Read the following:—

Para 18 of G.O. No 1177 L dated 8 July 1895.

The Sanitary Board is of opinion that—
having regard to the distance of time at—
which it is likely the towns of this Pre-
sidency will be provided with com-
plete sewerage systems, modifications
of the existing methods of conservancy
in favor of water-carriage need
not at present be considered, except
as to Ootacamund and Cuddalore.

Sanitary Commissioner

FOR ORDERS.

In para. 63 of his report for
1894, the Sanitary Commissioner suggest-
ed that the Sanitary Board should be
required to determine in what
municipal towns the introduction of
water supply and drainage would,
with reference to "water carriage," be
likely to demand modifications in
the present methods of Conservancy,
so that in the remaining towns
the complete conservancy of night soil
might be insisted upon, even if
it were necessary to raise loans
to cover the required outlay on
plant. This suggestion having been
approved by Government in para. 18
of its order No. 1177 L, dated 8th
July 1895, the Sanitary Board now
states that it is of opinion that,
having regard to the distance of
time at which it is likely that

the

the towns of this Presidency will be provided with complete sewerage systems, modifications of the existing methods of Conservancy in favour of water-carriage need at present be considered only ^{with regard} to Otacamund and Cuddapah.

^{1/2}
^{21/3/96} As Govt. has approved of the San. Commr's proposal to Compel the complete Conservancy of night soil in ^{these} Municipalities, it will now be necessary to ascertain what plant is required for each Municipality, ^{except Otacamund & Cuddapah} or what its approximate cost will be. Then it will be possible to decide to which Municipalities it will be necessary to grant a loan, & which can provide the necessary plant out of their own resources. Submitted that the San. Commr. may be asked to submit such a statement, on receipt of which separate orders can be passed in the case of each Municipality.

^{W.D.}
^{24.3.96} The Sanitary Board may be asked for the information referred to by the A.S.

^{W.D.}
26/3/96 27/3/96

which subsequent modifications with reference to water-carriage will not be necessary

CS

Order No. 627 Dated 31.3.96

The Sanitary Board will be requested to submit a statement showing the requisite plant for ensuring the complete Conservancy of night-soil in each Municipality, except Otacamund & Cuddapah, & also its probable cost. In preparing the statement the ~~total~~ plant required and also ~~as well as~~ that already existing should be shown.
