[Despatch Abstract.]

Establishment

Sanctioning with remarks  
the alterations in the  
conservancy & private  
scavenging establishments  
in the Chicago municip-  
ality.

He

The total expenditure under Grant III has been raised by Rs 440. Consequently the year under budget will close with a balance of Rs 580.

I regret to submit that the provision of Rs 800 made in the Revised Estimate of the current year for the construction of a slaughter house cannot possibly be utilised before the close of the current official year as the site already selected by the local Medical Officer has not been approved by the Sanitary Board Madras and as there is no likelihood of another site being selected and approved by the Board before the end of the year.

I have been in communication with the Sanitary Officers concerned for the last 4 months. The Sanitary Board in their Proceedings No 197 dated 22<sup>nd</sup> January 1896 also expressed that a new design of slaughter houses has been prepared by the Board and that a copy of it which is being lithographed would be sent as soon as the proofs are ready. The copy is awaited. Under these circumstances the Council were obliged to leave the provision unutilised and the transfer of the provision from the Revised Estimate to the Budget for the next year has been solicited.

The current year will therefore close with a balance of Rs 2310. with which the year 1896-97 will begin instead of Rs 1510.

I have the honor to be  
Sir  
Your Most Obedt Servt  
Chairman

2. Read G. O. no 176 Dn. dated 1<sup>st</sup> February 1896 reviewing the Chichester Municipal Budget for 1896-97.

With regard to the several suggestions made by the Sanitary Commissioner the Council regret their inability to carry out all of them in toto for want of funds but they resolve to allot funds for the following purposes in the Supplemental Budget to be submitted to the Government.

Rs 40/- per year for the employment of an extra sweeper for Arasanti. The Council propose to increase the number of the existing rubbish carts by 2 and so a provision of Rs 72 will be made for the employment of two extra cartmen for the proposed two carts & Rs 50 for the feeding of the bullocks to carry them & Rs 40 for the construction of the two carts.

There are now two night soil carts and Rs 144 will be provided for the employment of two persons to drag each cart on the  
Salary

Salary of Rs 3 each per month.  
As regards other suggestions the Council  
will be glad to carry out them as soon  
as funds permit.
