READ the following:—

Proceedings of the Sanitary Board
No. 15 dated 2nd August 1895.

1581
1-10-96

The Sanitary Board resolves to request the Chief Engineer, D.P.W., to kindly direct the attention of the Executive Engineer, Salem, to the desirability of carefully examining the area below the "Hannum mark" on the Gummalli Hills where certain irrigation wells exist in reference to the feasibility of using the subsoil water at this point alone, or in combination with the surface and spring waters finding an outlet near the Hannum Temple in rear of the Gummalli Range as a source
