Notes of the Honorable Members.

" I do not see that Mr.Arden has any exceptional hard treatment to complain of. In Ootacamund,for instance,the Municipal Funds are very limited. I dont think the Municipality gives as much as it can and ought to give in Results Grants ,but this is a matter for consideration in the Local and Municipal Department.

I agree. If the Ooty Municipal Budget will stand it,the ^{for} ~~grant~~ of education might be increased.

to make a larger grant. The point will be further considered in the local and Municipal Department. The Municipal School at Ellore was opened by the Council at the earnest desire of the people of the place, and is self-supporting, and the Government cannot see its way to ordering its closure because it has affected the Church Missionary Society School's classes. The Municipal grant to the latter institution was reduced because of the financial straits in which the Council found itself, and not in order to establish a school which might rival that managed by the Church Missionary Society.

CURRENT No. 882

PROCEEDINGS OF THE BOARD OF LOCAL & MUNICIPAL DEPARTMENT

Read the following letter:-

From the Director of Public Instruction No. 12124 dated 11th November 1895, submitting with remarks a letter from the Reverend A.H. Arden, Honorary Secretary, Church Missionary Society, stating the condition in which the Society's educational operations are placed.

Order No. 140 dated 10th March 1896.

A misapprehension as to the duties of Government and the Local and Municipal Boards in regard to primary education appears to run through the whole of the first part of Mr. Arden's letter. Government and these Local bodies have never undertaken and are not bound to bear the whole cost of such education and it is fallacious to assume that the funds expended upon it by charitable and Missionary Societies represent so much lost money saved over to the taxpayer. Government nevertheless fully appreciates the excellent educational work which is being carried on by the Church Missionary Society and the society may rest assured that it will continue to receive all the assistance to which it is legitimately entitled so far as the claims of other educational agencies will permit. But at the present time the funds at the command of Government and the Local Boards are limited to such an extent that they have been reluctantly compelled, not only in the case of the Church Missionary Society, but in that of very many other Societies and institutions, to reduce the amounts of grants in aid that they have been previously drawn. In the two instances mentioned by Mr. Arden in which Church Missionary Society schools have received less aid than formerly from local funds the Government is unable to discover that any such exceptionally hard treatment as would call for interference with the action of the local authorities concerned has been dealt out to the Church Missionary Society. The Octacumund Municipal Council has heavy demands upon its limited finances, and may well be unable
