NOTE FOR ~~THE UNDER SECRETARY.~~

(Not for Record.)

(1) I shall come up when sent for

(1) Rs. 100,160 is made up thus:—

Original allotment by municipal council	Rs. 83,220
Add amount of loan of Rs. 3630, and grant Rs. 19800 taken credit for in budget order for the water works	Rs. 23,430
	Rs. 106,650
Deduct Rs. 6,490 for which municipal council has taken credit.	Rs. 6490
	Rs. 100,160

(3) It does not appear to be possible

[illegible]

[illegible]

to cut down the allotment under
Grant II. The net Grant is Rs. 2510
(Rs. 8950 – Rs. 6440) which is only
10 per cent of the income from
taxation, tolls, and income from
markets and slaughter-houses.
Except the usual increments
under the Sanctioned Scale to the
masters of the High School, no
additions to the charges under this
head have been sanctioned for
1896-97.

Office
which
propo

Extract from the Proceedings of a meeting of the Municipal Councillors Kurnool, held on the 11th December 1895.

Present

M. R.Ry. T. Chidambara Rau Garu B.A. Rau Bahadur Chairman.

Official Members.

H. M. D. Mahomed Sufdar Hussain Sahib Bahadur.

Surgeon Major A. T. Lodge Batch

M. R.Ry. A. Coopooswamy Modilear Avergal.

" A. Venkoba Rau Garu.

Non Official Members.

H. M. D. Abdul Halim Khan Sahib Mandozie

M. R.Ry. C. Ramsing Garu Rao Bahadur.

Mr. Maneckjee Merwanjee Haraka.

The Revd W. A. Stanton

M. R.Ry. P. Govindu Naidu Garu Subedar Bahadur.

H. M. D. Shikar Khana Ahmed Sahib.

The following business was transacted:-

× × ×

3. Read Sanitary Inspector's diary dated 6th November 1895, praying sanction for

the entertainment of one additional
toty and pair of bullocks, for a new
night-soil cart on Rs 9 and 18 per
month respectively with effect from
the 8th November 1895.

Sanctioned to be met from
savings from Grant III. 5 (a) (i) Esta-
-blishment and (ii) Other charges.

4. Read Revised Estimates for 1895-96
prepared by the Chairman.

Passed.

5. Read Budget Estimate for 1896-97
prepared by the Chairman.

Passed with the following modi-
-fications:-

(1) The proposal to levy water-tax under
Government Order no. 1541 Mn. Local
and Municipal dated 4th November
1893.

The Council thinks that in the
Government Order under reference,
it is not the intention of Government
that the tax should be levied until
the water-works are complete and
water is actually supplied to the towns
-people and that it will not be
equitable to levy the tax until water
is so supplied.

(2) Read Budget information furnished
by the Sub-Assistant Inspector of Schools
Nandyal Range, with the remarks of
the Director of Public Instruction
thereon.

The entertainment of a drawing
master on Rs 15 per month is sanctioned;
Rs 30 is also sanctioned for drawing
apparatus.

(3) Read Memo no. $\frac{642\ Kr}{3-12-95}$ of the Sub-
Assistant Inspector of Mahomedan
Schools on the proposals of the Inspecting
School Master, Kurnool Municipality
for improving the education of Maho-
-medan boys.

The Council resolves that the
Mahomedan branch of the Municipal
Upper-Primary School, consisting of two

classes at present, should be increased to three and that there should be three teachers instead of two to be paid on the following scale. Head master Rs 15, 1st assistant Rs 10 and 2nd assistant Rs 6 and that sanction of the Government should be obtained for the increased expenditure.

(4) The proposal to improve the efficiency of the staff of the Municipal Upper Primary School – Telugu Branch.

Considering the increase in the strength of the Municipal Upper Primary School and considering also that the school is intended as a feeder for the Municipal High School and also taking into consideration the circumstance that the present salaries of the teachers are not sufficiently attractive to bring in an efficient staff the Council thinks it necessary to improve the present staff of teachers by increasing their salaries on the following scale:- Head Master Rs 25, 1st Assistant Rs 15, 2nd assistant Rs 12, 3rd assistant Rs 10, and 4th assistant Rs 8. Considering the work that the school peon has to perform the Council also deems it necessary to raise his pay from Rs 3 to 5. The increase of pay of the teachers of the Telugu Department and of the peon does not involve any additional expenditure as the amount of Rs 250 allotted as results-grants for the school will be utilized for this purpose and as the expenditure will be reduced to Rs 71 from Rs 130 under contingencies as the school has already been provided with the necessary furniture &c.

(5) Read letter no. $\frac{2306}{8-11-95}$ from the Sub-Assistant Inspector of Schools Nandyal Range recommending that

the Inspecting School master Kurnool Municipality may be allowed house rent at the rate of one rupee per mensem for his office and that Rs 20 may be sanctioned for furniture for his office.

The recommendation regarding house-rent is sanctioned. Rs 10 is also sanctioned for furniture.

(6) Read Urji no. $\frac{572}{2\text{-}12\text{-}95}$ from the Deputy Tahsildar of Kurnool Town suggesting the construction of urinals for the use of the public in different parts of the town.

A provision of Rs 100 will be made.

(7). Read application dated 19th February 1895 from Rangaya 2nd assistant Municipal High School Kurnool requesting to be allowed stipendiary allowance at the rate of Rs 30 a month during the period for which he was under training.

An allowance at the rate of Rs 15 a month is sanctioned.

6. Read R.C. $\frac{1921}{\text{Engg}}$ of 1895 dated 25th September 1895 from the Collector of Kurnool on letter no. 2705 dated 19th September 1895 from the Sanitary Engineer to Government Madras on the subject of converting the old jail building into a market.

Resolved to request Government to grant a loan of Rs 5000 for converting the jail building into a market. The loan to be repaid from the income to be derived from the market.

7. Read letter no. $\frac{125}{13\text{-}12\text{-}95}$ from the Head Master, Municipal High School Kurnool suggesting the division of the 1st Form into two classes and the employment of an additional teacher on Rs 30 a month for the same

and also requesting an additional allotment of Rs 50 for the purchase of tables and benches and printing charges.

Disallowed.

8. Read letter no. $\frac{63}{7-8-95}$ from the Honorary Secretary Countess of Dufferins Fund seeking aid from the Municipalities for its support, and also letter no. $\frac{2223}{14-11-95}$ from the District Medical and Sanitary Officer, Kurnool suggesting that a provision of Rs 1,000 be made in the Budget to open a Gosha Hospital.

The Commissioners regrets that the state of their finances does not enable them to make any provision.

9. Read malazar petition no. $\frac{343}{1895-96}$ presented by the inhabitants of street no. 32 Petta praying the construction of a road in their street

Recorded.

10 Read also malazar petition no. $\frac{291}{1895-96}$ presented by the inhabitants of street no. 41 Kothapeta praying for the construction of a latrine for females.

Will be considered when funds are available.

11. Read malazar petition no. $\frac{101}{1895-96}$ presented by the inhabitants of street no. 43 Budvarpet praying for the construction of 3 small latrines in their village.

Will be considered when funds are available.

12. Read malazar petitions nos. $\frac{219+338}{1895-96}$ presented by the inhabitants of streets nos 41 Kothapeta and 3 Petta praying that their streets may be furnished with lights.

Recorded.

13. Read petition presented by Mahomed Asgar Hussain, Mahomedan Master, Municipal Primary School, Kurnool praying for an increase in his salary

Disallowed for want of funds.

16. Read petitions presented by Sanitary peons and by B. Krishna Rau Municipal clerk and by Venkoji Rau Bill collector praying for increase in their salaries.

Disallowed for want of funds.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. T. CHIDAMBARA RAU Garu, B.A., Rao Bahadur, Chairman, Municipal Council, Kurnool, to the Chief Secretary to Government (through the Revenue Divisional officer in charge of Ramallakot taluk), dated 20th December 1895, No. 392.

I have the honour to submit herewith the budget estimate of the Kurnool Municipality for 1896–97 and the revised estimate for 1895–96.

THE REVISED ESTIMATE FOR 1895–96.

2. According to the revised estimate, the receipts amount to Rs. 2,52,910 against a sanctioned estimate of Rs. 1,74,630, and the charges amount to Rs. 1,76,120 against Rs. 1,73,930 sanctioned in the budget. The large increase in the receipts is mainly due to the increase in the balance brought forward from 1894–95 to Rs. 79,493 from Rs. 2,900 provided in the budget owing to a greater portion of the sum allotted for the water-works not having been utilized for that purpose in 1894–95. Independently of the amount relating to water-works there is an increase in the receipts to the extent of about Rs. 1,687 and an increase in the charges to the extent of about Rs. 2,190.

Receipts.

3. The increase of Rs. 140 in the tax on arts is due to an increase in the number of traders, of Rs. 30 in the tax on lands is due to larger extent of lands taxed, of Rs. 20 each in the taxes on vehicles and animals and of Rs. 160 in the tax on carts due to increases in the number of vehicles and transit carts maintained, of Rs. 400 under the sale-proceeds of night-soil, &c., is due to brisk competition at the sales, of Rs. 370 in the fees of the high school and of Rs. 70 in the fees of the upper primary school due to increases in the numbers of boys in the schools, of Rs. 100 each in the incomes from the fruit bazaar and the slaughter-house due to brisk competition at the sales, of Rs. 50 under license fees is due to an increase in the number of persons carrying on offensive trades, of Rs. 470 under fines is due to a larger number of cases prosecuted before the magistrates and to the infliction of heavy fines in such cases by the magistracy. The increases under other items call for no remarks.

4. The decrease of Rs. 30 under distraint fees is due to property having been actually distrained in a smaller number of cases, of Rs. 200 under cart-stand fees is due to slack competition at the sales, of Rs. 40 under stipends to normal students is due to such students having been paid only for the months of March, April and May 1895 and of Rs. 230 under private scavenging fees is due partly to the inability of several poor Muhammadans in the town to pay for and utilize the services of municipal scavengers and partly to the fact that a larger figure was given in the budget because it was expected that, by the appointment of a special inspector on Rs. 10, more people could be made to utilize the services of the municipal toties. But as the Government could not, owing to want of funds, sanction the appointment of the inspector, it has not been possible, with the present sanitary staff, to increase the number of private houses served by municipal toties. On this account it has not

been found necessary to employ the two additional toties sanctioned in the budget. The sum of Rs. 200 recovered under advances was the sum advanced to the contractor for effecting the necessary improvements and repairs to the old civil jail building for the municipal upper primary school.

Charges.

5. *Grant I*—(1) *New Works*—(*b*) *Buildings.*—The increase of Rs. 60 under this head is due to a temporary draftsman having been employed and paid at the rate of Rs. 30 per mensem for March and April 1895. This was sanctioned in G.O., Mis. No. 947 M., dated 16th June 1895.

(1) (*c*) *Drainage.*—The decrease of Rs. 200 under this head is due to the non-utilization of the amount for the purpose. As the council thinks that it will be necessary to consider the question of improving the whole system of drainage in the town after the completion of the new water-works, which are now in progress, the sum of Rs. 200 allotted in the budget for constructing new drains has not been utilized for that purpose in the current year.

(2) (*b*) *Building repairs.*—A sum of Rs. 320 was sanctioned for repairs as under :—

	Rs.
Hospital	50
Municipal office building	20
Latrines	40
Travellers' bungalow	150
High school	45
Toll-gates	15
Total ..	320

An additional sum of Rs. 8–5–6 has been spent for repairs to the hospital, as the sum of Rs. 50 allotted was insufficient. A sum of Rs. 10 will be sufficient for repairs to the municipal office building in the current year. The amount of Rs. 40 allotted for latrines will be utilized in the current year.

A sum of Rs. 199–8–6 for repairs to the municipal upper primary school-building was sanctioned in G.O., Mis. No. 787 M., dated 6th May 1895. As the accommodation already provided was insufficient in consequence of the increase in the number of pupils, an additional expenditure of Rs. 41–11–8 has been incurred for effecting the necessary improvements. Sanction for the increased expenditure of Rs. 41–11–8 is respectfully solicited.

The travellers' bungalow, the high school and the toll-gates not being in urgent need of repairs, the repairs to those buildings have been deferred to the next year.

6. *Grant II*—1 (*b*) *Stipends to Normal Students.*—The decrease of Rs. 74 under this head is due to stipends having been paid to normal students only for the months of March, April and May 1895.

(2) (i) (*a*)—*High School Establishment.*—The increase of Rs. 44 under this head is due to the increment from February 1896 of Rs. 10 allowed to the headmaster under G.O., Mis. No. 262 M., dated 20th March 1888. The present headmaster was confirmed on 26th January 1895 for which sanction was accorded in G.O., Mis. No. 176 M., dated 5th February 1895.

(ii) (*a*) *Upper Primary School Establishment.*—The increase of Rs. 20 under this head is due to the entertainment of an additional teacher sanctioned in G.O., Mis. No. 1156 M., dated 20th July 1895.

(6) (*b*) *Municipal Inspectors.*—The increase of Rs. 22 under this head is due to transit pay and travelling allowance having been paid to the permanent incumbent who had been sent for training to the Teachers' College, Saidapet. Sanction for the increase is therefore solicited.

(7) (*a*) *Building and Furniture, &c., Grants.*—The amount allotted under this head was not spent, as no applications for such grants were received.

7. *Grant III*—1 (*a*) *Hospital Establishment.*—The decrease of Rs. 400 in the charges under this head is mainly due to the employment of one second-class and one third-class hospital assistants instead of one of the first class and one of the second class. The decrease is also due to the decrease in the pay of the compounder, whose services were dispensed with on the 15th November 1895 and in that of other menial servants.

(1) (*b*) *Medicines and Supplies.*—The increase of Rs. 570 under this head is due to extra emergent indents for medicines, &c., having been made by the District Medical and Sanitary officer during the year. Sanction has already been accorded for Rs. 500 additional charges under this head in G.O., Mis. No. 1296 M., dated 10th August 1895, and it is respectfully solicited that sanction may now be accorded for the additional charge of Rs. 70.

(1) (*d*) *Sundries and Contingencies.*—The increased expenditure of Rs. 390 under this head is due to additional bedding, clothing and furniture, &c., supplied to the hospital as required by the District Medical and Sanitary officer. It is also due to the payment, in the current year, of the bills for February and March 1895. It is requested that Government will be pleased to accord sanction for this additional expenditure.

(3) (*b*) and (*c*)—*Vaccination—Contingencies and Contributions to Local Boards.*—A provision of only Rs. 138 was made in the budget for these purposes as the municipal council then adopted the suggestion of the District Medical and Sanitary officer to contribute Rs. 100 to the District Board, Kurnool, and to take the requisite quantity of glycerine paste from the district board glycerine depôt. The district board depôt was however subsequently abolished and consequently the council had to revert to the old system of paying compensation for vaccine calves and feeding them. The increase of Rs. 220 in the charges under these heads is due to this circumstance. Sanction may therefore be accorded for this increased expenditure.

(4) (*a*) and (*b*) *Registration Establishment and Contingencies.*—The decrease of Rs. 20 under these heads is due to the registrar having taken leave on loss of pay and to there having arisen no necessity for utilizing the charges allotted for contingencies.

(5) (*b*) (i) *Private Scavenging Establishment.*—The decrease of Rs. 130 under this head is due to the two additional toties sanctioned by Government not having been entertained for reasons explained in paragraph 4 above.

(*c*) *Cholera Charges.*—An expenditure of Rs. 660 was incurred on account of cholera charges. There was no provision under this head in the budget. The existence of cholera in the vicinity having been reported in July 1895, steps were taken in the beginning of that month to prevent the spread of the disease in the town. Subsequently cholera broke out in the town on the 21st of August 1895 and continued in a more or less mild form for nearly two months. A temporary staff of seven peons and four toties was entertained. Other expenses were also incurred on this account. The temporary sanitary staff was discontinued on the 12th of November. There were 64 attacks in the town during the two months and 43 of those attacked succumbed to the disease. It is requested that sanction may be accorded for the charges incurred under this head. A separate letter, together with a detailed statement of charges incurred under this head, the proposition statement and the application for allotment and copy of the resolution of the municipal council sanctioning the same is also submitted. I was not able to obtain the sanction of Government for the employment of the temporary staff soon after they were entertained as they were employed for broken periods as occasion arose.

8. *Grant IV*—(2) (ii) (*a*) *Slaughter-house Establishment.*—The increase of Rs. 10 under this head is due to the pay for March 1895 of the additional peon sanctioned in 1894–95 having been paid in April 1895.

(6) *Cart-stand Fee-collecting Establishment.*—For the same reason there is an increase of Rs. 13 under this head.

(9) (ii) *Reward for destruction of stray dogs.*—The decrease of Rs. 13 is due to a smaller number of stray dogs destroyed.

9. *Grant V*—(*a*) (i) *Office Establishment.*—The decrease of Rs. 10 is due to fines and stoppages.

(c) (i) and (ii) *Collection of Tolls—Establishment and Contingencies.*—An additional expenditure of Rs. 780 was incurred under establishment and of Rs. 170 under contingencies in connection with the collection of tolls. A sum of Rs. 880 was sanctioned for these purposes in G.O., Mis. No. 936 M., dated 5th June 1895. The additional charges to the extent of Rs. 70 were incurred for printing toll-gate receipts and forms and for other contingent charges. Sanction for this increase is respectfully solicited.

(e) *Contribution for Central Office and Audit Establishments.*—There is an additional expenditure of Rs. 30 to be incurred under this head as directed in G.O., No. 2190 L., dated 19th November 1895.

10. *Interest* (a) and (b).—A sum of Rs. 3,350 was sanctioned in the budget under this head in connection with the loan advanced for the water-works, but a sum of Rs. 3,390, or Rs. 40 in addition, have been actually paid in the current year as desired by the Accountant-General.

11. *Refund of current collections.*—A sum of Rs. 20 was refunded from the collections under taxes on arts, houses and fines.

12. The increases and decreases under the other items being very slight call for no remarks.

Budget Estimate for 1896–97.

Receipts.

13. The receipts are estimated to amount to Rs. 1,21,280, including the opening balance, as detailed below :—

	Rs.
Opening balance	76,790
Tax on arts	3,270
„ on building and lands	8,810
„ on vehicles and animals	1,670
„ on carts	1,400
Tolls	7,120
License fees	570
Contribution from Provincial funds on municipal schools, &c.	3,420
Do. for water-supply	6,490
Contributions from local boards	2,000
School-fees	3,020
Fines and fees	320
Proceeds of sale of night-soil, &c.	1,950
Income from fruit bazaar, slaughter-houses and cart-stands	3,500
Hospital endowment	250
Miscellaneous	700
Total	1,21,280

14. In calculating the receipts the figures of the revised estimate have, for the most part, been repeated with the following exceptions :—

(a) Considering the gradual increase in the number of traders the income under taxes on arts has been given as Rs. 3,270 instead of Rs. 3,150.

(b) Taking into consideration the uncertain nature of the receipts under tolls a sum of only Rs. 7,120 has been given as the receipts under this head.

(c) The avenue receipts have been given as Rs. 30 instead of Rs. 50 and the sale-proceeds and composition fees of medicines have been given as Rs. 50 instead of Rs. 60, as receipts under these heads are very uncertain. For a similar reason the receipts under fines have been estimated at Rs. 300 instead of Rs. 620 of the revised estimate.

(d) *Provincial Contribution for Schools.*—A sum of Rs. 3,280 is entered under Provincial contributions for schools instead of Rs. 3,030 in the revised estimate, because provision has been made for the increments allowed to the headmaster and the first assistant of the municipal high school under G.O., Mis. No. 262 M., dated

20th March 1888. Provision has also been made for the appointment of a drawing-master on Rs. 15 a month and of Rs. 30 for drawing apparatus as recommended by the Director of Public Instruction in his Memorandum, No. 11275, dated 19th October 1895.

(e) *Provincial Grant for Water-supply.*—The unallotted portion, viz., Rs. 6,490 of the Government grant for the water-supply scheme sanctioned in G.O., No. 665 M., dated 28th May 1894, has been allotted under this head.

Charges.

15. The charges proposed for the year 1896–97 are set forth below :—

	Rs.
Grant I	92 120
Do. II	9,350
Do. III	13,760
Do. IV	1,390
Do. V	2,750
Interest	3,350
Total	1,22,720

16. *Grant I*—(1) *New Works*—(a) *Communications.*—In the budget for the current year there is a provision of Rs. 2,050 for the improvements of street No. 11, Fort, and for a part of street No. 6, Peta. The improvements to street No. 11, Fort, will be completed in the current year and street No. 6, Peta, will be partly improved. A provision of Rs. 1,560 is therefore made in the present budget for continuing the improvements to street No. 6, Peta.

(b) *Buildings.*—A provision of Rs. 100 is made for the construction of a verandah in front of the municipal office building, as without it much inconvenience is felt during the rainy and hot weathers.

(d) *Water-supply.*—The amount given under this head is the balance that will be left out of the total amount sanctioned for the purpose after deducting the charges provided for the current year.

(2) *Repairs* (a).—Considering the increase in the number of roads and the greater extent of roads to be maintained a sum of Rs. 2,000 is provided against Rs. 1,900 in the budget for the current year.

(b) *Buildings.*—A sum of Rs. 590 is now provided for this purpose against Rs. 389 of the revised estimate. This provision is for the repairs of buildings as shown below :—

	Rs.
(i) Travellers' bungalow. A provision of Rs. 150 was made in the current year's budget for this purpose, but the repairs have been deferred to 1896–97 for reasons explained in paragraph 5 above	150
(ii) Repairs to public latrines	50
(iii) Toll-gate repairs	25
(iv) Municipal office repairs as usual	20
(v) Municipal hospital repairs as usual	50
(vi) For repairing the female ward of the municipal hospital. This portion of the hospital is in urgent need of repairs	200
(vii) Repairs and improvements to the upper primary school building. To make this building more suitable for the purposes of a school and to provide the increasing number of pupils with sufficient accommodation it is necessary to complete the repairs to this building	100
Total	590

Tools, Plant and other Stores.—As there is not the necessary supply of tools, &c., a provision of Rs. 30 is now made for the purpose.

17. *Grant II*—(1) (b) *Stipends to Normal Students.*—According to the suggestion of the Educational officers, the usual amount of Rs. 120 is now provided.

(2) *Municipal High School.*—There is an increase in the establishment charges on account of the increment allowed to the headmaster at the rate of Rs. 10 a month and of that allowed to the first assistant at Rs. 4 a month as sanctioned in G.O., Mis. No. 262 M., dated 20th March 1888. The increased provision is also owing to provision having now been made for a drawingmaster on Rs. 15 a month and for drawing apparatus as suggested by the Director of Public Instruction in his Memorandum, No. 11275, dated 19th October 1895.

Municipal Upper Primary School.—As this is the only feeder to the municipal high school it is necessary to strengthen this school by manning it with an efficient staff of teachers. Considering the unhealthy state of the climate it is not possible to get efficient teachers for the school unless the salaries are attractive. The present scale of pay of the teachers is very low and the payment of result-grants does not afford sufficient inducement to well qualified persons to take up the appointments of teachers in the school. To remedy this defect it is proposed to increase the scale of pay of the teachers of the Telugu branch of the school. Considering that the school peon has, in addition to his other duties, also to perform the duties of a sweeper, it is considered necessary to increase his pay from Rs. 3 to Rs. 5. The scale proposed is as follows :—

Present pay.	Rs.	Proposed pay.	Rs.
Headmaster	15	Headmaster	25
First Assistant	10	First Assistant	15
Second do.	8	Second do.	12
Third do.	6	Third do.	10
Fourth do.	5	Fourth do.	8
Total ..	44	Total ..	70
Peon	3	Peon	5
Grand Total ..	47	Grand Total .	75

This means an additional monthly expenditure of Rs. 28 or Rs. 308 for eleven months in 1896–97. This does not, however, necessitate an additional allotment of Rs. 308 as it is proposed to meet this expenditure by doing away with the provision of Rs. 250 for results-grants and by reducing the expenditure under the upper primary school contingencies by Rs. 71, as sufficient provision has already been made for furniture, &c., required for the school. The effect of the proposal is to change the school from the salary-results system to the salary system. Sanction for this proposal is therefore most respectfully solicited.

As regards the Muhammadan branch of this school it is also necessary to improve the present staff by employing an additional teacher on Rs. 15 a month qualified to teach English as well as Hindustani. As there is no other Muhammadan school in the town imparting primary education in English it is proposed to employ this additional teacher. This involves an additional expenditure of Rs. 165 during 1896–97, sanction for which is also solicited.

(6) (*b*) (*ii*) *Municipal Inspectors and Contingencies.*—There is an increase of Rs. 21 in the provision made under this head on account of Rs. 11 allowed as house-rent for the office and of Rs. 10 sanctioned for furniture to the inspecting school-master as suggested by the Sub-Assistant Inspector of Schools, Nandyal range.

(7) (*c*) *Other Items.*—An additional provision of Rs. 160 is made under this head on account of the stipendiary allowance payable to A. Rangaya, Second Assistant, Municipal High school, at the rate of Rs. 15 a month from February to November 1895, during which period he underwent training in the Teachers' College at Rajahmundry. As there was no provision made for this purpose in the current year's budget, provision is now made for the same.

18. *Grant III*—1 (*a*) *Hospital Establishment.*—The decrease of about Rs. 60 over the budget estimate for the current year is due to the fact that the services of the compounder, who was paid at the rate of Rs. 15 a month, have been dispensed with and that another individual has been appointed on Rs. 9 only.

(1) (*d*) *Hospital Sundries and Contingencies.*—The increase of nearly Rs. 200 over the current year's budget estimate is due to a larger provision having been made for hospital bedding and clothing.

(3) (*b*) *Vaccination Contingencies.*—The district board glycerine depôt having been abolished, there is an increase of charges under this head as the old system of paying compensation for and feeding vaccine calves has to be resorted to.

(5) (*a*) (i)—*Conservancy Establishment.*—There is an increase under this head due to the employment of an additional toty on Rs. 7, as the number of toties employed at present is not sufficient. Sanction for the employment of this additional toty is respectfully solicited.

(*a*) (ii) *Other Charges.*—Besides the ordinary charges there is a provision of Rs. 100 made under this head for the construction of urinals in different parts of the town for the use of the public. It is considered necessary to provide the public with urinals before prosecuting them for committing nuisance in the streets. The provision of Rs. 100 made at present is no doubt insufficient, but some provision will be made for this purpose every year until the requsite number of urinals is constructed. An additional provision of Rs. 120 is also made under this head for hire of bullocks for an additional night-soil cart as the number of carts now used is inadequate.

(5) (*b*) *Private Scavenging Establishment.*—There is a decrease under this head over the budget estimate of the current year because as explained in paragraph 7 above there is no necessity for the employment of the two additional toties sanctioned.

(5) (*c*) *Cholera Charges.*—There was no provision made for this purpose in the budget for the current year, but as cholera broke out during the year, charges to the extent of Rs. 660 were incurred. To provide for a contingency, a provision of Rs. 500 is now made for the purpose.

19. *Grant IV.*—The usual provision is made under this grant, with the exception of the following new proposal :—

(2) (i) *Market.*—The Government was pleased to transfer the old jail building to the municipality for the purpose of converting it into a market. The sanitary board is preparing the necessary plan and estimate for converting this building into a market. It is roughly estimated that a sum of Rs. 5,000 will be required for the purpose. As a good market is a necessity for the town and as it will be a permanent and fruitful source of income to the municipality, the council resolves to request Government to sanction a loan of Rs. 5,000 for constructing the same. The loan will be repaid from the income to be derived from the market. A statement showing the approximate estimated receipts and charges from the market is herewith submitted for the information of Government. It is therefore requested that Government will be pleased to sanction the grant of a loan of Rs. 5,000 for the purpose of constructing the market.

20. *Grant V*—(*c*) *Collection of Tolls*—(i) and (ii) *Establishment and Contingencies.*—The provision of Rs. 90 made under these heads is on account of the pay for March 1896 of the present establishment to be paid in April 1896 and of the contingent charges for the same month.

(*e*) *Contribution for Central Office and Audit Establishments.*—The amount under this head has been increased from Rs. 220 to Rs. 240 as directed in G.O., No. 2190 L., dated 19th November 1895.

21. The budget, as submitted to Government, thus closes with a *minus* balance of Rs. 1,440. The deficit is due to the fact that the municipality has to pay to Government annually a sum of Rs. 3,350 as interest for the loan advanced by Government for the water-supply without the municipality being in a position to levy the water-tax. When the water-supply scheme was sanctioned by Government it was proposed to meet the additional charges by levying the water-tax at the maximum rate. Although the amount sanctioned as loan was credited to municipal funds before the close of the year 1894–95, and although the Assistant Sanitary Engineer in charge of the water-works arrived at Kurnool in the month of October 1894, the works were not practically commenced until October 1895. It may probably take another eighteen

months or so to complete the works and to supply the townspeople with water under the new scheme. Government Order, No. 1541 M., dated 14th November 1893, directs that the levy of the water-tax *should be deferred until the work is in operation*. The municipal council thinks that in directing as above it is the intention of the Government that the water-tax should not be levied until the works are completed and water is actually supplied to the townspeople under the new scheme. The council does not also consider it to be equitable to levy the tax until water is actually so supplied. As interest on the loan advanced by Government is being already collected from the municipality, there will be a loss to the municipality until the completion of the water-works when it will be in a position to levy the water-tax and meet the additional expenditure. If the Government should not agree with the council as regards the interpretation of G.O., No. 1541 M., dated 14th November 1893, and consequently be pleased to direct that water-tax should be levied from the beginning of 1896–97 owing to the water-works having been commenced already, it is estimated that the water-tax will yield an income of Rs. 3,550 and the budget will then close with a surplus balance. Should the Government be pleased to direct the levy of the water-tax during 1896–97, it is requested that sanction may be accorded for the entertainment of a clerk on a monthly pay of Rs. 10 and of two bill-collectors on Rs. 8 each to do the additional work.

Forwarded.

Ag. Head Asst. Collr. in charge.

Dis. No. 25-Eng.

Forwarded.

2. The budget for 1896–97 closes with a deficit balance of Rs. 1,440, which is due to heavy interest on the loan advanced by Government for the water-supply scheme. In G.O., No. 1541 M., dated 4th November 1893, Government has ordered that the levy of water-tax should be deferred until the work is in operation. Taking this to mean that the tax should not be levied till water is actually supplied to the town, the municipal council has framed its budget including the interest of Rs. 3,350 due to Government under expenditure without a corresponding item under receipts. The municipality is already paying a sum of Rs. 3,500 to Government for the canal water supplied to the town, though it has been getting nothing from the townspeople as a contribution therefor.

3. The old district jail building was, in G.O., No. 2940 W., dated 15th November 1893, transferred to the municipality for purposes of a market, but this is the first time that steps have been taken to carry out the proposal. The plans and estimates are now under preparation by the Assistant Sanitary Engineer in charge of the Kurnool water-works and a rough estimate of the proposal has come to Rs. 5,000, and unless a loan of this small sum is sanctioned by Government, there seems to be, in the present state of finances, no prospect of the municipality building the market for some years to come, and it is apprehended that in the meantime the buildings will go to ruins. According to the statement submitted by the municipality, the undertaking seems to be a profitable one. I therefore support the request of the council that the loan be granted. It is to be discharged in ten annual instalments of Rs. 500 each exclusive of interest at 4 per cent. which will be paid yearly.

KURNOOL,
15*th January* 1896. (Signed) C. M. MULLALY,
Collector.

C No. 190 m

Kurnool Budget 1896-97

Papers to be read in Proceedings :—

Current No. 190 m of 1896, dated 20th December '95 from the Chairman, Mc., Kurnool.

Current No. [illegible] m of 1896, dated 1st February '96 from the Director of Pub. Instn.

Current No. 592 m of 1896, dated 14th February '96 from the Surgeon-General

Current No. 619 m of 1896, dated 15th February '96 from the Sanitary Commissioner

Order— dt No. 403 m dt 11-3-96

The estimated receipts and charges of the Kurnool Municipality for 1896-97, as passed by Government, are compared below with the budget and revised estimates for the year 1895-96 and the actuals of 1894-95.

	Actuals, 1894-95.	Budget Estimate, 1895-96.	Revised Estimate, 1895-96.	Budget Estimate 1896-97.

12th January 1895, the provision of Rs.10 for contribution to the cutlers' establishment will be struck out. Under Contribution for the Central office establishments the original budget estimate of Rs 190 will be repeated as usual. G.O. No. 2190L. dated 19th November 1895 quoted by the Chairman in support of the increased provision made under this head fixed the allotment for the year 1896-97 and not for 1895-96. The Accountant-General will be requested to report why the additional sum of Rs 40 referred to in paragraph 10 was recovered from the Council. The balance to be carried forward to the next ~~ensuing~~ year's budget will be Rs 76,830.

Budget Estimate for 1896-97.

3. Receipts. The receipts ~~for~~ in the ensuing year are placed at Rs. 44,450 against Rs 1,73,420 in the revised estimate, the decrease being under grants from Government on account of the water supply scheme. Credit will be taken for a grant of Rs 19,800 instead of Rs 6,490 and a loan of Rs 3,630 from Government for the water supply works for which provision has been made in the

the Budget Estimate of Provincial Grants and Loans

4. Charges (1) — The probable charges are put down at Rs. 1,22,720 against Rs 1,76,120 in the revised estimate, the decrease under grants I, III & V being partly counterbalanced by an increase under grant II.

(2) Grant I - The allotment for the water supply works will be raised from Rs 83,220 to Rs 1,00,160 with reference to paragraph 3 supra. Owing to want of funds, however, the provision of Rs 600 for the construction of a verandah in the municipal office building will be struck out and that under Communications - New works and Repairs will be reduced by Rs. 560 and Rs 500 respectively.

J.S.R. 11.3.96.

(3) Grant II. In view of the unsatisfactory condition of the municipal finances, the entertainment of a drawing master on Rs. 15 and the alterations in the establishments of the Upper Primary School and its Muhammadan branch, proposed in para 17 can-

-not

No. 403 M., 11TH MARCH 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. T. CHIDAMBARA RAU Garu, B.A., Chairman, Municipal Council, Kurnool, to the Chief Secretary to Government (through the Revenue Divisional officer in charge of Ramallakot taluk), dated 20th December 1895, No. 392.

I have the honour to submit herewith the budget estimate of the Kurnool Municipality for 1896–97 and the revised estimate for 1895–96.

THE REVISED ESTIMATE FOR 1895–96.

2. According to the revised estimate, the receipts amount to Rs. 2,52,910 against a sanctioned estimate of Rs. 1,74,630, and the charges amount to Rs. 1,76,120 against Rs. 1,73,930 sanctioned in the budget. The large increase in the receipts is mainly due to the increase in the balance brought forward from 1894–95 to Rs. 79,493 from Rs. 2,900 provided in the budget owing to a greater portion of the sum allotted for the water-works not having been utilized for that purpose in 1894–95. Independently of the amount relating to water-works there is an increase in the receipts to the extent of about Rs. 1,687 and an increase in the charges to the extent of about Rs. 2,190.

Receipts.

3. The increase of Rs. 140 in the tax on arts is due to an increase in the number of traders, of Rs. 30 in the tax on lands is due to larger extent of lands taxed, of Rs. 20 each in the taxes on vehicles and animals and of Rs. 160 in the tax on carts due to increases in the number of vehicles and transit carts maintained, of Rs. 400 under the sale-proceeds of night-soil, &c., is due to brisk competition at the sales, of Rs. 370 in the fees of the high school and of Rs. 70 in the fees of the upper primary school due to increases in the numbers of boys in the schools, of Rs. 100 each in the incomes from the fruit bazaar and the slaughter-house due to brisk competition at the sales, of Rs. 50 under license fees is due to an increase in the number of persons carrying on offensive trades, of Rs. 470 under fines is due to a larger number of cases prosecuted before the magistrates and to the infliction of heavy fines in such cases by the magistracy. The increases under other items call for no remarks.

4. The decrease of Rs. 30 under distraint fees is due to property having been actually distrained in a smaller number of cases, of Rs. 200 under cart-stand fees is due to slack competition at the sales, of Rs. 40 under stipends to normal students is due to such students having been paid only for the months of March, April and May 1895 and of Rs. 230 under private scavenging fees is due partly to the inability of several poor Muhammadans in the town to pay for and utilize the services of municipal scavengers and partly to the fact that a larger figure was given in the budget because it was expected that, by the appointment of a special inspector on Rs. 10, more people could be made to utilize the services of the municipal toties. But as the Government could not, owing to want of funds, sanction the appointment of the inspector, it has not been possible, with the present sanitary staff, to increase the number of private houses served by municipal toties. On this account it has not

been found necessary to employ the two additional toties sanctioned in the budget. The sum of Rs. 200 recovered under advances was the sum advanced to the contractor for effecting the necessary improvements and repairs to the old civil jail building for the municipal upper primary school.

Charges.

5. (1) *Grant I*—(1) *New Works*—(*b*) *Buildings.*—The increase of Rs. 60 under this head is due to a temporary draftsman having been employed and paid at the rate of Rs. 30 per mensem for March and April 1895. This was sanctioned in G.O., Mis. No. 947 M., dated 16th June 1895.

(2) *Drainage* (1) (*c*).—The decrease of Rs. 200 under this head is due to the non-utilization of the amount for the purpose. As the council thinks that it will be necessary to consider the question of improving the whole system of drainage in the town after the completion of the new water-works, which are now in progress, the sum of Rs. 200 allotted in the budget for constructing new drains has not been utilized for that purpose in the current year.

(3) *Building repairs* (2) (*b*).—A sum of Rs. 320 was sanctioned for repairs as under :—

	Rs.
Hospital	50
Municipal office building	20
Latrines	40
Travellers' bungalow	150
High school	45
Toll-gates	15
Total ..	320

(4) An additional sum of Rs. 8-5-6 has been spent for repairs to the hospital, as the sum of Rs. 50 allotted was insufficient. A sum of Rs. 10 will be sufficient for repairs to the municipal office building in the current year. The amount of Rs. 40 allotted for latrines will be utilized in the current year.

(5) A sum of Rs. 199-8-6 for repairs to the municipal upper primary school-building was sanctioned in G.O., Mis. No. 787 M., dated 6th May 1895. As the accommodation already provided was insufficient in consequence of the increase in the number of pupils, an additional expenditure of Rs. 41-11-8 has been incurred for effecting the necessary improvements. Sanction for the increased expenditure of Rs. 41-11-8 is respectfully solicited.

(6) The travellers' bungalow, the high school and the toll-gates not being in urgent need of repairs, the repairs to those buildings have been deferred to the next year.

6. (1) *Grant II*—1 (*b*) *Stipends to Normal Students.*—The decrease of Rs. 74 under this head is due to stipends having been paid to normal students only for the months of March, April and May 1895.

(2) *High School Establishment* (2) (i) (*a*).—The increase of Rs. 44 under this head is due to the increment from February 1896 of Rs. 10 allowed to the headmaster under G.O., Mis. No. 262 M., dated 20th March 1888. The present headmaster was confirmed on 26th January 1895 for which sanction was accorded in G.O., Mis. No. 176 M., dated 5th February 1895.

(3) *Upper Primary School Establishment* (ii) (*a*).—The increase of Rs. 20 under this head is due to the entertainment of an additional teacher sanctioned in G.O., Mis. No. 1156 M., dated 20th July 1895.

(4) *Municipal Inspectors* (6) (*b*).—The increase of Rs. 22 under this head is due to transit pay and travelling allowance having been paid to the permanent incumbent who had been sent for training to the Teachers' College, Saidapet. Sanction for the increase is therefore solicited.

(5) *Building and Furniture, &c., Grants* (7) (*a*).—The amount allotted under this head was not spent, as no applications for such grants were received.

7. (1) *Grant III—Hospital Establishment* (1) (*a*).—The decrease of Rs. 400 in the charges under this head is mainly due to the employment of one second-class and one third-class hospital assistants instead of one of the first class and one of the second class. The decrease is also due to the decrease in the pay of the compounder, whose services were dispensed with on the 15th November 1895 and in that of other menial servants.

(2) *Medicines and Supplies* (1) (*b*).—The increase of Rs. 570 under this head is due to extra emergent indents for medicines, &c., having been made by the District Medical and Sanitary officer during the year. Sanction has already been accorded for Rs. 500 additional charges under this head in G.O., Mis. No. 1296 M., dated 10th August 1895, and it is respectfully solicited that sanction may now be accorded for the additional charge of Rs. 70.

(3) *Sundries and Contingencies* (1) (*d*).—The increased expenditure of Rs. 270 under this head is due to additional bedding, clothing and furniture, &c., supplied to the hospital as required by the District Medical and Sanitary officer. It is also due to the payment, in the current year, of the bills for February and March 1895. It is requested that Government will be pleased to accord sanction for this additional expenditure.

(4) *Vaccination—Contingencies and Contributions to Local Boards* (3) (*b*) and (*c*).—A provision of only Rs. 138 was made in the budget for these purposes as the municipal council then adopted the suggestion of the District Medical and Sanitary officer to contribute Rs. 100 to the District Board, Kurnool, and to take the requisite quantity of glycerine paste from the district board glycerine depôt. The district board depôt was however subsequently abolished and consequently the council had to revert to the old system of paying compensation for vaccine calves and feeding them. The increase of Rs. 220 in the charges under these heads is due to this circumstance. Sanction may therefore be accorded for this increased expenditure.

(5) *Registration Establishment and Contingencies* (4) (*a*) and (*b*).—The decrease of Rs. 20 under these heads is due to the registrar having taken leave on loss of pay and to there having arisen no necessity for utilizing the charges allotted for contingencies.

(6) *Private Scavenging Establishment* (5) (*b*) (i).—The decrease of Rs. 130 under this head is due to the two additional toties sanctioned by Government not having been entertained for reasons explained in paragraph 4 above.

(7) *Cholera Charges* (*c*).—An expenditure of Rs. 660 was incurred on account of cholera charges. There was no provision under this head in the budget. The existence of cholera in the vicinity having been reported in July 1895, steps were taken in the beginning of that month to prevent the spread of the disease in the town. Subsequently cholera broke out in the town on the 21st of August 1895 and continued in a more or less mild form for nearly two months. A temporary staff of seven peons and four toties was entertained. Other expenses were also incurred on this account. The temporary sanitary staff was discontinued on the 12th of November. There were 64 attacks in the town during the two months and 43 of those attacked succumbed to the disease. It is requested that sanction may be accorded for the charges incurred under this head. A separate letter, together with a detailed statement of charges incurred under this head, the proposition statement and the application for allotment and copy of the resolution of the municipal council sanctioning the same is also submitted. I was not able to obtain the sanction of Government for the employment of the temporary staff soon after they were entertained as they were employed for broken periods as occasion arose.

8. (1) *Grant IV—Slaughter-house Establishment* (2) (ii) (*a*).—The increase of Rs. 10 under this head is due to the pay for March 1895 of the additional peon sanctioned in 1894-95 having been paid in April 1895.

(2) *Cart-stand Fee-collecting Establishment* (6).—For the same reason there is an increase of Rs. 13 under this head.

(3) *Reward for destruction of stray dogs* (9) (ii).—The decrease of Rs. 13 is due to a smaller number of stray dogs destroyed.

9. (1) *Grant V*—(*a*) (i) *Office Establishment.*—The decrease of Rs. 10 is due to fines and stoppages.

(2) *Collection of Tolls*—(*c*) (i) and (ii) *Establishment and Contingencies.*—An additional expenditure of Rs. 780 was incurred under establishment and of Rs. 170 under contingencies in connection with the collection of tolls. A sum of Rs. 880 was sanctioned for these purposes in G.O., Mis. No. 936 M., dated 5th June 1895. The additional charges to the extent of Rs. 70 were incurred for printing toll-gate receipts and forms and for other contingent charges. Sanction for this increase is respectfully solicited.

(3) *Contribution for Central Office and Audit Establishments* (*e*).—There is an additional expenditure of Rs. 30 to be incurred under this head as directed in G.O., No. 2190 L., dated 19th November 1895.

10. *Interest* (*a*) and (*b*).—A sum of Rs. 3,350 was sanctioned in the budget under this head in connection with the loan advanced for the water-works, but a sum of Rs. 3,390, or Rs. 40 in addition, have been actually paid in the current year as desired by the Accountant-General.

11. *Refund of current collections.*—A sum of Rs. 20 was refunded from the collections under taxes on arts, houses and fines.

12. The increases and decreases under the other items being very slight call for no remarks.

BUDGET ESTIMATE FOR 1896–97.

Receipts.

13. The receipts are estimated to amount to Rs. 1,21,280, including the opening balance, as detailed below :—

	RS.
Opening balance	76,790
Tax on arts	3,270
„ on building and lands	8,810
„ on vehicles and animals	1,670
„ on carts	1,400
Tolls	7,120
License fees	570
Contribution from Provincial funds on municipal schools, &c.	3,420
Do. for water-supply	6,490
Contributions from local boards	2,000
School-fees	3,020
Fines and fees	320
Proceeds of sale of night-soil, &c.	1,950
Income from fruit bazaar, slaughter-houses and cart-stands	3,500
Hospital endowment	250
Miscellaneous	700
Total	1,21,280

14. In calculating the receipts the figures of the revised estimate have, for the most part, been repeated with the following exceptions :—

(*a*) Considering the gradual increase in the number of traders the income under taxes on arts has been given as Rs. 3,270 instead of Rs. 3,150.

(*b*) Taking into consideration the uncertain nature of the receipts under tolls a sum of only Rs. 7,120 has been given as the receipts under this head.

(*c*) The avenue receipts have been given as Rs. 30 instead of Rs. 50 and the sale-proceeds and composition fees of medicines have been given as Rs. 50 instead of Rs. 60, as receipts under these heads are very uncertain. For a similar reason the receipts under fines have been estimated at Rs. 300 instead of Rs. 620 of the revised estimate.

(*d*) *Provincial Contribution for Schools.*—A sum of Rs. 3,280 is entered under Provincial contributions for schools instead of Rs. 3,030 in the revised estimate, because provision has been made for the increments allowed to the headmaster and the first assistant of the municipal high school under G.O., Mis. No. 262 M., dated

20th March 1888. Provision has also been made for the appointment of a drawing-master on Rs. 15 a month and of Rs. 30 for drawing apparatus as recommended by the Director of Public Instruction in his Memorandum, No. 11275, dated 19th October 1895.

(*e*) *Provincial Grant for Water-supply.*—The unallotted portion, viz., Rs. 6,490, of the Government grant for the water-supply scheme sanctioned in G.O., No. 665 M., dated 28th May 1894, has been allotted under this head.

Charges.

15. The charges proposed for the year 1896–97 are set forth below :—

	RS.
Grant I	92,120
Do. II	9,350
Do. III	13,760
Do. IV	1,390
Do. V	2,750
Interest	3,350
Total	1,22,720

16. (1) *Grant I*—(1) *New Works*—(*a*) *Communications.*—In the budget for the current year there is a provision of Rs. 2,050 for the improvements of street No. 11, Fort, and for a part of street No. 6, Peta. The improvements to street No. 11, Fort, will be completed in the current year and street No. 6, Peta, will be partly improved. A provision of Rs. 1,560 is therefore made in the present budget for continuing the improvements to street No. 6, Peta.

(2) (*b*) *Buildings.*—A provision of Rs. 100 is made for the construction of a verandah in front of the municipal office building, as without it much inconvenience is felt during the rainy and hot weathers.

(3) (*d*) *Water-supply.*—The amount given under this head is the balance that will be left out of the total amount sanctioned for the purpose after deducting the charges provided for the current year.

(4) (2) *Repairs* (*a*).—Considering the increase in the number of roads and the greater extent of roads to be maintained a sum of Rs. 2,000 is provided against Rs. 1,900 in the budget for the current year.

(5) (*b*) *Buildings.*—A sum of Rs. 590 is now provided for this purpose against Rs. 389 of the revised estimate. This provision is for the repairs of buildings as shown below :—

	RS.
(i) Travellers' bungalow. A provision of Rs. 150 was made in the current year's budget for this purpose, but the repairs have been deferred to 1896–97 for reasons explained in paragraph 5 above	150
(ii) Repairs to public latrines	50
(iii) Toll-gate repairs	20
(iv) Municipal office repairs as usual	20
(v) Municipal hospital repairs as usual	50
(vi) For repairing the female ward of the municipal hospital. This portion of the hospital is in urgent need of repairs	200
(vii) Repairs and improvements to the upper primary school building. To make this building more suitable for the purposes of a school and to provide the increasing number of pupils with sufficient accommodation it is necessary to complete the repairs to this building	100
Total	590

(6) *Tools, Plant and other Stores.*—As there is not the necessary supply of tools, &c., a provision of Rs. 30 is now made for the purpose.

17. (1) *Grant II*—(1) (*b*) *Stipends to Normal Students.*—According to the suggestion of the Educational officers, the usual amount of Rs. 120 is now provided.

(2) *Municipal High School* (2).—There is an increase in the establishment charges on account of the increment allowed to the headmaster at the rate of Rs. 10 a month and of that allowed to the first assistant at Rs. 4 a month as sanctioned in G.O., Mis. No. 262 M., dated 20th March 1888. The increased provision is also owing to provision having now been made for a drawing master on Rs. 15 a month and for drawing apparatus as suggested by the Director of Public Instruction in his Memorandum, No. 11275, dated 19th October 1895.

(3) *Municipal Upper Primary School.*—As this is the only feeder to the municipal high school it is necessary to strengthen this school by manning it with an efficient staff of teachers. Considering the unhealthy state of the climate it is not possible to get efficient teachers for the school unless the salaries are attractive. The present scale of pay of the teachers is very low and the payment of result-grants does not afford sufficient inducement to well qualified persons to take up the appointments of teachers in the school. To remedy this defect it is proposed to increase the scale of pay of the teachers of the Telugu branch of the school. Considering that the school peon has; in addition to his other duties, also to perform the duties of a sweeper, it is considered necessary to increase his pay from Rs. 3 to Rs. 5. The scale proposed is as follows :—

Present pay.	Rs.	Proposed pay.	Rs.
Headmaster	15	Headmaster	25
First Assistant	10	First Assistant	15
Second do.	8	Second do.	12
Third do.	6	Third do.	10
Fourth do.	5	Fourth do.	8
Total ..	44	Total ..	70
Peon	3	Peon	5
Grand Total ..	47	Grand Total ..	75

(4) This means an additional monthly expenditure of Rs. 28 or Rs. 308 for eleven months in 1896–97. This does not, however, necessitate an additional allotment of Rs. 308 as it is proposed to meet this expenditure by doing away with the provision of Rs. 250 for result-grants and by reducing the expenditure under the upper primary school contingencies to Rs. 71, as sufficient provision has already been made for furniture, &c., required for the school. The effect of the proposal is to change the school from the salary-result system to the salary system. Sanction for this proposal is therefore most respectfully solicited.

(5) As regards the Muhammadan branch of this school it is also necessary to improve the present staff by employing an additional teacher on Rs. 15 a month qualified to teach English as well as Hindustani. As there is no other Muhammadan school in the town imparting primary education in English it is proposed to employ this additional teacher. This involves an additional expenditure of Rs. 165 during 1896–97, sanction for which is also solicited.

(6) *Municipal Inspectors and Contingencies* (6) (*b*) (*ii*).—There is an increase of Rs. 21 in the provision made under this head on account of Rs. 11 allowed as house-rent for the office and of Rs. 10 sanctioned for furniture to the inspecting school-master as suggested by the Sub-Assistant Inspector of Schools, Nandyal Range.

(7) *Other Items* (7) (*c*).—An additional provision of Rs. 160 is made under this head on account of the stipendiary allowance payable to A. Rangayya, Second Assistant, Municipal High school, at the rate of Rs. 15 a month from February to November 1895, during which period he underwent training in the Teachers' College at Rajahmundry. As there was no provision made for this purpose in the current year's budget, provision is now made for the same.

18. (2) *Grant III*—(1) (*a*) *Hospital Establishment.*—The decrease of about Rs. 60 under the budget estimate for the current year is due to the fact that the services of the compounder, who was paid at the rate of Rs. 15 a month, have been dispensed with and that another individual has been appointed on Rs. 9 only.

(2) *Hospital Sundries and Contingencies* (1) (*d*).—The increase of nearly Rs. 200 over the current year's budget estimate is due to a larger provision having been made for hospital bedding and clothing.

(3) *Vaccination Contingencies* (3) (*b*).—The district board glycerine depôt having been abolished, there is an increase of charges under this head as the old system of paying compensation for and feeding vaccine calves has to be resorted to.

(4) *Conservancy Establishment* (5) (*a*) (i).—There is an increase under this head due to the employment of an additional toty on Rs. 7, as the number of toties employed at present is not sufficient. Sanction for the employment of this additional toty is respectfully solicited.

(5) *Other Charges* (*a*) (ii).—Besides the ordinary charges there is a provision of Rs. 100 made under this head for the construction of urinals in different parts of the town for the use of the public. It is considered necessary to provide the public with urinals before prosecuting them for committing nuisance in the streets. The provision of Rs. 100 made at present is no doubt insufficient, but some provision will be made for this purpose every year until the requisite number of urinals is constructed. An additional provision of Rs. 120 is also made under this head for hire of bullocks for an additional night-soil cart as the number of carts now used is inadequate.

(6) *Private Scavenging Establishment* (5) (*b*).—There is a decrease under this head over the budget estimate of the current year because as explained in paragraph 7 above there is no necessity for the employment of the two additional toties sanctioned.

(7) *Cholera Charges* (5) (*c*).—There was no provision made for this purpose in the budget for the current year, but as cholera broke out during the year, charges to the extent of Rs. 660 were incurred. To provide for a contingency, a provision of Rs. 500 is now made for the purpose.

19. (1) *Grant IV.*—The usual provision is made under this grant, with the exception of the following new proposal :—

(2) *Market* (2) (i).—The Government was pleased to transfer the old jail building to the municipality for the purpose of converting it into a market. The sanitary board is preparing the necessary plan and estimate for converting this building into a market. It is roughly estimated that a sum of Rs. 5,000 will be required for the purpose. As a good market is a necessity for the town and as it will be a permanent and fruitful source of income to the municipality, the council resolves to request Government to sanction a loan of Rs. 5,000 for constructing the same. The loan will be repaid from the income to be derived from the market. A statement showing the approximate estimated receipts and charges from the market is herewith submitted for the information of Government. It is therefore requested that Government will be pleased to sanction the grant of a loan of Rs. 5,000 for the purpose of constructing the market.

20. (1) *Grant V*—(*c*) *Collection of Tolls*—(i) and (ii) *Establishment and Contingencies.*—The provision of Rs. 90 made under these heads is on account of the pay for March 1896 of the present establishment to be paid in April 1896 and of the contingent charges for the same month.

(2) *Contribution for Central Office and Audit Establishments* (*e*).—The amount under this head has been increased from Rs. 220 to Rs. 240 as directed in G.O., No. 2190 L., dated 19th November 1895.

21. The budget, as submitted to Government, thus closes with a *minus* balance of Rs. 1,440. The deficit is due to the fact that the municipality has to pay to Government annually a sum of Rs. 3,350 as interest for the loan advanced by Government for the water-supply without the municipality being in a position to levy the water-tax. When the water-supply scheme was sanctioned by Government it was proposed to meet the additional charges by levying the water-tax at the maximum rate.

Although the amount sanctioned as loan was credited to municipal funds before the close of the year 1894–95, and although the Assistant Sanitary Engineer in charge of the water-works arrived at Kurnool in the month of October 1894, the works were not practically commenced until October 1895. It may probably take another eighteen months or so to complete the works and to supply the townspeople with water under the new scheme. Government Order, No. 1541 M., dated 4th November 1893, directs that the levy of the water-tax *should be deferred until the work is in operation*. The municipal council thinks that in directing as above it is the intention of the Government that the water-tax should not be levied until the works are completed and water is actually supplied to the townspeople under the new scheme. The council does not also consider it to be equitable to levy the tax until water is actually so supplied. As interest on the loan advanced by Government is being already collected from the municipality, there will be a loss to the municipality until the completion of the water-works when it will be in a position to levy the water-tax and meet the additional expenditure. If the Government should not agree with the council as regards the interpretation of G.O., No. 1541 M., dated 14th November 1893, and consequently be pleased to direct that water-tax should be levied from the beginning of 1896–97 owing to the water-works having been commenced already, it is estimated that the water-tax will yield an income of Rs. 3,550 and the budget will then close with a surplus balance. Should the Government be pleased to direct the levy of the water-tax during 1896–97, it is requested that sanction may be accorded for the entertainment of a clerk on a monthly pay of Rs. 10 and of two bill-collectors on Rs. 8 each to do the additional work.

Forwarded.

23rd December 1895. (Signed) V. VENUGOPALA CHETTI,
Ag. Head Asst. Collr. in charge.

Dis. No. 25-Eng.

Forwarded.

2. The budget for 1896–97 closes with a deficit balance of Rs. 1,440, which is due to heavy interest on the loan advanced by Government for the water-supply scheme. In G.O., No. 1541 M., dated 4th November 1893, Government has ordered that the levy of water-tax should be deferred until the work is in operation. Taking this to mean that the tax should not be levied till water is actually supplied to the town, the municipal council has framed its budget including the interest of Rs. 3,350 due to Government under expenditure without a corresponding item under receipts. The municipality is already paying a sum of Rs. 3,500 to Government for the canal water supplied to the town, though it has been getting nothing from the townspeople as a contribution therefor.

3. The old district jail building was, in G.O., No. 2940 W., dated 15th November 1893, transferred to the municipality for purposes of a market, but this is the first time that steps have been taken to carry out the proposal. The plans and estimates are now under preparation by the Assistant Sanitary Engineer in charge of the Kurnool water-works and a rough estimate of the proposal has come to Rs. 5,000, and unless a loan of this small sum is sanctioned by Government, there seems to be, in the present state of finances, no prospect of the municipality building the market for some years to come, and it is apprehended that in the meantime the buildings will go to ruins. According to the statement submitted by the municipality, the undertaking seems to be a profitable one. I therefore support the request of the council that the loan be granted. It is to be discharged in ten annual instalments of Rs. 500 each exclusive of interest at 4 per cent. which will be paid yearly.

KURNOOL,
15th January 1896. (Signed) C. M. MULLALY,
Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 1st February 1896, No. 823.

Adverting to the budget estimate of the Kurnool Municipality for 1896–97, I have the honour to recommend that to the allotment therein made for education a sum of Rs. 50 be added for building and furniture grants to result schools, as the provision of Rs. 50 made by the council seems inadequate. With the above addition the net expenditure under Grant II will be Rs. 2,960 (Rs. 9,400—6,440), which is only 13 per cent. of the municipal assets from taxation and markets.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 14th February 1896, No. 127.

I have the honour to state that the provision made in Grant III of the budget estimate of the Kurnool Municipality for the year 1896–97 is sufficient and calls for no remarks.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 18th February 1896, No. 340-S.

I have the honour to offer the following remarks on the Kurnool municipal budget for 1896–97 :—

(1) The enhanced expenditure proposed under vaccination contingencies is necessary.

(2) The conservancy allotment, which amounts to 19 per cent. of the anticipated ordinary receipts, is insufficient for requirements. There are thirty-eight public latrines in the town, and to look after their cleansing a staff of thirteen toties is maintained, *i.e.*, at the rate of one man for three latrines. This is a very unsatisfactory arrangement; at least a dozen more men should be engaged as early as possible.

(3) The municipal council has apparently taken no notice of the remarks and suggestions contained in the last inspection notes on the town by the Deputy Sanitary Commissioner. I see no provision under Grant I for giving effect to them.

ORDER—No. 403 M., dated 11th March 1896.

The estimated receipts and charges of the Kurnool Municipality for 1896–97, as passed by Government, are compared below with the budget and revised estimates for the year 1895–96 and the actuals of 1894–95 :—

—	Actuals, 1894–95.	Budget estimate, 1895–96.	Revised estimate, 1895–96.	Budget estimate, 1896–97.

Revised Estimate for 1895–96.

2. The current receipts and charges are now estimated at Rs. 1,73,420 and Rs. 1,76,120, respectively, against Rs. 1,71,730 and Rs. 1,74,050 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under conservancy receipts, school-fees, income from markets and slaughter-houses, and fines, being partly counterbalanced by a decrease under cart-stand and private scavenging fees, while the increase in the charges appears mainly under Grants III and V. Under G.O., No. 889 L., dated 17th May 1894, the municipal council is itself competent to sanction the allotments referred to in paragraphs 5 (5), 6 (4), 7 (2) (3) and (4), and paragraph 9 (2), of the Chairman's letter. The letter regarding cholera charges referred to in paragraph 7 (7) has not been received in the Government office. With reference to G.O., No. 97 L., dated 18th January 1895, the provision of Rs. 10 for

contribution to the cutlers' establishment will be struck out. Under contribution for the central office establishments the original budget estimate of Rs. 190 will be repeated as usual. G.O., No. 2190 L., dated 19th November 1895, quoted by the Chairman in support of the increased provision made under this head, fixed the allotment for the year 1896–97 and not for 1895–96. The Accountant-General will be requested to report why the additional sum of Rs. 40 referred to in paragraph 10 was recovered from the council. The balance to be carried forward to the next year's budget will be Rs. 76,830.

Budget Estimate for 1896–97.

3. *Receipts.*—The receipts in the ensuing year are placed at Rs. 44,450 against Rs. 1,73,420 in the revised estimate, the decrease being under grants from Government on account of water-supply scheme. Credit will be taken for a grant of Rupees 19,800 instead of Rs. 6,490 and a loan of Rs. 3,630 from Government for the water-supply works for which provision has been made in the budget estimate of Provincial grants and loans.

4. *Charges.*—(1) The probable charges are put down at Rs. 1,22,720 against Rs. 1,76,120 in the revised estimate, the decrease under Grants I, III and V being partly counterbalanced by an increase under Grant II.

(2) *Grant I.*—The allotment for the water-supply works will be raised from Rs. 83,220 to Rs. 1,00,160 with reference to paragraph 3 *supra*. Owing to want of funds, however, the provision of Rs. 100 for the construction of a verandah in the municipal office building will be struck out and that under Communications—New Works and Repairs will be reduced by Rs. 560 and Rs. 500 respectively.

(3) *Grant II.*—In view of the unsatisfactory condition of the municipal finances, the entertainment of a drawing master on Rs. 15 and the alterations in the establishments of the upper primary school and its Muhammadan branch, proposed in paragraph 17, cannot be sanctioned, nor can the Director's suggestion to raise the provision for building and furniture grants be adopted.

(4) *Grant III.*—The provision of Rs. 10 for contribution to the cutlers' establishment will be struck out. The entertainment of an additional toty on Rs. 7 per mensem proposed in paragraph 18 (4) is sanctioned. The attention of the municipal council will be drawn to the remarks of the Sanitary Commissioner in clauses (2) and (3) of his letter read above.

(5) *Grant IV.*—The municipal council should submit a separate application in the prescribed form for the loan of Rs. 5,000 required for constructing a market.

(6) *Grant V.*—With reference to G.Os., No. 2190 L., dated 19th November 1895, and No. 2069 M., dated 9th December 1895, the provision for contribution to the central office establishments will be reduced from Rs. 220 to Rs. 200. The municipal council's interpretation of G.O., No. 1541 M., dated 4th November 1893, referred to in paragraph 21 of the Chairman's letter, is correct.

5. The budget, as revised by Government, closes with a balance of only Rs. 190, or ·5 per cent. of the estimated ordinary receipts.
