution in cases of accumulation of filth

had no deterrent effect. The Council has no

power to collect taxes by distraint. The Council

think that rather than allow the sanitation

of the town be effected by latrines being

swept by private parties, it would be better

to have the sweeping conducted by Municipal

Agency even at some loss to the Municipality.

reasons therefore with reference to the High School question.

Spent taxes. Chairman to report on 1st January 1896.

The Chairman to lay the report of progress before
the Council at the next meeting.

(b) Steps to be taken to increase revenue from
street sweeping and light soil.

Want of suitable sites for manufacturing Cardnet
prevented the Council from getting income

from light soil. The sites originally used

having been given up on account of complaints

of the Public. The subject of selection of sites

is now before a Sale Committee and as soon

as they are selected steps will be taken to

improve the means.

The street sweepings will hereafter be sold

in convenient lots.

(c) Efforts to be made to improve the market

& prohibit sales along the sides of streets.

(d) Cool Bazaar Market.

Whenever streets are used for sale of vegetables
the vendors are prosecuted.

The market in Cool Bazaar came into disuse
