SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

Madras

To THE Honorable the Chief Secretary to Government,
Local and Municipal Department

SIR,

With reference to Grant III of the Budget Estimate of the District Board Nellore for the year 1896-97, I have the honor to state that I approve of the proposal of the board to grant the medical subordinates, the midwife and the servant attached to the hospital at Sriharikota an allowance of Rs 10, 3, and 2 respectively owing to the unhealthy character of the locality.

2. The estimate provides for house rent to the locally trained hospital assistants at the rate of Rs 2-8- per mensem or half of what is usually given to Government Medical subordinates; this is a move made by the District Medical and Sanitary Officer in which the board concurred. The object of granting house rent to Government Medical subordinates, it is presumed, have in readiness

the services of such men available at the hospital premises during any part of the day and night in cases of serious illness or accidents requiring immediate attention. The same rule appears to be equally applicable to locally trained men. I see no reason why men of this class should be deprived of the benefit of house rent when their status and profession are identical with those of Government Medical Subordinates. The order passed in G.O. No 266 Local and Municipal dated the 10th February 1896 in my opinion requires reconsideration.

3. The recommendations of the District Medical and Sanitary Officer on behalf of hospitals and dispensaries have been attended to with the exception of the removal of Kanigiri hospital to another rented building as the one in which it is at present located is in a dilapidated condition. The matter is now under correspondence.

I have the honor to be,

Sir,

Your most obedient servant,

C. H. M. S. P.
