17th December 1895

Current No. 183 of 1896

No. 388 M., — FEBRUARY 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From F. W. GOOCH, Esq., Chairman, Municipal Council, Anakápalle, to the Chief Secretary to Government (through the Head Assistant Collector, Vizagapatam), dated 17th December 1895, No. 343.

I have the honour to submit herewith the revised estimate for 1895–96 and the budget estimate for 1896–97 together with the prescribed statements.

REVISED ESTIMATE FOR 1895–96.

2. *Receipts.*—It will be seen by the following table that the receipts of the municipality for the year reach the sum of Rs. 18,530 (including a balance of Rs. 590 brought forward from last year), while only Rs. 15,740 were estimated in the budget sanctioned in G.O., No. 377, dated 8th March 1895. The items in which the main increase occurs are shown in detail:—

—	Budget, 1895–96.	Revised budget, 1895–96.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Tax on arts	1,200	1,500	300	..
,, on buildings	2,200	2,720	520	..
,, on lands	2,450	2,800	350	..
,, on vehicles	20	50	30	..
Toll receipts	4,900	6,280	1,380	..
Sale-proceeds of lands	..	40	40	..
Income from markets	500	540	40	..
Distraint fees	10	40	30	..
Cart-stand fees	350	550	200	..
Fines under Municipal Act	400	700	300	..
Private scavenging	200	230	30	..
All other sources (including balance)	3,510	3,080	..	430
Total	15,740	18,530	3,220	430

(*a*) The increase in the three items, tax on arts, buildings and lands, respectively, is due to the collection by distraint warrant in accordance with the provisions of the District Municipalities Act of many taxes which have been outstanding for many years past and which should have been collected in the same way annually as they became overdue. This will also explain an increase under "Distraint fees" which would have been far larger only the Chairman freely used his discretionary power of remitting warrant fees where prompt payment of all arrears followed on demand for same. This seemed the more advisable as this form of forced collection is a novelty in the municipality.

(*b*) The large receipts from tolls is due to a very keen competition this year between rival merchants, as also is the increase under the headings "Markets" and "Cart-stand fees."

(*c*) Under "Sale-proceeds of lands" we have Rs. 40, being the amount of compensation paid for a portion of municipal road which was taken under the Land Acquisition Act for the East Coast Railway.

(*d*) The increase of Rs. 300 under "Fines" is due to a more strict enforcement than hitherto of the Municipalities Act specially as regards road obstructions and projections and public nuisances.

(*e*) We are able to report a slight increase also in receipts from "Private scavenging," though for so large a town we feel it should be a far larger amount and fully self-supporting.

(*f*) The only item in which a decrease occurs is in receipts from Educational institutions. This appears to be due to combining in one comparatively small building the upper primary school and the middle school and also to not giving efficient supervision to the former. Special attention is being given by the council to better accommodation for the primary school and to the better superintendence of this and the many results schools now in operation in the town.

(*g*) *Tax on Vehicles.*—This shows an increase, which is due to the fact that palanquins are now taxed for the first time in this municipality. It should be here stated that the scale shown in Schedule A of the Municipalities Act has been reduced from Rs. 6 to Rs. 3, and for palanquins kept but not used Re. 1 tax is levied. Animals are also taxed half the schedule rates in this municipality; this latter rate has been in force, however, for many years past.

(*h*) *All other items* in the foregoing table shows a decrease of Rs. 430, mainly due to the actual balance from 1894–95 being less than was estimated in the revised estimate for that year.

3. *Charges.*—(*a*) The expenditure from municipal receipts for the year (including the closing balance) amounts to Rs. 18,530 as compared with Rs. 15,740 estimated in the budget for 1895–96, the increase under respective grants being as seen in the following table:—

—	Budget, 1895–96.	Revised budget, 1895–96.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Grant I	4,090	6,290	1,700	..
,, II	2,810	2,340	..	..
,, III	5,780	6,180	390	470
,, IV	570	660	60	..
,, V	1,430	1,590	150	..
Balance	1,060	1,470	960	..
Total ..	15,740	18,530	3,260	470

The increased expenditure is accounted for as follows:—

(*b*) *Grant I*—(1) *New Works.*—A new well was sunk during the year at Golluvidhi at a cost of Rs. 480, the sum of Rs. 410 estimated for purchase of fish bazaar site having been temporarily diverted to this more pressing need, and a platform erected at a cost of Rs. 90 to the Sarabanda well which was constructed during last year.

(2) *Repairs—Communications.*—An additional Rs. 700 is expended in the repairs especially of those roads which needed extensive earthwork to make them passable in the rainy season.

(3) *Repairs—Buildings.*—Rs. 600 increased expense is incurred by replacing thatched stalls in the vegetable market with tiled roofs at a cost of Rs. 160 and by expending Rs. 330 in repairing and raising some latrines in Gowerapalliem which have long been in a bad condition.

(4) *Repairs—Water-supply.*—Under this head also an increase in expenditure of Rs. 410 has been incurred by placing platforms around the two wells in Lakshmidevapetta and Viziaramarazupetta, respectively, and also by extensive repairs rendered necessary by the partial destruction of the interior of the important well in the public market place. The latter work will be commenced the latter part of present year and completed next year.

(*c*) *Grant II* shows a decrease of Rs. 470, due to the absence of the permanent headmaster of the middle school, whose place is temporarily occupied by the first assistant at a lower rate of pay, also to the fact that the gymnasium instructor was absent for training part of the year, and lastly to the amount provided for "Results grants" being greater than that earned by the schools based on that system.

(*d*) *Grant III.*—(1) There is a saving in the "Establishment" of the hospital, due to the council's inability to secure a midwife for the municipality, but an increase is seen in the cost of medicines owing to the great extra expense at which they are now procured from London and Bombay instead of from Government stores as heretofore. Forty dust-bins at a cost of Rs. 170 and two night-soil hand-carts at a cost of Rs. 101 have been purchased during the year and account for an increase under the head of "Conservancy."

(2) *Private Scavenging.*—Under the instructions of the Sanitary Engineer, commented on in G.O., No. 377, dated 8th March 1895, the scale of this establishment was revised at an additional cost of Rs. 60 for the year and consists now of one maistry at Rs. 8 per mensem and four scavengers at Rs. 4 per mensem each: see G.O., Mis. No. 1419 M., dated 4th September 1895. Rs. 50 has also been expended on a night-soil hand-cart for this department.

(*e*) *Grant V.*—(1) Rs. 50 additional is spent in "Office establishment" and is due to the engagement of an extra clerk on Rs. 10 per mensem rendered necessary by the backward and muddled state of the office work and records respectively. The present manager—V. Ramamurti—has been 17 years in practically full control of the office. He is unsystematic in his work and has not the ability necessary for the post. The Chairman, after three months' fruitless endeavour to lead him into new and improved methods, discharged him. He appealed to the council, however, which met and voted against his dismissal by 7 to 5. In consideration of the fact that all the official members who have been Chairmen and are therefore fully competent to judge, and also the Head Assistant Collector of the district concur with the Chairman as to the necessity for such a change and of the fact that his long service is the only reason given for the action of some councillors in retaining him, I request that Government will order his removal and replacement by a better educated and more competent man. The pay of the manager and of the second clerk is reduced to Rs. 20 and Rs. 15 per mensem, respectively.

(2) Under "Contingencies" Rs. 100 extra has been appropriated for purchase of a large pigeon-hole almirah and other furniture necessary for the office.

(3) Other items in which increased expenditure is seen are trivial and call for no special reference. We carry forward to next year a balance of Rs. 1,470 as compared with Rs. 1,060 estimated in the budget of 1895–96 already sanctioned.

Budget Estimate for 1896–97.

4. *Receipts.*—(*a*) The rates and taxes of the municipality remain the same as in previous years.

(*b*) *Profession Tax.*—The amount of revised estimate of 1895–96—viz., Rs. 300 more than the sanctioned budget of that year—is adopted as the estimated receipts under this head. Many wealthy merchants in this municipality are now assessed much lower than the schedule rates and they will at once be raised.

(*c*) *House-tax.*—The same amount as that estimated in the sanctioned budget of 1895–96 is adopted although revised estimate of that year shows an increase of Rs. 520, due to final collection of old arrears.

(*d*) *Land-tax.*—This remains substantially the same as last year. The register has not been properly revised for many years past, and owing to incomplete designation and failure to enter new names when lands changed hands or when owners died it is extremely difficult to accurately gauge the amount recoverable. The council is now threatened with several law-suits in reply to urgent demands for prompt payment of six years of arrears. Out of a total of 391 persons whose names appear in the assessment register no less than 201 are in arrears for from one to six years. The register will be thoroughly revised during the coming year.

(*e*) *Tolls.*—The amount received during the present year is expected to be again realized next year, as the railway station now a mile outside has been removed to the centre of the town. This will compel all carts doing railway business to pass the toll-gates whereas at present a good proportion escape taxation altogether.

(*f*) *Conservancy Receipts.*—Rs. 100 have been estimated under this head. The posts of municipal overseer and sanitary inspector having been now separated and a trained sanitary inspector from Madras having been provided for, special attention will be given to making the night-soil, &c., a gradually increasing means of revenue.

(*g*) *Fees from Educational Institutions.*—Although the amount estimated in budget for 1895–96 was not fully realised this year, it is adopted again as estimate in the new budget. The Inspector of Schools has been requested to replace the acting head master by a trained F.A. from April 1st next, and with this change we are justified in expecting this amount, if not some increase.

(*h*) *Grants from Government*—(1) *Education.*—The suggestion of the Educational authorities for entertainment of a drawing master is not approved by the council in view of the present state of the schools. The sum of Rs. 110 is expected to be realised from Provincial funds under the following heads :—

(*a*) "Normal stipends" : Rs. 20 to be recovered for a municipal teacher in current year. The Rs. 40 provided in the budget submitted by the Inspector of Schools will not be required, as all the masters have now undergone training.

(*b*) "Municipal Schools" : Rs. 60 to be received as half-pay of gymnasium instructor.

(*c*) "Other Purposes" : Rs. 30 is amount expected to be realized as results grants for girls studying in the Muhammadan school.

(2) *Medical.*—A civil apothecary will be entertained in place of the present hospital assistant who has been upwards of fifteen years in this municipality without change. A total pay of Rs. 125 per mensem is provided for, to a quarter of which the council will be entitled by grant from Government. Rs. 370 is therefore estimated as receipts under this head.

(*i*) *Private Scavenging.*—A number of new private latrines have come under municipal supervision during the year and a still greater increase is expected during the year 1896–97. The estimated receipts are therefore placed at Rs. 50 over those of the last budget.

(*k*) The council is much hampered by being compelled to carry on work in extremely small and unsuitable quarters, for which a very exorbitant rent is now charged. There are no houses available elsewhere in the town and the council has therefore resolved to request from Government a loan of Rs. 1,000 to enable it to either purchase and improve the present local fund bungalow, which is in the market, or, failing satisfactory arrangement as to that, to erect on a vacant site a municipal office planned so that it can be gradually enlarged as the needs demand and finances enable. Hence under "Loans from Government" provision for Rs. 1,000 is made and debited in the charge estimate to "New buildings." It will be proposed to repay it in four annual instalments of Rs. 250 each with interest.

Other items of receipts do not appear to call for special comment.

5. *Charges.*—(*a*) *Grant I*—(1) *New Works—Communications.*—The Suntha Bailu and Dasara Gorga new roads, which have already been commenced, receive each a fresh allotment; they are important new works. Rs. 300 is provided, also, to open two new roads in a densely-crowded part of the town.

(2) *New Works—Buildings.*—Under G.O., No. 1557 L., dated 17th July 1893, the council, as instructed by the Collector of the district, provides Rs. 200 as half-share of a new dead-house to be constructed during 1896–97 on a site approved by the Sanitary authorities.

Rs. 300 is provided to construct compartments by means of small cross-walls to the large public latrine in "Pikarow Bushes." The two latrines in this place have long been a disgrace to this part of the town and often commented on by Sanitary Commissioners and other officials who have visited the town. One has already been completed and the second will be completed as early in the year as possible and the land around them put under cultivation. Each latrine will contain 114 compartments, which will be supplied with dry-earth. Should these prove a success from a sanitary point of view, it is the purpose of the council to adopt the system gradually for all latrines in the town.

Rs. 50 are provided to erect an iron latrine which has already been purchased.

Rs. 250 are allotted for a new latrine in Malavidhi rendered necessary by the coming of East Coast Railway.

Rs. 50 is provided to temporarily roof in the basement of the new primary school which is now under construction.

Rs. 1,000, proposed to be requested as loan from Government for a municipal building, is shown as a charge under this head. It is already referred to in paragraph 4 (*k*) of this letter.

(3) *New Works—Water-supply.*—A platform is provided at a cost of Rs. 90 for the new well at Gollavidhi.

(4) *Repairs.*—The following sums have been appropriated under this heading :—

(*a*) Rs. 2,550 for repairing all the roads of the municipality.
(*b*) Rs. 50 for repairing sheds in cart-stand.
(*c*) Rs. 100 to raise the flood-gate and deepen the channel at the outlet of the Bandigady drain. The work as it stands at present is useless.
(*d*) Rs. 150 for repairs to several wells.
(*e*) Rs. 360, or an increase of Rs. 50, is provided for drain-flushing establishment. The work is hard and the present scale of pay is insufficient to feed a labourer, therefore the pay of flushers is raised to Rs. 4 each and one extra waterwoman allowed at Rs. 2 per month; the present staff is in reality three waterwomen although not so shown in budget, the extra woman's pay being drawn from conservancy establishment. A proposition statement is furnished herewith.

(5) *Establishment.*—An increased expenditure is seen under this head. The present overseer has been drawing Rs. 16 per mensem for that post and also Rs. 14 as sanitary inspector. The two posts are now separated and it is proposed to make the overseer's pay Rs. 20 and allow him a lascar at Rs. 4 per month. It should be explained that a lascar has for years past been attached to the overseer's post, but recorded in "conservancy establishment" as a "bandy man." He is now merely transferred to the proper heading and his pay raised from Rs. 3 to Rs. 4, the present pay being insufficient for his living.

(6) *Tools and Plant.*—Rs. 30 is provided for pickaxes, spades, &c., as repairs to smaller roads and to side-channels are now done departmentally instead of by contract.

(*b*) *Grant II*—(1) *Training Schools.*—In the budget of the Inspector of Schools the sum of Rs. 120 is provided for sending two teachers to normal school for training. The teachers in this municipality having been already all trained, the amount has been omitted and used for more pressing needs.

(2) *Municipal Schools.*—Rs. 1,260 is provided for the middle school—no change having been made in rates of pay. Under "Contingencies," however, a portion of the sum saved on "stipends to students" is added to the Rs. 60 suggested in the budget of the Inspector of Schools in order to purchase simple English books to add to the library for use of the boys studying that language.

(3) *Salary-results System.*—An increase of Rs. 60 is allotted, the night-school master's pay being raised to Rs. 5 and an assistant on Rs. 3 being allowed him. The school is flourishing and a large number of the class of youths for whom it is specially intended are now in regular attendance. With this exception the provision is the same as last year. Rs. 180 for salary results are provided—an increase of Rs. 30 over last year. Rs. 50 are allotted as usual for "contingencies."

(4) *Results Grants.*—Out of Rs. 400 provided in last year's budget Rs. 180 only were earned. The allotment is therefore reduced this year to Rs. 300.

(5) *Inspection.*—The suggestion of the Inspector of Schools to provide Rs. 5 per mensem as an extra allowance to head master for school inspection does not meet with the council's approval. It considers that one sufficient salary should be provided and no extras given for supervision which is a portion of the head master's regular work. Rs. 50 is provided as a maximum for this post per mensem.

(6) *Miscellaneous.*—The gymnasium teacher's pay and "contingencies" remain as last year. Under "Other items" the Inspector of Schools suggests the provision of Rs. 220 as part payment of cost of keeping up a "drawing class." The council is of the opinion that in the present state of the schools this is quite unnecessary; it has therefore been omitted.

(*c*) *Grant III*—(1) *Hospital and Dispensary.*—As already intimated in this letter, paragraph 4 (*h*) (2), provision has been made for a civil apothecary to replace the present very long resident hospital assistant. The pay offered to a midwife has been raised to Rs. 20 per mensem. With these changes the charges under this head appear to be Rs. 1,960 as compared with Rs. 1,400 last year, but in reality it is only an increase of Rs. 190 as credit is taken in this year's receipts for Rs. 370, Government grant, to which we shall be entitled if a civil apothecary is engaged on above pay. We have good reason to expect also a substantial increase in the local board's grant under this new arrangement.

(2) *Medicines and Supplies.*—In accordance with the suggestions of the District Surgeon the sums of Rs. 300 and Rs. 40, respectively, are allotted for these charges. Other items of hospital charges require no mention.

(3) *Conservancy*—(*a*) *Establishment.*—An increase of Rs. 620 is seen under this head, due partly to the provision for a trained sanitary inspector on Rs. 30 per mensem (see remark, paragraph 4 (*f*) of this letter). The increase is also due to a slightly enhanced rate of pay to the whole conservancy staff which is rendered necessary by the increased cost of living and by the scarcity of the class of people who do scavenging and sweeping. To every able-bodied man who does a full day's work it is proposed to give Rs. 4 per mensem and to every woman Rs. 3–8–0 per mensem. To the bandymen also it is proposed to give Rs. 4 per mensem instead of Rs. 3 as hitherto. No man can live honestly in this town on less than Rs. 4, and the council is of opinion that with this slight increase all round better work and more contentment will become visible. It should also be added, as a reason, that several of our best scavengers have lately left the town and got work elsewhere at considerably higher wages. During the past year a proposition statement was submitted to Government recommending a raise of Re. 1 per month extra each to two maistries. This was sanctioned about the time the present Chairman took office. The amount has not been paid to the maistries by him on the ground that they are very aged men and their superintendence of conservancy work is very lacking in thoroughness. The old rate of Rs. 8 per mensem is retained for next year also, as there are plenty of young pensioned men looking for these posts who will do the work better than some now employed.

(*b*) *Other Charges.*—Under this head Rs. 900 are provided for the following:—

	Rs.
Upkeep of eight bullocks	240
Sundries (repairs, carts, &c.)	35
Six night-soil hand-carts	300
New dust-bins	325

The two former items are the same as last year, the two latter accounting for the increase under this heading and being very urgently required in the municipality.

(4) *Private Scavenging.*—Rs. 300 are provided, no change being suggested.

(*d*) *Grant IV, Lighting.*—The "establishment" is provided for as last year, an increase in "contingencies" being made, equal to the increase seen in revised estimate for current year, due to the necessity for repairing many old lamps, particularly those attached to buildings. Other items under this grant do not appear to require comment.

(*e*) *Grant V*—(1) *General Establishment.*—Under the circumstances mentioned in this letter when dealing with revised estimate 1895–96 —see paragraph 3 (*e*)—an extra clerk on Rs. 10 per mensem has been provided for, but if possible his services

will be dispensed with before the end of the year. Owing to the reduction of salaries in the existing staff, however, there is a decrease in charges under this head even with the above addition to the staff. A slight increase over last year is made in "Office contingencies" which is made up as follows:—

	Rs.
Office rent	120
" contingencies	60
New furniture and repairs	70
Total ..	250

This provides for the present year the increased rent which is demanded, and as all office furniture is very old and some new purchases will be a necessity during the year, in addition to the usual contingencies which include postage, stationery, &c., a sum of Rs. 70 is appropriated.

(*f*) *Balance.*—We carry forward an estimated balance of Rs. 1,210.

A copy of the resolution of the council adopting the foregoing budget is herewith enclosed.

—

Enclosures.

Extract from Proceedings of Municipal Councillors at a meeting held on December 7th, 1895.

—

Extract from Proceedings of the Municipal Councillors of town of Anakápalle, at meeting held December 14th, 1895.

* * * * *

(I) At special adjourned meeting called for Monday, December 9th, 1895, a quorum not having been present, the Chairman now lays before the council the "balance" of the budget for 1896–97, prepared in accordance with the council's resolutions passed at its meeting of December 7th, 1895.

Budget for 1896–97—

	Rs.
Receipts	19,840
Charges	18,630
Balance ..	1,210

Resolution.—Unanimously adopted as above balanced.

* * * * *

—

Cur. No. 2824.

Forwarded. As remarked by the Chairman, it is very desirable to get rid of the office manager, who is quite incompetent.

(Signed) E. B. ELWIN,
Ag. Head Asst. Collector.

Vizagapatam,
6th January 1896.

Forwarded.

2. The municipal council forgets that the district board reduced its claim on the toll-revenue by one-half last year as a temporary measure in consequence of the straitened finances of the council. The toll-revenue showed a large increase after all and will probably show a still larger one during the current year. The district board can hardly afford to make the same concession again, and the municipality does not seem to be in urgent need of it.

3. With regard to Grant III, Budget estimate, the need for a civil apothecary at increased cost is not apparent. The district board has not promised any increase of contribution on this account. Rs. 20 is too high a rate to pay for a midwife.

VIZAGAPATAM,
13*th January* 1896.

Revised Estimate for 1895-96.

2. The current receipts and charges are now estimated at Rs.17,940 and Rs. 17,060 respectively against Rs.14,680 anticipated for both in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts, buildings and lands, tolls and fines and that in the charges under Grants I & III. The reduction in the rate of the tax on vehicles referred to in para.2(g)of the Chairman's letter is approved, but under Sections 77(2)and 78(v)of the District Municipalities Act no tax should be levied on palanquins which are not used for thirty days during a half year. The expenditure on communications and buildings during the first eight months of the year was not satisfactory. Under G.Os.No.691M dated 22nd June 1888 and No.889 L.dated 17th May 1894, the sanction of Government should have been obtained for the additional expenditure on communications referred to in para.5 b(2). This is however now approved. The authority for increasing the pay of the drain cleaners which from the last column of statement VI appears to have been done should be reported. The entertainment of a temporary clerk on Rs.10 and the reduction in the salaries of the Municipal office Manager and second clerk, referred to in para. 5(*c*)are sanctioned. The Municipal Council's attention will be drawn to the Ag. Head Assistant Collector's remarks in his endorsement.

Budget Estimate for 1896-97.

5. Receipts. The receipts for the ensuing year are put down at Rs.18,370 against the revised estimate of Rs.17,940, the increase under grants and contributions from Government and loans being partly counterbalanced by a decrease under the taxes on buildings and lands. The estimate under tolls will be reduced from Rs. 6,300 to Rs.3,600 with reference to para. 2 of the Collector's endorsement and the sum of Rs.20 for which credit has been taken under contributions from Government on account of normal stipends will be struck out with reference to the Director's remarks in his letter read above. The contribution of Rs.370 expected from Government as one fourth of the salary of the civil apothecary proposed to be entertained in ~~lieu~~ place of the hospital assistant in charge of the Municipal hospital will be struck out as the Council is not entitled to it. Under para.4 of the Resolution of the Government of India communicated with G.O.No.522 L.d/ 8th February 1889, the loan referred to in para.4(k) ~~cannot be sanctioned~~ is inadmissible and, the entry of Rs.1,000 in the budget will ~~therefore~~ be removed. As revised the estimated receipts will stand at Rs 14280

Check Done 6d 7/1/36

4. Charges.(1). The charges are placed at Rs.18,610 against Rs.17,060 in the revised estimate, the increase being under Grants II and III.

(2) Grant I. As sufficient funds are not available the allotment for communications will be reduced from Rs.3,150 to Rs.1,800 or 50 per cent of the Municipal income from tolls and the provision of Rs.1,000 for the Municipal Office building will be struck out as the loan from which it was proposed to meet the charge has now been omitted. The increase in the salaries of the drain flushers and the entertainment of a separate overseer on Rs.20 and a lascar on Rs.4 proposed in para.5(4)(e)and(5)are sanctioned; but for want of funds the proposal to entertain an additional water woman on Rs.2 ~~cannot~~ must be ~~approved~~ postponed

(3) Grant II. The increase of one ~~rupee~~ rupee in the salary of the night school master and the entertainment of an assistant teacher on Rs.3 proposed in para.5(b)(3) are sanctioned; but ~~owing to paucity of funds~~, as funds are not available the Director's suggestion to allot Rs.100 for building and furniture grants cannot be adopted.

(4) Grant III. In the present state of the Municipal finances the entertainment of a civil appothecary in ~~lieu~~ place of the present Hospital Assistant cannot be sanctioned and for the reason given in para.3 of the Collector's endorsement, the increase of Rs.5 in the salary of the ~~My~~ midwife cannot be approved. The alterations in the Conservancy Establishment proposed in para.5(c)(3)are sanctioned. The Sanitary Commissioner's suggestions in ~~clause~~ (3)of his letter read above will be referred to the Municipal Council ~~for consideration~~. Ch.S. receive the council's coordinated

(5) Grant V. For want of funds the retention of the temporary clerk referred

to

to in paragraph 5(e) ~~cannot~~ must be ~~approved~~ disallowed.

5. The ~~budget~~ charges as revised by Government closes with a balance of only Rs.430 or 3.0 per cent of the estimated receipts.

amount of Rs 15320 as against Rs 15750 estimated by the Council in the budget accordingly

No. 388 M., 7TH MARCH 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From F. W. GOOCH, Esq., Chairman, Municipal Council, Anakápalle, to the Chief Secretary to Government (through the Head Assistant Collector, Vizagapatam), dated 17th December 1895, No. 343.

I have the honour to submit herewith the revised estimate for 1895–96 and the budget estimate for 1896–97 together with the prescribed statements.

REVISED ESTIMATE FOR 1895–96.

2. *Receipts.*—It will be seen by the following table that the receipts of the municipality for the year reach the sum of Rs. 18,530 (including a balance of Rs. 590 brought forward from last year), while only Rs. 15,740 were estimated in the budget sanctioned in G.O., No. 377, dated 8th March 1895. The items in which the main increase occurs are shown in detail:—

—	Budget, 1895–96.	Revised budget, 1895–96.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Tax on arts	1,200	1,500	300	..
,, on buildings	2,200	2,720	520	..
,, on lands	2,450	2,800	350	..
,, on vehicles	20	50	30	..
Toll receipts	4,900	6,280	1,380	..
Sale-proceeds of lands	..	40	40	..
Income from markets	500	540	40	..
Distraint fees	10	40	30	..
Cart-stand fees	350	550	200	..
Fines under Municipal Act	400	700	300	..
Private scavenging	200	230	30	..
All other sources (including balance)	3,510	3,080	..	430
Total	15,740	18,530	3,220	430

(*a*) The increase in the three items, tax on arts, buildings and lands, respectively, is due to the collection by distraint warrant in accordance with the provisions of the District Municipalities Act of many taxes which have been outstanding for many years past and which should have been collected in the same way annually as they became overdue. This will also explain an increase under "Distraint fees" which would have been far larger only the Chairman freely used his discretionary power of remitting warrant fees where prompt payment of all arrears followed on demand for same. This seemed the more advisable as this form of forced collection is a novelty in the municipality.

(*b*) The large receipts from tolls are due to a very keen competition this year between rival merchants, as also is the increase under the headings "Markets" and "Cart-stand fees."

(*c*) Under "Sale-proceeds of lands" we have Rs. 40, being the amount of compensation paid for a portion of municipal road which was taken under the Land Acquisition Act for the East Coast Railway.

(*d*) The increase of Rs. 300 under "Fines" is due to a more strict enforcement than hitherto of the Municipalities Act especially as regards road obstructions and projections and public nuisances.

(*e*) We are able to report a slight increase also in receipts from "Private scavenging," though for so large a town we feel it should be a far larger amount and fully self-supporting.

(*f*) The only item in which a decrease occurs is in receipts from Educational institutions. This appears to be due to combining in one comparatively small building the upper primary school and the middle school and also to not giving efficient supervision to the former. Special attention is being given by the council to better accommodation for the primary school and to the better superintendence of this and the many results schools now in operation in the town.

(*g*) *Tax on Vehicles.*—This shows an increase, which is due to the fact that palanquins are now taxed for the first time in this municipality. It should be here stated that the scale shown in Schedule B of the Municipalities Act has been reduced from Rs. 6 to Rs. 3, and for palanquins kept but not used Re. 1 tax is levied. Animals are also taxed half the schedule rates in this municipality; this latter rate has been in force, however, for many years past.

(*h*) *All other items* in the foregoing table shows a decrease of Rs. 430, mainly due to the actual balance from 1894–95 being less than was estimated in the revised estimate for that year.

3. *Charges.*—(*a*) The expenditure from municipal receipts for the year (including the closing balance) amounts to Rs. 18,530 as compared with Rs. 15,740 estimated in the budget for 1895–96, the increase under respective grants being as seen in the following table:—

—	Budget, 1895–96.	Revised budget, 1895–96.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Grant I	4,090	6,290	2,200	..
„ II	2,810	2,340	..	470
„ III	5,780	6,180	400	..
„ IV	570	660	90	..
„ V	1,430	1,590	160	..
Balance	1,060	1,470	410	..
Total ..	15,740	18,530	3,260	470

The increased expenditure is accounted for as follows:—

(*b*) *Grant I*—(1) *New Works.*—A new well was sunk during the year at Gollavidhi at a cost of Rs. 480, the sum of Rs. 410 estimated for purchase of fish bazaar site having been temporarily diverted to this more pressing need, and a platform erected at a cost of Rs. 90 to the Sarabanda well which was constructed during last year.

(2) *Repairs—Communications.*—An additional Rs. 700 is expended in the repairs especially of those roads which needed extensive earthwork to make them passable in the rainy season.

(3) *Repairs—Buildings.*—Rs. 600 increased expense is incurred by replacing thatched stalls in the vegetable market with tiled roofs at a cost of Rs. 160 and by expending Rs. 330 in repairing and raising some latrines in Gowerapalliem which have long been in a bad condition.

(4) *Repairs—Water-supply.*—Under this head also an increase in expenditure of Rs. 410 has been incurred by placing platforms around the two wells in Lakshmidevapetta and Viziaramarazupetta, respectively, and also by extensive repairs rendered necessary by the partial destruction of the interior of the important well in the public market place. The latter work will be commenced the latter part of present year and completed next year.

(*c*) *Grant II* shows a decrease of Rs. 470, due to the absence of the permanent headmaster of the middle school, whose place is temporarily occupied by the first assistant at a lower rate of pay, also to the fact that the gymnasium instructor was absent for training part of the year, and lastly to the amount provided for "Results grants" being greater than that earned by the schools based on that system.

(*d*) *Grant III.*—(1) There is a saving in the "Establishment" of the hospital, due to the council's inability to secure a midwife for the municipality, but an increase is seen in the cost of medicines owing to the great extra expense at which they are now procured from London and Bombay instead of from Government stores as heretofore. Forty dust-bins at a cost of Rs. 170 and two night-soil hand-carts at a cost of Rs. 101 have been purchased during the year and account for an increase under the head of "Conservancy."

(2) *Private Scavenging.*—Under the instructions of the Sanitary Engineer, commented on in G.O., No. 377, dated 8th March 1895, the scale of this establishment was revised at an additional cost of Rs. 60 for the year and consists now of one maistry at Rs. 8 per mensem and four scavengers at Rs. 4 per mensem each: see G.O., Mis. No. 881 M., dated 27th May 1895. Rs. 50 has also been expended on a night-soil hand-cart for this department.

(*e*) *Grant V.*—(1) Rs. 50 additional is spent in "Office establishment" and is due to the engagement of an extra clerk on Rs. 10 per mensem rendered necessary by the backward and muddled state of the office work and records respectively. The present manager—V. Ramamurti—has been 17 years in practically full control of the office. He is unsystematic in his work and has not the ability necessary for the post. The Chairman, after three months' fruitless endeavour to lead him into new and improved methods, discharged him. He appealed to the council, however, which met and voted against his dismissal by 7 to 5. In consideration of the fact that all the official members who have been Chairmen and are therefore fully competent to judge, and also the Head Assistant Collector of the district concur with the Chairman as to the necessity for such a change and of the fact that his long service is the only reason given for the action of some councillors in retaining him, I request that Government will order his removal and replacement by a better educated and more competent man. The pay of the manager and of the second clerk is reduced to Rs. 20 and Rs. 15 per mensem, respectively.

(2) Under "Contingencies" Rs. 100 extra has been appropriated for purchase of a large pigeon-hole almirah and other furniture necessary for the office.

(3) Other items in which increased expenditure is seen are trivial and call for no special reference. We carry forward to next year a balance of Rs. 1,470 as compared with Rs. 1,060 estimated in the budget of 1895–96 already sanctioned.

Budget Estimate for 1896–97.

4. *Receipts.*—(*a*) The rates and taxes of the municipality remain the same as in previous years.

(*b*) *Profession Tax.*—The amount of revised estimate of 1895–96—viz., Rs. 300 more than the sanctioned budget of that year—is adopted as the estimated receipts under this head. Many wealthy merchants in this municipality are now assessed much lower than the schedule rates and they will at once be raised.

(*c*) *House-tax.*—The same amount as that estimated in the sanctioned budget of 1895–96 is adopted although revised estimate of that year shows an increase of Rs. 520, due to final collection of old arrears.

(*d*) *Land-tax.*—This remains substantially the same as last year. The register has not been properly revised for many years past, and owing to incomplete designation and failure to enter new names when lands changed hands or when owners died it is extremely difficult to accurately gauge the amount recoverable. The council is now threatened with several law-suits in reply to urgent demands for prompt payment of six years of arrears. Out of a total of 391 persons whose names appear in the assessment register no less than 201 are in arrears for from one to six years. The register will be thoroughly revised during the coming year.

(*e*) *Tolls.*—The amount received during the present year is expected to be again realized next year, as the railway station now a mile outside has been removed to the centre of the town. This will compel all carts doing railway business to pass the toll-gates whereas at present a good proportion escape taxation altogether.

(*f*) *Conservancy Receipts.*—Rs. 100 have been estimated under this head. The posts of municipal overseer and sanitary inspector having been now separated and a trained sanitary inspector from Madras having been provided for, special attention will be given to making the night-soil, &c., a gradually increasing means of revenue.

(*g*) *Fees from Educational Institutions.*—Although the amount estimated in budget for 1895–96 was not fully realised this year, it is adopted again as estimate in the new budget. The Inspector of Schools has been requested to replace the acting head master by a trained F.A. from April 1st next, and with this change we are justified in expecting this amount, if not some increase.

(*h*) *Grants from Government*—(1) *Education.*—The suggestion of the Educational authorities for entertainment of a drawing master is not approved by the council in view of the present state of the schools. The sum of Rs. 110 is expected to be realised from Provincial funds under the following heads:—

(*a*) "Normal stipends": Rs. 20 to be recovered for a municipal teacher in current year. The Rs. 40 provided in the budget submitted by the Inspector of Schools will not be required, as all the masters have now undergone training.

(*b*) "Municipal Schools": Rs. 60 to be received as half-pay of gymnasium instructor.

(*c*) "Other Purposes": Rs. 30 is amount expected to be realized as results grants for girls studying in the Muhammadan school.

(2) *Medical.*—A civil apothecary will be entertained in place of the present hospital assistant who has been upwards of fifteen years in this municipality without change. A total pay of Rs. 125 per mensem is provided for, to a quarter of which the council will be entitled by grant from Government. Rs. 370 is therefore estimated as receipts under this head.

(*i*) *Private Scavenging.*—A number of new private latrines have come under municipal supervision during the year and a still greater increase is expected during the year 1896-97. The estimated receipts are therefore placed at Rs. 50 over those of the last budget.

(*k*) The council is much hampered by being compelled to carry on work in extremely small and unsuitable quarters, for which a very exorbitant rent is now charged. There are no houses available elsewhere in the town and the council has therefore resolved to request from Government a loan of Rs. 1,000 to enable it to either purchase and improve the present local fund bungalow, which is in the market, or, failing satisfactory arrangement as to that, to erect on a vacant site a municipal office planned so that it can be gradually enlarged as the needs demand and finances enable. Hence under "Loans from Government" provision for Rs. 1,000 is made and debited in the charge estimate to "New buildings." It will be proposed to repay it in four annual instalments of Rs. 250 each with interest.

Other items of receipts do not appear to call for special comment.

5. *Charges.*—(*a*) *Grant I*—(1) *New Works—Communications.*—The Suntha Bailu and Dasara Gorga new roads, which have already been commenced, receive each a fresh allotment; they are important new works. Rs. 300 is provided, also, to open two new roads in a densely-crowded part of the town.

(2) *New Works—Buildings.*—Under G.O., No. 1557 L., dated 17th July 1893, the council, as instructed by the Collector of the district, provides Rs. 200 as half-share of a new dead-house to be constructed during 1896–97 on a site approved by the Sanitary authorities.

Rs. 300 is provided to construct compartments by means of small cross-walls to the large public latrine in "Pikarow Bushes." The two latrines in this place have long been a disgrace to this part of the town and often commented on by Sanitary Commissioners and other officials who have visited the town. One has already been completed and the second will be completed as early in the year as possible and the land around them put under cultivation. Each latrine will contain 114 compartments, which will be supplied with dry-earth. Should these prove a success from a sanitary point of view, it is the purpose of the council to adopt the system gradually for all latrines in the town.

Rs. 50 are provided to erect an iron latrine which has already been purchased.

Rs. 250 are allotted for a new latrine in Malavidhi rendered necessary by the coming of East Coast Railway.

Rs. 50 is provided to temporarily roof in the basement of the new primary school which is now under construction.

Rs. 1,000, proposed to be requested as loan from Government for a municipal building, is shown as a charge under this head. It is already referred to in paragraph 4 (*k*) of this letter.

(3) *New Works—Water-supply.*—A platform is provided at a cost of Rs. 90 for the new well at Gollavidhi.

(4) *Repairs.*—The following sums have been appropriated under this heading:—

(*a*) Rs. 2,550 for repairing all the roads of the municipality.
(*b*) Rs. 50 for repairing sheds in cart-stand.
(*c*) Rs. 100 to raise the flood-gate and deepen the channel at the outlet of the Bandigady drain. The work as it stands at present is useless.
(*d*) Rs. 150 for repairs to several wells.
(*e*) Rs. 360, or an increase of Rs. 50, is provided for drain-flushing establishment. The work is hard and the present scale of pay is insufficient to feed a labourer, therefore the pay of flushers is raised to Rs. 4 each and one extra waterwoman allowed at Rs. 2 per month; the present staff is in reality three waterwomen although not so shown in budget, the extra woman's pay being drawn from conservancy establishment. A proposition statement is furnished herewith.

(5) *Establishment.*—An increased expenditure is seen under this head. The present overseer has been drawing Rs. 16 per mensem for that post and also Rs. 14 as sanitary inspector. The two posts are now separated and it is proposed to make the overseer's pay Rs. 20 and allow him a lascar at Rs. 4 per month. It should be explained that a lascar has for years past been attached to the overseer's post, but recorded in "conservancy establishment" as a "bandy man." He is now merely transferred to the proper heading and his pay raised from Rs. 3 to Rs. 4, the present pay being insufficient for his living.

(6) *Tools and Plant.*—Rs. 30 is provided for pickaxes, spades, &c., as repairs to smaller roads and to side-channels are now done departmentally instead of by contract.

(*b*) *Grant II*—(1) *Training Schools.*—In the budget of the Inspector of Schools the sum of Rs. 120 is provided for sending two teachers to normal school for training. The teachers in this municipality having been already all trained, the amount has been omitted and used for more pressing needs.

(2) *Municipal Schools.*—Rs. 1,260 is provided for the middle school—no change having been made in rates of pay. Under "Contingencies," however, a portion of the sum saved on "stipends to students" is added to the Rs. 60 suggested in the budget of the Inspector of Schools in order to purchase simple English books to add to the library for use of the boys studying that language.

(3) *Salary-results System.*—An increase of Rs. 60 is allotted, the night-school master's pay being raised to Rs. 5 and an assistant on Rs. 3 being allowed him. The school is flourishing and a large number of the class of youths for whom it is specially intended are now in regular attendance. With this exception the provision is the same as last year. Rs. 180 for salary results are provided—an increase of Rs. 30 over last year. Rs. 50 are allotted as usual for "contingencies."

(4) *Results Grants.*—Out of Rs. 400 provided in last year's budget Rs. 180 only were earned. The allotment is therefore reduced this year to Rs. 300.

(5) *Inspection.*—The suggestion of the Inspector of Schools to provide Rs. 5 per mensem as an extra allowance to head master for school inspection does not meet with the council's approval. It considers that one sufficient salary should be provided and no extras given for supervision which is a portion of the head master's regular work. Rs. 50 is provided as a maximum for this post per mensem.

(6) *Miscellaneous.*—The gymnasium teacher's pay and "contingencies" remain as last year. Under "Other items" the Inspector of Schools suggests the provision of Rs. 220 as part payment of cost of keeping up a "drawing class." The council is of the opinion that in the present state of the schools this is quite unnecessary; it has therefore been omitted.

(*c*) *Grant III*—(1) *Hospital and Dispensary.*—As already intimated in this letter, paragraph 4 (*h*) (2), provision has been made for a civil apothecary to replace the present very long resident hospital assistant. The pay offered to a midwife has been raised to Rs. 20 per mensem. With these changes the charges under this head appear to be Rs. 1,960 as compared with Rs. 1,400 last year, but in reality it is only an increase of Rs. 190 as credit is taken in this year's receipts for Rs. 370, Government grant, to which we shall be entitled if a civil apothecary is engaged on above pay. We have good reason to expect also a substantial increase in the local board's grant under this new arrangement.

(2) *Medicines and Supplies.*—In accordance with the suggestions of the District Surgeon the sums of Rs. 300 and Rs. 40, respectively, are allotted for these charges. Other items of hospital charges require no mention.

(3) *Conservancy*—(*a*) *Establishment.*—An increase of Rs. 620 is seen under this head, due partly to the provision for a trained sanitary inspector on Rs. 30 per mensem (see remark, paragraph 4 (*f*) of this letter). The increase is also due to a slightly enhanced rate of pay to the whole conservancy staff which is rendered necessary by the increased cost of living and by the scarcity of the class of people who do scavenging and sweeping. To every able-bodied man who does a full day's work it is proposed to give Rs. 4 per mensem and to every woman Rs. 3–8–0 per mensem. To the bandymen also it is proposed to give Rs. 4 per mensem instead of Rs. 3 as hitherto. No man can live honestly in this town on less than Rs. 4, and the council is of opinion that with this slight increase all round better work and more contentment will become visible. It should also be added, as a reason, that several of our best scavengers have lately left the town and got work elsewhere at considerably higher wages. During the past year a proposition statement was submitted to Government recommending a raise of Re. 1 per month extra each to two maistries. This was sanctioned about the time the present Chairman took office. The amount has not been paid to the maistries by him on the ground that they are very aged men and their superintendence of conservancy work is very lacking in thoroughness. The old rate of Rs. 8 per mensem is retained for next year also, as there are plenty of young pensioned men looking for these posts who will do the work better than some now employed.

(*b*) *Other Charges.*—Under this head Rs. 900 are provided for the following:—

	Rs.
Upkeep of eight bullocks	240
Sundries (repairs, carts, &c.)	35
Six night-soil hand-carts	300
New dust-bins	325

The two former items are the same as last year, the two latter accounting for the increase under this heading and being very urgently required in the municipality.

(4) *Private Scavenging.*—Rs. 300 are provided, no change being suggested.

(*d*) *Grant IV, Lighting.*—The "establishment" is provided for as last year, an increase in "contingencies" being made, equal to the increase seen in revised estimate for current year, due to the necessity for repairing many old lamps, particularly those attached to buildings. Other items under this grant do not appear to require comment.

(*e*) *Grant V*—(1) *General Establishment.*—Under the circumstances mentioned in this letter when dealing with revised estimate 1895–96 —see paragraph 3 (*e*)—an extra clerk on Rs. 10 per mensem has been provided for, but if possible his services

will be dispensed with before the end of the year. Owing to the reduction of salaries in the existing staff, however, there is a decrease in charges under this head even with the above addition to the staff. A slight increase over last year is made in "Office contingencies" which is made up as follows:—

	Rs.
Office rent	120
" contingencies	60
New furniture and repairs	70
Total	250

This provides for the present year the increased rent which is demanded, and as all office furniture is very old and some new purchases will be a necessity during the year, in addition to the usual contingencies which include postage, stationery, &c., a sum of Rs. 70 is appropriated.

(*f*) *Balance.*—We carry forward an estimated balance of Rs. 1,210.

A copy of the resolution of the council adopting the foregoing budget is herewith enclosed.

ENCLOSURES.

EXTRACT from Proceedings of Municipal Councillors at a meeting held on December 7th, 1895.

* * * * *

(I) Laid on table revised estimate, 1895–96.

Resolution.—Revised estimate adopted showing—

	Rs.
Receipts	18,530
Charges	17,060
Balance	1,470

(II) Budget estimate for 1896–97 is laid on table.

Resolution.—All items unanimously adopted. Meeting adjourned to Monday next, 7–30 A.M., for final adjustment of balance.

* * * * *

EXTRACT from Proceedings of the Municipal Councillors of town of Anakápalle, at meeting held December 14th, 1895.

* * * * *

(I) At special adjourned meeting called for Monday, December 9th, 1895, a quorum not having been present, the Chairman now lays before the council the "balance" of the budget for 1896–97, prepared in accordance with the council's resolutions passed at its meeting of December 7th, 1895.

Budget for 1896–97—

	Rs.
Receipts	19,840
Charges	18,630
Balance	1,210

Resolution.—Unanimously adopted as above balanced.

* * * * *

Cur. No. 2824.

Forwarded. As remarked by the Chairman, it is very desirable to get rid of the office manager, who is quite incompetent.

VIZAGAPATAM,
6th January 1896.

(Signed) E. B. ELWIN,
Ag. Head Asst. Collector.

Forwarded.

2. The municipal council forgets that the district board reduced its claim on the toll-revenue by one-half last year as a temporary measure in consequence of the straitened finances of the council. The toll-revenue showed a large increase after all and will probably show a still larger one during the current year. The district board can hardly afford to make the same concession again, and the municipality does not seem to be in urgent need of it.

3. With regard to Grant III, Budget estimate, the need for a civil apothecary at increased cost is not apparent. The district board has not promised any increase of contribution on this account. Rs. 20 is too high a rate to pay for a midwife.

VIZAGAPATAM,
13*th January* 1896.

(Signed) W. A. WILLOCK,
Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Rajahmundry, 24th January 1896, No. C-5.

With reference to the budget estimate of the Anakápalle Municipality for 1896–97, I have the honour to recommend that to the provision therein made for education Rs. 100 be added for building and furniture grants to results schools to enable them to fulfil the conditions of recognition. The estimate under Provincial contribution includes Rs. 20 as stipendiary grant; but, as no provision is made for stipends in the budget, the above amount should be omitted. The net expenditure will then be Rs. 1,850 (2,840—990), or between 13 and 14 per cent. of the estimated income from taxation, rents and markets.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 1st February 1896, No. 69.

I have the honour to state that the provision made in Grant III of the budget estimate of the Anakápalle Municipality for the year 1896–97 is sufficient.

2. The proposal of the municipality to have an apothecary in lieu of the hospital assistant now attached to the hospital meets with my approval and is in accordance with the existing orders of Government.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Bellary, 10th February 1896, No. 252-S.

I have the honour to submit the following remarks on the allotments for vaccination and conservancy provided in the Anakápalle municipal budget for 1896–97 :—

(1) The vaccinal expenditure is sufficient and calls for no notice.

(2) The assignment for conservancy is 26·7 per cent. of the anticipated current receipts excluding the loan of Rs. 1,000 taken credit for. Provision is made in statement II-B for the employment of a sanitary inspector on Rs. 30. I would advise that a certificated third-grade sanitary inspector on Rs. 25 + Rs. $7\frac{1}{2}$ horse allowance be entertained.

(3) The proposition statement that accompanied the budget shows that there will be employed during next year 24 toties and 33 sweepers for the public service. I would recommend that the number of toties be raised to 34, a corresponding reduction being made in the staff of sweepers.

ORDER—No. 388 M., dated 7th March 1896.

The estimated receipts and charges of the Anakápalle Municipality for 1896–97, as passed by Government, are compared below with the budget and revised estimates for the year 1895–96 and the actuals of 1894–95 :—

Revised Estimate for 1895–96.

2. The current receipts and charges are now estimated at Rs. 17,940 and Rs. 17,060, respectively, against Rs. 14,680 anticipated for both in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts, buildings and lands, tolls and fines, and that in the charges under Grants I and III. The reduction in the rate of the tax on vehicles, referred to in paragraph 2 (*g*) of the Chairman's letter, is approved; but, under sections 77 (2) and 78 (v) of the District Municipalities Act, no tax should be levied on palanquins, which are not used for thirty days during a half-year. The expenditure on communications and buildings during the first eight months of the year was not satisfactory. Under G.Os., No. 691 M., dated 22nd June 1888, and No. 889 L., dated 17th May 1894, the sanction of Government should have been obtained for the additional expenditure on communications referred to in paragraph 3 (*b*) (2). This is, however, now approved. The authority for increasing the pay of the drain cleaners, which from the last column of statement VI appears to have been done, should be reported. The entertainment of a temporary clerk on Rs. 10 and the reduction in the salaries of the Municipal office Manager and second clerk, referred to in paragraph 3 (*e*), are sanctioned. The municipal council's attention will be drawn to the Acting Head Assistant Collector's remarks in his endorsement.

Budget Estimate for 1896–97.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 18,370 against the revised estimate of Rs. 17,940, the increase under grants and contributions from Government and loans being partly counterbalanced by a decrease under the taxes on buildings and lands. The estimate under tolls will be reduced from Rs. 6,300 to Rs. 3,600, with reference to paragraph 2 of the Collector's endorsement, and the sum of Rs. 20, for which credit has been taken under contributions from Government on account of normal stipends, will be struck out, with reference to the Director's remarks in his letter read above. The contribution of Rs. 370 expected from Government, as one-fourth of the salary of the civil apothecary proposed to be entertained in place of the hospital assistant in charge of the municipal hospital, will be struck out, as the council is not entitled to it. Under paragraph 4 of the resolution of the Government of India communicated with G.O., No. 322 L., dated 8th February 1889, the loan referred to in paragraph 4 (*k*) is inadmissible, and the entry of Rs. 1,000 in the budget will be removed. As revised, the estimated receipts will stand at Rs. 14,280.

4. *Charges.*—(1) The charges are placed at Rs. 18,610 against Rs. 17,060 in the revised estimate, the increase being under Grants II and III.

(2) *Grant I.*—As sufficient funds are not available, the allotment for communications will be reduced from Rs. 3,150 to Rs. 1,800, or 50 per cent. of the municipal income from tolls, and the provision of Rs. 1,000 for the Municipal office building will be struck out, as the loan from which it was proposed to meet the charge has now been omitted. The increase in the salaries of the drain flushers and the entertainment of a separate overseer on Rs. 20 and a lascar on Rs. 4, proposed in paragraph 5 (4) (*e*) and (5), are sanctioned; but for want of funds the proposal to entertain an additional waterwoman on Rs. 2 must be postponed.

(3) *Grant II.*—The increase of one rupee in the salary of the night schoolmaster and the entertainment of an assistant teacher on Rs. 3, proposed in paragraph 5 (*b*) (3), are sanctioned; but, as funds are not available, the Director's suggestion to allot Rs. 100 for building and furniture grants cannot be adopted.

(4) *Grant III.*—In the present state of the municipal finances, the entertainment of a civil apothecary in place of the present hospital assistant cannot be sanctioned and, for the reason given in paragraph 3 of the Collector's endorsement, the increase of Rs. 5 in the salary of the midwife cannot be approved. The alterations in the conservancy establishment, proposed in paragraph 5 (*c*) (3), are sanctioned. The Sanitary Commissioner's suggestions in clause (3) of his letter read above should receive the careful consideration of the municipal council.

(5) *Grant V.*—For want of funds the retention of the temporary clerk referred to in paragraph 5 (*c*) must be disallowed.

5. The charges, as revised by Government, amount to Rs. 15,320, as against Rs. 18,610 estimated by the council; and the budget accordingly closes with a balance of only Rs. 430, or 3·0 per cent. of the estimated receipts.

(True Extract.)
