is again of opinion that the increase should be allowed. That he is an able and intelligent man taking an active interest in the work entrusted to him will be clearly seen from the audit reports and the remarks of the previous Chairman in the Budget reports submitted by them. As far as I see, he gives every satisfaction in his work and deserves every encouragement. He has had no increase for the past three years in spite of his able and efficient discharge of duty. This recommendation is made as a special case as deserving men must necessarily be encouraged, and I request that the Government may be pleased to accord sanction

the present establishment works satisfactorily, and is I think, quite sufficient for the wants of this town. With some willing assistance from the Police, the Sanitary Condition of the town can very well be improved. The Sanitary Commissioner states that this is a place where two important festivals occur. The festivals are not very important and the crowd collected here for the two great festivals are not even so great as the crowd which is collected during ordinary festival occasions in other places as Madurai, Srirangam &c. I do not know whether the West Coast gets cholera from this town as remarked by the Sanitary Commissioner. As far as I see, cholera generally breaks out here when there is that epidemic in some of the neighbouring places such as Dharmapuri, Madurai or Litchindopoly where from people come in here often.

2. Extract from statement II A was not sent to the Sanitary Commissioner as no important work of a Sanitary nature was proposed.

3. The recommendation of the Council for the increase of the salary of the Clerk is allowed. The Council is

Sir,

Referring to G.O. No 190 dt Dated
4th February 1896, I have the honor to state
as follows: -

1. The present expenditure on
Conservancy is 27 per cent of the estimated
receipts as admitted by the Sanitary
Commissioner. He now recommends
that the staff be increased, and
according to the scale proposed by him,
the cost will be 45 per cent or even
some thing more. Of course the finances
will not admit of such high expenditure
being incurred under one head, or
some other item of expenditure will have
to be put off which is not in any way
possible. Moreover, as far as I see,
