Proceedings of the President Taluq Board, Narsapur

Dated 1/9/94.

Having observed the Attender of the Taluq Board office, Pepakayala Suryanarayana to be suffering from what was thought to be leprosy, the undersigned compelled him in June last to take leave and get cured. After two months he returned and wanted to join the office, but he was not found to be free from the disease and sent to the District Surgeon for medical examination. In his certificate no 220/14-8-94 the District Surgeon certifies that "I consider Pepakayala Suryanarayana to be completely and permanently incapacitated for further service of any kind in the Department to which he belongs in consequence of leprosy."

2 As it is not at all advisable to retain a lafer leper in service, I direct that Suryanarayana's services be dispensed with.

Certified that I Surgeon Major J. C. Marsden, District Surgeon of Godavari, have carefully examined Pepakayala Suryanarayana, son of Pepakayala Bhaskarudu, attender Taluq Board office, Narsapur. His age is by his own statement 24 years and by appearance about 25 years. I consider Pepakayala Suryanarayana to be completely and permanently incapacited for further service of any kind in the department to which he belongs in consequence of leprosy. His incapacity does not appear to me to have been caused by irregular or intemperate habits.
