Copy of Proceedings
of the Municipal Council
dated 29th December 1895.

Enclosure No. 3

to

Letter No. 103 dated 31st December 1895.

No. 437 M., February 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers:—

From M.R.Ry. K. SESHADRIYENGAR Avargal, Chairman, Municipal Council, Srirangam, to the Chief Secretary to Government (through the Revenue Divisional Officer, Trichinopoly), dated 31st December 1895, No. 483.

I have the honour to submit, for the sanction of Government, the revised estimates for the current year and the budget estimates for the ensuing year 1896–97 of this municipality passed at the meeting held on 29th December 1895.

Revised Estimate, 1895–96.

Receipts.

2. The total receipts excluding opening balance amount to Rs. 32,680, which exceeds budget estimate of Rs. 28,570 by Rs. 4,110, and this is mainly due—*vide* Statement VI—(*a*) to the collection of arrears under items tax on arts and lands, license fees and contribution from local fund, (*b*) to fees in schools on account of the opening of one lower secondary and one girls' school, and (*c*) to the advances expected to be recovered. The only appreciable fall is under sale-proceeds of street sweepings which was bid only at a lower figure. The expectation of the council as to the collection of arrears has been nearly fulfilled. The only item that may require special mention is tax on arts, in which Rs. 1,020 arrears has already been collected and Rs. 300 more is expected to be collected. The difference between Rs. 3,740 and Rs. 1,320, or Rs. 2,420, is about the net amount for the present year, and how this has been reached, will be seen from paragraph 6 below.

I have this day forwarded the Chairman's letter about lower secondary school with my remarks. Please see it before deciding if the receipts and charges on account of the school should stand.

(Intld.) J. A.

Expenditure.

3. The total expenditure is Rs. 32,290, which shows an increase of Rs. 5,700 over the budget allotment of Rs. 26,590, of which Rs. 2,040 is in Grant I, Rs. 180 in Grant II, Rs. 1,650 in Grant III, and Rs. 1,110 in Grant IV. According to the instructions of the Government in its review of the last annual report, increases were made in the several items, and sanction is sought for the same in the special letter, No. 482, dated 31st December 1895.

Forwarded this day.

(Intld.) J. A.

The quantity of work finished in Grant I is really greater than what would appear from the revised estimate; for value of materials supplied to many of the roads and streets was not paid, as one of the contractors died and arrangements not yet made for drawing the amount, and bills passed for works completed were not paid before the 30th November last. Further, some works of emergent nature were undertaken and completed at a cost of Rupees 677–5–6 in anticipation of Government sanction. The iron latrine for which provision is made in the budget has to be converted into masonry latrine, as the council sees that elsewhere people do not use these as the arrangements are against their long-standing habit.

In the Local Fund Department when a contractor dies, amounts due can be transferred to deposits and entered as expenditure. I am not aware if the same cannot be done in the case of municipalities.

(Intld.) J. A.

See Divisional officer's endorsement.

(Intld.) J. A.

4. The places of the probationary vaccinator and the hospital writer were abolished, the first from 1st October on the recommendation of the Deputy Sanitary Commissioner and the second from the 21st October, as the council in resolution, No. 4, dated 28th September 1895, thought that the writer was unnecessary after the entertainment of the 3rd-class hospital assistant. The additional toties and increase of pay which were provided for, in anticipation of emergency, have not been necessary during the first eight months. The difference under other items are small and are explained in Statement VI.

BUDGET ESTIMATE, 1896–97.

Receipts.

5. The estimated income of the year 1896–97 excluding the opening balance is Rs. 28,830, which shows a decrease of Rs. 3,850 below the revised estimate of Rupees 32,680 and an increase of Rs. 260 over the budget of 1895–96 of Rs. 28,570. The difference between the revised estimate and the budget, as will be seen from the following remarks, is mainly due to the comparatively small amount of arrears expected.

6. *Tax on Arts.*—With due deference to the G.O., No. 509, dated 20th March 1895, reviewing the budget estimate of this municipality for 1895–96 and raising the budget allotment of that year for this item, the council took prompt measures. Availing ourselves of the decision of the High Court and assessing the vakils who are residing here and have been hitherto paying their tax to the Trichinopoly Municipality for their profession, the Chairman assessed and the council realized a sum of about Rs. 400 from this source. Also assessing jutka drivers for their profession and working the provisions of the Act with greater rigour, a further sum of about Rs. 400 has been raised. Thus the net amount under this item rose for the present year to about Rs. 2,400, and Rs. 2,500 is therefore the highest net figure the council can fix for the year 1896–97, which, together with arrears that may stand out, makes up a sum of Rs. 3,000 in the budget.

	Rs.
Budget, 1896–97	3,000
Revised estimate, 1895–96	3,740
Difference ..	740

	Rs.
Budget, 1896–97	11,300
Revised estimate, 1895–96	12,580
Difference ..	1,280

7. *Tax on Buildings and Lands.*—The difference between the revised estimate and the budget is due to the small amount of arrears expected in the future.

	Rs.
Budget, 1896–97	4,000
Revised estimate, 1895–96	4,330
Difference ..	330

8. (2) (*e*), (*f*), (*g*).—Tax on vehicles, animals and carts are fluctuating items and last year's budget figures have been repeated.

	Rs.
Budget, 1896–97	1,400
Revised estimate, 1895–96	610
Difference ..	790

9. The budget contains fees for twelve months from the new lower secondary and girls' schools, while the revised estimate only contains for three months. Hence the increase.

Vide my remarks opposite paragraph 2.—J. A.

	Rs.
Budget, 1896–97	1,100
Revised estimate, 1895–96	1,610
Difference ..	510

10. *License Fees.*—The revised estimate included arrears. Hence the difference.

	Rs.
Budget, 1896–97	600
Revised estimate, 1895–96	800
Difference ..	200

11. *Fines.*—This is a fluctuating item and last budget figure is repeated.

	Rs.
Budget, 1896–97	400
Revised estimate, 1895–96	250
Difference ..	150

12. Provision has been made for the result grant to the girls' school on the salary system and the provision for the stipendiary contribution is again repeated on the recommendation of the Director of Public Instruction. Hence the increase.

	Rs.
Budget, 1896–97	1,700
Revised estimate, 1895–96	2,940
Difference ..	1,240

Contributions from Local Fund.—The difference between the revised estimate and the budget is because the first included arrears.

	Rs.
Budget, 1896–97	1,680
Revised estimate, 1895–96	1,150
Difference ..	530

13. The amount and rate of fees of private scavenging have been increased to make the service nearly self-supporting. Additional receipt is also provided for, as the council has adopted the Collector's suggestion * for the removal of the sewage water and to obtain as an initial encouragement only half the cost from the house-owners.

* In the absence of a proper drainage special and expensive arrangements have to be made for the removal of sewage water to prevent it sinking into and saturating the soil.
(Intld.) J. A.

Charges.

New Works.

	Rs.
Budget, 1896–97	3,340
Revised estimate, 1895–96	6,800
Difference ..	3,460

14. *Grant I.*—Less is provided for new works in budget than in the revised estimate as more was felt to be necessary for Grant III. Increase under repairs is owing to the additional provision for maintenance.

Repairs.

	Rs.
Budget, 1896–97	2,110
Revised estimate, 1895–96	1,800
Difference ..	310

15. The pay of the Public Works maistry is reduced by Rs. 1–8–0 per mensem, as his work has been lightened by employment of a separate individual for superintending the lighting work (see paragraph 25 below).

16. *Grant II.*—The net difference between the revised estimate, Rs. 3,420, and the proposed budget, Rs. 4,750, is owing to the new lower secondary † boys' school and girls' school and to the adoption of increased salaries proposed by the Educational Department to the teachers of the salary-result system schools for reasons stated in the margin ‡. As the Director of Public Instruction approves of the recommendation of the Assistant Inspector to remove the cost of maintaining the play-ground garden on the ground that it is not an educational charge, the item has been removed to Grant IV, Public Garden. Also the council does not see the necessity for the carriage allowance of the inspecting schoolmaster recommended by the Educational Department.

† *Vide* my remarks opposite paragraph 2.
(Intld.) J. A.

‡ Extract from the letter of the Assistant Inspector of Schools, 6th Division.

"As the salary of the teachers in six of the salary-results schools, viz., Rs. 5, is very low for a head master, and as it is very difficult for a teacher to maintain himself in a town like Srirangam on Rs. 5, the increase is very necessary; hence the provision."

	Rs.
Budget 1896–97	3,110
Revised estimate, 1895–96	3,000
Difference ..	110

17. *Grant III, Hospital.*—Provision is made for a purveyor on Rs. 8 per mensem. Increased provision has been made to the value of Rs. 200 for medicine and diet over the last budget estimate.

18. *Contribution for Medical School, &c.*—In spite of the suggestion of the Collector and the recommendation of the Chairman, the council regrets its inability to contribute at present to the Dufferin's fund. But at the same time it is prepared to employ any caste female medical practitioner trained by the Association.

This is unfortunate, but it is hoped that the council will have an opportunity of employing a trained practitioner. Srirangam is a place which requires one very much.
(Intld.) J. A.

19. *Vaccination.*—Decrease is Rs. 60 under the current budget as per reasons stated in paragraph 4 *supra*.

20. *Conservancy Establishment.*—Provision is made for the higher salary of Rs. 20 per mensem for the sanitary inspector who will be trained, and for an increase of Re. 1 to the pay of Varadiengar, sanitary inspector, for his long service. Provision has also been made for additional toties and sweepers, and for twelve coolies for three months at Rs. 5 each per mensem for watering the streets and roads during the hot season.

21. *Other Charges.*—The decrease under (5) (*a*) (ii) is because there is no necessity for water-carts in the budget as the four under the revised estimate together with the two already existing are enough for the present.

22. *Private Scavenging Establishment.*—Four toties less is provided in the budget as the experience of the last three years showed the remaining number to be sufficient.

Contingencies.—Provision is made for the removal of sewage water as noted above.

23. *Cholera Charges.*—Suggestion in the G.O., No. 1028 M., dated 21st June 1895, has been followed and Rs. 1,000 provided.

24. *Festival Sanitary Arrangement.*—The recommendation of the District Medical and Sanitary Officer for additional hospital assistants, &c., which was adopted for the current year, is expected to be repeated.

		Rs.
Budget, 1896–97	.. .. ..	2,320
Revised estimate, 1895–96	.. ..	1,990
Difference	..	330

25. *Grant IV, Lighting Establishment.*—Provision for one superintendent on a salary of Rs. 12 per mensem and two additional lamplighters, each on Rs. 4 per mensem, and an increase of pay, As. 8 each per mensem, to three lamplighters, is made.

Contingencies.—The increase is due to the provision made in the budget for twelve additional lights.

26. *Avenue Establishment.*—Two coolies are proposed to be entertained for the plantation of new cocoanut trees. Provision is also made for the contingencies.

27. (6) *Public Garden.*—The play-ground garden charges as already mentioned in paragraph 16 *supra* are brought under this head. Hence the expenditure for the year.

28. *Survey of Land Establishment.*—Three surveyors—one on a salary of Rs. 20 and two on a salary of Rs. 15 each—and six coolies on Rs. 5 each, per mensem, expected to be entertained for three months. This, together with contingencies, Rs. 260, is provided in view of the resolution * of the council, dated 30th November 1895, No. 1, for surveying the streets.

* This is, I believe (being in camp, I have not papers for reference), passed in consequence of a letter I wrote suggesting the necessity of having all streets and lanes mapped to scale with a view to prevent encroachments new to commerce, especially in view of a possible drainage scheme. Since then, however, I have come to understand that Government contemplates the survey and mapping at Government cost of the streets of all large towns, and if so this cost may be unnecessary. I would only add however, as a result of personal observation, that it is eminently desirable to have the streets of Srirangam and Trichinopoly mapped out as soon as possible.
(Intld.) J. A.

29. Other Charges are Rs. 920 less than the revised estimate, as the revised estimate includes arrears payment for printing.

30. *Grant V, Establishment.*—Half-a-rupee each for a peon of twenty years' service and a masalji in low pay is allowed. The additional bill collector under revised estimate will have to be continued.

		Rs.
Budget, 1896–97	.. .. ..	360
Revised estimate, 1895–96	.. ..	60
Difference	..	300

31. The usual carriage allowance to the Chairman is repeated in the budget; hence the difference.

32. The budget, as proposed by the council, closes with a balance of Rs. 3,270, or 11·3 per cent. of the total estimated receipts.

Submitted.

Paragraph 3.—I am aware that in Trichinopoly iron latrines are as freely used as masonry ones.

Paragraph 22.—Reduction of four toties seems inadvisable.

15*th January* 1896. (Signed) KADIR NAVAZ,
Dy. Collector.

Endt. on C. No. 122 Rev. of 1896.

Submitted.

2. I have made remarks in the margin where they seemed necessary.

3. *Statement II-A, Part I* (*a*) (2) *and* (*b*) (7).—The estimates are small, but only a portion is proposed to be spent in 1896–97. The reason for not completing all in one year ought to have been given.

4. *Statement II-B.*—Alterations proposed (*i.e.*, lower secondary school) should not, I think, have been included. This statement apparently should show any existing establishments, proposed establishments being shown in proposition statement.

30*th January* 1896. (Signed) J. ANDREW,
Ag. Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 7th January 1896, No. 43.

With reference to the budget estimate of the Srírangam Municipality for 1896–97, I have the honour to state that the provision made therein for education is sufficient and calls for no remarks. The net expenditure proposed under Grant II is Rs. 2,950 (4,750—1,800) or nearly 15 per cent. of the estimated income of the municipality from taxation, markets and rents.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Camp, Maidkur, 21st January 1896, No. 144-S.

Adverting to the budget estimate of the Srírangam Municipality for 1896–97, I have the honour to state that the provision therein made for vaccination is sufficient and calls for no notice. For conservancy an allotment equal to a third of the estimated receipts is budgeted and is in advance of the current year's figure by Rs. 2,470.

The existing staff for supervising conservancy arrangements seems unnecessarily large. There are no less than four inspectors including the one deputed for the private scavengering service, receiving a total salary of Rs. 61 per mensem. These should be replaced by a single certificated sanitary inspector on a pay of Rs. 45 + Rs. 15. The permanent staff of sweepers, which at present is only sixteen strong, should be increased to twenty-two. Taking the population attended to under private scavenging at 3,600, the scavengers intended for public service should be increased by eighteen. I would advise that the council be required to purchase four more iron night-soil carts of not less than twelve cubic feet capacity, and abolish the wooden ones at present in use.

2. Under Grant I, Rs. 1,530 are set apart for executing certain sanitary worksf The small estimate of Rs. 420 for three latrines requires explanation. The pattern o latrines used should be selected in consultation with the Sanitary Board.

through the Revenue Board officer
Trichinopoly

Sir,

5 6 In the Sub division A of the following lists, i & ii were considered urgent by the Sanitary Commissioner, and iii was also urgent, the road being in a very bad condition on account of the heavy rains. The works were therefore done in anticipation of the necessary sanction which is now sought.

Sub Division B i to ii are the works proposed at the meeting of the 29th Instant and other previous meetings in accordance with the remark in G.O. No. 1422. Dated

dated 4th September 1895, reviewing the annual report of this Municipality. 12. The revival of Municipal Lower Secondary School is a long cherished desideratum. 13. The transfer of management of South Chittra Street Girl School is proposed to be accepted at the request of the present Committee and the recommendation of the Inspectress of Girl Schools. 14. The entertainment of a separate bill Collector is found necessary for the collection of tax on Arbs etc.

As the Council desires to commence the Schools from the time of reopening of the Schools in January and that the works should be finished before the 31st March next, an early sanction is solicited and the usual proposition Statement is herewith submitted.

I have the honor to be,
Sir,

2. I think sanction might be accorded in all cases except the 2nd Secondary School (item 12) with the opinion of the D.P.I. the Inspector Married. It is not a matter which can be hurriedly decided upon a few weeks before the school closes for the year as there is no time for proper consideration of the merits of each of the offers. Very much doubt if it is worth keeping the school, the Municipality incurring the charges for which there are 3 units of in Trichinopoly exceptionally well managed schools charging much lower fees. If a new school is at all likely to succeed - which I greatly doubt - in Srivaikuntam, private enterprise will be forthcoming. I believe the Municipal Council had a municipal school some years ago, but it dwindled down in consequence of the establishment of a private school. It is not a good deal if the money might well be spent on other objects. I therefore do not recommend the sanction - certainly not without first consulting the District.

REVISED ESTIMATE 1895-96.

2. The current receipts and charges are now estimated at Rs.32,290 respectively against Rs.28,570 and Rs.26,590 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts, lands, vehicles and animals, school-fees, license fees, contributions from local boards and advances recovered, while that in the charges appears mainly under Grants I, III and IV. The collections under the principal taxes during the first eight months of the year were again satisfactory. The Municipal Council's proposal to to take over the management of the South Chitrai street Girls' school, referred to in the Chairman's second letter read above is sanctioned. The sanction of Government is not necessary for the works proposed in this letter, but it should be obtained for the allotments of funds not exceeding Rs.500 in each case. The entertainment of an additional bill-collector on Rs.10 cannot be sanctioned, as the Government is not satisfied of the necessity. The alterations in the Hospital and Vaccination establishments, which from the proposition statement submitted with the letter above referred to and from paragraph 4 of the Chairman's first letter appear to have been made, are approved. As suggested by the Collector, the amounts due to the deceased contractor should be entered under expenditure and kept as deposits until claimed by his legal representatives. The

The balance to be carried forward to the ensuing year's budget will be Rs. ~~5,780~~ 5710

BUDGET ESTIMATE 1896-97.

3. Receipts. The receipts for the ensuing year are placed at Rs.28,830 against Rs.32,680 in the revised estimate, the decrease which appears chiefly under the taxes on arts, buildings and lands, license fees and contributions from local boards being partly met by an increase under school fees and private scavenging fees.

4. Charges. (1). The probable charges are put down at Rs.31,310 against Rs.32,290 in the revised estimate, the decrease under Grant I being to a great extent counterbalanced by an increase under the other Grants.

(2) Grant I. The reduction of Rs.1-8-0 in the salary of the public works maistry proposed in para.15 of the Chairman's first letter is approved.

(3) Grant II. The increases in the salaries of the masters of the salary result system schools, referred to in para.16, are sanctioned.

(4) Grant III. The proposed entertainment of a purveyor for the hospital will, with reference to the remarks of the Surgeon General in para.2 of his letter read above, be disallowed. The increase in the salary of the midwife from Rs.10 to Rs.12 from 1st. June 1896, which from the proposition statement appears to be contemplated, is approved; but reference should have been made to this in the Chairman's letter. The

Council's attention will be drawn to the Surgeon-General's remarks in para.3 of his letter. The additions to and alterations in the conservancy establishment referred to in para.20 are sanctioned. The Council's proposal to reduce the number of private scavenging toties cannot be approved. The suggestions of the Sanitary Commissioner in para.1 of his letter read above will be referred to the Council for consideration, in view of their reducing the no. of inspectors & increasing the staff of scavengers &

(5) Grant IV. The entertainment of a lighting superintendent on Rs.12, and ~~two~~ one additional lamp-lighters on Rs.4, each, proposed in para.25, is sanctioned; ~~but~~ The increase recommended in the salaries of three of the lamp-lighters will be disallowed as the necessity ~~for it~~ has not been made out. The entertainment of two men on Rs. each for planting avenue trees is sanct-ed. As the survey of Municipalities is to be undertaken by the Survey Dept Government, the provision of Rs.260 made for this purpose will meantime be struck out.

(6) Grant V. The increases in the salary of the peon and the masalchi of the Municipal office, proposed in para.30, are sanctioned. The provision made for the salary of an additional bill-collector will, with reference to para.2 supra, be struck out.

5. The budget as revised by Government closes with a balance of Rs. ~~3,610~~ 3790 or 15 per cent of the estimated receipts.

28/3/96 2.iii.96

No. 437 M., 16TH MARCH 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. K. SESHADRI AIYANGAR Avargal, Chairman, Municipal Council, Srírangam, to the Chief Secretary to Government (through the Revenue Divisional Officer, Trichinopoly), dated 31st December 1895, No. 483.

I have the honour to submit, for the sanction of Government, the revised estimates for the current year and the budget estimates for the ensuing year 1896-97 of this municipality passed at the meeting held on 29th December 1895.

REVISED ESTIMATE, 1895-96.

Receipts.

2. The total receipts excluding opening balance amount to Rs. 32,680, which exceeds the budget estimate of Rs. 28,570 by Rs. 4,110, and this is mainly due—*vide* Statement VI—(*a*) to the collection of arrears under items tax on arts and lands, license fees and contribution from local funds, (*b*) to fees in schools on account of the opening of one lower secondary and one girls' school, and (*c*) to the advances expected to be recovered. The only appreciable fall is under sale-proceeds of street sweepings which was bid only at a lower figure. The expectation of the council as to the collection of arrears has been nearly fulfilled. The only item that may require special mention is tax on arts, in which Rs. 1,020 arrears has already been collected and Rs. 300 more is expected to be collected. The difference between Rs. 3,740 and Rs. 1,320, or Rs. 2,420, is about the net amount for the present year, and how this has been reached, will be seen from paragraph 6 below.

I have this day forwarded the Chairman's letter about lower secondary school with my remarks. Please see it before deciding if the receipts and charges on account of the school should stand.

(Intld.) J. A.

Expenditure.

3. The total expenditure is Rs. 32,290, which shows an increase of Rs. 5,700 over the budget allotment of Rs. 26,590, of which Rs. 2,040 is in Grant I, Rs. 180 in Grant II, Rs. 1,650 in Grant III, and Rs. 1,110 in Grant IV. According to the instructions of the Government in its review of the last annual report, increases were made in the several items, and sanction is sought for the same in the special letter, No. 482, dated 31st December 1895.

Forwarded this day.

(Intld.) J. A.

The quantity of work finished in Grant I is really greater than what would appear from the revised estimate; for value of materials supplied to many of the roads and streets was not paid, as one of the contractors died and arrangements not yet made for drawing the amount, and bills passed for works completed were not paid before the 30th November last. Further, some works of emergent nature were undertaken and completed at a cost of Rupees 677-5-6 in anticipation of Government sanction. The iron latrine for which provision is made in the budget has to be converted into masonry latrine, as the council sees that elsewhere people do not use these as the arrangements are against their long-standing habit.

In the Local Fund Department when a contractor dies, amounts due can be transferred to deposits and entered as expenditure. I am not aware if the same cannot be done in the case of municipalities.

(Intld.) J. A.

See Divisional officer's endorsement.

(Intld.) J. A.

4. The places of the probationary vaccinator and the hospital writer were abolished, the first from 1st October on the recommendation of the Deputy Sanitary Commissioner and the second from the 21st October, as the council in resolution, No. 4, dated 28th September 1895, thought that the writer was unnecessary after the entertainment of the 3rd-class hospital assistant. The additional toties and increase of pay which were provided for, in anticipation of emergency, have not been necessary during the first eight months. The difference under other items are small and are explained in Statement VI.

Budget Estimate, 1896–97.

Receipts.

5. The estimated income of the year 1896–97 excluding the opening balance is Rs. 28,830, which shows a decrease of Rs. 3,850 below the revised estimate of Rupees 32,680 and an increase of Rs. 260 over the budget of 1895–96 of Rs. 28,570. The difference between the revised estimate and the budget, as will be seen from the following remarks, is mainly due to the comparatively small amount of arrears expected.

6. *Tax on Arts.*—With due deference to the G.O., No. 509, dated 20th March 1895, reviewing the budget estimate of this municipality for 1895–96 and raising the budget allotment of that year for this item, the council took prompt measures. Availing ourselves of the decision of the High Court and assessing the vakils who are residing here and have been hitherto paying their tax to the Trichinopoly Municipality for their profession, the Chairman assessed and the council realized a sum of about Rs. 400 from this source. Also assessing jutka drivers for their profession and working the provisions of the Act with greater rigour, a further sum of about Rs. 400 has been raised. Thus the net amount under this item rose for the present year to about Rs. 2,400, and Rs. 2,500 is therefore the highest net figure the council can fix for the year 1896–97, which, together with arrears that may stand out, makes up a sum of Rs. 3,000 in the budget.

	Rs.
Budget, 1896–97	3,000
Revised estimate, 1895–96	3,740
Difference ..	740

	Rs.
Budget, 1896–97	11,300
Revised estimate, 1895–96	12,580
Difference ..	1,280

7. *Tax on Buildings and Lands.*—The difference between the revised estimate and the budget is due to the small amount of arrears expected in the future.

	Rs.
Budget, 1896–97	4,000
Revised estimate, 1895–96	4,330
Difference ..	330

8. (2) (*e*), (*f*), (*g*).—Tax on vehicles, animals and carts are fluctuating items and last year's budget figures have been repeated.

	Rs.
Budget, 1896–97	1,400
Revised estimate, 1895–96	610
Difference ..	790

Vide my remarks opposite paragraph 2.—J. A.

9. The budget contains fees for twelve months from the new lower secondary and girls' schools, while the revised estimate only contains for three months. Hence the increase.

	Rs.
Budget, 1896–97	1,100
Revised estimate, 1895–96	1,610
Difference ..	510

10. *License Fees.*—The revised estimate included arrears. Hence the difference.

	Rs.
Budget, 1896–97	600
Revised estimate, 1895–96	800
Difference ..	200

11. *Fines.*—This is a fluctuating item and last budget figure is repeated.

	Rs.
Budget, 1896–97	400
Revised estimate, 1895–96	250
Difference ..	150

12. Provision has been made for the result grant to the girls' school on the salary system and the provision for the stipendiary contribution is again repeated on the recommendation of the Director of Public Instruction. Hence the increase.

	Rs.
Budget, 1896–97	1,700
Revised estimate, 1895–96	2,940
Difference ..	1,240

Contributions from Local Funds.—The difference between the revised estimate and the budget is because the first included arrears.

	Rs.
Budget, 1896–97	1,680
Revised estimate, 1895–96	1,150
Difference ..	530

13. The amount and rate of fees of private scavenging have been increased to make the service nearly self-supporting. Additional receipt is also provided for, as the council has adopted the Collector's suggestion * for the removal of the sewage water and to obtain as an initial encouragement only half the cost from the house-owners.

* In the absence of a proper drainage special and expensive arrangements have to be made for the removal of sewage water to prevent it sinking into and saturating the soil
(Intld.) J. A.

Charges.

New Works.	Rs.
Budget, 1896–97	3,340
Revised estimate, 1895–96	6,800
Difference ..	3,460

14. *Grant I.*—Less is provided for new works in budget than in the revised estimate as more was felt to be necessary for Grant III. Increase under repairs is owing to the additional provision for maintenance.

Repairs.	
Budget, 1896–97	2,110
Revised estimate, 1895–96	1,800
Difference ..	310

15. The pay of the Public Works maistry is reduced by Rs. 1–8–0 per mensem, as his work has been lightened by the employment of a separate individual for superintending the lighting work (see paragraph 25 below).

16. *Grant II.*—The net difference between the revised estimate, Rs. 3,420, and the proposed budget, Rs. 4,750, is owing to the new lower secondary † boys' school and girls' school and to the adoption of increased salaries proposed by the Educational Department to the teachers of the salary-result system schools for reasons stated in the margin ‡. As the Director of Public Instruction approves of the recommendation of the Assistant Inspector to remove the cost of maintaining the play-ground garden on the ground that it is not an educational charge, the item has been removed to Grant IV, Public Garden. Also the council does not see the necessity for the carriage allowance of the inspecting schoolmaster recommended by the Educational Department.

† *Vide* my remarks opposite paragraph 2.
(Intld.) J. A.

‡ Extract from the letter of the Assistant Inspector of Schools, 6th Division.

"As the salary of the teachers in six of the salary-result schools, viz., Rs. 5, is very low for a head master, and as it is very difficult for a teacher to maintain himself in a town like Srirangam on Rs. 5, the increase is very necessary; hence the provision."

	Rs.
Budget 1896–97	3,110
Revised estimate, 1895–96	3,000
Difference ..	110

17. *Grant III, Hospital.*—Provision is made for a purveyor on Rs. 8 per mensem. Increased provision has been made to the value of Rs. 200 for medicine and diet over the last budget estimate.

18. *Contribution for Medical School, &c.*—In spite of the suggestion of the Collector and the recommendation of the Chairman, the council regrets its inability to contribute at present to the Dufferin's fund. But at the same time it is prepared to employ any caste female medical practitioner trained by the Association.

This is unfortunate, but it is hoped that the council will have an opportunity of employing a trained practitioner. Srirangam is a place which requires one very much.

(Intld.) J. A.

19. *Vaccination.*—Decrease is Rs. 60 under the current budget as per reasons stated in paragraph 4 *supra*.

20. *Conservancy Establishment.*—Provision is made for the higher salary of Rs. 20 per mensem for the sanitary inspector who will be trained, and for an increase of Re. 1 to the pay of Varada Aiyangar, sanitary inspector, for his long service. Provision has also been made for additional toties and sweepers, and for twelve coolies for three months at Rs. 5 each per mensem for watering the streets and roads during the hot season.

21. *Other Charges.*—The decrease under (5) (*a*) (ii) is because there is no necessity for water-carts in the budget as the four under the revised estimate together with the two already existing are enough for the present.

22. *Private Scavenging Establishment.*—Four toties less is provided in the budget as the experience of the last three years showed the remaining number to be sufficient.

Contingencies.—Provision is made for the removal of sewage water as noted above.

23. *Cholera Charges.*—Suggestion in the G.O., No. 1028 M., dated 21st June 1895, has been followed and Rs. 1,000 provided.

24. *Festival Sanitary Arrangement.*—The recommendation of the District Medical and Sanitary Officer for additional hospital assistants, &c., which was adopted for the current year, is expected to be repeated.

		Rs.
Budget, 1896–97	.. ..	2,320
Revised estimate, 1895–96	.. ..	1,990
Difference	..	330

25. *Grant IV, Lighting Establishment.*—Provision for one superintendent on a salary of Rs. 12 per mensem and two additional lamplighters, each on Rs. 4 per mensem, and an increase of pay, As. 8 each per mensem, to three lamplighters, is made.

Contingencies.—The increase is due to the provision made in the budget for twelve additional lights.

26. *Avenue Establishment.*—Two coolies are proposed to be entertained for the plantation of new cocoanut trees. Provision is also made for the contingencies.

27. (6) *Public Garden.*—The play-ground garden charges as already mentioned in paragraph 16 *supra* are brought under this head. Hence the expenditure for the year.

28. *Survey of Land Establishment.*—Three surveyors—one on a salary of Rs. 20 and two on a salary of Rs. 15 each—and six coolies on Rs. 5 each, per mensem, expected to be entertained for three months. This, together with contingencies, Rs. 260, is provided in view of the resolution * of the council, dated 30th November 1895, No. 1, for surveying the streets.

* This is, I believe (being in camp, I have not papers for reference), passed in consequence of a letter I wrote suggesting the necessity of having all streets and lanes mapped to scale with a view to prevent encroachments new to commerce, especially in view of a possible drainage scheme. Since then, however, I have come to understand that Government contemplates the survey and mapping at Government cost of the streets of all large towns, and if so this cost may be unnecessary. I would only add however, as a result of personal observation, that it is eminently desirable to have the streets of Srirangam and Trichinopoly mapped out as soon as possible.

(Intld.) J. A.

29. Other Charges are Rs. 920 less than the revised estimate, as the revised estimate includes arrears payment for printing.

30. *Grant V, Establishment.*—Half-a-rupee each for a peon of twenty years' service and a masalji in low pay is allowed. The additional bill collector under revised estimate will have to be continued.

		Rs.
Budget, 1896–97	.. ..	360
Revised estimate, 1895–96	.. ..	60
Difference	..	300

31. The usual carriage allowance to the Chairman is repeated in the budget; hence the difference.

32. The budget, as proposed by the council, closes with a balance of Rs. 3,270, or 11·3 per cent. of the total estimated receipts.

Submitted.

Paragraph 3.—I am aware that in Trichinopoly iron latrines are as freely used as masonry ones.

Paragraph 22.—Reduction of four toties seems inadvisable.

15*th January* 1896. (Signed) QÁDIR NAVAZ KHAN,
Deputy Collector.

Endt. on C. No. 122 Rev. of 1896.

Submitted.

2. I have made remarks in the margin where they seemed necessary.

3. *Statement II-A, Part I* (*a*) (2) *and* (*b*) (7).—The estimates are small, but only a portion is proposed to be spent in 1896–97. The reason for not completing all in one year ought to have been given.

4. *Statement II-B.*—Alterations proposed (*i.e.*, lower secondary school) should not, I think, have been included. This statement apparently should show any existing establishments, proposed establishments being shown in proposition statement.

30*th January* 1896. (Signed) J. ANDREW,
Ag. Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 7th January 1896, No. 43.

With reference to the budget estimate of the Srírangam Municipality for 1896–97, I have the honour to state that the provision made therein for education is sufficient and calls for no remarks. The net expenditure proposed under Grant II is Rs. 2,950 (4,750—1,800) or nearly 15 per cent. of the estimated income of the municipality from taxation, markets and rents.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Camp, Maidkur, 21st January 1896, No. 144-S.

Adverting to the budget estimate of the Srírangam Municipality for 1896–97, I have the honour to state that the provision therein made for vaccination is sufficient and calls for no notice. For conservancy an allotment equal to a third of the estimated receipts is budgetted and is in advance of the current year's figure by Rs. 2,470. The existing staff for supervising conservancy arrangements seems unnecessarily large.

There are no less than four inspectors including the one deputed for the private scavenging service, receiving a total salary of Rs. 61 per mensem. These should be replaced by a single certificated sanitary inspector on a pay of Rs. 45 + Rs. 15. The permanent staff of sweepers, which at present is only sixteen strong, should be increased to twenty-two. Taking the population attended to under private scavenging at 3,600, the scavengers intended for public service should be increased by eighteen. I would advise that the council be required to purchase four more iron night-soil carts of not less than twelve cubic feet capacity, and abolish the wooden ones at present in use.

2. Under Grant I, Rs. 1,530 are set apart for executing certain sanitary works. The small estimate of Rs. 420 for three latrines requires explanation. The pattern of latrines used should be selected in consultation with the Sanitary Board.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 15th February 1896, No. 136.

I have the honour to state that the provision made in Grant III of the budget estimate of the Srírangam Municipality for the year 1896–97 is sufficient.

2. I cannot approve of the proposal of the municipality regarding the entertainment of a purveyor on Rs. 8 per mensem. It would be better for the hospital assistant to purchase the articles direct from the bazaar to meet the demands of the hospital.

3. As regards the inability of the municipality to contribute to the Dufferin Fund and its offer to employ any caste female medical practitioner trained by the association, I would point out that, unless such municipalities assist in educating medical women, their services will not be available as is contemplated by the Council.

From M.R.Ry. K. SESHADRIAIYANGAR Avargal, Chairman, Municipal Council, Srírangam, to the Chief Secretary to Government (through the Revenue Divisional-officer, Trichinopoly), dated 31st December 1895, No. 482.

In the sub-division A of the following lists, I and II were considered urgent by the Sanitary Commissioner, and III was also urgent, the road being in a very bad condition on account of the heavy rains. The works were therefore done in anticipation of the necessary sanction which is now sought.

Sub-division B 1 to 11 are the works proposed at the meeting of the 29th instant and other previous meetings in accordance with the remark in G.O., No. 1422 M., dated 4th September 1895, reviewing the annual report of this municipality. 12. The revival of Municipal Lower Secondary school is a long-cherished desideratum. 13. The transfer of management of South Chittrai Street Girls' School is proposed to be accepted at the request of the present committee and the recommendation of the Inspectress of Girls' Schools. 14. The entertainment of a separate bill-collector is found necessary for the collection of tax on arts, &c.

As the council desires to commence the schools from the time of re-opening of the schools in January and that the works should be finished before the 31st March next, an early sanction is solicited and the usual proposition statement is herewith submitted.

ENCLOSURE.

LIST.

A.

		Rs.
1.	Plastering the platform of the slaughter-house	70
2.	Egg-shaped drain in the meat market	83
3.	Re-gravelling a portion of the East Chittrai street	463

B.

		Rs.
1.	Pulleys for drinking-water wells	150
2.	One well with pulley in Kondayampettai Kavalkara street	80
3.	Straw market in Tiruvanakaval Trunk road	45
4.	Extension of hospital dressing room	135
5.	Fifty moveable dust-bins	300
6.	Fitting the northern verandah of the present office for meeting purposes	180
7.	Renewal of temporary bridge over Natuvaikal channel in Kondayampettai	53
8.	Table and chairs for the meeting hall	150
9.	Two almirahs and one clock for the office	70
10.	Four water-carts and two wooden rubbish carts	550
11.	Gravelling a portion of Chittrai Street	569

2. I think sanction may be accorded in all cases except the Lower Secondary school (item 12) on which the opinion of the Director of Public Instruction should be first obtained. It is not a matter which should be hurriedly decided only a few weeks before the school should open as this gives no time for proper consideration of the matter by Government or other officers. I very much doubt if it is worth opening the school; the municipality will have to charge full rates while there are three miles off in Trichinopoly, three exceptionally well managed schools charging much lower fees. If a school is at all likely to succeed—which I greatly doubt—in Srírangam, private enterprise would be forthcoming. I believe the Council had a middle school some years ago, but it dwindled down in consequence of the establishment of a private school. It will cost a good deal, and the money might well be spent on other objects. I therefore do not recommend its sanction—certainly not without first consulting the Director.

TRIUNDEKULAM,
30th January 1896.

(Signed) J. ANDREW,
Ag. Collector.

ORDER—No. 437 M., dated 16th March 1896.

The estimated receipts and charges of the Srirangam Municipality for 1896–97, as passed by Government, are compared below with the budget and revised estimates for the year 1895–96 and the actuals of 1894–95:—

	Actuals, 1894–95.	Budget estimate, 1895–96.	Revised estimate, 1895–96.	Budget estimate, 1896–97.

REVISED ESTIMATE, 1895–96.

2. The current receipts and charges are now estimated at Rs. 32,680 and Rs. 32,290, respectively, against Rs. 28,570 and Rs. 26,590 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts, lands, vehicles and animals, school-fees, license fees, contributions from local boards and advances recovered, while that in the charges appears mainly under Grants I, III and IV. The collections under the principal taxes during the first eight months of the year were again far from satisfactory. In the budget review for 1895–96 the dilatoriness of the municipality in this respect was noticed and Government regrets that

it should have to animadvert upon this subject again. The collection of arrears was however satisfactory. The Municipal Council's proposal to take over the management of the South Chitrai Street Girls' school, referred to in the Chairman's second letter read above, is sanctioned; but, in view of the remarks of the Acting Collector with whom the Government is disposed to agree, the proposal to establish a Lower Secondary school cannot be approved until the Government is in possession of the opinion of the Director of Public Instruction to whom the proposal will be referred together with the Collector's remarks. The sanction of Government is not necessary for the works and other charges proposed in this letter, the allotments of funds not exceeding Rs. 500 in each case. The entertainment of an additional bill-collector on Rs. 10 cannot be sanctioned, as the Government is not satisfied of its necessity. The alterations in the Hospital and Vaccination establishments, which from the proposition statement submitted with the letter above referred to and from paragraph 4 of the Chairman's first letter appear to have been made, are approved. As suggested by the Collector, the amounts due to the deceased contractor should be entered under expenditure and kept as a deposit until claimed by his legal representatives. The balance to be carried forward to the ensuing year's budget will be Rs. 5,710.

BUDGET ESTIMATE, 1896–97.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 28,830 against Rs. 32,680 in the revised estimate, the decrease which appears chiefly under the taxes on arts, buildings and lands, license fees and contributions from local boards being partly met by an increase under school-fees and private scavenging fees. The receipts from educational institutions will be reduced by Rs. 1,100 with reference to the remarks in paragraph 4 (3) *infra*.

4. *Charges.* (1).—The probable charges are put down at Rs. 31,310 against Rs. 32,290 in the revised estimate, the decrease under Grant I being to a great extent counterbalanced by an increase under the other grants.

(2) *Grant I.*—The reduction of Re. 1–8–0 in the salary of the public works maistri proposed in paragraph 15 of the Chairman's first letter is approved.

(3) *Grant II.*—The increases in the salaries of the masters of the salary result system schools, referred to in paragraph 16, are sanctioned, except that, as stated in paragraph 2 *supra*, the establishment of the proposed Lower Secondary school will be postponed and the allotment of salaries on this account will therefore be removed from the budget for the present.

(4) *Grant III.*—The proposed entertainment of a purveyor for the hospital will, with reference to the remarks of the Surgeon-General in paragraph 2 of his letter read above, be disallowed. The increase in the salary of the midwife from Rs. 10 to Rs. 12 from 1st June 1896, which from the proposition statement appears to be contemplated, is approved; but reference should have been made to this in the Chairman's letter. The council's attention will be drawn to the Surgeon-General's remarks in paragraph 3 of his letter. The additions to and alterations in the conservancy establishment referred to in paragraph 20 are sanctioned. The Council's proposal to reduce the number of private scavenging toties cannot be approved. The expenditure on private scavenging is estimated to exceed the receipts by over Rs. 700. This is not at all satisfactory, and, if necessary, the fees for this service should be increased in order to render it self-supporting or the service should be extended without delay so as to cover the excess. The suggestions of the Sanitary Commissioner in paragraph 1 of his letter read above will be referred to the Council for consideration, in view of their reducing the number of inspectors and increasing the staff of scavengers and providing for the other sanitary improvements there recommended.

(5) *Grant IV.*—The entertainment of a lighting Superintendent on Rs. 12, and one additional lamp-lighter on Rs. 4 each, proposed in paragraph 25, is sanctioned; the entertainment of two lamp-lighters to light twelve extra lights appears to be quite unnecessary, especially as there will now be a lamp Superintendent specially to supervise the lighters' work. The increase recommended in the salaries of three of the lamp-lighters will be disallowed as its necessity has not been made out. The

entertainment of two men on Rs. 4 each for planting avenue trees is sanctioned. As the survey of municipalities is to be undertaken by the Government Survey Department, the provision of Rs. 260 made for this purpose will meantime be struck out.

(6) *Grant V.*—The increases in the salaries of the peon and the masalchi of the Municipal office, proposed in paragraph 30, are sanctioned. The provision made for the salary of an additional bill-collector will, with reference to paragraph 2 *supra*, be struck out.

5. The budget, as revised by Government, closes with a balance of Rs. 3,790 or 13·7 per cent. of the estimated receipts.
