No separate report is required
from the Sanitary Board, in addition
to those from the Sanitary Commissioner
and the Sanitary Engineer, which should
be bound together and submitted as
the report of the Sanitary Board by
the 15th May. If the Board as a Board
desire to offer any general observations
on their work they may do so in the

For orders.
I understood the San. Bd. rules to mean that
the San. Bd. report was to be submitted by
15th May, & should consist of the joint
reports of the San. Eng. & the San. Commr.
in their separate branches. Their ordinary
annual reports should be submitted as
usual, there seems no reason for altering
the existing date for submission of these
reports. The date for the San. Eng's report is 28th May.
I don't think a separate
report from the Board is req. apart
from the reports of the San. Eng. & San. Commr.
The Sanitary Engineer with 8 copies of
the report, returned.
Sanitary Commissioner
Sanitary Board
in submitting these if the Bd. as a
Board, wish to offer any general
observations on their work in the covering
letter.

SIR,

I have the honor to state that Rule 17 of the Rules of the Sanitary Board embodied in G. O. It is presumed that it was intended that the report of the Sanitary Engineer should be submitted at the same date. But as this report for the calendar year 1895 is ready, 8 advance copies are herewith sent as required in G.O.'s Nos. 1461 L. Mys, and 1815 L. Mys, dated 6th August & 17th September 1894 respectively.
