Sir,

In forwarding herewith a copy of  
Councils resolution No 231 for the  
16-1-96  
orders of Government, I have the honor  
to submit my reasons for my dissent  
to the said resolution as follows:-  
1 The work connected with the two  
appointments under reference, when

performed by two separate persons independently is not at all done with any satisfaction up to now, as constantly observed by Government. Please vide the remarks of Government on Vaccination and Vital Statistics in reviewing the annual reports of this Municipality for 1892-93, 93-94 and 94-95. Even before that period the work of the said two departments was in no way better.

2. Whatever may be the Secretary of the work and whatever may be the interest which the Council is prepared to take for securing better results in these two departments the amalgamation of the two Offices cannot be expected to achieve proper results.

3. For the due discharge of the duties connected with the two

appointments honestly and efficiently the services of two separate and independent individuals are in my humble opinion very highly essential.

4. As regards excess expenditure under vaccination, I submit that I anticipate some savings in the supply of lymph required, as the number of cases is subsequently reduced to only 400 (successes) instead of 500 and 600 respectively of the last year and the year preceding it.

I have the honor to be  
Sir,

Yours most obedient servant

C.S. H. H. H.  
Municipal Council's  
proposal does not commend itself  
to Government, as the registration of  
births is one of the chief checks  
on the vaccination work, which will  
be removed if registration or  
vaccination are carried on by the same person.

Not  
The Sub Collector strongly supports the Council's  
proposal; but for a present please see No 1573/10-29-94.
