9. - Registration. - In April last a Special Registrar was appointed on Rs 8 per month. Domestic occurrences are reported by the relatives of those concerned and enquiries are also made by the Registrar himself. A marked improvement in the registration of births is shown in the accompanying table. During the 8 months since a special man was appointed, 256 births have been registered as compared with a total for 1894 of 181 although there has been no corresponding increase in the population. -

CURRENT No. 111

FROM

Surgon Major H. D. Hakim
CHAIRMAN, MUNICIPAL COUNCIL,
ANANTAPUR.

TO

The Chief Secretary to Government
(Local and Municipal Department)
Fort Saint George.

Sir,

With reference to the remarks of Government made in order No. 154, M, dated 29th January 1896 - reviewing the budget of this Municipality for the ensuing official year, I have the honor to submit as follows. —

2. Para 2 of the G.O. — The revision of land tax, with reference to these remarks will be made next year, as this tax for the current year has already been fixed. —
A reference to the abolition of the post of Tank watchman was omitted in the proposition statement by an oversight as that appointment having never been brought into effect was not to be found on the Establishment Rolls. —
3. Para. 3. — A fee of two annas prescribed in bye-law No. 7, for renewing the registration No. or certificate of a cart & lam, whereas the one of Rs. 0-0-6, under reference is that levied in first instance on a cart to meet the cost of numbering. The Council being of opinion that the numbering is in the benefit of the Municipality, in that that it serves the

if the

it is proposed that the cartowners should not be burdened with it. —

4. Para 4. — (2) — The Police prosecuting persons using themselves on the public streets, the town public presented a Mahazar to the District Magistrate representing their difficulties for want of urinals and the same was forwarded to the Council for taking the necessary action. Section 206 of the Act directs that sufficient number of latrines and urinals shall be provided. It goes hard with the public not to provide urinals for them and at the same time prosecute them for using public places as such. There is not a single urinal in the town.

Para 4. — (3) — Of the two teachers an increase in whose pay has been disallowed, the case of the 4th Assistant is submitted for a reconsideration. —

Since the year 1884 he was drawing a salary of Rs. 30 per mensem and last year, by the revised scale of the School Establishment, his pay was brought down to Rs. 25. This was to meet the convenience of the Municipality & not due any fault of the master himself. He has already had a disadvantage for one year, and as his class was and even now, more than self-supporting with the fees realized & the grant drawn for him he may be sanctioned the same rate of pay. In the budget under High School Establishment, a provision of Rs. 4,500 was made, taking into account the proposed increases amounting to Rs. 84 or Rs. 90 in round

the provision was curtailed by only Rs. 50, — reconsideration of the 4th Assistant's case appropriates from the closing balance of Rs. 300/- only Rs. 30.

6. Para 4. — (4) — Registration of Births and Deaths. — In disallowing the increase of the one to the District Registrar, it was observed that the registration in 94-95 was not satisfactory. In this connection it is submitted that in that year there was no Separate Registrar till about the latter part of December, previous to which the bill collector was in charge of the registration work also. As already submitted this servant of the Municipality has done his work satisfactorily well as Government may be pleased to observe also from the extract from the Inspection notes of the Deputy Sanitary Commissioner, dated 18th January 96. (herein enclosed). I request that the proposed increase of the one in his pay may also be sanctioned.

7. The suggestions and remarks of the Sanitary Commissioner will be placed before the Council at its next meeting and the result will be communicated to Government and to the Sanitary Commissioner.

I have the honor to be,
Sir,

2. With reference to the con-
cluding portion of para. 5 of the
Chairman's letter, it is observed that
the amount provided under Grant II,
to meet the increase in the salaries
of the four assistant masters
and the symmetrical distribution of
the high school ^{only} was Rs. 77, and
that in cutting down the provision
reference to para. 13 of the
