Sir,

Enclosure.

As per
With reference to G.O. Nos. 1794 and 1870 N. 115
dated 29th October and 8th November 1895 respectively, I
have the honor to point out that the land therein referred
to forms part of the street in accordance with the defini-
tion of a street in Act I of 1884 as amended by Act VII of
1884 and Act II of 1892. If however it is held that this
definition does not apply in such cases, I request that
early orders may be issued for the demarcation of Munici-
pal and Government lands, so that they may be shewn on the
map now being prepared by the Survey Office.

I have the honor to be,

Sir,

Your most obedient servant,

The lands in question do not seem to form parts of a "street" as defined in Sec 3(1) of the Act, as they are not roads or passages over which the public have a right of way or lands lying between the road way and the main wall of any house adjacent thereto. The proposal to demarcate the limits of Govt and Municipal lands in the town may be referred to the Revenue Dept for consideration

Am I to work through the details of a number of pieces of land dealt with in 2 G.O. in order to find out the point at which orders are required? Let a proper note be put up & the connected plans be marked or separated so that I can see which is which

In cases Nos. 7^x & 8^x Sanction was refused, as ~~was~~ reducing the width of the street to an inconvenient extent. The President, M.C., now contends that the first three pieces of land do form part of the street, & requests that, if the definition of a street, as interpreted by him, is not held to apply, a demarcation of Municipal & Govt lands may be ordered, so that they may be shown on the map now being prepared by the Survey Office. However these pieces of land do not

As to the Survey Dept. will demarcate the Govt. & Municipal land, but there is objection to drawing attention through the R.D. to the necessity of this being done. Then when we have the Govt. land clearly distinguished the Govt. should be able to call all the small adjoining pieces which it is not for any reason desired to

The Govt. reports that it is unable to modify the decision arrived at in G.O. No. 1794 M of 29.10.95 & No. 1870 M of 8.11.95. And in regard to the plot of ground marked A in plan No. 8 would suggest the demarcation of the acquisition by the Govt. of the land on either side of the street. The attention of the Survey Dept. will be called to the R.D. to the necessity of this being done. (see enclosure forwarded of page 2).

DR J. B. S. C. P.

The Survey Dept. will be informed that the Govt. is unable to modify the decision arrived at in G.O. No. 1794 M of 29.10.95 & No. 1870 M of 8.11.95, with reference to the price of land proposed to be sold to Vellamural (marked A in plan No. 8) is of opinion that so far from its sale being desirable, the Municipality ought rather to acquire the sites on either side of it, in the event of their being private municipal property, in order to widen the street.

2. The attention of the Survey Dept. will be drawn through the Rev. Dept. to the necessity of carefully demarcating the limits of Government & Municipal land, when this has been done the Collector of Madras will be requested to sell all the small
