Read—the following papers:—

From C. M. MULLALY, Esq., President, District Board, Kurnool, to the Chief Secretary to Government, dated Camp, Dhone, 20th December 1895, No. 63.

I have the honour to submit the consolidated Local Fund budget estimate for the official year 1896–97 together with the revised estimate for the current year.

Revised Estimate for 1895–96.

2. *Balance* (*Opening*).—The opening balance of the year as finally audited by the Accountant-General and advised in his result statement on the Supplemental Treasury Account for March 1895 was Rs. 27,920 against an estimated balance of Rs. 13,000. This increase was due to a decrease below the revised estimate of Rs. 1,111 in the receipts and a diminution of Rs. 16,031 in the expected expenditure of the year 1894–95.

3. *Receipts.*—The receipts of the current year as now estimated are compared hereunder with the sanctioned estimate:—

—	Actuals, 1894–95.	Budget estimate, 1895–96.	Revised estimate, 1895–96.

4. *Land Cess.*—A sum of Rs. 1,44,310 has been entered in the revised estimate against Rs. 1,41,560 in the budget with reference to the adjusting statements of land cess. The excess is due to the large arrears outstanding at the beginning of the year being expected to be collected during the year. The total demand of the current year has been placed at Rs. 1,53,542, of which the above sum, or nearly 94 per cent., is expected to be collected within the year.

5. *Tolls.*—The increase in this item is due to the keen competition at the auction sale of many of the toll-gates.

4. *Land Cess.*—A sum of Rs. 1,44,310 has been entered in the revised estimate against Rs. 1,41,560 in the budget with reference to the adjusting statements of land cess. The excess is due to the large arrears outstanding at the beginning of the year being expected to be collected during the year. The total demand of the current year has been placed at Rs. 1,53,542, of which the above sum, or nearly 94 per cent., is expected to be collected within the year.

5. *Tolls.*—The increase in this item is due to the keen competition at the auction sale of many of the toll-gates.

6. *House Tax.*—The slight increase in this item is due to the expected realization of the arrear balance during the year.

7. *Public Works.*—The increase in this item is due to the contribution of Rs. 100 from the villagers of Ramapuram for digging a well for the Malas in the village and to the expected realization of Rs. 570, being the share of the fishery rent accruing from the Kurnool-Cuddapah irrigation canal credited to local funds.

8. The slight variations in the other items have either been explained in the remarks column of Statement IX or call for no special remarks owing to their fluctuating nature.

9. *Charges.*—The revised estimate of expenditure under the several grants, as compared with the budget and the actuals of 1894–95, is noted in the following abstract:—

—	Actuals, 1894–95.	Budget estimate, 1895–96.	Revised estimate, 1895–96.
	Rs.	Rs.	Rs.
Grant I	96,908	63,360	85,080
„ II	29,928	27,730	26,530
„ III	52,723	60,350	57,640
„ IV	21,024	21,900	21,620
Total ..	2,00,583	1,73,340	1,90,870

10. *Grant I.*—The increase under Grant I is the net result of the additional allotments to the extent of about Rs. 19,890 made from the reserve and balance for the works detailed in column 6 of Statement IX-A (pages 81 and 82) and to a further expected expenditure of Rs. 2,610 in the taluks of Nandikotkur and Ramallakot under "New Works—Communications" and "Miscellaneous Public Improvements" on the Midthur-Pagidiyal road and on some markets, and of savings of Rs. 280 and 500, respectively, under "Repairs—Communications" and "Local Fund Engineering Establishment". The former amount is the sum provided in the budget for contribution to the Public Works Department towards the maintenance of the Sudepalli and Musalimadugu tank bund roads, but subsequently waived by that department, and the latter amount is the savings expected as the revised scale of the local fund engineering establishment sanctioned in G.O., Mis. No. 1524 L., dated 24th August 1895, has been given effect to from the middle of October 1895.

11. *Grant II.*—The decrease in expenditure under this grant is chiefly the net result of the non-utilization of almost the whole of the allotment of Rs. 2,000 provided in the budget for backward classes, as the opening of the Industrial school at Nandyal was not sanctioned, and of additional allotments sanctioned from Reserve to meet the charges incurred on certain of the primary schools detailed in column 6 of Statement IX-A (page 85), and of increase under "Miscellaneous" of Rs. 400, being the charges incurred for printing school-fee receipt, chellan and attendance register forms newly introduced for use in the local fund schools.

12. *Grant III.*—The decrease in this grant occurs chiefly under (1) "Hospitals and Dispensaries" and (2) "Vaccination". The decrease in the former is owing to the abolition of the dispensary at Yerragondapoliem sanctioned in G.O., Mis. No. 767 L., dated 2nd May 1895, to the non-utilization of Rs. 200 provided in the budget for the itinerating medical establishment allowed to the District Medical and Sanitary Officer on his tour, to savings under "Midwives" owing to the non-entertainment of the full sanctioned number, and to a decrease under "Cholera charges" and house-rent to hospital assistants, the sum total of actual rent sanctioned for each hospital assistant being only entered in the revised estimate. Only a sum of Rs. 7,000 has been provided in the revised estimate under "Vaccination" against Rs. 7,820 in the budget, with reference to the actuals of the first six months of the current year.

13. *Grant IV.*—The slight decrease in this grant occurs chiefly under "Printing work done at Government Press" (*vide* G.O., No. 1674 L., dated 12th September 1895) and under the various heads of "Contingencies" as expected by the various taluk boards.

14. A reserve of Rs. 7,080 is provided for in the revised estimate, which will be spent chiefly under Grant I in accordance with my letter, No. 26, dated 2nd August 1895.

15. The current receipts and charges as now estimated are Rs. 2,11,020 and Rs. 1,97,950, respectively, against Rs. 1,89,980 and Rs. 1,80,090 in the budget, as detailed below under the various grants:—

	Rs.	Rs.
Receipts		2,11,020
Charges—	Rs.

„ III	57,640	
„ IV	21,620	
Reserve	7,080	
		1,97,950

16. The balance is carried over to the budget for 1896–97.

Budget Estimate for 1896–97.

17. *Receipts.*—The receipts for the year are estimated at Rs. 1,76,330 against Rs. 1,82,650 * of the revised estimate for the current year as detailed below:—

18. *Land-cess.*—The arrears estimated to be outstanding at the beginning of the year are Rs. 9,230 and the current demand is placed at Rs. 1,39,000, so that the total demand for the year would amount to Rs. 1,48,230. The collections during the year are estimated at Rs. 1,39,200 or nearly 94 per cent. of the demand as advised by the Collector.

19. *School Fees.*—The decrease expected under this head is due to the abolition of some of the schools, as will be seen below.

20. The amounts budgeted for under other heads of receipts are as expected by the various taluk boards.

21. *Charges—Grant I.*—The expenditure proposed under this grant is Rs. 83,790, against Rs. 85,080 in the revised estimate and Rs. 63,360 in the budget for the current year. The details are as under :—

(1) Completing the Miduthur-Pagidyal road	630
(2) Tuggali station, Pattikonda main road	2,000
Civil Buildings—	
(3) Choultry near the Markapur railway station	300
(4) Allagadda dispensary	3,500
Miscellaneous Public Improvements—	
(5) Atmakúru market	300

As the estimate for item No. (1) is for Rs. 2,830 and a sum of Rs. 2,200 is expected to be spent during the current year, the remaining amount has been budgeted for the next year.

The plan and estimate for item No. (2), which is under revision, is expected to be completed within the current year, and a sum of Rs. 2,000 has accordingly been provided for expenditure during the next year as the road is very necessary to connect the head-quarters of the Pattikonda taluk with the railway.

Provision has been made for the construction of a dispensary building at Allagadda as the Sirvel dispensary has been transferred (*vide* G.O., Mis., No. 2161 L., dated 14th November 1895) there and no suitable building is available.

23. *Repairs—District Board Roads.*—As the district board funds have been exhausted by contributions to some taluk boards to cover deficits and as they were found insufficient to provide for the proper upkeep of the important trunk roads, the board, in its resolution, No. 68, dated 25th September 1895, resolved to transfer the marginally-noted roads to the several taluk boards concerned as they do not rightly come under the denomination of trunk roads. The board has also resolved to transfer three other roads, viz., (1) Kottapatam-Nandyal road, (2) Rampur Pass road, and (3) Dupaud-Mantralakanama road, as they are merely required for local traffic. The portions maintained are accordingly provided for under the respective taluk boards. The portion of the road lying between Dornal and Venkatapuram

(2) Pattikonda-Pyápali.
(3) Koilkuntla-Nossam.

(5) Koilkuntla-Paniem.

having been transferred to the Forest Department at the request of that department, the sanction of Government is requested for the following alterations in the names of roads :—

From	*To*
Kurnool-Bairluli road	Kurnool-Venkapuram road.
Dupaud-Mantralakanama ghât road	Dupaud-Dornal road.

Thus only a provision of Rs. 33,300 has been made for the repairs of communications under the district board against Rs. 36,350 in the current year's budget. The provision for the Kurnool-Venkatapuram road, Bellary road and Atmakúru to Koilkuntla *viâ* Nandyal road has been increased, as the current year's allotments are quite inadequate for their proper upkeep. The provision for the Atmakúru-Koilkuntla road has been shown under two separate headings in order to distinctly lay down the amount of money that should be spent on the respective portions of the road. A provision of Rs. 1,000 has also been made for putting into order the diversion of the Atmakúru-Koilkuntla road over the new Chamakalva bridge near Nunepally.

24. *Taluk Board Roads.*—A provision of Rs. 24,650 has been made for the maintenance of the taluk board roads as detailed in Statement III, against Rs. 8,770 in the current year, including Rs. 280, being the annual cost of maintenance for certain tank bund roads provided under "Contributions to Provincial funds" but ordered in G.O., Mis. No. 1052 L., dated 18th June 1895, to be included under "Repairs—Communications."

25. Under "Civil Buildings" a sum of Rs. 500 is provided for repairs to the old taluk cutcherry at Markapur handed over to the Cumbum Taluk Board for the location of the local fund school: *vide* G.O., Mis. No. 756, Revenue, dated 21st February 1893.

26. Under "Miscellaneous Public Improvements" the usual allotment of Rupees 2,000 for the maintenance of "Avenues" and an allotment of Rs. 1,000 for improving the market at Nandyal have been provided.

27. According to G.O., No. 1686 L., dated 14th September 1895, the amount of allotment that should be provided for "Communications" in the budget under preparation comes to (Rs. 69,600 + 10,930) Rs. 80,530, but only Rs. 60,580 has been provided under that head as detailed above. Every endeavour has been made to approach the limit allotment by curtailing the expenditure under Grants II and III, as will be seen below, and yet a complete compliance with the wishes of Government has not been possible. The expenditure hitherto incurred under Grants II and III is almost of a permanent nature and therefore not susceptible of easy reduction without seriously affecting those branches of administration. Steps have, however, been taken to reduce the expenditure under those grants and any further retrenchments would be a serious retrogression, as this district is already backward in education and rural sanitation especially. Deducting the expenditure thus proposed under Grants II, III and IV and under Grant I for "Establishment" from the receipts, the remainder is just equal to the limit of allotment required for communications; but provision has to be made for "Buildings" and other improvements which are absolutely necessary and for some reserve for unforeseen works and some working balance.

Every endeavour will be made to supplement the allotment now made in the budget under "Communications" by appropriations from the reserve and balance.

28. *Local Fund Engineering Establishment.*—The decrease under this head below the current year's provision is due to the provision having been made in accordance with the revised scale sanctioned in G.O., Mis. No. 1524 L., dated 24th August 1895. Provision has also been made for the increase of salary to the four lascars of the Local Fund Engineer from Rs. 6 to 7 each as their present pay is considered very low. A proposition statement is submitted herewith for the sanction of Government.

29. *Grant II.*—The proposed expenditure under this grant is Rs. 24,270 against Rs. 26,530 in the revised estimate and Rs. 27,730 in the current budget. The details are as under.

30. *Inspection and Sessional Schools.*—The current year's provision under these heads has been repeated. The Director's recommendation for the entertainment of an additional inspecting schoolmaster for the Nandikotkur taluk has not been approved of by the district board for want of funds.

31. *Secondary Schools.*—Out of the six secondary schools included in the current year's budget, the school at Markapur was reduced on 31st March 1895 as already reported in my administration report for the last year, those of Koilkuntla, Pyápali and Kodumur are proposed to be reduced and that at Atmakúru has been reduced during the current year to the upper primary grade, as they cannot fulfil the conditions of recognition brought into force from 1st January 1895. Thus, only the school at Nandyal will continue to work as a lower secondary school during the next year, and provision has accordingly been made therefor. The Taluk Board of Nandyal proposed to open a third form in this school and to abolish the infant standard. The following scale of salaries to teachers was also sanctioned by it :—

	Rs.
Head master	25
Second master	20
Third do.	15
Fourth do.	12
Fifth do.	7
Gymnastic instructor	9

The Rev. Mr. Britten, the Manager of the S.P.G. High School, Nandyal, has sent in a protest against the opening of the third form and the abolition of the infant standard for the following reasons :—

Firstly, that the proposal is based on simple opposition to the school under his management. The local fund school educated only up to third standard (now I form) until the mission school was opened, and then local prejudice was aroused and additional classes were at once formed. These classes were given up three or four years ago owing to financial difficulties, and in the current year Government declined to approve of the opening of a second form and called for a reduction in expenditure on education ; in spite of these orders the taluk board resolved on an increase of establishment.

Secondly, that the third form is unnecessary as there is already a third form in the mission high school and Nandyal does not supply a sufficient number of students for two lower secondary classes and it would be a needless increase of expense, both to the board and to the mission, to have two classes with expensive teachers.

Thirdly, that the proposal is bad for the pupils, as it will be impossible for the board to obtain qualified teachers, whereas next year after great trouble and expense every one of the teachers in his school will be qualified, and as the local fund school building is not as commodious as the mission school.

And, *fourthly*, that this is a breach of arrangement made with him in 1892 by the then President of the taluk board, as it was at the request of the President and on his assurance that the second and third forms in the local fund school would be closed that a rest-house, which has just been completed at a cost of Rs. 2,000, was proposed and will be rendered to a great extent useless if the proposed classes be established.

This letter of Reverend Mr. Britten was placed before the district board, but the district board approved of the resolution of the taluk board. Provision has therefore been made for the increased rates of salaries to teachers in the school.

32. *Elementary Schools.*—Proposals involving increased expenditure in these schools made by the taluk boards on the recommendation of the Educational authorities have been disallowed for want of funds. In order to reduce expenditure under this grant the several taluk boards proposed the abolition of sixteen elementary schools, and the Taluk Board of Nandikotkur suggested the abolition of all such schools having an average attendance of 25 and below, as it was not worth while maintaining schools with less attendance. This was also the recommendation of the Sub-Assistant Inspector of Schools. The other taluk boards did not prescribe any fixed limit, although they proposed the closing of several schools. To secure uniformity throughout the district, the district board resolved to fix the limit of average attendance at twenty and below. Thus the abolition of the following schools was resolved upon :—Madapi, Iskatripuranthakam, Mokshagundam, Mallalapeta, Pullalacheruvu, Venkatapuram, Chapalamadugu, Regadigudur, Nandikunta, Veepanagandla, Ellala, Chinnatekur, Remata, Kalugotla, Anugonda, Dinnadevarapaud, Mudumalagoorthi, Billekal, Maddur, Erraguntla, Kanala, Srirangapuram, Peddaemmanur, Uppuneellagovindinne, Donnipaud, Kristipad, Oravakal, Sagunala, Yallur, Kotakandukur and Uyzalavada.

Provision has, on the other hand, been made for two new schools at Narnur and Miduthur for backward classes (Malas), as they have already been taken under the management of the taluk boards concerned during the current year and also for a Chenchu school at Indresagudem, which was sanctioned by the district board at its meeting held on 20th November 1895 on a mahazar received from the Chenchus of that place. Provision is also made for the school at Dupaud under the Cumbum Taluk Board, which is in existence during the current year but omitted in the current year's budget. Increase of pay to the teacher of Nagalavaram school from 5 to 7 has also been allowed. The provision of Rs. 2,000 for the industrial school has been omitted. A proposition statement for the above revision of establishments in schools is herewith submitted for the sanction of Government.

33. *Grants-in-aid.*—Result grants to aided schools have been decreased below the current year's provision by Rs. 250 as the Nandyal Taluk Board has expected that reduction. It is doubtful whether the whole of this will be expended owing to the increased strictness of the rules for the recognition of schools.

34. *Miscellaneous.*—The provision under this head has been increased by Rs. 400 to meet the charges for printing school-fee receipt, chellan and attendance register forms for the use of the local fund schools.

35. *Grant III.*—The estimated expenditure under this grant amounts to Rupees 53,960 against Rs. 57,640 in the revised estimate and Rs. 60,350 in the budget for current year. The details of expenditure under the various sub-heads are given in the following abstract :—

Items.	Revised estimate, 1895-96.	Budget estimate, 1896-97.
	Rs.	Rs.
(1) Hospitals and dispensaries	23,280	22,540
(2) Vaccination	7,000	8,310
(3) Sanitation	21,880	17,660
(4) Markets	200	200
(5) Choultries	830	830
(6) Bungalows	340	340
(7) Contributions	4,110	4,080
Total ..	57,640	53,960

(*a*) *Hospitals and Dispensaries.*—The decrease under this head is chiefly due to the abolition of the dispensary at Yerragemdapalyem sanctioned in G.O., Mis. No. 767 L., dated 2nd May 1895, and to the proposed abolition of the dispensary at Velgode as recommended by the Nandikotkur Taluk Board, as it is not necessary in such an out-of-the-way place.

(*b*) The Taluk Board of Ramallakot has proposed to replace the 1st-class hospital assistants in charge of the Dhone and Pattikonda dispensaries by 2nd-class men as the board cannot afford to maintain the former and has accordingly reduced the allotment under "Medical subordinates."

(*c*) Provision has been made for an increase in the pay of the apothecaries attached to the Nandyal and Cumbum hospitals as the Nandyal apothecary is a 1st-grade apothecary and the Cumbum apothecary has been recently promoted. Provision has also been made to meet the increased rate of salary and allowance to the hospital assistants of Owk, Allagadda and Koilkuntla to which they will be entitled during the next year.

(*d*) The provision under "Clerks and servants" has been further reduced, as compounders sanctioned in G.O., Mis. No. 1190 L., dated 27th June 1894, have been replaced by ward coolies in all the dispensaries, as trained compounders are not procurable in this district. The provision for the pay of the compounder attached to the Cumbum hospital has been raised by Rs. 36 as he will be entitled to the increment.

(*e*) The provision for a midwife at Chagalmurri has been omitted as suggested by the District Medical and Sanitary Officer since a midwife cannot be secured in spite of all efforts.

(*f*) A provision of Rs. 300 has been made under "Medical pupils" as a scholarship of Rs. 25 per mensem has been founded in favour of the Countess of Dufferin's fund for a female medical pupil.

(*g*) Under "House rent" to the hospital assistants only the actual amount sanctioned for them by the respective taluk boards has been budgeted for. Only the hospital assistant at Dhone has been provided with free quarters at the cost of local funds.

(*h*) Under "Contingencies" increased provision has been made for the purchase of furniture to some of the dispensaries and to the hospital at Cumbum. A provision of Rs. 60 has also been made for the purchase of the following books to the several hospitals and dispensaries as recommended by the District Medical and Sanitary Officer:—

(1) Falconer's Manual of Midwives and Students (*vide* G.O., No. 2152 L., dated 11th November 1895).
(2) Dr. King's Simple Sanitary Rules.
(3) Waring's Bazaar Medicines.
(4) Sibthorpe's Manual for India, for the dispensaries at Kalva and Allagadda.

(*i*) A proposition statement for the revision of establishments proposed in this branch is herewith submitted for sanction.

36. *Vaccination.*—The increase provided under this head is due to the discontinuance of the glycerine vaccine paste system and the reversion to the old system of calf-to-arm vaccination under the advice of the Sanitary Commissioner, as it is proved by experience that the latter system works better.

37. *Sanitation.*—The allotment under this head has been decreased from Rs. 22,060 in the current year's budget to Rs. 17,660 as shown in Statement VI. The reduction has been effected under (1) Improvement of village-sites, (2) Scavengering establishment, and (3) Other sanitary outlay. A portion of the allotment under item No. (1) has been transferred to Grant I, Repairs—Communications, as per instructions of Government in paragraph 4 (1) of G.O., No. 1841 L., dated 7th October 1895. Out of the total amount of Rs. 17,660 under Sanitation, Rs. 12,100 was covered by the pay of the scavengering establishment according to the proposals

of the taluk boards. In several unions the cost of establishments largely exceeded the union receipts. The district board, therefore, resolved that the union receipts should at least cover the cost of its office and scavenging establishments. Reductions have accordingly been effected in scavenging establishments in the Nandyal, Nandikotkur, Sirvel, Veldurthi, Cumbum and Markapur unions and in the office establishments in the Cumbum and Markapur unions. In each of these two unions there are at present a clerk and a bill-collector on Rs. 8 and Rs. 5, respectively; but a clerk on Rs. 10 is considered quite sufficient and provision has accordingly been made. With reference to G.O., No. 1791 L., dated 30th September 1895, sweepers are maintained in unions and other villages for merely removing ordinary rubbish from village-sites and scavengers especially to clear away fœcal matter.

38. *Markets.*—The provision under this head has been increased by Rs. 70 as the Ramallakot Taluk Board propose to entertain a watcher for the Kodumur market and the Nandyal Taluk Board have raised the contingent charges for the Nandyal market from Rs. 20 to Rs. 40. A proposition statement for the entertainment of the watcher is herewith submitted.

39. The current year's provision has been repeated under the other heads of this grant as no changes are considered necessary.

40. *Grant IV.*—The proposed expenditure under this grant amounts to Rs. 16,050 against Rs. 21,900 in the current year's budget as detailed below:—

	Budget, 1895–96.	Budget, 1896–97.
	Rs.	Rs.
(1) Controlling establishments at the Presidency ..	1,310	660
(2) Printing work done at Government Press	530	320
(3) Establishment in the Collector's office	1,880	1,880
(4) Local boards' office establishment	6,200	6,130
(5) Contingencies	6,640	6,520
(6) Pensions	90	90
(7) Refunds	5,200	400
(8) Law charges	50	50
Total ..	21,900	16,050

(*a*) *Item No.* (1).—The amount payable for the controlling establishments at the Presidency during the next year has been calculated at the rate advised in G.O., No. 2190 L., dated 19th November 1895, on the net receipts therein given.

(*b*) *Item No.* (2).—The amount budgeted for under this head is based on the revised estimate for the current year.

(*c*) *Item No.* (4).—The decrease under this head is the net result of the following causes:—

(1) The Nandyal Taluk Board have proposed the removal of the bill-collector allowed to the Koilkuntla union.
(2) The Nandikotkur Taluk Board have proposed amalgamating the offices of the union clerk and the bill-collector at Atmakúru on Rs. 8 and Rs. 5, respectively, into one clerk and bill-collector on Rs. 12, and the raising of the pay of the union clerk at Velpanur from Rs. 8 to Rs. 10.
(3) As already pointed out in paragraph 37 above, the establishment charges in the Cumbum and Markapur unions have been reduced.
(4) Provision has been made for the third and fourth instalments of increment, respectively, to which the third and fourth clerks of the district board's office have become entitled.

(*d*) *Item No.* (5).—The slight decrease under this item is due to savings expected by the taluk boards under the various sub-heads of contingencies. Provision has been made by the Nandyal Taluk Board for the purchase of a copy of the Educational rules.

(*e*) *Item No.* (7).—The large decrease under this head is due to a refund of land-cess of only Rs. 340 having yet to be made against Rs. 5,000 during the current year.

41. The following abstract shows the estimated receipts and expenditure, grant-war, for the year 1896–97 :—

Receipts			Rs.
Charges—			
Grant I			1,89,400
		Rs.	
„ II		83,790	
„ III		24,270	
„ IV		53,960	
Reserve		16,050	
		5,510	
			1,83,580
	Balance		5,820

42. *Reserve and Balance.*—For want of funds a reserve of Rs. 5,510, or only 3 per cent. of the estimated receipts, is provided. The budget as now proposed closes with a balance of Rs. 5,820, of which Rs. 4,030 appertain to unions and Rs. 1,790 to endowments, leaving no balance available for general purposes.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 11th January 1896, No. 215.

With reference to the educational portion of the budget estimate of the Kurnool District Board, I have the honour to state that my remarks on the Cuddapah District Board budget apply with equal force to this budget. I am glad to see, from paragraph 27 of the budget report, that the Kurnool District Board, unlike the Cuddapah Board, is alive to the danger of making sudden large reductions under Grant II in a backward district like Kurnool; but I regret to note that the retrenchments they have proposed amount to as much as Rs. 3,460. If the interests of education are not to suffer, the allotment for results grants must be fixed at least at Rs. 4,400, the actuals of 1894–95 having amounted to Rs. 4,344 and an allotment of at least Rs. 600 must be made for building and furniture grants to results schools. This will increase the proposed expenditure by Rs. 1,000. On the receipts side the Government grant seems to have been estimated at too high a figure. The actuals of 1894–95 were only Rs. 2,279 and credit may accordingly be taken for a grant of Rs. 2,400. With the above modifications the net charge under Grant II will be Rs. 18,530 (Rs. 25,270—Rs. 6,740) which is less than 14 per cent. of the receipts expected from land-cess.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated 27th January 1896, No. 161-S.

Adverting to the budget estimate of the Kurnool District Board for 1896–97, I have the honour to state that the increased provision therein made for vaccination is necessary for the reason assigned in paragraph 36 of the President's letter. The allotment for sanitation is Rs. 17,660 or 10·02 per cent. of the estimated receipts, and shows a decrease of Rs. 4,400 as compared with the current year's figure.

2. The President shows that he has attempted his best to make allotments under the various grants having regard to G.O., No. 1686 L., dated 14th September 1895. Whilst allowing this is so, I would suggest the probability that it is especially with respect to education it has been considered by the board that the charges are of so fixed a nature as not to permit of reduction. Unfortunately, I am not provided with a statement of what has been allotted to education this year; but seeing that last year the allotment under this head was no less than 13·4 per cent. of the board's income, the chances are that the amount is in favour of education in view of the small

allotment now made for sanitation, viz., 10·02 per cent. Whilst therefore not in a position from want of figures to do more than suggest where revision is required, I trust that, if it be found that sanitation has again been made to suffer for the benefit of education, Government will be pleased to return the budget for revision. The district of Kurnool, as the President observes, is doubtless backward as to education—certainly not however as a result of allotments on its behalf being small in proportion to the income of the board; but it is also notoriously sickly.

3. It is doubtless an excellent thing and, perhaps, in some slight measure aids sanitary advance that the people should be educated; but it seems to me a most unjustifiable matter that a board should give more on this behalf than in the cause of saving the lives of the people.

4. Statement VI that accompanied the budget does not detail the establishments that will be employed in the villages proposed to be conserved. I am therefore unable to say whether they are in keeping with requirements.

5. Not a pie is devoted to new sanitary works under Grant I, unless a market be so considered; nor, indeed, has any move in this direction been made for some years past. Rs. 3,800 for improvement of water-supply and Rs. 1,470 for village sites are the total allotments for sanitary improvements throughout a district of 7,769 square miles.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated 2nd March 1896, No. 148.

I have the honour to state that in Grant III of the budget estimate of the District Board, Kurnool, for the year 1896–97, the pay provided for the second-class hospital assistants attached to each of the dispensaries at Pattikonda and Dhone should be increased to Rs. 683 to provide for first-class grade, as men of second grade are not at present available.

2. The proposal of the board to replace the compounders by ward coolies or ward attendants is objectionable and should not be sanctioned.

3. As regards the omission of a provision for midwife at Chagalmurri, I would suggest the advisability of establishing a training school for midwives at the municipal hospital, Kurnool.

4. The suggestion of the board regarding the abolition of the dispensary at Velgode is open to objection. The District Medical and Sanitary officer writes to me, under date the 20th January 1896, that Velgode is the most malarious tract of the district, and dispensary is absolutely necessary there. In fact in consideration of this, the medical subordinate in charge was drawing Rs. 15 charge allowance till April last instead of Rs. 10, the usual rate given to men of this class.

5. Moreover, the people suffer much from malarious fevers and enlarged spleen and in 1894 the S.P.G. Mission proposed to open a dispensary at Regadagudur about 4 miles from Velgode, as one dispensary was found inadequate for this malarious locality. The district board also contributed medicines and instruments, but the mission authorities subsequently gave up the idea.

6. It will therefore be a great hardship to the people if the dispensary should now be closed. There will then be no dispensary from Atmakúru to Nandyal, a distance of 30 miles.

7. The President, District Board, who was consulted on the subject considers the abolition of the dispensary unavoidable in compliance with G.O., No. 1686 L., dated the 14th September 1895.

ORDER—No. 572 L., dated 21st March 1896.

REVISED ESTIMATE FOR 1895–96.

2. The current receipts and charges are now estimated at Rs. 1,83,100 and Rs. 1,97,950, respectively, against Rs. 1,76,980 and Rs. 1,80,090 in the sanctioned budget. The increase in the receipts occurs chiefly under land-cess and tolls, and that in the charges under Grant I. For printing work done at the Government Press the current year's budget provision of Rs. 530 will be repeated as usual. The balance to be carried forward to the ensuing year's budget will then be Rs. 12,860—Rupees 9,070 under district and Rs. 3,790 under taluk funds.

BUDGET ESTIMATE FOR 1896–97.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 1,76,330 against Rs. 1,83,100 in the revised estimate, the decrease occurring mainly under land-cess. Every effort should be made to improve the income under all sources of revenue. The contribution from Provincial funds on account of education will be reduced from Rs. 3,050 to Rs. 2,400, as advised by the Director in his letter read above.

4. *Charges.*—(1) The probable charges are placed at Rs. 1,83,580 against Rs. 1,98,160 in the revised estimate, the decrease appearing under all the grants.

(2) *Grant I.*—None of the new works provided for in the budget should be undertaken until the plans and estimates have been sanctioned by competent authority. The circumstances under which the road between Dornal and Venkatapuram was transferred to the Forest Department should be reported. The alterations in the names of the roads proposed in paragraph 23 of the President's letter are approved. The allotment for communications should, as far as possible, be increased, as promised in paragraph 27, by appropriations from the reserve and balance should they be enhanced by unexpected receipts in the course of the year. The increase in the pay of the Local Fund Engineer's lascars, referred to in paragraph 28, is sanctioned.

(3) *Grant II.*—In the present financial circumstances of the board, the proposal in paragraph 31 to open a third form in the Nandyal school and the increases to the salaries of the teachers in the school must be disallowed. The remaining additions to, and alterations in, the educational establishments referred to in paragraphs 31 and 32 are sanctioned. The Director's suggestions to raise the allotment for result grants and to provide Rs. 600 for building and furniture grants cannot be adopted for want of funds.

(4) *Grant III.*—The allotment for hospitals and dispensaries will be raised by Rs. 380 with reference to paragraph 1 of the Surgeon-General's letter read above. His suggestion in paragraph 3 will be referred to the district board for consideration. In view of his recommendation regarding the dispensary at Velgode, the provision for it will be retained, pending the reconsideration of the question by the taluk and district boards, to whom also will be referred a petition which has reached the Government on the subject. The proposals to replace the compounders in the dispensaries by ward coolies, and to abolish the appointment of midwife in the Chagalmurri dispensary referred to in paragraph 35 (*d*) and (*e*) of the President's letter are sanctioned. Every effort should, however, be made to obtain the services of trained compounders. In the present financial condition of the district board the Government does not see its way to propose any enhancement of the allotments for sanitation as suggested by the Sanitary Commissioner. Sanitary establishments should be employed on scavenging work proper rather than in merely removing ordinary rubbish from the town or village-sites. By attention to this principle, taluk boards will find that they can administer the allotments not only more economically but more effectively. The entertainment of a watcher on Rs. 4 for the Kodumur market, proposed in paragraph 38, is sanctioned. Under contributions to provincial services on account of the Medical College, Sanitary Inspection and Medical Reserve staff, the actuals of 1894–95 will be repeated with reference to G.O., No. 641 L., dated 2nd April 1887. It is observed from Statement VIII that, although no lighting charges are to be incurred in the unions, contributions amounting to Rs. 2,970 are to be made from taluk funds, apparently in order to make good the deficits with which the transactions of some of the unions would otherwise close the year. The taluk boards concerned should avoid this as far as possible by taking steps to increase the receipts or to reduce the expenditure of the unions.

(5) *Grant IV.*—According to G.O., No. 2190 L., dated 19th November 1895, the provision for controlling establishments at the Presidency should be Rs. 1,060 and not Rs. 660 as stated in paragraph 40 of the President's letter. For printing work done at the Government Press the actuals of 1894–95 will be repeated as usual.

5. *Allotments, Reserve and Balance.*—The allotment to taluk funds will be raised by Rs. 3,900 to avoid the deficit with which they would otherwise close the year. The reserve calculated at 10 per cent. of the receipts should be Rs. 15,950, but for want of funds only Rs. 2,980 are provided. The budget, as revised by Government, closes with a balance of Rs. 5,820, of which Rs. 4,030 appertain to unions and Rs. 1,790 to endowed institutions, leaving nothing available for general purposes. The deficits, with which the transactions of the markets at Atmakúru, Nandyal and Pyapalle are expected to close, should be made good either by loans or contributions from general funds, as required in No. 25 of the Local Fund Rules.

Revised Estimate for 1895-96.

2. The current receipts and charges are now estimated at Rs. 1,83,100 and Rs. 1,97,950 respectively against Rs. 1,76,980 and Rs. 1,80,090 in the sanctioned budget. The increase in the receipts occurs chiefly under land-cess and tolls, and that in the charges under Grant I. For printing work done at the Govt. Press the current year's budget provision of Rs. 530 will be repeated as usual. The balance to be carried forward to the ensuing year's budget will then be Rs. 12,860— Rs. 9,070 under District and Rs. 3,790 under Taluk Funds.

Budget estimate for 1896-97.

3. Receipts:— The receipts for the ensuing year are put down at Rs. 1,76,330 against Rs. 1,83,100 in the revised estimate, the decrease occurring mainly under land-cess. The contribution from Provincial Funds on account of education will be reduced from Rs. 3,050 to Rs. 2,400, as advised by the Director in his letter read above.

4. Charges.— (1) The probable charges are placed at Rs. 1,83,680 against Rs. 1,98,160 in the revised estimate, the decrease appearing under all the grants.

(2) Grant I.— None of the new works provided for in the budget should be undertaken until the plans and estimates for them have been sanctioned by competent authority. The circumstances under which the road between Dornal and Venkatapuram was transferred to the Forest Department should be reported. The alterations in the names of the roads proposed in para. 23 of the President's letter are approved. It is hoped that the allotment for communications shall as far as possible be increased by appropriations from the reserve and balance in the course of the year as promised in para. 27. The increase in the pay of the Local Fund Engineer's lascars, referred to in para. 28 is sanctioned.

(3) Grant II.— The additions to and alterations in the educational establishments, referred to in para. 31 and 32 are sanctioned. The Director's suggestions to raise the allotment for result grants and to provide Rs. 600 for building and furniture grants cannot be adopted for want of funds.

(4) Grant III.— The provision for medical services will be passed, subject to the remarks of the Surgeon-General. In the present financial condition of the Local Govt does not see its way to propose any enhancement of the allotments for sanitation as suggested by the Sanitary Commissioner. Reductions to be made under all grants. The entertainment of a watcher on Rs. 4 for the Kodumur market, proposed in para. 38, is sanctioned. Under contributions to Provincial services on account of the Medical College, Sanitary Inspection and Medical Reserve staff, the actuals of 1894-95 will be repeated, with reference to G. O. No. 641 d/ 2nd April 1887. It is observed from statement VIII that although no lighting charges

charges are to be incurred in the unions, contributions amounting to Rs. 2,970 are to be made from Taluk Funds, apparently ~~with a view~~ in order to make good the deficits with which the transactions of some of the Unions would otherwise close the year. The Taluk Boards concerned should avoid this as far as possible by taking steps to increase the receipts or to reduce the expenditure of the Unions.

6) Grant IV.— According to G.O. No. 2190 L. dt. 19th November 1895, the provision for controlling establishments at the Presidency should be Rs. 1,060 and not Rs. 660, as stated in para. 40 of the President's letter. For printing work done at the Govt. Press the actuals of 1894-95 will be repeated, as usual.

5. Allotments, Reserve and Balance.— The allotment to Taluk Funds will be raised by Rs. ~~2,450~~ 3900 to avoid the deficit with which they would otherwise close the year. The reserve calculated at 10 per cent of the receipts should be Rs. 15,950, but for want of funds only Rs. ~~14,780~~ 2980 are provided. The budget as revised by Govt. closes with a balance of Rs. 5,820, of which Rs. 4,030 appertain to Unions and Rs. 1,790 to endowed institutions, leaving nothing available for general purposes. The deficits with which the transactions of the markets at Attnakur, Nandyal and Pyapalli are expected to close, should be made good either by loans or contributions from genl. funds, as required in No. 25 of the Local Fund Rules.
