No. M., February 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. T. RAJAGOPAUL NAYUDU GARU, Chairman, Municipal Council, Dindigul, to the Chief Secretary to Government (through the Sub-Collector of Madura), dated Dindigul, 10th January 1896, No. 305.

1. Proposition statement.
2. Copy of the Council's Resolutions, Nos. I, II, III and IV, dated 8th January 1896.
3. Budget statement.

I have the honour to submit the revised estimate for 1895–96 and the budget estimate for 1896–97 with the marginally-noted enclosures.

REVISED ESTIMATE FOR 1895–96.

Receipts.

2. The revised estimate opens with a balance of Rs. 7,780, including which the total receipts amount to Rs 1,11,010 against Rs. 1,10,250 exclusive of Rs. 3,000, amount of water-tax on buildings and lands not levied during the year as per G.O., Mis. No. 1052 M., dated 3rd July 1895, on this office No. 63, dated 16th May 1895. The increase is due to enhanced receipts from 2 (*b*), (*e*), (*h*), 4 (*a*) (i), (iii), (*f*) (i) and (ii), (*h*), 5 (*a*), 5 (*b*) and 6 (*a*) (i) set off partially by a comparatively smaller amount of the opening balance, and a decrease under 2 (*c*), (*f*), (*g*), 4 (*a*) (iv), (*b*) (i), (*c*), (*d*) (i), (*e*) (i), (*g*) (i) and (*g*) (ii). Statement VI explains these variations fully.

Charges.

3. The charges proposed amount to Rs. 1,05,500 against the budget estimate of Rs. 1,06,800, showing a decrease of Rs. 1,300. This difference is due to a decrease under Grants I, II, III and IV partially counterbalanced by a slight increase under Grant V and the payment as per bill, dated 3rd December 1895, from the Accountant-General's office of Rs. 490, interest up to the 31st December 1895 on Rs. 33,000 borrowed from Government for water-works. The sanction of Government for the above payment is solicited. The decrease under Grant I is mainly due to the non-utilization of Rs. 710 out of a provision of Rs. 740 made under 2 (*b*) buildings (*vide* this office No. 63, dated 16th May 1895, to Government), to fines and savings under 2 (*c*) (ii) and 3 in spite of an increase under 1 (*b*) buildings for High school latrine not provided for in the budget and under 2 (*d*) (ii) for an additional pumping cooly sanctioned in G.O., Mis. No. 762 M., dated 4th May 1895, and a payment of Rs. 40 sanctioned in Council's Resolutions No. 3, dated 24th May 1895, and No. 13 (2), dated 12th August 1895, though no provision was made for the same in the budget.

4. The decrease of Rs. 420 under Grant II is to be explained mainly by the payment of minimum salaries to some of the teachers of the High school and by a decrease of Rs. 30 under results grants as per Proceedings, No. 10142, dated 14th September 1895, of the Director of Public Instruction.

5. Under Grant III, the charges are reduced on account of keen competition for the contract for supplying carts, the sale of the contract for an extra cart four months after the commencement of the year, under 5 (*a*) (ii) by savings, under 5 (*a*) (i) on account of fines, under 5 (*b*) (i) on account of the non-entertainment of additional toties from the beginning of the year, and under 3 (*a*) consequent on the appointment of a second-class vaccinator on a salary of Rs. 10 per mensem in the place of the first-class vaccinator on Rs. 18 per mensem, deceased. This decrease is partly made up by an increase of (1) Rs. 230 under establishment, which includes the arrear

payment of allowance made to the lady apothecary as per G.O., Mis. No. 965 M., dated 11th June 1895, and increase of pay allowed to the compounder and the midwife as per sanction of Government accorded in G.O., Mis. No. 841 M., dated 17th May 1895, and in G.O., Mis. No. 1250 M., dated 2nd August 1895, respectively, (2) of Rs. 510 under medicines and supplies, being the amount paid this year for medicines purchased last year (*vide* note to statement II of the annual report for 1894–95) and (3) of Rs. 10 under 4 (*b*) Contingencies.

6. Keen competition for the lighting contract and the non-utilization of the excess amount provided for in the budget under (4) (*b*) and (9) (ii) have contributed to the reduction of charges under Grant IV.

7. The increase of Rs. 10 under Grant V is due to an excess charge of Rs. 30 under (*b*) (i) sanctioned in G.O., Mis. No. 1625 M., dated 9th October 1895, counterbalanced by a saving of Rs. 20 effected on account of fines, &c., under (*a*) (i).

8. The year is expected to close with a balance of Rs. 5,510 against Rs. 6,450 estimated for in the original budget.

BUDGET ESTIMATE FOR 1896–97.

Receipts.

9. *Statement I, Rates and Taxes, &c.*—The various items that make up the receipts under this head are from (*a*) to (*h*) which show an increase of Rs. 1,630 over the revised, and a decrease of Rs. 480 below the original estimates. The increase over the revised estimate is due to provision made for enhanced receipts under (*a*), (*c*) and (*d*), counterbalanced partially by smaller amounts provided for under (*b*) and (*h*). The smaller amount under (*b*) represents, for the greater part, the current demand, while the decreased provision under (*h*) is in consideration of the fluctuating nature of the item. The sum of Rs. 2,300 provided for under (*a*) also includes arrears to be collected, and an increase of Rs. 10 is expected from tax on lands. A provision of only Rs. 2,350 has been made in the estimate for 1896–97 under water-tax on buildings and lands against no provision made in the revised estimate for 1895–96, and Rs. 3,000 originally budgeted for. Some parts of the town that cannot be supplied with water have to be exempted from the liability to water-tax as sanctioned in G.O., Mis. No. 1052 M., dated 3rd July 1895; hence the difference below the budget amount.

11. *Revenue derived from Municipal Property and Powers apart from Taxation.*—The fall under this head below both the budget and the revised estimates is to be explained by the fact that almost all the items from (*a*) to (*h*) inclusive with the exception of (*b*) (ii) are of an uncertain character; hence the difference as per margin. A comparatively smaller amount is provided for under (*a*) (iv) in consequence of the recent establishment of a planters' chummery and the proposed starting of an English club in the town.

12. *Grants and Contributions.*—A sum of Rs. 50 is taken credit for under (*a*) (i) for building grants towards the cost of erecting the High school latrine. Rs. 750 include Rs. 725 salary grants on behalf of the teachers of the High school as advised by the Director of Public Instruction and Rs. 25 half grants for furniture proposed to be purchased for the High school in the budget year. As the council is unable to appoint a Drawing master, as proposed by the Educational authorities, a sum of only Rs 60, excluding the grant on his behalf, is taken credit for under other purposes against Rs. 150 provided for by

them. This sum of Rs. 60 includes grants on behalf of the common gymnastic instructor and Rs. 10, results grants, for girls in the Panchama school. Of the total grant of Rs. 40,000 from Government for water-works, a sum of Rs. 11,000 has been drawn by the Sanitary Engineer and of the balance of Rs. 29,000 sanctioned as per G.O., No. 788, dated 10th October 1895, Rs. 28,000 have been drawn by the municipality and paid to the Sanitary Engineer as advances recoverable. On the receipt of vouchers from that officer the amount will be adjusted in the accounts of the municipality. This explains the difference in the figures noted in the margin. The decrease under 5 (*b*) (ii) is as compared with the revised estimate for 1895–96 which includes Rs. 300 arrears of contribution paid by the Dindigul Taluk Board in the current year. A sum of Rs. 1,700 against Rs. 1,814, the figure advised by the District Medical and Sanitary Officer, has been provided for the upkeep of the women and children's dispensary, contributions towards which from the taluk board are, as usual, calculated at half the expenditure incurred. The usefulness of the institution and the good work turned out by it are amply borne testimony to by the District Medical and Sanitary Officer, the Deputy Sanitary Commissioner and the Surgeon-General. And, in consideration of its importance, the sanction of Government for the payment from the taluk board of a moiety of the expenditure on its behalf is solicited (*vide* also G.O., Mis. No. 423 M., dated 13th March 1895).

13. *Miscellaneous.*—Enhanced receipts over the revised estimate are provided for under 6 (*a*) (i) as efforts are being made for the further extension of the private scavenging system.

		RS.

14. *Extraordinary and Debt.*—No provision has been made under this head.

15. The estimated receipts amount to Rs 36,880, the revised estimate for 1895–96 being Rs. 1,11,010.

Charges.

16. *Statement II—Grant I, Public Works.*—The increase over both the budget and the revised estimates, excluding Rs. 80,000 provided for water-works, is due mainly to increased provision made under 1 (*a*), (*c*), 2 (*b*), 2 (*c*) (i), (*c*) (ii), (*d*) (ii), 3 and 4. The drains in the great bazaar street are very old, defective in level and out of order. In dimensions they are as big as irrigation channels varying from $1\frac{3}{4}$ to $2\frac{3}{4}$ feet in breadth, and from 1 to 3 feet in depth; and as they are quite close to the main walls of buildings, free access to the bazaars would be highly inconvenienced unless they are covered to a great extent. And these have been therefore allowed to be covered over from time to time. In consideration of the fact that these coverings, together with the defective levels of the said drains and their disorderly state, tend to obstruct the free passage of sewage in them, construction of drains of the size and pattern that would be approved by the Sanitary Department is highly desirable with a view to render access to the bazaars less inconvenient and the flow of sewage more free. But as sufficient funds are not available for constructing such drains throughout the street, a provision of only Rs. 850 has been made for a portion of the street in the budget year out of the sum of Rs. 1,200 set apart under Drainage 1 (*c*). Communications and road repairs are expected to cost Rs. 2,700, as many streets of the town need repair, metalling and gravelling. Building repairs including those to be done to the Municipal office, &c., are expected to cost Rs. 1,020. A sum of Rs. 740 provided for originally in the budget for 1895–96 under this head was not utilized under the revised estimate for reasons stated in this office No. 63, dated 16th May 1895. An increased provision of Rs. 300 has been made in the budget year under drainage repairs. As no instructions have been received from the Sanitary Engineer as to what the cost of the establishment and other expenses incidental to the upkeep of the water-works would be, and when such cost will have to be met, a sum of Rs. 3,000, which may probably be required

for the same, has been included in the provision made under 2 (*d*) (ii). Purchase of tools and plant and other stores is expected to cost Rs. 100 ; hence the provision made under this head. The charges under Communications—both new works and repairs put together—are 50 per cent. of the revenue from tolls. Under 2 (*d*), Water-supply, Rs. 700 have been allotted. Statement II-A furnishes details for the proposed charges against the various items under this grant.

17. *Grant II, Education.*—Under 2 (*i*) (*b*) Contingencies, an allotment of Rs. 50 has been made for purchasing furniture for the High school in the budget year, and under 2 (ii) (*a*) the figure advised by the Assistant Inspector of Schools has been adopted with slight variations in details which are given in the proposition statement and statement II-B hereto annexed. A provision of Rs. 1,500 instead of Rs. 1,550 advised by the Director of Public Instruction has been made under results grants against Rs. 1,490, budget estimate for 1895–96, which accounts for the increase of Rs. 10 in the budget year. The payment of minimum salaries to some of the teachers of the High school and the reduction of assignment to Meer Abdul Rahiman's school (*vide* paragraph 4 *supra*) account for the diminished charges in the revised estimate.

		Rs.
Budget estimate for 1895–96	..	6,180
Revised „ for „	..	5,760
Budget „ for 1896–97	..	6,190

18. *Grant III, Sanitation and Medical Services.*—As the establishment of a separate hospital for males is still pending before Government, the usual contribution of Rs. 630 under 1 (*a*) and (*b*) has been provided for to Dr. Chester's American Mission dispensary and the balance of Rs. 1,710 under (*a*), (*b*) and (*d*) for the women and children's dispensary against Rs. 1,814, the figure of the District Medical and Sanitary Officer. The decrease under 3. Vaccination—(*a*) Establishment is on account of the appointment of a second-class vaccinator on Rs. 10 per mensem in the place of the first-class man on a monthly salary of Rs. 18, deceased (*vide* paragraph 5 above). The comparatively smaller amount provided against 4 (*a*) Establishment is owing to the proposed reduction of Rs. 5 as resolved upon by the council in the salary of the permanent registrar of births and deaths, who is now paid Rs. 15 in consideration of his long service and who will be made to retire after the expiry of his leave, as he has become physically unfit for further service. Provision has also been made here for a leave allowance of Rs. 10 to be paid to him for two months next year. The balance of Rs. 5 will be profitably utilized under Grant V, General Establishment, towards the appointment of an additional clerk on Rs. 12 per mensem resolved upon by the council. The appointment of two additional toties, each on Rs. 4 per mensem, has also been provided for under 5 (*b*) (i), as it is proposed to extend the private scavenging system further. The sanction of Government for the above is solicited. An allotment of Rs. 100 is included under 5 (*a*) (ii) for the purchase of an iron barrelled water-cart, the want of which is very much felt, for watering roads. The fluctuating nature of the item depending solely on the state of competition at the annual sale accounts for the decrease below the budget and the increase over the revised estimates. Under 5 (*b*) (ii) a sum of Rs. 100 has been set apart for the purchase of twenty iron air-tight receptacles as advised by the Sanitary Commissioner, and of one dust-cart to be kept on the reserve for use, as it is found necessary, while Rs. 200 against 5 (*d*) include Rs. 50 provided for the removal of prickly-pears, Rs. 75 for the purchase of movable dust-bins, and the balance of Rs. 75 for contingencies. In respect of this grant, as well as Grants I and IV, care has been taken to provide, as for as funds admit, for carrying out the suggestions made by the Sanitary Commissioner in his Inspection notes of 1894 and 1895.

19. *Grant IV, Lighting and Miscellaneous purposes.*—The decrease in the revised estimate, as compared with the original estimate, is due to brisk competition at the sale of the lighting contract. Now that provision has been made with reference to paragraph 4 of the remarks of Government on the budget estimate for

		Rs.

1895–96 for the important sanitary needs of the town to be attended to, allotment has been made in the budget year of a much larger amount under this head 1 (*b*), in view partly to the fluctuating nature of this item and partly to the proposed lighting of the town throughout all nights in the rainy weather and to the proposed purchase of eight additional lamps, the necessity for which is keenly felt. This, together with a provision of Rs. 300 made under (9) (iv) Compensation for lands proposed to be purchased for a night-soil depôt, a gravel quarry and for straightening the lanes and streets of Matrajapatty, which is found necessary, have contributed to swell the proposed charges under this head in the budget year. The remaining items call for little or no remarks.

20. *Grant V.*—The proposed appointment of an additional clerk and a bill-collector on Rs. 12 and Rs. 10 per mensem, respectively, resolved upon by the council account for the increase in the expenditure proposed under this head for 1896–97. The office work has considerably increased in proportion to the gradual development of the municipality in almost all the branches of its administration ; and the imposition of arts-tax as well as the commencement of water-works—not to speak of the proposed imposition of water-tax in the budget year—will add to the already heavy work in the office ; hence the sanction of Government to this proposal of strengthening the present office establishment is respectfully solicited.

21. As it is not understood as to how the figure Rs. 1,967 mentioned in G.O., No. 585 M., dated 1st April 1895, to be payable in thirty equal instalments including capital and interest was arrived at, and, as the Accountant-General asks for half-yearly payment of interest, provision under repayment of debt has been made for the payment of the first instalment of the capital, *i.e.*, Rs. 1,100 on the 1st July 1896 and of Rs. 1,380, interest from the 1st January to 30th June 1896 on Rs. 33,000 borrowed from Government for water-works, and on Rs. 31,900 from the 1st July to the 31st December 1896. The payment of interest, Rs. 490, up to the 31st of December 1895 in anticipation of the sanction of Government has been mentioned in paragraph 3 above.

22. The charges for 1896–97 are estimated to amount to Rs. 34,650 against an estimated income of Rs. 31,370 excluding balances. From this it will be seen that the municipal council has to spend Rs. 3,280 over and above its income. But this deficit may be partially made good by savings that may happen to be effected under Grants II, III and IV.

23. The budget closes with a balance of Rs. 2,230 which is a little below the 10 per cent. required.

2. I understand that the water-works will be completed in about three months.

Revised Estimate for 1895-96.

The current receipts & charges are now estimated at Rs 103230 Rs 105500 respectively against Rs 104860 and Rs 106800 anticipated in the sanctioned budget. The decrease in the receipts occurs chiefly under water tax, being partly counterbalanced by an increase under the taxes on buildings, tolls and contributions from Local Boards, while the decrease in the charges appears under Grants I to IV.

The collections under the taxes on arts & lands during the first eight months of the year were not at all satisfactory. Under G.O No. 889 L dt 17th May 1894, the sanction of Government is not necessary for the payment of the interest amounting to Rs 490 on the loan received from Government on account of the water Supply works

but the Accountant General will be requested to report the circumstances under which this sum was recovered from the municipal council before the lapse of one year from the grant of the loan. The entertainment of a second class vaccinator on Rs 10 instead of a first-class man on Rs 18 is approved.

Budget Estimate for 1896-97

3 - Receipts. The receipts for the ensuing year are placed at Rs 31,370 against Rs 103,230 in the revised estimate, the decrease being mainly under Grants from Government & loans. The contribution of Rs 850 from the Taluk Board on account of the women & children's dispensary, for which credit has been taken, will be allowed to stand, pending receipt of the report called for in Government memorandum No. 120 dated 30th January 1896.

× on C. No 3695-L. 9.95.

4. Charges (1) The probable charges are put down at Rs 34,650 against the revised estimate of Rs 105,500, the decrease occurring chiefly under Grant I.

Vide Current No 513/m. 1896

(2) Grant I - The municipal Council's proposal to raise the salary of the Overseer who is not said to be qualified from Rs 25 to Rs 30 cannot be approved, as in the opinion of Government, he is already sufficiently paid. The Sanitary Engineer's attention will be drawn to the remarks in the latter portion of para 16 of the chairman's letter & he is requested to explain the omission to forward his remarks on this budget, as required by G.O. No 1825 M of 7th November 1892.

(3) Grant II - The alterations in the Educational establishments referred to in para 17 of the chairman's letter are sanctioned. A sum of Rs 100 will be provided for building and furniture grants as recommended by the Director in his letter read above.

(4) Grant-III. – The reduction in the salary of the Registrar of Births and Deaths and the entertainment of two additional toties on Rs 4 each, proposed in para 18, are sanctioned. The Sanitary Commissioner's remarks in his letter read above will be referred to the municipal council for consideration.

(5) Grant V – The entertainment of an additional clerk on Rs 12 for the municipal office, proposed in para 20, cannot be approved, as the Government is not satisfied of its necessity; but the appointment of an additional bill collector on Rs 10 is sanctioned.

5. Loans. With reference to para 21 of the chairman's letter it is observed that the sum of Rs 1967 therein referred to represents the annual amount of sinking fund + interest, requisite to repay ~~at 5.96 %~~ ~~which must be repaid~~ to Government, at 5.96 % ~~annually~~ the whole amount ~~and +~~ of the loan ~~taken~~ ~~on account of~~ ~~by the council at 5.96 percent~~ ~~of the loan~~ within the stipulated period. The amounts provided for ... of the loan and

payment of interest thereon will be altered from Rs 1100 and Rs 1380 to Rs 570 and Rs 1400 respectively.

6. The budget, as revised by Government, closes with a balance of Rs 2780 or 8.9 per cent of the estimated receipts.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers :—

From M.R.Ry. T. RAJAGOPALA NAYUDU Garu, Chairman, Municipal Council, Dindigul, to the Chief Secretary to Government (through the Sub-Collector of Madura), dated Dindigul, 10th January 1896, No. 305.

1. Proposition statement.
2. Copy of the Council's Resolutions, Nos. I, II, III and IV, dated 8th January 1896.
3. Budget statement.

I have the honour to submit the revised estimate for 1895–96 and the budget estimate for 1896–97 with the marginally-noted enclosures.

REVISED ESTIMATE FOR 1895–96.

Receipts.

2. The revised estimate opens with a balance of Rs. 7,780, including which the total receipts amount to Rs 1,11,010 against Rs. 1,10,250 exclusive of Rs. 3,000, amount of water-tax on buildings and lands not levied during the year as per G.O., Mis. No. 1052 M., dated 3rd July 1895, on this office No. 63, dated 16th May 1895. The increase is due to enhanced receipts from 2 (*b*), (*e*), (*h*), 4 (*a*) (i), (iii). (*f*) (i) and (ii), (*h*), 5 (*a*), 5 (*b*) and 6 (*a*) (i) set off partially by a comparatively smaller amount of the opening balance, and a decrease under 2 (*c*), (*f*), (*g*), 4 (*a*) (iv), (*b*) (i), (*c*), (*d*) (i), (*e*) (i), (*g*) (i) and (*g*) (ii). Statement VI explains these variations fully.

Charges.

3. The charges proposed amount to Rs. 1,05,500 against the budget estimate of Rs. 1,06,800, showing a decrease of Rs. 1,300. This difference is due to a decrease under Grants I, II, III and IV, partially counterbalanced by a slight increase under Grant V and the payment as per bill, dated 3rd December 1895, from the Accountant-General's office of Rs. 490, interest up to the 31st December 1895 on Rs. 33,000 borrowed from Government for water-works. The sanction of Government for the above payment is solicited. The decrease under Grant I is mainly due to the non-utilization of Rs. 710 out of a provision of Rs. 740 made under 2 (*b*) buildings (*vide* this office No. 63, dated 16th May 1895, to Government), to fines and savings under 2 (*c*) (ii) and 3 in spite of an increase under 1 (*b*) buildings for High school latrine not provided for in the budget and under 2 (*d*) (ii) for an additional pumping cooly sanctioned in G.O., Mis. No. 762 M., dated 4th May 1895, and a payment of Rs. 40 sanctioned in Council's Resolutions No. 3, dated 24th May 1895, and No. 13 (2), dated 12th August 1895, though no provision was made for the same in the budget.

4. The decrease of Rs. 420 under Grant II is to be explained mainly by the payment of minimum salaries to some of the teachers of the High school and by a decrease of Rs. 30 under results grants as per Proceedings, No. 10142, dated 14th September 1895, of the Director of Public Instruction.

5. Under Grant III, the charges are reduced on account of keen competition for the contract for supplying carts, the sale of the contract for an extra cart four months after the commencement of the year, under 5 (*a*) (ii) by savings, under 5 (*a*) (i) on account of fines, under 5 (*b*) (i) on account of the non-entertainment of additional totics from the beginning of the year, and under 3 (*a*) consequent on the appointment of a second-class vaccinator on a salary of Rs. 10 per mensem in the place of the first-class vaccinator on Rs. 18 per mensem, deceased. This decrease is partly made up by an increase of (1) Rs. 230 under establishment, which includes the arrear

payment of allowance made to the lady apothecary as per G.O., Mis. No. 965 M., dated 11th June 1895, and increase of pay allowed to the compounder and the midwife as per sanction of Government accorded in G.O., Mis. No. 841 M., dated 17th May 1895, and in G.O., Mis. No. 1250 M., dated 2nd August 1895, respectively, (2) of Rs. 510 under medicines and supplies, being the amount paid this year for medicines purchased last year (*vide* note to statement II of the annual report for 1894–95) and (3) of Rs. 10 under 4 (*b*) Contingencies.

6. Keen competition for the lighting contract and the non-utilization of the excess amount provided in the budget under (4) (*b*) and (9) (ii) have contributed to the reduction of charges under Grant IV.

7. The increase of Rs. 10 under Grant V is due to an excess charge of Rs. 30 under (*b*) (i) sanctioned in G.O., Mis. No. 1625 M., dated 9th October 1895, counterbalanced by a saving of Rs. 20 effected on account of fines, &c., under (*a*) (i).

8. The year is expected to close with a balance of Rs. 5,510 against Rs. 6,450 estimated in the original budget.

Budget Estimate for 1896–97.

Receipts.

9. *Statement I, Rates and Taxes, &c.*—The various items that make up the receipts under this head are from (*a*) to (*h*) which show an increase of Rs. 1,630 over the revised, and a decrease of Rs. 480 below the original estimates. The increase over the revised estimate is due to porvision made for enhanced receipts under (*a*), (*c*) and (*d*) counterbalanced, partially by smaller amounts provided under (*b*) and (*h*). The smaller amount under (*b*) represents, for the greater part, the current demand, while the decreased provision under (*h*) is in consideration of the fluctuating nature of the item. The sum of Rupees 2,300 provided under (*a*) also includes arrears to be collected, and an increase of Rs. 10 is expected from tax on lands. A provision of only Rs. 2,350 has been made in the estimate for 1896–97 under water-tax on buildings and lands against no provision made in the revised estimate for 1895–96, and Rs. 3,000 originally budgeted. Some parts of the town that cannot be supplied with water have to be exempted from the liability to water-tax as sanctioned in G.O., Mis. No. 1052 M., dated 3rd July 1895; hence the difference below the budget amount.

11. *Revenue derived from Municipal Property and Powers apart from Taxation.*—The fall under this head below both the budget and the revised estimates is to be explained by the fact that almost all the items from (*a*) to (*h*) inclusive with the exception of (*b*) (ii) are of an uncertain character; hence the difference as per margin. A comparatively smaller amount is provided under (*a*) (iv) in consequence of the recent establishment of a planters' chummery and the proposed starting of an English club in the town.

12. *Grants and Contributions.*—A sum of Rs. 50 is taken credit for under (*a*) (i) for building grants towards the cost of erecting the High school latrine. Rs. 750 include Rs. 725 salary grants on behalf of the teachers of the High school as advised by the Director of Public Instruction and Rs. 25 half grants for furniture proposed to be purchased for the High school in the budget year. As the council is unable to appoint a Drawing master, as proposed by the Educational authorities, a sum of only Rs 60, excluding the grant on his behalf, is taken credit for under other purposes against Rs. 150 provided by

them. This sum of Rs. 60 includes grants on behalf of the common gymnastic instructor and Rs. 10, results grants, for girls in the Panchama school. Of the total grant of Rs. 40,000 from Government for water-works, a sum of Rs. 11,000 has been drawn by the Sanitary Engineer and of the balance of Rs. 29,000 sanctioned as per G.O., No. 788, dated 10th October 1895, Rs. 28,000 have been drawn by the municipality and paid to the Sanitary Engineer as advances recoverable. On the receipt of vouchers from that officer the amount will be adjusted in the accounts of the municipality. This explains the difference in the figures noted in the margin. The decrease under 5 (*b*) (ii) is as compared with the revised estimate for 1895–96 which includes Rs. 300 arrears of contribution paid by the Dindigul Taluk Board in the current year. A sum of Rs. 1,700 against Rs. 1,814, the figure advised by the District Medical and Sanitary Officer, has been provided for the upkeep of the women and children's dispensary, contributions towards which from the taluk board are, as usual, calculated at half the expenditure incurred. The usefulness of the institution and the good work turned out by it are amply borne testimony to by the District Medical and Sanitary Officer, the Deputy Sanitary Commissioner and the Surgeon-General. And, in consideration of its importance, the sanction of Government for the payment from the taluk board of a moiety of the expenditure on its behalf is solicited (*vide* also G.O., Mis. No. 423 M., dated 13th March 1895).

14. *Extraordinary and Debt.*—No provision has been made under this head.

15. The estimated receipts amount to Rs. 36,880, the revised estimate for 1895–96 being Rs. 1,11,010.

Charges.

16. *Statement II—Grant I, Public Works.*—The increase over both the budget and the revised estimates, excluding Rs. 80,000 provided for water-works, is due mainly to increased provision made under 1 (*a*), (*e*), 2 (*b*), 2 (*c*) (i), (*c*) (ii), (*d*) (ii), 3 and 4. The drains in the great bazaar street are very old, defective in level and out of order. In dimensions they are as big as irrigation channels varying from $1\frac{3}{4}$ to $2\frac{3}{4}$ feet in breadth, and from 1 to 3 feet in depth; and as they are quite close to the main walls of buildings, free access to the bazaars would be highly inconvenienced unless they are covered to a great extent. And these have been therefore allowed to be covered over from time to time. In consideration of the fact that these coverings, together with the defective levels of the said drains and their disorderly state, tend to obstruct the free passage of sewage in them, construction of drains of the size and pattern that would be approved by the Sanitary Department is highly desirable with a view to render access to the bazaars less inconvenient and the flow of sewage more free. But as sufficient funds are not available for constructing such drains throughout the street, a provision of only Rs. 850 has been made for a portion of the street in the budget year out of the sum of Rs. 1,200 set apart under Drainage 1 (*c*). Communications and road repairs are expected to cost Rs. 2,700, as many streets of the town need repair, metalling and gravelling. Building repairs including those to be done to the Municipal office, &c., are expected to cost Rs. 1,020. A sum of Rs. 740 provided originally in the budget for 1895–96 under this head was not utilized under the revised estimate for reasons stated in this office No. 63, dated 16th May 1895. An increased provision of Rs. 300 has been made in the budget year under drainage repairs. As no instructions have been received from the Sanitary Engineer as to what the cost of the establishment and other expenses incidental to the upkeep of the water-works would be, and when such cost will have to be met, a sum of Rs. 3,000, which may probably be required

for the same, has been included in the provision made under 2 (*d*) (ii). Purchase of tools and plant and other stores is expected to cost Rs. 100 ; hence the provision made under this head. The charges under Communications—both new works and repairs put together—are 50 per cent. of the revenue from tolls. Under 2 (*d*), Water-supply, Rs. 700 have been allotted. Statement II-A furnishes details for the proposed charges against the various items under this grant.

17. *Grant II, Education.*—Under 2 (*i*) (*b*) Contingencies, an allotment of Rs. 50 has been made for purchasing furniture for the High school in the budget year, and under 2 (ii) (*a*) the figure advised by the Assistant Inspector of Schools has been adopted with slight variations in details which are given in the proposition statement and statement II-B hereto annexed. A provision of Rs. 1,500 instead of Rs. 1,550 advised by the Director of Public Instruction has been made under results grants against Rs. 1,490, budget estimate for 1895–96, which accounts for the increase of Rs. 10 in the budget year. The payment of minimum salaries to some of the teachers of the High school and the reduction of assignment to Meer Abdul Rahiman's school (*vide* paragraph 4 *supra*) account for the diminished charges in the revised estimate.

		Rs.

18. *Grant III, Sanitation and Medical Services.*—As the establishment of a separate hospital for males is still pending before Government, the usual contribution of Rs. 630 under 1 (*a*) and (*b*) has been provided to Dr. Chester's American Mission dispensary and the balance of Rs. 1,710 under (*a*), (*b*) and (*d*) for the women and children's dispensary against Rs. 1,814, the figure of the District Medical and Sanitary Officer. The decrease under 3. Vaccination—(*a*) Establishment is on account of the appointment of a second-class vaccinator on Rs. 10 per mensem in the place of the first-class man on a monthly salary of Rs. 18, deceased (*vide* paragraph 5 above). The comparatively smaller amount provided against 4 (*a*) Establishment is owing to the proposed reduction of Rs. 5 as resolved upon by the council in the salary of the permanent registrar of births and deaths, who is now paid Rs. 15 in consideration of his long service and who will be made to retire after the expiry of his leave, as he has become physically unfit for further service. Provision has also been made here for a leave allowance of Rs. 10 to be paid to him for two months next year. The balance of Rs. 5 will be profitably utilized under Grant V, General Establishment, towards the appointment of an additional clerk on Rs. 12 per mensem resolved upon by the council. The appointment of two additional toties, each on Rs. 4 per mensem, has also been provided for under 5 (*b*) (i), as it is proposed to extend the private scavenging system further. The sanction of Government for the above is solicited. An allotment of Rs. 100 is included under 5 (*a*) (ii) for the purchase of an iron barrelled water-cart, the want of which is very much felt, for watering roads. The fluctuating nature of the item depending solely on the state of competition at the annual sale accounts for the decrease below the budget and the increase over the revised estimates. Under 5 (*b*) (ii) a sum of Rs. 100 has been set apart for the purchase of twenty iron air-tight receptacles as advised by the Sanitary Commissioner, and of one dust-cart to be kept on the reserve for use, as it is found necessary, while Rs. 200 against 5 (*d*) include Rs. 50 provided for the removal of prickly-pear, Rs. 75 for the purchase of movable dust-bins, and the balance of Rs. 75 for contingencies. In respect of this grant, as well as Grants I and IV, care has been taken to provide, as for as funds admit, for carrying out the suggestions made by the Sanitary Commissioner in his Inspection notes of 1894 and 1895.

19. *Grant IV, Lighting and Miscellaneous purposes.*—The decrease in the revised estimate, as compared with the original estimate, is due to brisk competition at the sale of the lighting contract. Revised „ for „	..	1,800
Budget „ for 1896-97	..	2,540

1895–96 for the important sanitary needs of the town to be attended to, allotment has been made in the budget year of a much larger amount under this head 1 (*b*), in view partly to the fluctuating nature of this item and partly to the proposed lighting of the town throughout all nights in the rainy weather and to the proposed purchase of eight additional lamps, the necessity for which is keenly felt. This, together with a provision of Rs. 300 made under (9) (iv) Compensation for lands proposed to be purchased for a night-soil depôt, a gravel quarry and for straightening the lanes and streets of Matrajapatty, which is found necessary, have contributed to swell the proposed charges under this head in the budget year. The remaining items call for little or no remarks.

20. *Grant V.*—The proposed appointment of an additional clerk and a bill-collector on Rs. 12 and Rs. 10 per mensem, respectively, resolved upon by the council account for the increase in the expenditure proposed under this head for 1896–97. The office work has considerably increased in proportion to the gradual development of the municipality in almost all the branches of its administration ; and the imposition of arts-tax as well as the commencement of water-works—not to speak of the proposed imposition of water-tax in the budget year—will add to the already heavy work in the office ; hence the sanction of Government to this proposal of strengthening the present office establishment is respectfully solicited.

21. As it is not understood as to how the figure Rs. 1,967 mentioned in G.O., No. 585 M., dated 1st April 1895, to be payable in thirty equal instalments including capital and interest was arrived at, and, as the Accountant-General asks for half-yearly payment of interest, provision under repayment of debt has been made for the payment of the first instalment of the capital, *i.e.*, Rs. 1,100 on the 1st July 1896 and of Rs. 1,380, interest from the 1st January to 30th June 1896 on Rs. 33,000 borrowed from Government for water-works, and on Rs. 31,900 from the 1st July to the 31st December 1896. The payment of interest, Rs. 490, up to the 31st of December 1895 in anticipation of the sanction of Government has been mentioned in paragraph 3 above.

22. The charges for 1896–97 are estimated to amount to Rs. 34,650 against an estimated income of Rs. 31,370 excluding balances. From this it will be seen that the municipal council has to spend Rs. 3,280 over and above its income. But this deficit may be partially made good by savings that may happen to be effected under Grants II, III and IV.

23. The budget closes with a balance of Rs. 2,230 which is a little below the 10 per cent. required.

2. I understand that the water-works will be completed in about three months.

3. *Paragraph* 12.—The taluk board while recognising the value of the women and children's dispensary has protested against the unconditional contribution of a moiety of the cost.

MADURA,
23*rd January* 1896.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 1st February 1896, No. 826.

Adverting to the budget estimate of the Dindigul Municipality for 1896–97, I have the honour to state that the provision therein made for education may be accepted with an addition of Rs. 100 for building and furniture grants, which is very necessary to enable results schools to fulfil the requirements of the Educational Rules. The net expenditure proposed by the Council is between 13 and 14 per cent. of the income from taxation, markets and rents, and the addition proposed is reasonable.

From M.R.Ry. T. RAJAGOPALA NAYUDU Garu, Chairman, Municipal Council, Dindigul, to the Chief Secretary to Government, dated 9th February 1896, No. 339.

In continuation of my budget letter No. 305, dated 10th January 1896, I have the honour to submit Resolution No. XIII of the Municipal Council passed at a meeting held on the 27th January 1896 (copy of which is herein enclosed), raising the pay of the Municipal overseer from Rs. 25 to Rs. 30 per mensem from the beginning of the year 1896–97, for the approval and sanction of Government. This subject was brought to the budget meeting, but, as some of the Councillors left the meeting as soon as the budget was passed, and before this was taken up, it was resolved to consider this subject at the next meeting (*vide* copy of Resolution, dated 8th January 1896, herewith enclosed).

The overseer is a hard-working and an experienced servant of the municipality, and he has had no increase of salary for the last four years; nor has he been given any allowance. His service under the municipality amounts to nine years. In my opinion he deserves the encouragement unanimously resolved upon by the Council.

The budget as thus amended would close with a balance of Rs. 2,175 instead of Rs. 2,230 as originally submitted.

The necessary proposition statement and the application for the allotment of funds are herewith submitted.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 14th February 1896, No. 122.

I have the honour to state that the provision made in Grant III of the budget estimate of the Dindigul Municipality for the year 1896–97 is sufficient.

2. The contribution of Rs. 630 and Rs. 1,710 provided for the American Mission and the women and children dispensaries respectively appears necessary.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 18th February 1896, No. 339-S.

Adverting to the budget estimate of the Dindigul Municipality for 1896–97, I have the honour to state that the provision therein made for vaccination is sufficient and calls for no remarks. The proposed expenditure on conservancy is 20·7 per cent. of the anticipated current receipts, and needs revision with reference to the following remarks:—

(1) Instead of two Sanitary Inspectors on Rs. 20 each, it would be better that a single certificated second-grade Sanitary Inspector on Rs. 45 *plus* Rs. 15 be employed. Skilled supervision of sanitary matters is essential.

(2) [illegible] number of scavengers engaged for the public service (19) is just enough to look after the public latrines at the rate of one for each. For the removal of excreta from streets and lanes, there appears no separate provision, unless it be that the municipal sweepers are required to attend to this also. If my surmise be correct, I would advise that a sufficient number of toties be engaged for the purpose.

ORDER—No. 538 M., dated 25th March 1896.

The estimated receipts and charges of the Dindigul Municipality for 1896–97, as passed by Government, are compared below with the budget and revised estimates for the year 1895–96 and the actuals of 1894–95.
