SIR,

With reference to Grant III of the Budget Estimate of the Coimbatore Municipality for the year 1896-97, I have the honor to state that no provision appears to have been made to carry out the improvements pointed out to the Municipality during my last inspection in April 1895, concerning the unsatisfactory state of some of the hospital buildings and the necessity of providing a new out-patient department on the standard plan approved by the Sanitary Board.

2. The amounts allotted for other items are adequate and call for no further remarks.

Enclosure.

SIR,

I have the honor to state that the Coimbatore Municipal Council has, in its Budget for the ensuing year, repeated the current year's allotment for Vaccination, and provided Rs 10,730 for making the necessary arrangements under Conservancy. The grant for the latter object is nearly a fourth of the estimated current receipts.

2. Statement II.B shows that there are 3 Sanitary Inspectors on a total monthly salary of Rs 75. To secure the services of certificated men, the pay should be raised to Rs 95 - Rs 45 for a 2nd grade Sanitary Inspector and Rs 50 for two 3rd grade men at Rs 25 each. To each of these should be given a horse allowance of Rs 72.

3. I do not approve of the proposal to weaken the already too small staff for Conservancy to strengthen the "drain cleaners". The necessary grade of cleanliness can be attained by careful selection of sources of water supply, so as to transmit water for flushing at suitable points by branch drains. I have already pointed this out in my recent Inspection Notes, and I have no doubt this matter can be attended to by the Municipal P.W. Overseer if an allotment of say, Rs 200 be made for the purpose.

I have the honour to be
