Sir,

The President, Taluk Board, Palghat,
in his endorsement, Ref. in C. no. 1128, dated
L.F. '95
4th November 1895, forwarding an extract from
the Proceedings of the Taluk Board passed
at its meeting held on the 28th October 1895,
brought to my notice the extreme difficulty
felt by that Taluk Board in fulfilling the
condition laid down in para 3 of G.O. no. 154,
L. dated 24th January 1895, that the buildings
in which hospital assistants reside should
be within a distance of 200 yards from the
institutions to which they are attached.
The Taluk Board in the above resolution
also remarked that it was very difficult
if not impossible in this District to fulfil
the above condition. The President of the
other Taluk Boards were accordingly requested
to state if the same difficulty was experienced
by

by them also. From the replies received, it is observed that the difficulty pointed out by the President, Taluk Board, Palghat, exists in the case of the hospital assistants under the control of the Tellicherry and the Malapuram Taluk Boards. The Presidents of both these taluk boards accordingly request me to move Government to relaxing the 200 yards rule so far as their taluk boards are concerned. There is no hospital assistant under the Calicut Taluk Board, and in Wynad, there is only one hospital assistant at Saltan's Battery where this difficulty is reported not to exist.

2. In these circumstances, therefore, I have the honor to request that Government will be pleased to substitute a quarter of a mile for 200 yards in the above rule so far as this District is concerned. Unlike the East Coast Districts, the people here live in detached houses surrounded by big pambas and consequently the distance from one house to another is much greater here than ~~what it is~~ in the East Coast Districts.

I have the honor to be,

GOVERNMENT OF MADRAS

Enclosure nil

Ref on C. 438

Subject

Requesting that the condition, laid down
in para 3 of G.O. No. 1542 92
24th January 95, that the buildings
in which hospital assistants reside
should be within a distance of 200
yards from the dispensaries, may
be relaxed as far as this District
is concerned & a quarter of a
mile (for reasons stated).

Order

The President's request in
para. 2 of his letter cannot be
complied with, as the object
to be attained, viz. that hospital
assistants may live close to the
scene of their work, would be
defeated if the limit of distance
already fixed is exceeded. In cases
in which it is impossible for
hospital assistants to live suit-
able quarters within the pre-
scribed distance, the Taluk
Boards concerned should build
free quarters with the least possi-
ble delay.

of the resolution of the Govt. of India
communicated with G.O. No. 1684 Z
dated 4th Sept. 1894.

Hon. There is no doubt more difficulty
in the west coast than in the East in en-
forcing the rule. Where the accommodation is not available
within the distance, Taluk Boards must build quarters. If
the limit is to be exceeded as a special case, it should
be only as a temporary measure - say for a year.
