Sir,

With reference to G.O. dated
20th Dec 1895 N^o. 2125M, I have the honor
to forward herewith a plan of the
Periya Kulam Municipality showing the
burial grounds within municipal limits.
Those marked N^{os} 1, 2 & 3 have been closed.
For N^{os} 4 & 5, which are still in use, new
sites have been selected. The remaining
grounds N^{os} 6, 7, 8, 9 & 10 are still in use. N^o 6
is for Mahammadans and does not appear
at present to be much used, but there
is no doubt that, when the other Ma-
hammadan burial ground N^o 4 is
permanently closed, this one will be
largely resorted to as the only one remain-
ing for these people within municipal
limits; and, as it is situated in a populous
portion

portion of the town, it is advisable that it should be closed. Nos 7, 8 & 9 are on the banks of the river and, although below the point from which most of the townspeople draw their supply of drinking water, I consider that, in the interests of those who drink this water after it leaves the town, these sources of pollution should be removed and new sites selected. No 10 is a Christian burial ground on the road side near the Cumkum Road toll-gate and being already full should be closed.

2. I have also the honor to state that this information was not furnished with my notes, as I was not aware at the time of the orders contained in G.O. No 166M dated 5th Feb 1895.
