The Divisional Officer.

Sir,

VERMONT.

With reference to the receipt of Government, in their order no 1237 m d 1st August 95, on the report of the Sanitary Commissioner, I have the honor to submit as follows.

As to para 1. This subject is not yet finally disposed by the Sub. Committee.

As to para 2. Rs. 1550.00 was spent towards the maintenance of the roads, streets & in clearing prickly pears in the Town. Thus the roads were kept up in fair condition during the year as would be seen from the endorsement of the Divisional Officer, on the Budget report of this Municipality for the year 1896-97, embodied in G.O. no 301 m d 20th February 1896.

As to para 3. The Sanitary Engineer has sent in his report with plan and estimate

Sanctioned the Prosecution of nearly 45 cases where the latrines and backyards were unclean.

Thus under the new system of working there are 62 hours served by this Municipality by 2 Jatis employed for the purpose, against 112 under the old system.

In the above stated 62 hours prepayment system has been insisted upon.

I have the honor to be

As to m. In no cases penalties were

view of the magistrates, the Council withheld
