FROM,

M-R-Ry,

C. SITARAMAYYA PANTULU GARU;

CHAIRMAN,

MUNICIPAL COUNCIL ELLORE.

To,

The Chief Secretary to Government
Fort St. George
Madras

Sir,

Referring to the proceedings of Government dated 19th August 1925 No. 1569 M. M., I have the honor to inform as follows:-

1 (a) Dwellings. The Council at their meeting dated 4th July 1925 ordered the issue of notice to the owners of the land occupied by the Thangas to erect a latrine, failing which they were forfeited and confiscated. This was appealed against and confirmed by the District Magistrate with the remark, "Believe, that the fine imposed by the 2nd Class Stationary Magistrate was too small. Agree the Council at their meeting dated 7th August 1925 addressed Government to sanction the removal of the huts under section 187 of the Act but the Collector Podanur wants to know how

The

the Council proposes to house them in case Government sanctions their removal; but the Council at their meeting dated 16th October 1895, resolved to inform the Collector that they are not in a position to acquire land for the Thirupuras. But however as several land owners in the town are willing to give their fields to this class of people on nominal rent for dwelling purposes, steps will be taken to make correct arrangements when they erect their huts.

(c) To get rid of these people from the midst of the town gradually, the Council is not permitting them to build or re-thatch huts. In this connection numbers of them have been prosecuted and are being prosecuted.

(d) In Lutchwaripetta. Notices have already been issued to the wood built shopkeepers to clean the flooring below their shops. The Divisional Inspector and the Sanitary Inspector were directed to attend to this matter specially.

(e) The school is removed to Poverpatta where a proper building for Rs 1000 was purchased.

2 (a) Roads. The roads will be and are being put in good condition and with better materials.

The

apparently in the Public
works department.

The recent floods have greatly interfered with the supply of metal and arrangements have been made to get good metal from Singaram at a heavy cost and the same is now being supplied.

3 Drainage (a) As regards the irrigation channels the subject is under consideration of the Government.

(b) The Jallipada channel was sectioned long ago but the recent floods have destroyed it, steps have been taken to repair the same.

4 Water Supply Regarding the mooring of boats, this has not been settled as yet by the P.W.D. and forms a separate communication with reference to the Proceedings of Government dated 27 November 1895 No. 1996. The wharves have all been removed except one which will also be soon removed as a penalty of Rs 1 for every day is levied until it is removed.

5 A project to improve the condition of the drinking water supply of the Gazintia Vairi tank is under the consideration of the Council since last July. The project is to enlarge the tank by acquiring lands on the north and eastern sides as far as Rautna and Madapally Canal lands. As soon as the project is completed together with plans and estimates, the matter will be submitted to Government for orders. The Council intend to remove the old culvert and to provide

another

another educt in a better place to avoid pollution
b) Since after the removal of boats from the present
moving place, the Council intend to use pipes for
taking water to the tank.

c) Platform re. to Jaffer Sahib's and Goldsmith's
wells. A platform was constructed to the Gold-
smith's well and the platform to Rajah's well in
Kutub Mahal repaired. Nothing was done to Jaffer
Sahib's well as it is not largely used by the people
and it is also under the consideration of the Council
to fix it in as its surroundings are in a very
unsanitary state and the water is not fit for
drinking purposes.

5. Conservancy. The proposals made by the Sanitary
Commissioners regarding the increase of the Conservancy
establishment was considered in the budget for 1896-97
submitted to Government. The following increases are
made. 4 koties and 10 scavengers are proposed to be
added to the existing establishment, one extra night
soil cart and one koty. The supervising staff was
proposed to be revised owing to the insufficiency
of supervision. The present staff consists of 3 inspectors
on Rs 16 each, one on Rs 13, one on Rs 10 and two
peons on Rs 5 each which is proposed to be revised
into one inspector on Rs 16, two sub inspectors on
Rs 10, two sub inspectors on Rs 8 and 5 peons on Rs 6 each.

5 Rubble

2200
intended

b) Rubble carts. Four extra rubble carts and 25 Iron
ducts are provided in the budget for 1896-97.

c) Private Scavenging. Circulars have been sent to
all Councillors with a number of printed applications
forms requesting them to inspect from house to house
and encourage private scavenging. The sub Inspectors
have also been strictly ordered to attend to this branch
of work. The Council have also authorized Divisional
Councillors to inspect houses and compounds in their
Divisions on 15-1-96.

b) Slaughter house. The slaughter house will be put
into order and enlarged as suggested by the Sanitary
Commissioners before the close of the current official
year. A provision of Rs 300 was made in the
budget for 1896-97 for a slaughter house for cattle.

7. Markets. License has been refused to the former
fish market. The non-removal of the same at an
early date was due to recent floods.

8. The following improvements are proposed to be
carried out during the current and next official year
Current year. An increase of Rs 5000 over the
sanctioned budget is provided, to put the roads
in good working order and to complete the buildings
viz. the Municipal Office, Slaughter house in D
Division, Extension of the old Slaughter house and
Hospital Compound wall. This excess in expenditure

will

will be met from the increase in net receipts
of Rs 4150 and from the increase of Rs 2390 in the
opening balance. During next year it is proposed
to construct 6 new roads at a cost of Rs 1500...
to erect Hospital Assistant's quarters Rs 1500...
Cow Slaughter house Rs 300, Market sheds Rs 500,
Latrines Rs 1000, and 25 Duct bins for Rs 200, and
Rs 300 for the construction of compost pits and
platforms to cattle.

9. Attention is being paid to Vaccination and
Registration of vital statistics and I hope to be
able to show good results by the close of the fiscal
year.

I have the honor to be
Sir,
Your most obedient servant
C. S. Chatterjee
Chairman

[Faint, mostly illegible handwritten text on the right page, likely bleed-through from the reverse side.]

I have the honor to be
Sir,
Your most obedient servant

Chairman.
