Steps will however be taken to clear off the balance within the end of the current year. The system of collecting the fees under this head in advance is now in force.

4. Vital Statistics. Para 4(4).

The Council resolved in their meeting held on the 20th October 1893 and fixed the minimum number of cases to be vaccinated every month at 50 (fifty) and in default that a fine of one anna for each deficit case should be deducted out of vaccinator's pay. The no. of cases vaccinated has accordingly never fallen short of the required minimum and the Council had therefore no occasion to impose any fine for short work.

Certain persons were reported to the Local Stationary Sub Magistrate under Section 138(2) of Act IV of 1881, but the parties having complied with the notices given by the said Magistrate no conviction followed.

The Council intend to raise the aforesaid minimum to 60 (sixty).

Sir,

With reference to the remarks contained in G.O. no 1499 m.d. 16 September 1895, I have the honor to submit the following explanation.

2. As to para 3(4) The further fall noticed under income from Tolls is mainly due to a further decline in the cart traffic during the year 1894-95 on account of the unfavorable season and partly to a lack of competition as the public knew full well that the Contractor had actually sustained loss in the previous year.
3. As to license fees:— A small sum of Rs 14-4-0 was left uncollected at the close of the year 1894-95 as the system of collecting these fees in advance was not then in force.
