Copy of letter from the District
Medical & Sanitary Officer, Arcotapur
of 6th November 1895, No. 128 to
the Secretary to Surgeon
General with the Government of
Madras.

I have the honour to
submit the following for favourable
consideration of the Surgeon
General with the Government of
Madras; great inconvenience
is experienced for want of a Hospital
Assistant for the Police Hospital,
Arcotapur which is the only one
for the whole District with a
strength of 500 men.

2. Since the removal of
the Police Hospital to the new
building in July 1894, the Subordinate
charge of the hospital has
devolved upon the Assistant
Surgeon whose time in the morning
is taken up for nearly 1 1/2 hours
in attending upon the sick un-
aided. Prior to the preparation
of the Police Hospital it was
located in the same building
with the Municipal hospital

and the Municipal Hospital Assistant looked after the Police Hospital duties as well as his own leaving the Assistant Surgeon for more important work.

3. When the Assistant Surgeon is employed on other duties such as giving evidence before the Magistrates' and Session Courts, the Police Hospital is left without any body in subordinate charge and it is very inconvenient to employ the Municipal Subordinate without prejudice to his own work as the Police Hospital is situated about a mile and a half from the Municipal Hospital.

4. The duties required of a Hospital Assistant at the Police hospital are compounding medicines and dressing for the sick, preparation of statements and returns. If the Police lines near the Hospital under contemplation are constructed, the Hospital Assistant will have to attend on the families of the Police. He will be further required to assist at the Major operations in the Municipal hospital and his services will be utilized during epidemics in the town.

5. Under these circumstances it is absolutely necessary to place the services of a 3rd. Class Hospital Assistant for permanently for the Police Hospital so as to relieve the Assistant Surgeon at present in subordinate charge for more important duties.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

Copy attached
~~End from~~ the Surgeon General, Madras, dated 25th. November 1895, No. 522, on letter from the District Medical Sanitary Officer, Anantapur.

Submitted for the favourable consideration and orders of Government with reference to G.O. No. 883 M. Local and Municipal dated the 9th. August 1888.

2. As the Police Hospital has since July 1894 been removed to a new building, it is I consider necessary, in the interests of the institution that a separate Hospital Assistant should be sanctioned for the charge especially as under the new orders the Assistant Surgeon is liable to be sent out on inspection duty in the District and is not likely to be at all times available at Head quarters.

From the Inspector General of Police, Madras, dated 29th. January 1896, No. 382:—

I have the honour to submit for the orders of the Government, a letter from the District Medical Officer, Anantapur, to the Surgeon General, dated 6th. November 1895, No. 128, and his endorsement on the letter, dated 25th. November 1895, No. 522, concerning the provision of a separate Hospital Assistant for the Police Hospital, Anantapur.

2. The Hospital Assistant should, I consider, be provided. The average daily sick in the Police Hospital in 1895 was 5.06 and the Hospital is at present situated too far from the Municipal Hospital to enable the same Hospital Assistant to supervise both institutions,

3. In this connection I am awaiting the proposals of

the Municipal Council, Anantapur, as to the building of a new Police Hospital. The Council is, I believe, awaiting the preparation of proper plans. When the present Police Hospital is handed over to the Council and a new Hospital built for the Police probably a special Hospital Assistant for the Police will not be necessary.

4. I am getting the opinions of Superintendents now as to the reduction of some of our Hospitals and I hope shortly to be able to recommend a reduction in these institutions.

-----O-----

O R D E R, No. 525, dated 12th. March 1896.

When the new Police hospital is built, the Municipal Hospital Assistant should be able to take charge of it as well as of the Municipal hospital and the Government will then be prepared to make the Council the usual contribution of 1/8 of the Hospital Hospital Assistant's pay.

2. In the meantime, the Government is not prepared to sanction the entertainment of a separate Hospital Assistant for the care of a daily average of only some five patients in the Police Hospital. The permission of the Council should be obtained to putting the Municipal Hospital Assistant in charge of both institutions at once, and until the new Police Hospital is in working order an allowance of Rs. 10 per mensem will be paid to him by Government on account of his additional work.
