P. W. No. 2266

MUNICIPALITY OF MADRAS,
Public Works Department,

Madras, 16 January 1896

From

LIEUT.-COL. G. M. J. MOORE, C. I. E.,

President, Municipal Commission.

To

The Chief Secretary to Government

SIR,

Fort St. George.

Enclosure.

With reference to G.O. No 1870 N. Mis dated 3th
November 1895, I have the honor to submit as follows:—

(2) In the 3rd case the Standing Committee are of
opinion that the sale of the land would be unobjectionable
as there is comparatively little traffic through Isaac
street and Wall Tax lane, and the land to be sold does not
project beyond the line of adjacent buildings, and further
that if the land be allowed to be vacant it will be fouled
by the public and become a source of nuisance.

(3) In the 4th case the strip of land to the south
of the plot in question was sold by the Municipality and
has a double storied verandah built right up to the edge
of the drain. The strip of land to the north is occupied
by a pial and raised pavement up to the edge of the drain.

I have the honor to be,
Sir,

Your most obedient servant,

G. M. J. Moore Lt.-Col.

President, M.M.C.

Was this cart unlocked when
no 1207/96 was issued?

S.P.
3/4/96

This current does not refer to the cases
in which sanction for carts was refused in G. O. no
1794 & 1870 M. on the ground that the carts do
not appear to form part & parcel of the
actual roadway. The order passed on
the President's reply (no 3792 M.) relating
to these cases however, covered all the cases
referred to in the above two orders, and
when this was received in the office, it was
thought that this current (no 2094 M.)
be recorded with reference to that order
(G. O. no 476 M. 4/2-3-96).

No. 921

GOVERNMENT OF MADRAS.

OFFICE OF SANITARY ENGINEER,

Fort St. George, 21st Feb 1896

CURRENT No.

From

J A JONES, Esq., MEM. INST. C.E., F.R.S.E.,

SANITARY ENGINEER TO GOVERNMENT,

To

The Chief Secretary to Government
Local and Municipal Department
SIR,

With reference to G.O. N^o 275 M. No. dated
15th February 1896 (my reply to which has been delayed
because of the non receipt from the Bangalore Municipality
of the plan of the latrine they had erected) I have the honor
to inform you that when the plan of the latrine is received with
G.O. N^o 462 M. dated 5th April 1896, came before the
Sanitary Board, the Board did not approve of it
and required it to be amended. It, since, has been so
and was issued; a copy is attached. It will be seen
that the latrine is now roofed and instead of having
a gravel floor, the floor is flagged - hence the excess cost.
The estimate is Rs 400.

2.

The plan, the Council refer to, is latrine
design N^o 4 also attached which is a more expensive plan.

3.

A plan of the latrine erected by the Congeervann Municipality is also enclosed. It is a mere enclosure which cannot be provided owing to its size, with an impervious floor except at considerable cost & the Sanitary Board require latrines to be roofed.

4.

The corrugated iron sheets of the latrines already erected can be utilized in erecting latrines to an approved plan.

I have the honor to be,

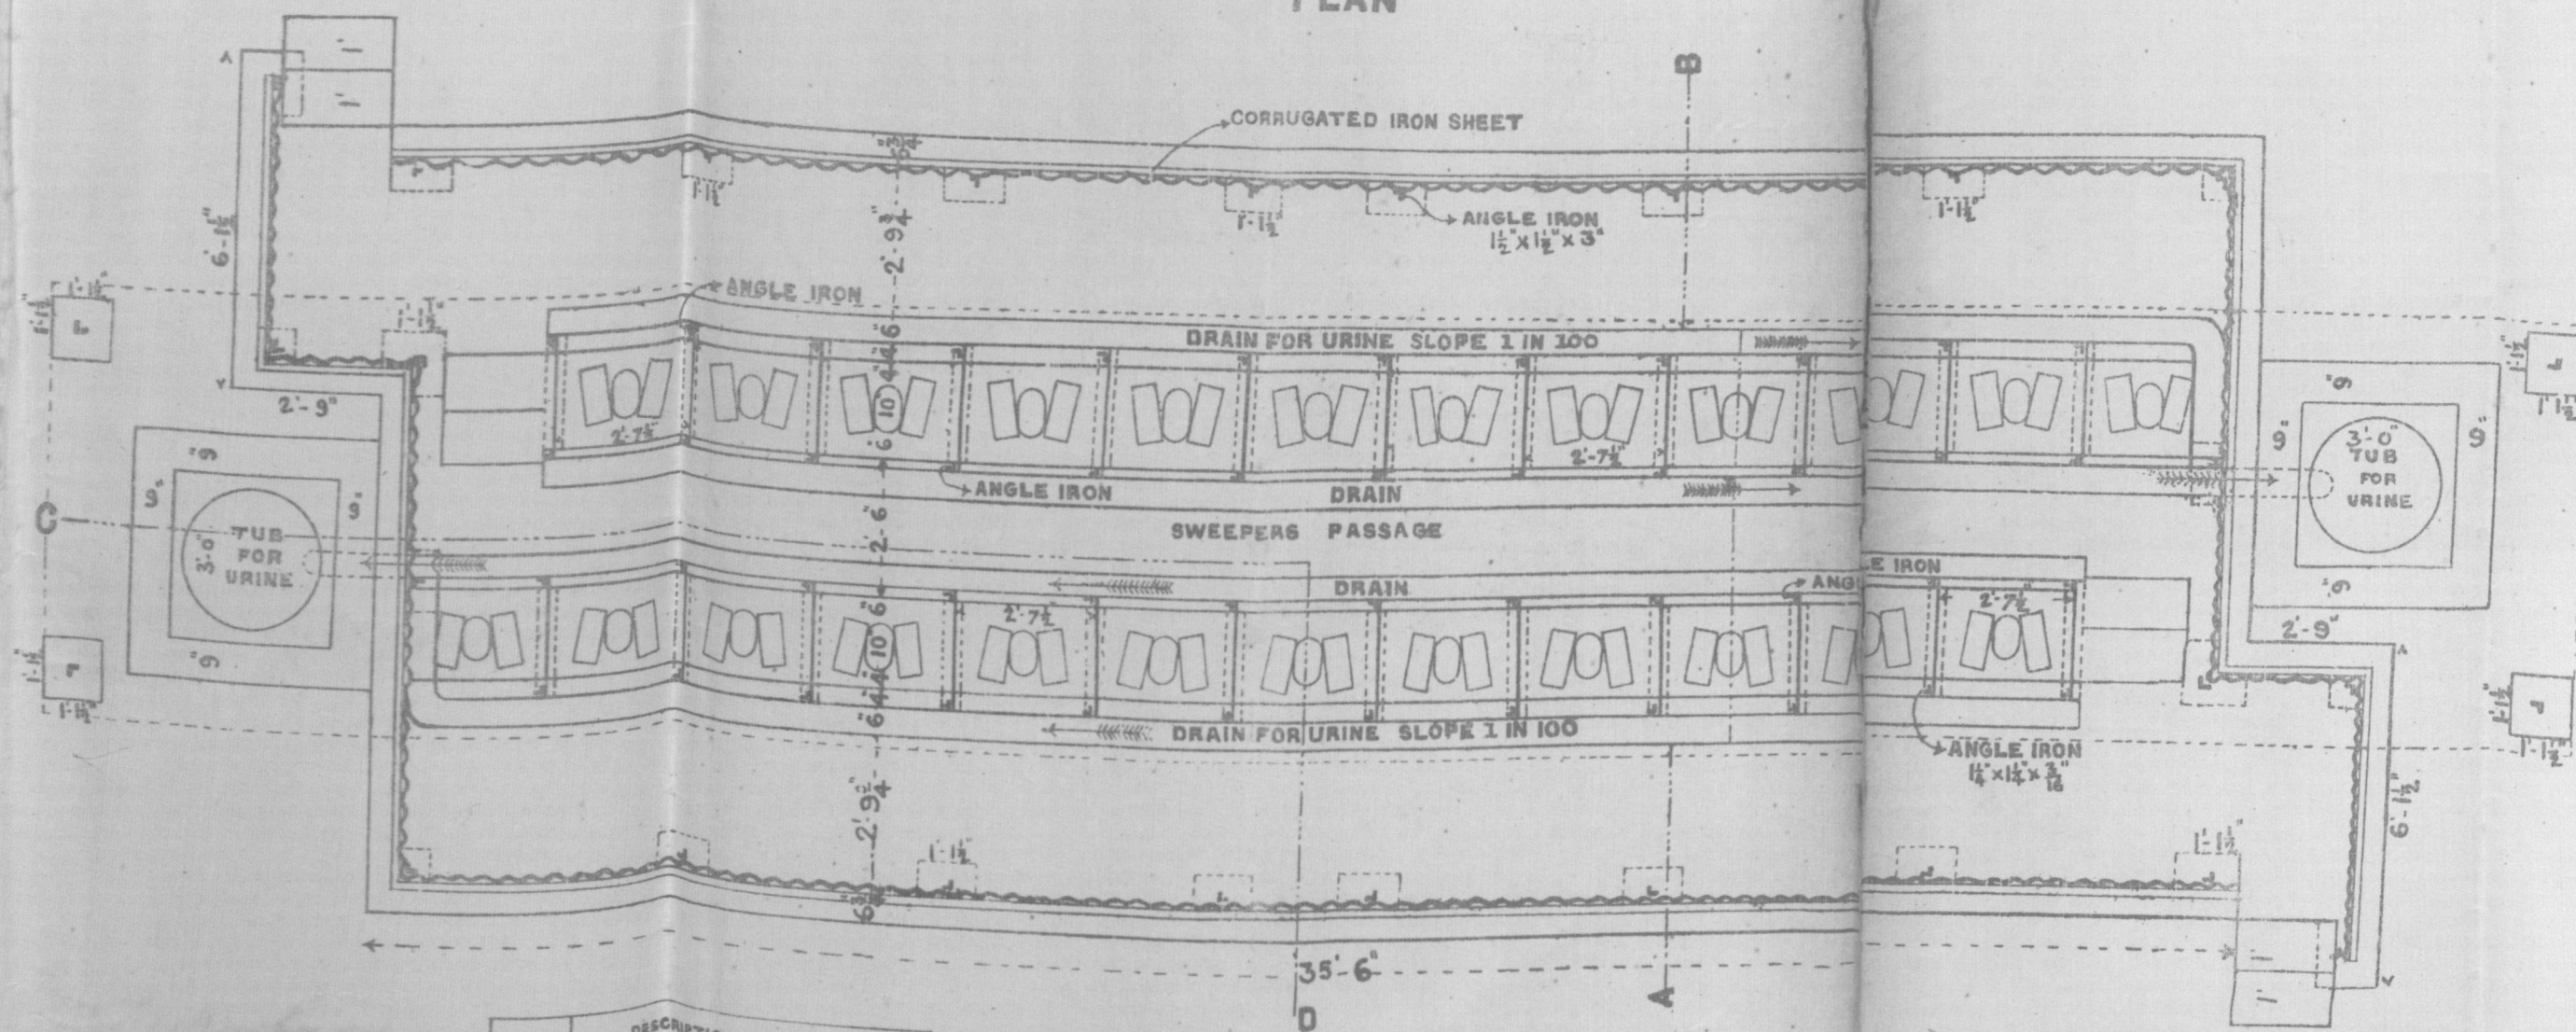

Sir,

Your most obedt^t Servt^t

James

Sanitary Engineer to Govt^y

Order 20.6.6 mms
2-4-86

The municipal council is re-quest that it may be permitted to construct ^{open} ~~enclosed~~ latrines, ⁱⁿ ~~in~~ ^{the} ~~the~~ ^{of} ~~of~~ those of the standard plan approved by the Sanitary Board, cannot be complied with. From the Sanitary Engineer's letter read above, however, it appears that the estimated cost of a closed latrine, as recently revised by the Sanitary Board, is only Rs 400. The Council should therefore see that all new latrines, constructed by it ^{on} ~~of~~ this pattern, and ^{to} ~~to~~ ^{gradually} ~~replace~~ the existing ^{open space latrines} ~~latrines~~ by others on approved plan.
