Sir,

The Chatram buildings at Chalam (close to the abandoned Beypore Railway Station) are hardly used at all now in consequence of the diversion of the traffic since the railway line to Calicut was opened, and it is useless to continue the expenditure in maintaining them.

2. The Taluk Board, therefore, proposes to sell these buildings, and I have the honor to request that you will be good enough to obtain the sanction of Government to sell them, at your early convenience.

3. A copy of the Taluk Board resolution in the matter is enclosed.

Proceedings of the Madras Government, Revenue Department
7th May 1874

No. 93-

Read the following Proceedings of the Board of Revenue,
dated 28th April 1874, no. 991:—

Read the following letter from A. Macgregor Esquire,
President Local Fund Boards, Malabar, to J. Grose Esquire,
Secretary to the Board of Revenue, dated Calcutt, 23rd March
1874 no. 771-

I have the honor to submit, for the Board's approval,
two draft plaints proposed to be filed in the District
Munsif's Court and Sub-Court, Calcutt, against
1. Nachipara Velu Kitti the parties noted, for the recovery
of Rs 585-6-4 and 382-14-8, being
2. Mokayon Pachoo. principal with interest due by them
respectively on account of advances
made to them by the Department of Public works for
materials which they had contracted to supply for the
construction of 2 Chattrams at Baysore, called Family
and General Chattrams.

2- The circumstances of the cases are as follows:—

In 1868 when the Department, Public works, commenced
the work of building the said Chattrams, these individuals
Carpenters by profession, executed two agreements, dated
respectively 28th February and 15th March 1868 to the
then Querser, Veda Mathu, binding themselves to prepare
and supply, within 3 months, the materials for roofing etc.

the two buildings, and to put up the ^{same} on completion of the masonry works, receiving Rs 364 and Rs 397-4-6 as advances. They failed to supply the materials, either within the term or afterwards, and now refuse to pay back the advances made to them, falsely stating that they delivered the materials, but obtained no receipt.

3- In his letter dated 24th January last no. 6 the District Engineer requested me to take measures for the prosecution of the defaulting Contractors and the recovery of the sum due, observing, at the same time, that Mokayoor Pachoo is only liable for Rs 226-6-0, he having supplied materials worth Rs 174-14-6.

4- There has been considerable neglect in the matter on the part of some of the Department Public works subordinates, and this will be fully reported on by the District Engineer when submitting the revised estimate which will be necessary. The work was at first begun partly from Imperial and partly from road funds and was more than once suspended owing to the financial crisis. It is now carried on as a Local Fund work, but as the original advances were made before the

Local Fund Act, it is presumed that Government should be considered the plaintiffs.

Enclosures nos 1 and 2 - Draft plaints

Submitted for the orders of Government.

2- In 1868 an overseer of the Public works Department made an advance to two Carpenters for the supply of materials for roofing two Chattrams and for putting on the roofs. As they failed to perform the contracts and refused to refund the advances, the President of the Local Fund Board, at the request of the District Engineer, proposes to sue for the recovery of the money.

3- The work which was begun partly from Imperial and partly from Road Fund is now carried on as a Local Fund work. The draft plaints are in the name of the President of the Local Fund Board on behalf of the Secretary of State. As the money

advanced was Government money and as Defendants contracted with an overseer of the Public works Department the Board of Revenue are of opinion that the suits should be laid by the District Engineer on behalf

of the Secretary of State for India in Council.

- 3- Tahsildar of Ernad.

Sir,
In continuation of my letter
dated 27th August 1895 Ref. on No. 92
L.F.B., I
have the honor to report that the marginally noted
officers not being able to furnish me with information
as to when and how the Chattram buildings at Chaliyam
came into the hands of the Local Board, the President
of the District Board was addressed with a view
to ascertain the same from the records of the
old Local Fund Board.

2- The District Board President states
that no records are available in his office except
G.O. dated 7th May 1874 No. 563, a copy of which

is enclosed. It will be seen from this G. C.
that the work of constructing the Chatrams,
which was begun partly from Imperial Fund
and partly from the old Road Fund, was afterwards
carried on as a Local Fund work, and presumably,
therefore, the Chatrams, ever since their completion,
have remained in the possession of the Local Fund
authorities.

I have the honor to be,
