Statement VI.—Revised Estimate for 1895-96.

Statement VI.—Revised Estimate—(Receipts) for 1895-96.

Items	Actuals of the first eight months of 1895-96	Actuals of the last four months of 1894-95	Probable charges of the last four months of 1895-96	Total of columns 2 and 4	Budget grant 1895-96, excluding subsequent allotments	Explanation of variations between columns 5 and 6
1	2	3	4	5	6	7
	RS. A. P.	RS. A. P.	RS. A. P.	RS. A. P.	RS. A. P.	
1. Balance brought forward—						
a. Municipal Fund				9873 0 0	6610 0 0	The large opening balance in the revised estimate for 1895-96 is due to the satisfactory collections in 1894-95.
b. Endowments				267 0 0	280 0 0	
c. Water-tax Fund						
			Total	10140 0 0	6890 0 0	
2. Municipal rates and taxes—						
a. Tax on arts, &c. (section 53)	2145 0 0	2271 0 0	2005 0 0	4150 0 0	4150 0 0	
b. Tax on buildings (section 63) ..	5278 0 0	6179 0 0	4422 0 0	9700 0 0	9700 0 0	The increase in the revised estimate is due to the fair progress of collections of old arrears and current demand during 1895-96.
c. Tax on lands (section 63) ..	2318 0 0	3206 0 0	2182 0 0	4500 0 0	5500 0 0	Waste land demand was included under tax on lands in the Budget for 1895-96, but now shown separately. The decrease of Rs 700 is due to most of the arrears under land tax having been collected in 1894-95.
(£) Tax on lands unappropriated by any buildings or occupied by native huts — d. Water-tax on buildings and lands (section 75)	212 0 0	41 0 0	88 0 0	[illegible] 0 0	—	
e. Tax on vehicles with springs and palanquins (section 77) ..	1002 0 0	348 0 0	298 0 0	1300 0 0	1100 0 0	Increase is due to good collections.
f. Tax on animals (section 77) ..	1366 0 0	619 0 0	734 0 0	2100 0 0	1800 0 0	— Do —
g. Tax on carts and other vehicles without springs (section 85) ..	1474 0 0	366 0 0	726 0 0	2200 0 0	2000 0 0	— Do —
h. Tolls (section 91)—						
Gross receipts	8119 0 0	6118 0 0	5781 0 0	13900 0 0	13000 0 0	Increase is due to brisk competition
Less Local Fund share—						
i. Tax on arts ..						
ii. Tax on buildings ..						
iii. Tax on lands						
iv. Water-tax on buildings and lands						
v. Tax on vehicles, &c. ..						
vi. Tax on animals						
vii. Tax on carts, &c. ..						
viii. Evasion of tolls						
3. Realizations under Special Acts—						
a. Pounds						
b. Ferry rents						
c. Fees under Act II of 1888 ..	20 0 0			20 0 0	0 ..	This amount was collected from a Native circus troupe which performed in the Town during 1895-96.
4. Revenue derived from Municipal property and powers apart from taxation—						
a. i. Rent of lands						
ii. Rent of buildings ..	13 0 0	13 0 0	7 0 0	20 0 0	10 0 0	The increase is due to all the stalls of the Kotwalchavady having been rented.
iii. Avenue receipts	303 0 0	206 0 0	197 0 0	500 0 0	500 0 0	
iv. Fees from Travellers' Bungalows	115 0 0	48 0 0	35 0 0	150 0 0	90 0 0	Due to larger number of travellers that resorted to the Bangalow.
b. i. Sale-proceeds of lands and buildings						
ii. Produce of lands, gardens, &c.						
iii. Sale-proceeds of old materials, empty oil cans, packing cases, &c.	9 0 0	— 0 0	6 0 0	15 0 0	100 0 0	Formerly kerosine oil in tins was supplied in deal wood cases, but it is now supplied in drums, and there will be no sale of deal wood cases - hence the decrease.
Carried forward ..	22374 0 0	19460 0 0	16481 0 0	38855 0 0	37250 0 0	

Statement VI.—Revised Estimate—(Receipts) for 1895-96—*continued.*

Items.	Actuals of the first eight months of 1895-96.	Actuals of the last four months of 1894-95.	Probable receipts of the last four months of 1895-96.	Total of columns 2 and 4.	Budget grant 1895-96. excluding subsequent allotments.	Explanation of variations between columns 5 and 6.

Read the following papers:—

Draft Budget estimate of the Municipal

for 1896-97.

The medical and educational budgets for the same year, forwarded by the District Medical and Sanitary officer and the Director of Public Instruction respectively.

Read note from the President, District Board, South Arcot, dated 2nd November 1895, forwarding, for information, letter from Messrs Burn & Co., Howrah, offering to supply, for Rs. 3800, girders of 14 ft. 6 inches wide for the upper road at Old Town.

Read footnote from the Collector of South Arcot, dated 31st October 95, No. 1661, forwarding the letter from the District Medical and Sanitary officer suggesting certain changes in the Sanitary Staff &c. for improving the Sanitation of the town.

Read clause (b) of the Sanitary Commissioner's notes recorded in G. O., dated 1st August 1895, No. 1236 M., Local and Municipal, suggesting that a few re offices be opened in the town for registering domestic occurrences.

Proposed

Proposed by the District Medical and Sanitary officer and seconded by M. R. Ry. M. Arumuga Pillai Avergal that the Registrar of Births and Deaths be placed under his supervision and to carry on his duties in the new vaccine depôt shortly to be erected, that the Sanitary Inspectors, who are already (Sub) Registrars in their respective Wards, be paid one anna for each birth and death report made by them, and that a fine of 2 annas be imposed for each birth or death they may fail to report. Also that the Sanitary Inspectors, who reside in their respective Wards, be required to attend at their residences at such time daily as may be fixed by the Chairman for the purpose of registering births and deaths, that a notice board be affixed at their residences exhibiting the hours of attendance for registering such domestic occurrences, for the information of the public, and that all certificates be initialled by the Ward Councillors before they are handed over to the Registrar and that the appointment of the Assistant Registrar be abolished.

Carried for

Carried unanimously — the Council considering this to be a wise step to adopt seeing that the Local Sanitary officer has made the above proposals with the view of securing complete registration.

Proposed by M. R. Ry. S. Dennaraja Mudaliar Avergal and seconded by M. R. Ry. T. Sabhachella Naidu Garu that a sum of Rs. 200 be provided in the budget to meet the remuneration proposed to be paid to the Sub Inspectors for reporting cases of births and deaths.

2. Carried unanimously. Provision of Rs. 200 will be made in the budget to meet this charge.

Proposed by Dr. Lee and seconded by M. R. Ry. V. Sankariah Naidu Garu that a Chief Sanitary Inspector be appointed on a salary of Rs. 30 (rising by biennial increments of Rs. 5 to 50) with pony allowance of Rs. 15.

3. Carried. Provision will be made accordingly in the budget for employing a Chief Sanitary Inspector.

Proposed by Dr. Lee and seconded by M. R. Ry. M. Arumuga Pillai Avergal that the pay of the Sanitary Sub Inspectors be as below:-

One on Rs. 20

Two " " 15

Two " " 12

Two " " 10

Proposed by M. R. Ry. V. Sankariah Naidu Garu, as an amendment, that the proposed scale be adopted but that it should not affect the present staff of Inspectors most of whom are of long standing.

4. The amendment not being seconded, the original proposal was put to the vote and carried unanimously.

Proposed by Dr. Lee and seconded by M. R. Ry. V. Sankariah Naidu Garu that a Municipal overseer be entertained for the supervision of repairs to roads and communications, to prepare plans and estimates for new works and supervise their construction, to report on new buildings and generally to perform all the duties falling within the province of such an officer and that he should [illegible] who has

Carried unanimously – the Council considering this to be a wise step to adopt seeing that the Local Sanitary officers have made the above proposals with the view of securing complete registration.

Proposed by Mr. R. Ry. S. Devanayagam Mudaliar Avergal and seconded by Mr. R. Ry. S. Sokkalingam Mudaliar Garu that a sum of Rs. 200 be provided for the budget to meet the remuneration proposed to be paid to the Sub Inspectors for reporting cases of births and deaths.

2. Carried unanimously. Provision of Rs. 200 will be made in the budget to meet this charge.

Proposed by Dr. Lee and seconded by Mr. R. Ry. V. Sankaraiah Mudaliar Garu that a Chief Sanitary Inspector be appointed on a salary of Rs. 30 (rising by biennial increments of Rs. 5 to 50) with travelling allowance of Rs. 15.

3. Carried. Provision will be made accordingly in the budget for employing a Chief Sanitary Inspector.

Proposed by Dr. Lee and seconded by Mr. R. Ry. M. Arumuga Pillai Avergal that the pay of the Sanitary Sub Inspectors be as below:-

One on Rs. 20

Two " " 15

Two " " 12

Two " " 10

Proposed by Mr. R. Ry. V. Sankaraiah Mudaliar Garu, as an amendment, that the proposal be adopted but that it should not affect the present staff of Inspectors most of whom are of long standing.

4. The Amendment not being seconded, the original proposal was put to the vote and carried unanimously.

Proposed by Dr. Lee and seconded by Mr. R. Ry. V. Sankaraiah Mudaliar Garu that a Municipal overseer be entertained for the supervision of repairs to roads and Communications, to prepare plans and estimates for new works and supervise their construction, to report on new buildings and generally to perform all the duties falling within the province of an officer and that he should be a

Enclosure No. 2.

In a letter from the Chairman,
Municipal Council, Cuddalore,
dated 27th December 1895, No. 635.

No. 404 M., 11 March, February 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. C. S. SRINIVASA RAO, Avargal, Chairman, Municipal Council, Cuddalore, to the Chief Secretary to Government (through the Revenue Officer in charge of the Cuddalore Division), dated 27th December 1895, No. 635.

I have the honour to submit the budget estimate of the Cuddalore Municipality for 1896–97, together with a copy of the resolution passed by the council at a meeing convened on the 19th instant for discussing it.

REVISED ESTIMATE FOR 1895–96.

Opening Balance.

2. The actual opening balance is Rs. 10,140 against Rs. 1,720 shown in the revised estimate for 1894–95. The increase in the balance is due to the better collection of taxes during 1894–95.

Receipts.

3. The total income of the year (excluding the opening balance) is estimated at Rs. 47,860 against the budget estimate of Rs. 44,790. The increase in the revised estimate, as compared with the budget, occurs chiefly under the following heads:—

		Rs.
(1)	Tax on buildings and lands	1,000
(2)	„ on vehicles, animals and carts	700
(3)	Tolls	900
(4)	Income from market	250
(5)	License fees	200
(6)	Cart-stand fees	108
(7)	Fines under Municipal and other Acts	300
(8)	Miscellaneous receipts	338
(9)	Advances recoverable	744
	Total ..	4,540

4. The increase under items (1) and (2) is mainly due to improvement in the collection of the current demand in the tax on buildings, vehicles, animals and carts. The increase under items (3), (4) and (6) is due to the rent of the tolls, market and cart-stand having been leased out for sums in excess of the amounts anticipated. The increase under item (5) is due to larger number of licenses taken out for burning brick-kilns. The increase under item (7) is due to the deterrent punishments awarded by the Bench Magistrates for nuisances committed in streets and by the sides of roads, while the increase under item (8) is chiefly due to larger number of travellers that resorted to the travellers' bungalow and to increased income from the sale of toll tickets.

5. The decrease in the revised estimate occurs chiefly under receipts from tax on lands and sale-proceeds of night-soil, street-refuse, &c., which amounts to Rupees 1,470. The decrease in the case of tax on lands is due to greater attention having

Enclosure No. 2.

In a letter from the Chairman,
Municipal Council, Cuddalore,
dated 27th December 1895, No. 635.

No. 404 — M., — February 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers :—

From M.R.Ry. C. S. SRINIVASA RAO, Avargal, Chairman, Municipal Council, Cuddalore, to the Chief Secretary to Government (through the Revenue Officer in charge of the Cuddalore Division), dated 27th December 1895, No. 635.

I have the honour to submit the budget estimate of the Cuddalore Municipality for 1896–97, together with a copy of the resolution passed by the council at a meeing convened on the 19th instant for discussing it.

Revised Estimate for 1895–96.

Opening Balance.

2. The actual opening balance is Rs. 10,140 against Rs. 1,720 shown in the revised estimate for 1894–95. The increase in the balance is due to the better collection of taxes during 1894–95.

Receipts.

3. The total income of the year (excluding the opening balance) is estimated at Rs. 47,860 against the budget estimate of Rs. 44,790. The increase in the revised estimate, as compared with the budget, occurs chiefly under the following heads:—

	Rs.
(1) Tax on buildings and lands	1,000
(2) ,, on vehicles, animals and carts	700
(3) Tolls	900
(4) Income from market	250
(5) License fees	200
(6) Cart-stand fees	108
(7) Fines under Municipal and other Acts	300
(8) Miscellaneous receipts	338
(9) Advances recoverable	744
Total ..	4,540

4. The increase under items (1) and (2) is mainly due to improvement in the collection of the current demand in the tax on buildings, vehicles, animals and carts. The increase under items (3), (4) and (6) is due to the rent of the tolls, market and cart-stand having been leased out for sums in excess of the amounts anticipated. The increase under item (5) is due to larger number of licenses taken out for burning brick-kilns. The increase under item (7) is due to the deterrent punishments awarded by the Bench Magistrates for nuisances committed in streets and by the sides of roads, while the increase under item (8) is chiefly due to larger number of travellers that resorted to the travellers' bungalow and to increased income from the sale of toll tickets.

5. The decrease in the revised estimate occurs chiefly under receipts from tax on lands and sale-proceeds of night-soil, street-refuse, &c., which amounts to Rupees 1,470. The decrease in the case of tax on lands is due to greater attention having

been paid during the current year to the realization of old arrears under the tax on houses and lands, while the falling off under sale-proceeds of night-soil, street-refuse, &c., is due to the want of keen competition when the contract for sweepings was put up to public auction.

Expenditure.

6. The expenditure for the current year shows an increase of Rs. 2,095 and this is chiefly due to the larger expenditure on roads which are in some places washed off by the recent heavy rains and are being repaired.

7. The difference between the budget estimate and the revised estimate under the several grants is shown below :—

	Budget estimate.	Revised estimate.
	Rs.	Rs.
Grant I	12,690	15,010
„ II	4,670	4,570
„ III	22,125	21,550
„ IV	4,480	4,743
„ V	4,490	4,510
Refunds of other than current collections, &c., Miscellaneous charges ..	25	192
Total ..	48,480	50,575

8. The difference under Grant I, as compared with the budget, is accounted for in paragraph 6 *supra*. The small decrease under Grant II calls for no remark. The decrease under Grant III is spread over the numerous componeut items falling under this head, but the savings effected were chiefly under Hospital establishment, Diet of patients, &c. The increase under Grant IV is on account of additional lamps and lamp-posts, and the small excess expenditure under Grant V calls for no remark.

BUDGET FOR 1896–97.

Receipts.

9. *Tax on Arts.*—The income under this head is estimated at Rs. 350 in excess of the revised estimate, on the assumption that almost the whole of the demand for 1896–97 will be collected within the year.

10. *Tax on Buildings.*—The remarks relating to the tax on arts apply to this.

11. *Tax on Lands.*—The receipts from this tax are estimated at Rs. 100 less than the amount entered in the revised estimate owing to probable arrears at the close of the year.

12. *Tax on Lands unappropriated to any Building or occupied by native Huts.*—The actual demand according to the register maintained for this tax is Rs. 240. The difference of Rs. 60, as compared with the revised estimate, represents the arrears of 1894–95 collected in the subsequent year.

13. The receipts from tax on vehicles, animals and carts are nearly much the same as the items entered in the revised estimate and therefore call for no remark.

14. *Tolls.*—These are estimated at Rs. 13,800, or only Rs. 100 below the amount (Rs 13,900) realized in the current year.

15. *Avenue Receipts.*—There are many decayed trees in the avenues. It is proposed to replace them by rain trees. As the sale of such trees is likely to show an increase, the receipts from sale of avenue trees and cuttings have been estimated at Rs. 100 more than the figure in the revised estimate.

16. It is under consideration to increase the rates at which medicines are now sold, and the proceeds therefrom have therefore been taken at Rs. 100 more than the amount in the revised estimate.

17. *Fines under Municipal and other Acts.*—The income from fines is increasing yearly owing to the heavy penalties inflicted by the Bench Magistrates in cases of nuisances prosecuted before them; hence the slightly-increased receipts from this source.

18. *Grants and Contributions*—(c) *From Local Boards*—(ii) *Medical.*—On the suggestion of Dr. Lee, the District Medical and Sanitary Officer, it is proposed to open next year a hospital for women and children in the town. The total cost of maintaining this hospital is set down at Rs. 3,850. As the institution is intended for the benefit of the whole district, application was made to the district board for aid with the result that they have sanctioned an annual contribution of a moiety of the estimated cost of maintaining the hospital and provision has accordingly been made in the budget.

19. *Private Scavenging.*—The slight increase in fees for this service is expected from an increase in the number of houses proposed to be brought under the system during 1896–97.

Expenditure.

20. *Grant II, New Works.*—The allotment under this head is Rs. 7,760. Of this sum Rs. 7,000, which is as much as the council are able to set apart from the funds, has been provided for the girder bridge proposed to be erected over the Uppanar. The district board has promised to contribute one-third of the total cost of the structure, which is estimated by the Public Works Department at Rs. 26,700. Deducting from this the provision made by the council and the contribution promised by the district board Rs. 10,800 is still required, which it is hoped the Government will be pleased to contribute to enable the council to complete the work in 1896–97. I may add that since the temporary wooden bridge over the backwater had collapsed during the recent heavy rains, the public were put to very great inconvenience. Prompt ferry arrangements are made to remedy the inconvenience. Of the remaining sum allotted under "New Works," Rs. 160 are for purchasing thirty corrugated-iron dust-bins and Rs. 600 for erecting two latrines according to the standard plan circulated with G.O., No. 462 M., dated 5th April 1893.

21. *Repairs.*—The sum allotted for repairs is Rs. 6,300, of which Rs. 5,600 is for keeping up the roads in repair, Rs. 400 for improving certain culverts the vents of which are found to be not large enough for the efficient drainage of rain water, and Rs. 300 for repairing the masonry latrines.

22. *Drainage, Rs.* 1,040.—This is the cost of the establishment for flushing drains and keeping the cesspools clean. The increase, as compared with the revised estimate, is due to provision having been made for the hire of bullocks for the sewage carts, which was not provided for in 1895–96.

23. *Water-supply*—(3) *Repairs to Works, Machinery, &c., Rs.* 100.—The decrease under this head, as compared with the revised estimate, is due to the expenditure incurred in the current year for renewing the iron ore in the filter beds, while no such expenditure is anticipated in 1896–97.

24. *Establishment, Rs.* 900.—The increase of Rs. 490 under Establishment arises from the proposal made to entertain a Public Works Department overseer on Rs. 30 with pony allowance of Rs. 15 as explained in the accompanying proceedings. There is at present no professional employee to prepare estimates and supervise masonry works and repairs to buildings, which during the year 1896–97 amounts to Rs. 14,000. As this appointment will take effect from 1st April next, provision to meet this charge has been made for 11 months in the budget. The other items under this head remain as in the current year and call for no remark.

25. *Tools and Plant and other Stores.*—The sum of Rs. 200 allotted under this head is for the purchase of tools, payment of rent for godowns in which road implements are kept, and purchase of furniture required for the office. The slight increase of Rs. 70, as compared with the revised estimate, is on account of the provision made for the purchase of office furniture.

26. *Contribution for Public Works, Rs.* 140.—This is the usual contribution payable to the district board, and consists of Rs. 50 for the maintenance of the Gadilam flood embankment and Rs. 90, the salary of the watchman employed to look after the Gadilam bridge. The difference, Rs. 50, as compared with the revised estimate, is the contribution for the flood embankment for 1894–95 paid in the current year with the sanction of Government in G.O., Mis. No. 1791 M., dated 29th October 1895.

27. *Grant II, Education.*—Rs. 4,740 are provided for education against Rupees 4,720 applied for by the educational authorities and Rs. 4,570 in the revised estimate. In the budget received from the Director of Public Instruction provision is made on account of salary of the drawing master for eleven instead of twelve months. This is probably a clerical mistake. It is proposed to employ four sweepers on As. 8 each per month for the municipal salary-result schools in Uppalapady, Fort St. David, Sanarapolliem and the Hindustani school in Old Town, and this accounts for the slight increase under "(*c*) Contingencies." The allotment for salary grant has been raised to Rs. 400 as suggested by the Director of Public Instruction. The only other alteration is an increase of Re. 1 proposed in the salary of the assistant teacher employed in the Fort St. David salary-result school who is now on the receipt of Rs. 5 a month.

28. *Grant III, Sanitation and Medical Services—Hospitals and Dispensaries.*—There is an increase in the allotment under this grant under "(*c*) Establishment" and "(*b*) Medicines and supplies," as compared with the revised estimate. This increase is due to provision having been made to open a hospital for women and children in the town. The increase would have been much larger but for certain changes and alterations proposed by the District Medical and Sanitary Officer in the existing establishments attached to the Old Town, Tiruppápuliyúr dispensaries and lying-in ward. As regards the dispensary at Tiruppápuliyúr, it is proposed to replace the first-class hospital assistant now in charge of it by a third class hospital assistant, and to dispense with the services of the midwife, the peon and the nurse attached to it, while, as regards the Old Town hospital, which has been amalgamated with the institution at New Town, the services of the peon, cook, nurse and the toty employed in it are proposed to be dispensed with, and the salary of the matron attached to it reduced from Rs. 15 to Rs. 12. It is also proposed to do away with the matron and the nurse of the lying-in ward as accommodation for lying-in cases will be provided in the hospital for women and children. The establishment proposed for this new institution is as below:—

	Rs.
One lady apothecary on	100 a month.*
One compounder and clerk on	12 „
One midwife	15 „
One female ward cooly	6 „
One cook	6 „
One waterwoman	4 „
One dhoby	5 „
One toty	6 „
One peon	5 „

* With house-rent of Rs. 15 a month.

A proposition statement of the changes and alterations proposed is enclosed for the sanction of Government. The increase under medicines is due to a sum of Rs. 500 having been provided for medicines required for the women and children hospital, while the decrease under diet of patients and sundries and contingencies is ascribed to the great care which is now exercised in admitting into the hospital such cases only as require treatment in it, and to the provision for house-rent for the Old Town hospital assistant having been struck out in consequence of the arrangement made to provide him with accommodation in the dispensary itself. I may here mention, for the information of Government, that Rajah Sir Savalai Ramaswami Mudaliar with his wonted liberality has offered his valuable help to meet the cost of the buildings for the new women and children's hospital. Government will be moved for the grant of a site for the buildings as resolved by the council at their meeting held on the 3rd idem.

29. *Registration of Births and Deaths, Rs.* 400.—There are at present two registrars, one on Rs. 15 and another on Rs. 10 a month. It is proposed to do away with the latter and to remunerate the ward inspectors with an anna for every case of birth or death reported by them, who will have to pay a fine of As. 2 for each case of death or birth which they fail to report, and to meet this charge a sum of Rs. 200

has been provided, as explained in the proceedings. A small sum of Rs. 20 is included under contingencies for the purchase of signboards, &c., for the use of the divisional registrars.

30. *Conservancy.*—The increase under this head is chiefly due to the re-organization of the sanitary establishment at the suggestion of the District Medical and Sanitary Officer. It is proposed to employ a trained chief sanitary inspector on a salary of Rs. 30 with pony allowance of Rs. 15 a month as explained in the proceedings, and provision has accordingly been made for his salary for eleven months in the budget as he will enter upon his duties in April next. The present staff consists of four Inspectors on Rs. 21 each, one on Rs. 18, one on Rs. 15, and one on Rs. 10. This scale is proposed by the District Medical and Sanitary Officer to be revised as below:—

	Rs.
One on	20
Two on	15
„ on	12
„ on	10

They will be designated as sub-inspectors and placed under the supervision of the chief inspector proposed to be entertained. The council accepted the proposal after a consideration of the discussion that the proposed scale of pay should not be made applicable to the existing staff, most of whom are of long standing. A proposition statement of the alterations proposed is herein enclosed. The other items under this head are the same as in the current year and call for no remark.

31. *Other charges such as purchase or hire of Carts, Dry-earth, purchase and maintenance or hire of Bullocks, &c.*—The increase under this head is due to certain items of expenditure incurred in the current year on account of repair of latrine carts, hire of bullocks for such carts and rent of land taken up for the use of tatti latrines, which were hitherto shown under "Private Scavenging—Contingencies" having been transferred to the head of "Other charges," with reference to the instructions of Government in their memorandum, No. 110, dated 31st January 1895.

32. *Contingencies.*—The decrease under this head is due to the reason given above.

33. *Cholera charges.*—This is due to provision not having been made for the purchase of the sulphur and tar the use of which for purposes of fumigation has been discontinued with reference to the rules printed in G.O., No. 10-8 M., dated 26th June 1895.

34. (5) (*d*) *Contingencies, Rs.* 150.—This small increase is intended for renewing the earth in latrines more frequently than at present.

35. *Grant IV, Lighting*—(*b*) *Contingencies.*—It is not intended to purchase additional lamp-posts and lanterns next year; hence for estimating the charges under this head at Rs. 224 below the figure in the revised estimate.

36. (iii) *Printing.*—The printing charges are within the budget provision; hence for reducing the estimated charges under this head for 1896–97.

37. *Other Items.*—The slight increase of Rs. 64 under this head calls for no remark.

38. *Grant V.*—The entries under this grant are almost the same as the figures in the revised estimate, and the slight alterations in them will be found explained in Comparative Statement VI.

2. The building of a hospital for women and children in Cuddalore and the bridging of the Uppanar are the two principal works proposed for 1896–97. It is, I think, doubtful whether the former will be completed during that year, but it is

hoped that the latter will be finished before the setting in of the next monsoon. Provided Rajah Sir Savalai Ramasami Mudaliar carries out his intention of meeting the cost of the hospital, which may probably cost some Rs. 20,000, the district board is prepared to share with the council the cost of maintaining the institution. The acquisition of a suitable site is likely to be costly, but it is hoped that Government will be pleased to meet this cost. The bridge over the Uppanar is very badly needed and it is probable that a suitable bridge can be erected at less cost than the Public Works Department authorities have estimated. Whatever it may cost, the district board is willing to contribute one-third, the council meeting another third, and both bodies trust that Government will be pleased to contribute the remaining third. The temporary bridge erected some time ago was destroyed by the heavy floods towards the end of last year and traffic by means of the existing ferry is most inconvenient. Since the introduction of the Customs duties, much of the trade of Pondicherry has been deflected to Cuddalore which is rapidly becoming an important port.

3. The municipal roads are by no means so good as they should be and it is very necessary that the council should devote special attention to them. The appointment of a competent overseer is a step in the right direction.

4. Public nuisances in the streets are abating, the Bench Magistrates having been roused to a proper sense of their duties, but there is still much room for improvement in the way of removing filth from backyards. The council should deal much more vigorously with persons who fail to take advantage of the private scavenging system and prefer to keep their habitations in an insanitary condition.

22*nd January* 1896. (Signed) A. E. C. STUART,
Ag. Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 15th January 1896, No. 290.

Adverting to the budget estimate of the Cuddalore Municipality for 1896–97, I have the honour to state that the provision therein made for education is sufficient and may be accepted. The net expenditure proposed under Grant II is Rs. 4,390 (4,740—350), or less than 12 per cent. of the estimated income from taxation, markets and rents.

		48480	50580	54310

Revised Estimate for 1895-96.

2. The Current receipts and charges are now estimated at Rs 47,860 and Rs 50,580 respectively against Rupees 44,790 and Rs 48,480 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on buildings, vehicles and animals, tolls, and Advances recovered, and is partly counterbalanced by a decline under the tax on lands, which is explained in para. 5 of the Chairman's letter. The increase in the charges appears mainly under Grant I. Under G.O. No. 889 L, dated 1st May 1894 (No 691 M dated 22nd June 1888 &) the municipal Council was not competent to sanction, without reference to Government, the allotments of Rs 2,500 and Rs 30 respectively under Grant I. Repairs - Communications and Drainage Establishment, shown in Statement VI-A. These are however now approved. The provision for contribution to the Cutlers' establishment will be struck out with reference to G.O. No. 972, dated 15th January 1895. The balance to be carried forward to the ensuing year's budget will then be Rs 7,440.

Budget Estimate for 1896-97

3. Receipts. The receipts for the ensuing year are placed at Rs 47,800, against

		3200	7420	2970
		48,480	50,580	54,310

Revised Estimate for 1895-96.

2. The current receipts and charges are now estimated at Rs 47,860 and Rs 50,580 respectively, against Rupees 44,790 and Rs 48,480 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on buildings, vehicles and animals, tolls, and Advances recovered, and is partly counterbalanced by a decline under the tax on lands, which is explained in para 5 of the Chairman's letter. The increase in the charges appears mainly under Grant I. Under G.O. No. 889[?], dated 17th May 1894 [No. 691 M dated 22nd June 1888 &] the municipal Council was not competent to sanction, without reference to Government, the allotments of Rs 2,500 and Rs 30 respectively under Grant I, Repairs - Communications and Drainage Establishment, shown in Statement VI-A. These are however now approved. The provision for Contribution to the Cutlers' establishment will be struck out with reference to G.O. No. 97L, dated 15th January 1895. The balance to be carried forward to the ensuing year's budget will then be Rs 7,440.

Budget Estimate for 1896-97

3. Receipts. The receipts for the ensuing year are placed at Rs 47,800[?] as against the

the Revised Estimate of Rs 47,860, the increase being chiefly under the [illegible] grants and Contributions from Local Boards.

4. Charges.—(1) The probable Charges are entered as Rs 54,310, against Rs 50,580 in the Revised Estimate, the increase appearing under Grants I and III.

(2) Grant I. Separate orders will be passed on the question of constructing an iron girder bridge over the Uppanar referred to in para. 20 of the Chairman's letter, in regard to which a communication has been received from the President District Board, South Arcot. Meanwhile the allotment of Rs 7,000 for this purpose will be allowed to stand. The entertainment of a public works overseer proposed in para. 24, is sanctioned.

(3) Grant II:— The proposed increase of one rupee in the salary of the assistant master of the Fort Saint David School ~~cannot be sanctioned as no funds are [illegible] for it~~ is approved.

(4) Grant III. The remarks of the Surgeon-General on the provision for hospitals & dispensaries will be awaited. The abolition of the post of a Registrar of births and deaths on Rs 10, and the alterations in the Conservancy establishments proposed in paras. 29 and 30 of the Chairman's letter, are provisionally approved; but the suggestions made by the Sanitary Commissioner in his letter read above on this subject ~~will be referred~~ should receive the careful consideration of the Municipal Council ~~for consideration~~. The estimated expenditure on private scavenging exceeds the receipts from this source by Rs 550. The attention of the Municipal Council will be drawn to the remarks on this subject in para. 3(4) of G.O. 1651 M dated 15th October 1895 and in para 4 of the Collector's endorsement, ~~and~~ the Government must insist upon immediate steps being taken to remedy this state of things. If the system is properly worked ~~carried out~~, there is no reason why the receipts should not quite equal the expenditure, as it has been shown to be feasible by the experience of many other municipalities. ~~[illegible] there appears to be no good reason to believe that the cost of it will not be met by the receipts.~~

(5) Grant IV:— The Municipal Council's proposal to appoint a sweeper on Rs 5 for the Slaughter house instead of two on Rs 6, as shown in the proposition statement, but to which reference should have been made in the Chairman's letter, is ~~sanctioned~~ approved.

5. The budget, as revised by Govt, closes with a balance of Rs ~~[illegible]~~ or 6.0 per cent of the estimated receipts.

No. 404 M., 11th March 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers :—

From M.R.Ry. C. S. SRINIVASA RAO, Avargal, Chairman, Municipal Council, Cuddalore, to the Chief Secretary to Government (through the Revenue Officer in charge of the Cuddalore Division), dated 27th December 1895, No. 635.

I have the honour to submit the budget estimate of the Cuddalore Municipality for 1896–97, together with a copy of the resolution passed by the council at a meeting convened on the 19th instant for discussing it.

Revised Estimate for 1895–96.

Opening Balance.

2. The actual opening balance is Rs. 10,140 against Rs. 1,720 shown in the revised estimate for 1894–95. The increase in the balance is due to the better collection of taxes during 1894–95.

Receipts.

3. The total income of the year (excluding the opening balance) is estimated at Rs. 47,860 against the budget estimate of Rs. 44,790. The increase in the revised estimate, as compared with the budget, occurs chiefly under the following heads :—

		Rs.
(1)	Tax on buildings and lands	1,000
(2)	„ on vehicles, animals and carts	700
(3)	Tolls	900
(4)	Income from market	250
(5)	License fees	200
(6)	Cart-stand fees	108
(7)	Fines under Municipal and other Acts	300
(8)	Miscellaneous receipts	338
(9)	Advances recoverable	744
	Total ..	4,540

4. The increase under items (1) and (2) is mainly due to improvement in the collection of the current demand in the tax on buildings, vehicles, animals and carts. The increase under items (3), (4) and (6) is due to the rent of the tolls, market and cart-stand having been leased out for sums in excess of the amounts anticipated. The increase under item (5) is due to larger number of licenses taken out for burning brick-kilns. The increase under item (7) is due to the deterrent punishments awarded by the Bench Magistrates for nuisances committed in streets and by the sides of roads, while the increase under item (8) is chiefly due to larger number of travellers that resorted to the travellers' bungalow and to increased income from the sale of toll tickets.

5. The decrease in the revised estimate occurs chiefly under receipts from tax on lands and sale-proceeds of night-soil, street-refuse, &c., which amounts to Rupees 1,470. The decrease in the case of tax on lands is due to greater attention having

been paid during the current year to the realization of old arrears under the tax on houses and lands, while the falling off under sale-proceeds of night-soil, street-refuse, &c., is due to the want of keen competition when the contract for sweepings was put up to public auction.

Expenditure.

6. The expenditure for the current year shows an increase of Rs. 2,095 and this is chiefly due to the larger expenditure on roads which are in some places washed off by the recent heavy rains and are being repaired.

7. The difference between the budget estimate and the revised estimate under the several grants is shown below :—

	Budget estimate.	Revised estimate.
	Rs.	Rs.
Grant I	12,690	15,010
„ II	4,670	4,570
„ III	22,125	21,550
„ IV	4,480	4,743
„ V	4,490	4,510
Refunds of other than current collections, &c., Miscellaneous charges ..	25	192
Total ..	48,480	50,575

8. The difference under Grant I, as compared with the budget, is accounted for in paragraph 6 *supra*. The small decrease under Grant II calls for no remark. The decrease under Grant III is spread over the numerous component items falling under this head, but the savings effected were chiefly under hospital establishment, diet of patients, &c. The increase under Grant IV is on account of additional lamps and lamp-posts, and the small excess expenditure under Grant V calls for no remark.

Budget for 1896–97.

Receipts.

9. *Tax on Arts.*—The income under this head is estimated at Rs. 350 in excess of the revised estimate, on the assumption that almost the whole of the demand for 1896–97 will be collected within the year.

10. *Tax on Buildings.*—The remarks relating to the tax on arts apply to this.

11. *Tax on Lands.*—The receipts from this tax are estimated at Rs. 100 less than the amount entered in the revised estimate owing to probable arrears at the close of the year.

12. *Tax on Lands unappropriated to any Building or occupied by native Huts.*—The actual demand according to the register maintained for this tax is Rs. 240. The difference of Rs. 60, as compared with the revised estimate, represents the arrears of 1894–95 collected in the subsequent year.

13. The receipts from tax on vehicles, animals and carts are nearly much the same as the items entered in the revised estimate and therefore call for no remark.

14. *Tolls.*—These are estimated at Rs. 13,800, or only Rs. 100 below the amount (Rs. 13,900) realized in the current year.

15. *Avenue Receipts.*—There are many decayed trees in the avenues. It is proposed to replace them by rain trees. As the sale of such trees is likely to show an increase, the receipts from sale of avenue trees and cuttings have been estimated at Rs. 100 more than the figure in the revised estimate.

16. It is under consideration to increase the rates at which medicines are now sold, and the proceeds therefrom have therefore been taken at Rs. 100 more than the amount in the revised estimate.

17. *Fines under Municipal and other Acts.*—The income from fines is increasing yearly owing to the heavy penalties inflicted by the Bench Magistrates in cases of nuisances prosecuted before them; hence the slightly-increased receipts from this source.

18. *Grants and Contributions*—(*c*) *From Local Boards*—(ii) *Medical.*—On the suggestion of Dr. Lee, the District Medical and Sanitary Officer, it is proposed to open next year a hospital for women and children in the town. The total cost of maintaining this hospital is set down at Rs. 3,850. As the institution is intended for the benefit of the whole district, application was made to the district board for aid with the result that they have sanctioned an annual contribution of a moiety of the estimated cost of maintaining the hospital and provision has accordingly been made in the budget.

19. *Private Scavenging.*—The slight increase in fees for this service is expected from an increase in the number of houses proposed to be brought under the system during 1896–97.

Expenditure.

20. *Grant I, New Works.*—The allotment under this head is Rs. 7,760. Of this sum Rs. 7,000, which is as much as the council are able to set apart from the funds, has been provided for the girder bridge proposed to be erected over the Uppanar. The district board has promised to contribute one-third of the total cost of the structure, which is estimated by the Public Works Department at Rs. 26,700. Deducting from this the provision made by the council and the contribution promised by the district board, Rs. 10,800 is still required, which it is hoped the Government will be pleased to contribute to enable the council to complete the work in 1896–97. I may add that since the temporary wooden bridge over the backwater had collapsed during the recent heavy rains, the public were put to very great inconvenience. Prompt ferry arrangements are made to remedy the inconvenience. Of the remaining sum allotted under "New Works," Rs. 160 are for purchasing thirty corrugated-iron dust-bins and Rs. 600 for erecting two latrines according to the standard plan circulated with G.O., No. 462 M., dated 5th April 1893.

21. *Repairs.*—The sum allotted for repairs is Rs. 6,300, of which Rs. 5,600 is for keeping up the roads in repair, Rs. 400 for improving certain culverts the vents of which are found to be not large enough for the efficient drainage of rain water, and Rs. 300 for repairing the masonry latrines.

22. *Drainage, Rs.* 1,040.—This is the cost of the establishment for flushing drains and keeping the cesspools clean. The increase, as compared with the revised estimate, is due to provision having been made for the hire of bullocks for the sewage carts, which was not provided for in 1895–96.

23. *Water-supply*—(3) *Repairs to Works, Machinery, &c., Rs.* 100.—The decrease under this head, as compared with the revised estimate, is due to the expenditure incurred in the current year for renewing the iron ore in the filter beds, while no such expenditure is anticipated in 1896–97.

24. *Establishment, Rs.* 900.—The increase of Rs. 490 under Establishment arises from the proposal made to entertain a Public Works Department overseer on Rs. 30 with pony allowance of Rs. 15 as explained in the accompanying proceedings. There is at present no professional employee to prepare estimates and supervise masonry works and repairs to buildings, which during the year 1896–97 amounts to Rs. 14,000. As this appointment will take effect from 1st April next, provision to meet this charge has been made for eleven months in the budget. The other items under this head remain as in the current year and call for no remark.

25. *Tools and Plant and other Stores.*—The sum of Rs. 200 allotted under this head is for the purchase of tools, payment of rent for godowns in which road implements are kept, and purchase of furniture required for the office. The slight increase of Rs. 70, as compared with the revised estimate, is on account of the provision made for the purchase of office furniture.

26. *Contribution for Public Works, Rs.* 140.—This is the usual contribution payable to the district board, and consists of Rs. 50 for the maintenance of the Gadilam flood embankment and Rs. 90, the salary of the watchman employed to look after the Gadilam bridge. The difference, Rs. 50, as compared with the revised estimate, is the contribution for the flood embankment for 1894–95 paid in the current year with the sanction of Government in G.O., Mis. No. 1791 M., dated 29th October 1895.

been paid during the current year to the realization of old arrears under the tax on houses and lands, while the falling off under sale-proceeds of night-soil, street-refuse, &c., is due to the want of keen competition when the contract for sweepings was put up to public auction.

Expenditure.

6. The expenditure for the current year shows an increase of Rs. 2,095 and this is chiefly due to the larger expenditure on roads which are in some places washed off by the recent heavy rains and are being repaired.

7. The difference between the budget estimate and the revised estimate under the several grants is shown below:—

	Budget estimate.	Revised estimate.
	Rs.	Rs.
Grant I	12,690	15,010
„ II	4,670	4,570
„ III	22,125	21,550
„ IV	4,480	4,743
„ V	4,490	4,510
Refunds of other than current collections, &c., Miscellaneous charges ..	25	192
Total ..	48,480	50,575

8. The difference under Grant I, as compared with the budget, is accounted for in paragraph 6 *supra*. The small decrease under Grant II calls for no remark. The decrease under Grant III is spread over the numerous component items falling under this head, but the savings effected were chiefly under hospital establishment, diet of patients, &c. The increase under Grant IV is on account of additional lamps and lamp-posts, and the small excess expenditure under Grant V calls for no remark.

Budget for 1896–97.

Receipts.

9. *Tax on Arts.*—The income under this head is estimated at Rs. 350 in excess of the revised estimate, on the assumption that almost the whole of the demand for 1896–97 will be collected within the year.

10. *Tax on Buildings.*—The remarks relating to the tax on arts apply to this.

11. *Tax on Lands.*—The receipts from this tax are estimated at Rs. 100 less than the amount entered in the revised estimate owing to probable arrears at the close of the year.

12. *Tax on Lands unappropriated to any Building or occupied by native Huts.*—The actual demand according to the register maintained for this tax is Rs. 240. The difference of Rs. 60, as compared with the revised estimate, represents the arrears of 1894–95 collected in the subsequent year.

13. The receipts from tax on vehicles, animals and carts are nearly much the same as the items entered in the revised estimate and therefore call for no remark.

14. *Tolls.*—These are estimated at Rs. 13,800, or only Rs. 100 below the amount (Rs. 13,900) realized in the current year.

15. *Avenue Receipts.*—There are many decayed trees in the avenues. It is proposed to replace them by rain trees. As the sale of such trees is likely to show an increase, the receipts from sale of avenue trees and cuttings have been estimated at Rs. 100 more than the figure in the revised estimate.

16. It is under consideration to increase the rates at which medicines are now sold, and the proceeds therefrom have therefore been taken at Rs. 100 more than the amount in the revised estimate.

17. *Fines under Municipal and other Acts.*—The income from fines is increasing yearly owing to the heavy penalties inflicted by the Bench Magistrates in cases of nuisances prosecuted before them; hence the slightly-increased receipts from this source.

18. *Grants and Contributions*—(c) *From Local Boards*—(ii) *Medical.*—On the suggestion of Dr. Lee, the District Medical and Sanitary Officer, it is proposed to open next year a hospital for women and children in the town. The total cost of maintaining this hospital is set down at Rs. 3,850. As the institution is intended for the benefit of the whole district, application was made to the district board for aid with the result that they have sanctioned an annual contribution of a moiety of the estimated cost of maintaining the hospital and provision has accordingly been made in the budget.

19. *Private Scavenging.*—The slight increase in fees for this service is expected from an increase in the number of houses proposed to be brought under the system during 1896–97.

Expenditure.

20. *Grant I, New Works.*—The allotment under this head is Rs. 7,760. Of this sum Rs. 7,000, which is as much as the council are able to set apart from the funds, has been provided for the girder bridge proposed to be erected over the Uppanar. The district board has promised to contribute one-third of the total cost of the structure, which is estimated by the Public Works Department at Rs. 26,700. Deducting from this the provision made by the council and the contribution promised by the district board, Rs. 10,800 is still required, which it is hoped the Government will be pleased to contribute to enable the council to complete the work in 1896–97. I may add that since the temporary wooden bridge over the backwater had collapsed during the recent heavy rains, the public were put to very great inconvenience. Prompt ferry arrangements are made to remedy the inconvenience. Of the remaining sum allotted under "New Works," Rs. 160 are for purchasing thirty corrugated-iron dust-bins and Rs. 600 for erecting two latrines according to the standard plan circulated with G.O., No. 462 M., dated 5th April 1893.

21. *Repairs.*—The sum allotted for repairs is Rs. 6,300, of which Rs. 5,600 is for keeping up the roads in repair, Rs. 400 for improving certain culverts the vents of which are found to be not large enough for the efficient drainage of rain water, and Rs. 300 for repairing the masonry latrines.

22. *Drainage, Rs.* 1,040.—This is the cost of the establishment for flushing drains and keeping the cesspools clean. The increase, as compared with the revised estimate, is due to provision having been made for the hire of bullocks for the sewage carts, which was not provided for in 1895–96.

23. *Water-supply*—(3) *Repairs to Works, Machinery, &c., Rs.* 100.—The decrease under this head, as compared with the revised estimate, is due to the expenditure incurred in the current year for renewing the iron ore in the filter beds, while no such expenditure is anticipated in 1896–97.

24. *Establishment, Rs.* 900.—The increase of Rs. 490 under Establishment arises from the proposal made to entertain a Public Works Department overseer on Rs. 30 with pony allowance of Rs. 15 as explained in the accompanying proceedings. There is at present no professional employee to prepare estimates and supervise masonry works and repairs to buildings, which during the year 1896–97 amounts to Rs. 14,000. As this appointment will take effect from 1st April next, provision to meet this charge has been made for eleven months in the budget. The other items under this head remain as in the current year and call for no remark.

25. *Tools and Plant and other Stores.*—The sum of Rs. 200 allotted under this head is for the purchase of tools, payment of rent for godowns in which road implements are kept, and purchase of furniture required for the office. The slight increase of Rs. 70, as compared with the revised estimate, is on account of the provision made for the purchase of office furniture.

26. *Contribution for Public Works, Rs.* 140.—This is the usual contribution payable to the district board, and consists of Rs. 50 for the maintenance of the Gadilam flood embankment and Rs. 90, the salary of the watchman employed to look after the Gadilam bridge. The difference, Rs. 50, as compared with the revised estimate, is the contribution for the flood embankment for 1894–95 paid in the current year with the sanction of Government in G.O., Mis. No. 1791 M., dated 29th October 1895.

27. *Grant II, Education.*—Rs. 4,740 are provided for education against Rupees 4,720 applied for by the educational authorities and Rs. 4,570 in the revised estimate. In the budget received from the Director of Public Instruction provision is made on account of salary of the drawing master for eleven instead of twelve months. This is probably a clerical mistake. It is proposed to employ four sweepers on As. 8 each per month for the municipal salary-result schools in Uppalavadi, Fort St. David, Sanarappalaiyam and the Hindustani school in Old Town, and this accounts for the slight increase under "(*c*) Contingencies." The allotment for salary grant has been raised to Rs. 400 as suggested by the Director of Public Instruction. The only other alteration is an increase of Re. 1 proposed in the salary of the assistant teacher employed in the Fort St. David salary-result school who is now on the receipt of Rs. 5 a month.

28. *Grant III, Sanitation and Medical Services—Hospitals and Dispensaries.*—There is an increase in the allotment under this grant under "(*a*) Establishment" and "(*b*) Medicines and supplies" as compared with the revised estimate. This increase is due to provision having been made to open a hospital for women and children in the town. The increase would have been much larger but for certain changes and alterations proposed by the District Medical and Sanitary Officer in the existing establishments attached to the Old Town, Tiruppáppuliyúr dispensaries and lying-in ward. As regards the dispensary at Tiruppáppuliyúr, it is proposed to replace the first-class hospital assistant now in charge of it by a third-class hospital assistant, and to dispense with the services of the midwife, the peon and the nurse attached to it, while, as regards the Old Town hospital, which has been amalgamated with the institution at New Town, the services of the peon, cook, nurse and the toty employed in it are proposed to be dispensed with, and the salary of the matron attached to it reduced from Rs. 15 to Rs. 12. It is also proposed to do away with the matron and the nurse of the lying-in ward as accommodation for lying-in cases will be provided in the hospital for women and children. The establishment proposed for this new institution is as below:—

	Rs.
One female apothecary on	100 a month.*
One compounder and clerk on	12 ,,
One midwife	15 ,,
One female ward cooly	6 ,,
One cook	6 ,,
One waterwoman	4 ,,
One dhoby	5 ,,
One toti	6 ,,
One peon	5 ,,

* With house-rent of Rs. 15 a month.

A proposition statement of the changes and alterations proposed is enclosed for the sanction of Government. The increase under medicines is due to a sum of Rs. 500 having been provided for medicines required for the women and children hospital, while the decrease under diet of patients and sundries and contingencies is ascribed to the great care which is now exercised in admitting into the hospital such cases only as require treatment in it, and to the provision for house-rent for the Old Town hospital assistant having been struck out in consequence of the arrangement made to provide him with accommodation in the dispensary itself. I may here mention, for the information of Government, that Rajah Sir Savalai Ramaswami Mudaliar with his wonted liberality has offered his valuable help to meet the cost of the buildings for the new women and children's hospital. Government will be moved for the grant of a site for the buildings as resolved by the council at their meeting held on the 3rd idem.

29. *Registration of Births and Deaths, Rs.* 400.—There are at present two registrars, one on Rs. 15 and another on Rs. 10 a month. It is proposed to do away with the latter and to remunerate the ward inspectors with an anna for every case of birth or death reported by them, who will have to pay a fine of As. 2 for each case of death or birth which they fail to report, and to meet this charge a sum of Rs. 200

has been provided, as explained in the proceedings. A small sum of Rs. 20 is included under contingencies for the purchase of signboards, &c., for the use of the divisional registrars.

30. *Conservancy.*—The increase under this head is chiefly due to the re-organization of the sanitary establishment at the suggestion of the District Medical and Sanitary Officer. It is proposed to employ a trained chief sanitary inspector on a salary of Rs. 30 with pony allowance of Rs. 15 a month as explained in the proceedings, and provision has accordingly been made for his salary for eleven months in the budget as he will enter upon his duties in April next. The present staff consists of four inspectors on Rs. 21 each, one on Rs. 18, one on Rs. 15, and one on Rs. 10. This scale is proposed by the District Medical and Sanitary Officer to be revised as below:—

	Rs.
One on	20
Two on	15
,, on	12
,, on	10

They will be designated as sub-inspectors and placed under the supervision of the chief inspector proposed to be entertained. The council accepted the proposal after a consideration of the discussion that the proposed scale of pay should not be made applicable to the existing staff, most of whom are of long standing. A proposition statement of the alterations proposed is herein enclosed. The other items under this head are the same as in the current year and call for no remark.

31. *Other charges such as purchase or hire of Carts, Dry-earth, purchase and maintenance or hire of Bullocks, &c.*—The increase under this head is due to certain items of expenditure incurred in the current year on account of repair of latrine carts, hire of bullocks for such carts and rent of land taken up for the use of tatti latrines, which were hitherto shown under "Private Scavenging—Contingencies" having been transferred to the head of "Other charges," with reference to the instructions of Government in their memorandum, No. 110, dated 31st January 1895.

32. *Contingencies.*—The decrease under this head is due to the reason given above.

33. *Cholera charges.*—This is due to provision not having been made for the purchase of the sulphur and tar the use of which for purposes of fumigation has been discontinued with reference to the rules printed in G.O., No. 1028 M., dated 26th June 1895.

34. (5) (*d*) *Contingencies, Rs.* 150.—This small increase is intended for renewing the earth in latrines more frequently than at present.

35. *Grant IV, Lighting—(b) Contingencies.*—It is not intended to purchase additional lamp-posts and lanterns next year; hence for estimating the charges under this head at Rs. 224 below the figure in the revised estimate.

36. (iii) *Printing.*—The printing charges are within the budget provision; hence for reducing the estimated charges under this head for 1896–97.

37. *Other Items.*—The slight increase of Rs. 64 under this head calls for no remark.

38. *Grant V.*—The entries under this grant are almost the same as the figures in the revised estimate, and the slight alterations in them will be found explained in Comparative Statement VI.

Submitted.

2nd January 1896. (Signed) R. SUNDARESA MUDALIYAR,
Deputy Collector.

Forwarded.

2. The building of a hospital for women and children in Cuddalore and the bridging of the Uppanar are the two principal works proposed for 1896–97. It is, I think, doubtful whether the former will be completed during that year, but it is

hoped that the latter will be finished before the setting in of the next monsoon. Provided Rajah Sir Savalai Ramasami Mudaliar carries out his intention of meeting the cost of the hospital, which may probably cost some Rs. 20,000, the district board is prepared to share with the council the cost of maintaining the institution. The acquisition of a suitable site is likely to be costly, but it is hoped that Government will be pleased to meet this cost. The bridge over the Uppanar is very badly needed and it is probable that a suitable bridge can be erected at less cost than the Public Works Department authorities have estimated. Whatever it may cost, the district board is willing to contribute one-third, the council meeting another third, and both bodies trust that Government will be pleased to contribute the remaining third. The temporary bridge erected some time ago was destroyed by the heavy floods towards the end of last year and traffic by means of the existing ferry is most inconvenient. Since the introduction of the Customs duties, much of the trade of Pondicherry has been deflected to Cuddalore which is rapidly becoming an important port.

3. The municipal roads are by no means so good as they should be and it is very necessary that the council should devote special attention to them. The appointment of a competent overseer is a step in the right direction.

4. Public nuisances in the streets are abating, the Bench Magistrates having been roused to a proper sense of their duties, but there is still much room for improvement in the way of removing filth from backyards. The council should deal much more vigorously with persons who fail to take advantage of the private scavenging system and prefer to keep their habitations in an insanitary condition.

22*nd January* 1896. (Signed) A. E. C. STUART,
Ag. Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 15th January 1896, No. 290.

Adverting to the budget estimate of the Cuddalore Municipality for 1896–97, I have the honour to state that the provision therein made for education is sufficient and may be accepted. The net expenditure proposed under Grant II is Rs. 4,390 (4,740—350), or less than 12 per cent. of the estimated income from taxation, markets and rents.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 18th February 1896, No. 337-S.

I have the honour to state that the Cuddalore Municipality proposes to spend next year a sum equal to 23 per cent. of its probable receipts on the conservancy of the town. The arrangements proposed in paragraph 30 of the Chairman's letter for the sanitary supervision of the different divisions of the town need revision, with reference to the following remarks:—

(1) The certificated sanitary inspector proposed to be entertained should be paid a monthly salary of Rs. 45 + Rs. $7\frac{1}{2}$, horse allowance. He should be aided by two 3rd-grade inspectors on Rs. 25 + $7\frac{1}{2}$ each. This staff would be sufficient for actual needs. The seven sub-inspectors budgeted for will no longer be necessary.

(2) The number of scavengers for the public service is very much underestimated. The municipality incurs costs on account of cleansing of cesspools which are apparently not repaid by those benefited. It should be required to engage in contracts for cleansing cesspools only on a scale of remuneration being agreed to by householders.

ORDER—No. 404 M., dated 11th March 1896.

The estimated receipts and charges of the Cuddalore Municipality for 1896–97, as passed by Government, are compared below with the budget and revised estimates for the year 1895–96 and the actuals of 1894–95.

	Actuals, 1894–95.	Budget estimate, 1895–96.	Revised estimate, 1895–96.	Budget estimate, 1896–97.

REVISED ESTIMATE FOR 1895–96.

2. The current receipts and charges are now estimated at Rs. 47,860 and Rupees 50,580, respectively, against Rs. 44,790 and Rs. 48,480 anticipated in the sanctioned

budget. The increase in the receipts occurs chiefly under the taxes on buildings, vehicles and animals, tolls and advances recovered, and is partly counterbalanced by a decline under the tax on lands, which is explained in paragraph 5 of the Chairman's letter. The increase in the charges appears mainly under Grant I. Under G.Os., No. 691 M., dated 22nd June 1888, and No. 889 L., dated 17th May 1894, the municipal council was not competent to sanction, without reference to Government, the allotments of Rs. 2,500 and Rs. 30, respectively, under Grant I, Repairs—Communications and Drainage establishment, shown in Statement VI-A. These are, however, now approved. The provision for contribution to the cutlers' establishment will be struck out with reference to G.O., No. 97 L., dated 18th January 1895. The balance to be carried forward to the ensuing year's budget will then be Rs. 7,440.

Budget Estimate for 1896–97.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 49,860, against the revised estimate of Rs. 47,860, the increase being chiefly under the tax on arts and contributions from local boards.

4. *Charges.*—(1) The probable charges are entered as Rs. 54,310, against Rupees 50,580 in the revised estimate, the increase appearing under Grants I and III.

(2) *Grant I.*—Separate orders will be passed on the question of constructing an iron girder bridge over the Uppanar, referred to in paragraph 20 of the Chairman's letter, in regard to which a communication has been received from the President, District Board, South Arcot. Meanwhile the allotment of Rs. 7,000 for this purpose will be allowed to stand. The entertainment of a public works overseer, proposed in paragraph 24, is sanctioned.

(3) *Grant II.*—The proposed increase of one rupee in the salary of the assistant master of the Fort St. David school is approved.

(4) *Grant III.*—The remarks of the Surgeon-General on the provision for hospitals and dispensaries will be awaited. The abolition of the post of a registrar of births and deaths on Rs. 10 and the alterations in the conservancy establishment, proposed in paragraphs 29 and 30 of the Chairman's letter, are provisionally approved; but the suggestions made by the Sanitary Commissioner in his letter read above on this subject should receive the careful consideration of the municipal council. The estimated expenditure on private scavenging exceeds the receipts from this source by Rs. 550. The attention of the municipal council will be drawn to the remarks on this subject in paragraph 3 (4) of G.O., No. 1651 M., dated 16th October 1895, and in paragraph 4 of the Collector's endorsement. The Government must insist upon immediate steps being taken to remedy this state of things. If the system is properly worked, there is no reason why the receipts should not equal the expenditure, and it has been shown to be quite feasible by the experience of many other municipalities.

(5) *Grant IV.*—The municipal council's proposal to appoint a servant on Rs. 5 for the slaughter-house, instead of two on Rs. 6, as shown in the proposition statement, but to which reference should have been made in the Chairman's letter, is approved.

5. The budget, as revised by Government, closes with a balance of Rs. 3,010, or 6·0 per cent. of the estimated receipts.

Enclosure No. 2.

In a letter from the Chairman,
Municipal Council, Cuddalore,
dated 27th December 1895, No. 635.

404

No. M., , February 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers :—

From M.R.Ry. C. S. SRINIVASA RAO, Avargal, Chairman, Municipal Council, Cuddalore, to the Chief Secretary to Government (through the Revenue Officer in charge of the Cuddalore Division), dated 27th December 1895, No. 635.

I have the honour to submit the budget estimate of the Cuddalore Municipality for 1896–97, together with a copy of the resolution passed by the council at a meeing convened on the 19th instant for discussing it.

Revised Estimate for 1895–96.

Opening Balance.

2. The actual opening balance is Rs. 10,140 against Rs. 1,720 shown in the revised estimate for 1894–95. The increase in the balance is due to the better collection of taxes during 1894–95.

Receipts.

3. The total income of the year (excluding the opening balance) is estimated at Rs. 47,860 against the budget estimate of Rs. 44,790. The increase in the revised estimate, as compared with the budget, occurs chiefly under the following heads:—

		Rs.
(1)	Tax on buildings and lands	1,000
(2)	„ on vehicles, animals and carts	700
(3)	Tolls	900
(4)	Income from market	250
(5)	License fees	200
(6)	Cart-stand fees	108
(7)	Fines under Municipal and other Acts	300
(8)	Miscellaneous receipts	338
(9)	Advances recoverable	744
	Total ..	4,540

4. The increase under items (1) and (2) is mainly due to improvement in the collection of the current demand in the tax on buildings, vehicles, animals and carts. The increase under items (3), (4) and (6) is due to the rent of the tolls, market and cart-stand having been leased out for sums in excess of the amounts anticipated. The increase under item (5) is due to larger number of licenses taken out for burning brick-kilns. The increase under item (7) is due to the deterrent punishments awarded by the Bench Magistrates for nuisances committed in streets and by the sides of roads, while the increase under item (8) is chiefly due to larger number of travellers that resorted to the travellers' bungalow and to increased income from the sale of toll tickets.

5. The decrease in the revised estimate occurs chiefly under receipts from tax on lands and sale-proceeds of night-soil, street-refuse, &c., which amounts to Rupees 1,470. The decrease in the case of tax on lands is due to greater attention having

No. 404 M., 11TH MARCH 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. C. S. SRINIVASA RAO, Avargal, Chairman, Municipal Council, Cuddalore, to the Chief Secretary to Government (through the Revenue Officer in charge of the Cuddalore Division), dated 27th December 1895, No. 635.

I have the honour to submit the budget estimate of the Cuddalore Municipality for 1896–97, together with a copy of the resolution passed by the council at a meeting convened on the 19th instant for discussing it.

REVISED ESTIMATE FOR 1895–96.

Opening Balance.

2. The actual opening balance is Rs. 10,140 against Rs. 1,720 shown in the revised estimate for 1894–95. The increase in the balance is due to the better collection of taxes during 1894–95.

Receipts.

3. The total income of the year (excluding the opening balance) is estimated at Rs. 47,860 against the budget estimate of Rs. 44,790. The increase in the revised estimate, as compared with the budget, occurs chiefly under the following heads :—

		RS.
(1)	Tax on buildings and lands	1,000
(2)	„ on vehicles, animals and carts	700
(3)	Tolls	900
(4)	Income from market	250
(5)	License fees	200
(6)	Cart-stand fees	108
(7)	Fines under Municipal and other Acts	300
(8)	Miscellaneous receipts	338
(9)	Advances recoverable	744
	Total ..	4,540

4. The increase under items (1) and (2) is mainly due to improvement in the collection of the current demand in the tax on buildings, vehicles, animals and carts. The increase under items (3), (4) and (6) is due to the rent of the tolls, market and cart-stand having been leased out for sums in excess of the amounts anticipated. The increase under item (5) is due to larger number of licenses taken out for burning brick-kilns. The increase under item (7) is due to the deterrent punishments awarded by the Bench Magistrates for nuisances committed in streets and by the sides of roads, while the increase under item (8) is chiefly due to larger number of travellers that resorted to the travellers' bungalow and to increased income from the sale of toll tickets.

5. The decrease in the revised estimate occurs chiefly under receipts from tax on lands and sale-proceeds of night-soil, street-refuse, &c., which amounts to Rupees 1,470. The decrease in the case of tax on lands is due to greater attention having

27. *Grant II, Education.*—Rs. 4,740 are provided for education against Rupees 4,720 applied for by the educational authorities and Rs. 4,570 in the revised estimate. In the budget received from the Director of Public Instruction provision is made on account of salary of the drawing master for eleven instead of twelve months. This is probably a clerical mistake. It is proposed to employ four sweepers on As. 8 each per month for the municipal salary-result schools in Uppalavadi, Fort St. David, Sanarappalaiyam and the Hindustani school in Old Town, and this accounts for the slight increase under "(*c*) Contingencies." The allotment for salary grant has been raised to Rs. 400 as suggested by the Director of Public Instruction. The only other alteration is an increase of Re. 1 proposed in the salary of the assistant teacher employed in the Fort St. David salary-result school who is now on the receipt of Rs. 5 a month.

28. *Grant III, Sanitation and Medical Services—Hospitals and Dispensaries.*—There is an increase in the allotment under this grant under "(*a*) Establishment" and "(*b*) Medicines and supplies" as compared with the revised estimate. This increase is due to provision having been made to open a hospital for women and children in the town. The increase would have been much larger but for certain changes and alterations proposed by the District Medical and Sanitary Officer in the existing establishments attached to the Old Town, Tiruppáppuliyúr dispensaries and lying-in ward. As regards the dispensary at Tiruppáppuliyúr, it is proposed to replace the first-class hospital assistant now in charge of it by a third-class hospital assistant, and to dispense with the services of the midwife, the peon and the nurse attached to it, while, as regards the Old Town hospital, which has been amalgamated with the institution at New Town, the services of the peon, cook, nurse and the toty employed in it are proposed to be dispensed with, and the salary of the matron attached to it reduced from Rs. 15 to Rs. 12. It is also proposed to do away with the matron and the nurse of the lying-in ward as accommodation for lying-in cases will be provided in the hospital for women and children. The establishment proposed for this new institution is as below:—

	Rs.	
One female apothecary on	100	a month.*
One compounder and clerk on	12	„
One midwife	15	„
One female ward cooly	6	„
One cook	6	„
One waterwoman	4	„
One dhoby	5	„
One toti	6	„
One peon	5	„

* With house-rent of Rs. 15 a month.

A proposition statement of the changes and alterations proposed is enclosed for the sanction of Government. The increase under medicines is due to a sum of Rs. 500 having been provided for medicines required for the women and children hospital, while the decrease under diet of patients and sundries and contingencies is ascribed to the great care which is now exercised in admitting into the hospital such cases only as require treatment in it, and to the provision for house-rent for the Old Town hospital assistant having been struck out in consequence of the arrangement made to provide him with accommodation in the dispensary itself. I may here mention, for the information of Government, that Rajah Sir Savalai Ramaswami Mudaliar with his wonted liberality has offered his valuable help to meet the cost of the buildings for the new women and children's hospital. Government will be moved for the grant of a site for the buildings as resolved by the council at their meeting held on the 3rd idem.

29. *Registration of Births and Deaths, Rs.* 400.—There are at present two registrars, one on Rs. 15 and another on Rs. 10 a month. It is proposed to do away with the latter and to remunerate the ward inspectors with an anna for every case of birth or death reported by them, who will have to pay a fine of As. 2 for each case of death or birth which they fail to report, and to meet this charge a sum of Rs. 200

has been provided, as explained in the proceedings. A small sum of Rs. 20 is included under contingencies for the purchase of signboards, &c., for the use of the divisional registrars.

30. *Conservancy.*—The increase under this head is chiefly due to the re-organization of the sanitary establishment at the suggestion of the District Medical and Sanitary Officer. It is proposed to employ a trained chief sanitary inspector on a salary of Rs. 30 with pony allowance of Rs. 15 a month as explained in the proceedings, and provision has accordingly been made for his salary for eleven months in the budget as he will enter upon his duties in April next. The present staff consists of four inspectors on Rs. 21 each, one on Rs. 18, one on Rs. 15, and one on Rs. 10. This scale is proposed by the District Medical and Sanitary Officer to be revised as below:—

	Rs.
One on	20
Two on	15
„ on	12
„ on	10

They will be designated as sub-inspectors and placed under the supervision of the chief inspector proposed to be entertained. The council accepted the proposal after a consideration of the discussion that the proposed scale of pay should not be made applicable to the existing staff, most of whom are of long standing. A proposition statement of the alterations proposed is herein enclosed. The other items under this head are the same as in the current year and call for no remark.

31. *Other charges such as purchase or hire of Carts, Dry-earth, purchase and maintenance or hire of Bullocks, &c.*—The increase under this head is due to certain items of expenditure incurred in the current year on account of repair of latrine carts, hire of bullocks for such carts and rent of land taken up for the use of tatti latrines, which were hitherto shown under "Private Scavenging—Contingencies" having been transferred to the head of "Other charges," with reference to the instructions of Government in their memorandum, No. 110, dated 31st January 1895.

32. *Contingencies.*—The decrease under this head is due to the reason given above.

33. *Cholera charges.*—This is due to provision not having been made for the purchase of the sulphur and tar the use of which for purposes of fumigation has been discontinued with reference to the rules printed in G.O., No. 1028 M., dated 26th June 1895.

34. (5) (*d*) *Contingencies, Rs.* 150.—This small increase is intended for renewing the earth in latrines more frequently than at present.

35. *Grant IV, Lighting—(b) Contingencies.*—It is not intended to purchase additional lamp-posts and lanterns next year; hence for estimating the charges under this head at Rs. 224 below the figure in the revised estimate.

36. (iii) *Printing.*—The printing charges are within the budget provision; hence for reducing the estimated charges under this head for 1896–97.

37. *Other Items.*—The slight increase of Rs. 64 under this head calls for no remark.

38. *Grant V.*—The entries under this grant are almost the same as the figures in the revised estimate, and the slight alterations in them will be found explained in Comparative Statement VI.

Submitted.

2*nd January* 1896. (Signed) R. SUNDARESA MUDALIYAR,
Deputy Collector.

Forwarded.

2. The building of a hospital for women and children in Cuddalore and the bridging of the Uppanar are the two principal works proposed for 1896–97. It is, I think, doubtful whether the former will be completed during that year, but it is

hoped that the latter will be finished before the setting in of the next monsoon. Provided Rajah Sir Savalai Ramasami Mudaliar carries out his intention of meeting the cost of the hospital, which may probably cost some Rs. 20,000, the district board is prepared to share with the council the cost of maintaining the institution. The acquisition of a suitable site is likely to be costly, but it is hoped that Government will be pleased to meet this cost. The bridge over the Uppanar is very badly needed and it is probable that a suitable bridge can be erected at less cost than the Public Works Department authorities have estimated. Whatever it may cost, the district board is willing to contribute one-third, the council meeting another third, and both bodies trust that Government will be pleased to contribute the remaining third. The temporary bridge erected some time ago was destroyed by the heavy floods towards the end of last year and traffic by means of the existing ferry is most inconvenient. Since the introduction of the Customs duties, much of the trade of Pondicherry has been deflected to Cuddalore which is rapidly becoming an important port.

3. The municipal roads are by no means so good as they should be and it is very necessary that the council should devote special attention to them. The appointment of a competent overseer is a step in the right direction.

4. Public nuisances in the streets are abating, the Bench Magistrates having been roused to a proper sense of their duties, but there is still much room for improvement in the way of removing filth from backyards. The council should deal much more vigorously with persons who fail to take advantage of the private scavenging system and prefer to keep their habitations in an insanitary condition.

22*nd January* 1896. (Signed) A. E. C. STUART,
Ag. Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 15th January 1896, No. 290.

Adverting to the budget estimate of the Cuddalore Municipality for 1896–97, I have the honour to state that the provision therein made for education is sufficient and may be accepted. The net expenditure proposed under Grant II is Rs. 4,390 (4,740—350), or less than 12 per cent. of the estimated income from taxation, markets and rents.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 18th February 1896, No. 337-S.

I have the honour to state that the Cuddalore Municipality proposes to spend next year a sum equal to 23 per cent. of its probable receipts on the conservancy of the town. The arrangements proposed in paragraph 30 of the Chairman's letter for the sanitary supervision of the different divisions of the town need revision, with reference to the following remarks:—

(1) The certificated sanitary inspector proposed to be entertained should be paid a monthly salary of Rs. 45 + Rs. 7½, horse allowance. He should be aided by two 3rd-grade inspectors on Rs. 25 + 7½ each. This staff would be sufficient for actual needs. The seven sub-inspectors budgeted for will no longer be necessary.

(2) The number of scavengers for the public service is very much underestimated. The municipality incurs costs on account of cleansing of cesspools which are apparently not repaid by those benefited. It should be required to engage in contracts for cleansing cesspools only on a scale of remuneration being agreed to by householders.

ORDER—No. 404 M., dated 11th March 1896.

The estimated receipts and charges of the Cuddalore Municipality for 1896–97, as passed by Government, are compared below with the budget and revised estimates for the year 1895–96 and the actuals of 1894–95.

REVISED ESTIMATE FOR 1895–96.

2. The current receipts and charges are now estimated at Rs. 47,860 and Rupees 50,580, respectively, against Rs. 44,790 and Rs. 48,480 anticipated in the sanctioned

hoped that the latter will be finished before the setting in of the next monsoon. Provided Rajah Sir Savalai Ramasami Mudaliar carries out his intention of meeting the cost of the hospital, which may probably cost some Rs. 20,000, the district board is prepared to share with the council the cost of maintaining the institution. The acquisition of a suitable site is likely to be costly, but it is hoped that Government will be pleased to meet this cost. The bridge over the Uppanar is very badly needed and it is probable that a suitable bridge can be erected at less cost than the Public Works Department authorities have estimated. Whatever it may cost, the district board is willing to contribute one-third, the council meeting another third, and both bodies trust that Government will be pleased to contribute the remaining third. The temporary bridge erected some time ago was destroyed by the heavy floods towards the end of last year and traffic by means of the existing ferry is most inconvenient. Since the introduction of the Customs duties, much of the trade of Pondicherry has been deflected to Cuddalore which is rapidly becoming an important port.

3. The municipal roads are by no means so good as they should be and it is very necessary that the council should devote special attention to them. The appointment of a competent overseer is a step in the right direction.

4. Public nuisances in the streets are abating, the Bench Magistrates having been roused to a proper sense of their duties, but there is still much room for improvement in the way of removing filth from backyards. The council should deal much more vigorously with persons who fail to take advantage of the private scavenging system and prefer to keep their habitations in an insanitary condition.

22*nd January* 1896. (Signed) A. E. C. STUART,
Ag. Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 15th January 1896, No. 290.

Adverting to the budget estimate of the Cuddalore Municipality for 1896–97, I have the honour to state that the provision therein made for education is sufficient and may be accepted. The net expenditure proposed under Grant II is Rs. 4,390 (4,740—350), or less than 12 per cent. of the estimated income from taxation, markets and rents.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 18th February 1896, No. 337-S.

I have the honour to state that the Cuddalore Municipality proposes to spend next year a sum equal to 23 per cent. of its probable receipts on the conservancy of the town. The arrangements proposed in paragraph 30 of the Chairman's letter for the sanitary supervision of the different divisions of the town need revision, with reference to the following remarks;—

(1) The certificated sanitary inspector proposed to be entertained should be paid a monthly salary of Rs. 45 + Rs. $7\frac{1}{2}$, horse allowance. He should be aided by two 3rd-grade inspectors on Rs. 25 + $7\frac{1}{2}$ each. This staff would be sufficient for actual needs. The seven sub-inspectors budgeted for will no longer be necessary.

(2) The number of scavengers for the public service is very much under-estimated. The municipality incurs costs on account of cleansing of cesspools which are apparently not repaid by those benefited. It should be required to engage in contracts for cleansing cesspools only on a scale of remuneration being agreed to by householders.
