From,

M. H. Wilshinghurst,

Collector of South Canara.

To,

The Chief Secretary to Government,
Local and Municipal Deptt.,
Madras.

Sir,

I have the honor to submit herewith a
draft of declaration of the resolution of
Government for the acquisition under the
Land Acquisition Act I of 1894 of the lands
specified therein, required by the Sabuk Board
of Mangalore for opening a road from Bajpe
to Suratkal.

2. Translations of statements of objections
from the owners and Mulgani tenants of the
several lands except that of the Mulgani
tenants of plot 5 on sketch B are also submitted
with reference to paragraph 4 of the Board's
Standing Order No. 11. Sji Beari, the Mulgani
tenant

tenant of the said plot is reported to have gone above the Ghat and it has not yet been practicable to obtain his statement.

3. The estimated reasonable amount of compensation that may be payable on account of the lands is shown in the statement.

Statement taken down by the Revenue Inspector of Malki Division on the 14th August 1894 from Mitta, wife of Jorappa Shetty and sister of Somappa Shetty residing at Padukodi village.

The petition accompanying Taluk Order No 6087 is the one made by me. In that petition it had been stated that 1 jack tree, 1 vatehuli tree, 1 mango tree, 1 palmyra tree and other wild trees have been felled on my warg land and destroyed. This is not correct and the mistake was due to the information given to me by my tenant. On my subsequent enquiry I have found that the trees cut down were as follows: A wild jack tree and not a jack tree. Other trees viz. vatehuli, mango, palmyra, 1 Honne (*Calophyllum Inophyllum*), 1 neralu, 1 Daddal and about 60 Karimara and about 20 Cashua trees. All these trees yielding good produce and many trees have been felled by the road coolies at their pleasure and considerable loss thereby caused to me. No intimation was given to me of the felling of a single tree. The trees have been cut into pieces and used for the bridge over a stream and the remaining pieces with other fire wood have been carried away by them according to their pleasure.

pleasure. 1 mango tree alone has been left
at the place where it was felled but the
fuel of the same has also been carried
away. The wild jack tree has been felled
unnecessarily, it was a very good and
valuable tree and might have been left
standing on the road side. The tree was
cut solely to put me to a loss. The stump
of it is still on the road side. The vatehuli
and honne trees were yielding annually
produce fetching a good income. I beg
that all these circumstances may be taken
into consideration and I may be given
the value of the trees. Although the trees
excepting honne, were standing on my
Kumki on the wall enclosing my garden,
they had been specially conserved by me.
I also beg for compensation to be given
to me for the lands taken up for the road.
I have heard the statement read over to me
and it is correct. Mark of Mutte (Female).
Attestations of Patel Somaya Shetty and of
Jorappa Shetty. This having been read over
to the deponent in the presence of the above,
was admitted by him to be correct.

For Collector

Statement of Anna Labante wife of Athon
Jaco Coelho of Codialhoit in Mangalore Town
taken down by the Mangalore Division Revenue
Inspector on 26th September 1894.

I have heard Salak Lakid Rs 7905
Sketch B which gave rise to it, the valuation
statement and petition Rs 37/94 filed by me read
over to me. The said petition was made by me.
It appears from the records of inquiry that portions
of better fields Nos 1 & 2 on the plan and field
No 3 are required for the new road leading
from Bappe to Sarathkal. The portions of the said
fields Nos 1, 2, & 3 appertain to Muli Warg Rs 14
of Kadawar village which is in my enjoyment.
My chief prayer is that the said new road
may be taken through other lands or not mine,
that I may thereby be saved from loss. If this
can not at all be done and if the government
constrains me to give over the said plots Nos
1, 2 & 3 for the purpose of the said road I shall
be under the necessity of making them over to
government. It is not in the least willing to
accept so low an amount as Rs 16-2-0 which
is entered as compensation for the said plots
Nos 1, 2, & 3 in the valuation statement prepared
by the Revenue Inspector. He has estimated the
income of portions of better fields No 1 & 2

on the sketch at Rs 4 per acre and on portions
of bail field 22 3 at Rs 16 per acre. Deducting
therefrom the government assessment, the market
value has been calculated at Rs 100 per acre
Rs 3 of net income. He states that it is the
market price. But in truth it is not the
market price, nor is the above the rate of
income. According to the ordinary rates the
said bail field has been rented out at 12
muras of rice per acre, and the said better
fields at 3 muras of rice per acre. At these
rates the fields have been rented out from the
beginning and rents are being collected by
me at the same rates to the present day. The
portions of better fields 22 142 which the Re-
venue Inspector has fixed upon for acquisition
have a seed area of about 2 acres, and the
portion of bail field 22 3 has a seed area
of about a kadasi (14 acres). The rent for
this extent at the rates above mentioned comes
to 3 muras & 4 acres the value of which is
Rs 9-4-7 at the present low rate of Rs 3
per mura. The assessment thereon at Rs 8
per acre on bail fields, & Rs 2 per acre
on better fields is Rs 1-9-3. Deducting this
amount from the gross income of Rs 9-4-7
there remains the net income of Rs 7-11-4.
The market value at 6 per cent comes to
Rs 127-00. This is the Current market value

- and -

and is in accordance with the market value of
lands in the neighbourhood. I paid about Rs
6000 for the whole land constituting Muli
warg 22 14. At that rate too the value
probably comes to the above figure. This
is not all. The new road goes through the
middle of my land and parts it into two.
This will tend to cause obstruction to
ploughing, planting & cultivation and tenants
are likely to ask for a decrease in rent.
On the whole the value of the land will
consequently suffer and I will be put to
unnecessary loss. In consideration of this and
of the fact that Govt is taking forcible
possession of the land I should be paid
at least Rs 50. In the event of my being
paid Rs 177 in all I have no objection
to make over the said plots. I trust
that justice will be done.

Heard the above read over. It is correct.

Statement of Jagi Shetti of Kodandale
Magne Kasha village, taken down by Subraya
Shenbhoge of Mandkur Nagane on 4th
December 1894.

I have understood the contents of
Taluk Takid No 8862 and the enclosed re-
-corde read out to me. Plot D on Sketch B
which appears in the enclosed Valuation
Statement was given to Jiju Beari, father
of Jakri Beari and it has been enjoyed by
him and after him by his Children Chikri
Beari and Haji Beari from of old. But no
mulgani chit or other document has been
executed in respect of that land. They
have been enjoying it on payment of rent
for a long time. Consequently if the said
lessee be paid Rs 2-10-8 as detailed in
the statement on account of plot no 5 on
the plan measuring 3.26 cents and the right
of enjoyment of the said land be obtained
from him, he would acquire sole right
— in —

in the land; and this arrangement can not
therefore be made. If the said amount of
compensation be paid to me I have no
objection to give up the land. I am also
willing to part with plot No 6 on the
sketch measuring 2.5 cents if the Government
finds it absolutely necessary to have it.
But then the 2 Channels now existing for
the conduct of water to our land from
the tank to the north of plot No 6 on
the sketch will be insufficient for the
purpose and if a third channel be not
made there will be great inconvenience
for the cultivation of my land. Another
Channel should therefore be made. More-
over as a portion of the plot is tree-
land and pays higher rent the esti-
mated compensation for that land is
too small. The estimated value should
at least be not less than Rs 25.
Less than this will not suffice. Rs 25
on account of the value of the said
plot No 6 and Rs 32 on account of
the value at Rs 4 per 1000 of 8
thousand billets of firewood that

— Can —

can be cut from about 40 Cashewnut,
Mango, Kuntal and other trees standing
upon the said land or Rs 57 in all
be ordered to be paid to me, I am
willing to make over the said plots to
Government.

I understand that it has been resolved

a portion of Betta field measuring cents 6-2 of
mulgi warg no 32 of Bala village - I purchased
the proprietary right of that warg in the course

for the road is enjoyed on mulgeni right by
Laxman Hanpti. I have no objection to give
up my muli (proprietary) right and to the
deduction of the assessment therefor out of
my Kadkale. Rs 2-10-11 the compensation
fixed for the land may be given to Laxman
Hanpti, the mulgeni tenant and I have no
objection whatever to the Government taking
from him the mulgeni right if he is willing.
I also enjoy a portion of Kutterige warg
no 9 by right of purchase. This too has
been given on mulgeni (perpetual lease) to
Laxman Hanpti. I am willing to give up

Statement of Sayaman Kampti, son of Narayana Kampti of Changanalpet in Bala village taken down on 24th June 1895 at Changanalpet.

I understand that it has been resolved upon to take up for the Surathkal-Bajpe road, plots nos 1, 2, 4 & 5 of Muliwarg no 32 of Bala village, and plot no 3 of Kelterige warg no 9 held by me on Mulgani tenure. I have no objection to receive Rs 1-12-0 the compensation fixed for them and to give up the Mulgani right to Government.

— But —

But in order to take the road to plot no 1 on Sketch C it is necessary to break open the wall of the laskil (waste land) to the South of it. If the wall be broken through, the cattle will find their way to the Crop of Land A. To prevent this I beg that a wall may be raised on the northern side of the road. In constructing the road on the Eastern side of plot no 1 I beg that a wall may be built on that side of stone so that much mud may not come down on my land and damage it, much and also to prevent water from the road flowing down into my cultivated field. A stone wall enclosing my cultivated land has to be passed to go to plots 3 & 4. I have no objection if the road be taken west of it. If the wall be broken open and the road taken through it I beg that a fresh wall may be caused to be built. I have no objection to give up the lands on these conditions. Otherwise I am not willing. The Compensation amount may be ordered to be given to me and the assessment may be deducted from that payable by the road. On the southern side of plot 1 wall will be required for about

20 kols. It may be built of mud - Stone wall on the Eastern side of plot no 1 will be required for about 10-12 kols. The rough stones for that purpose may be had from a place adjacent to it. I therefore pray that a secure wall may be built of those stones.

This plot has come to my share in the division of the family property and is in my enjoyment. I have no obligation to give up this plot for the road to Government. Statement of Aithalva taken on the
24th June 1895.

The above statement was given by me.
My wife Tappi is willing to surrender the
plots of lands marked Nos 11 and 12 on
Sketch C belonging to her on payment
of a compensation of Rs 22-8-6 fixed
for them.

Read the above. It is correct.

By the opening of this road the well
which is in my wife's enjoyment falls on
the other side of the road. To enable the
irrigation of gardens in summer by
means of a water lift, I beg on her behalf
that sluice may be opened under the
road.

Statement of Shrinivasa Bhandari, son of
Anappa Bhandari residing at Puttethur
village taken down at Mangalore by Shrinivas
Saguna, Tahildar of Mangalore Saluts on 24th
June 1890

I understand that it has been resolved
to take up my land in Wang No 25 of Puttethur
village marked as No 12A on sketch C for
Surathal-Kojpe road. I have no objection to
surrender the land on payment of Rs 1-14-8
the compensation fixed therefor. But the wall
enclosing my compound lies to the south of
the road which passes close to it. As the
road passes over rising ground its basement
may reach the wall and the rainwater from
the roadside may fall on the wall and
so it may come down. I therefore beg that
the roadside may be protected by a rough
stone revetment to a length of about 10 Kds.
The revetment may be ordered to be securely
built of rough latite stones. This however
my prayer that the road may be constructed
in such a way that the enclosure wall of my
house

house may not come down.

Read the above. It is correct.

Statement of Rama Bhandari, son of Anappa
Bhandari of Puthatten village taken down by Mr.
M. A. Siqueira, Sahibdar of Mangalore Taluk on
24 June 1895 at Mangalore.

I understand that the Government has
resolved upon taking up for the Shetkari-Sajpe
road plots No. 13 and 14 on which a forming part
of Muli Warg No. 25 of Puthatten village and
belonging to me. I have no objection to give
up these plots for Road No. 6 to the amount of
compensation fixed for them. But plot No. 13 is
enclosed by a wall and this wall will have to
be pulled down in order to take the road over it.
If the road be so taken cattle will trespass
into my cultivated fields. In order to prevent
the ingress of cattle into my fields, I pray
that a wall may be put up by Government
on the eastern side of the road as far as it
adjoins plots 13 and 14. That wall may be
about 30 Kols long and it may be built of
mud. If the road be taken according to
the line staked out a jack tree belonging to
me on plot No. 13 will have to be cut down.
I pray that its value may be paid to me.

Shah

That the yields annually a super worth of
Jack fruits. That tree is only a sapling
and is not fit for timber. I am willing to
accept whatever amount the Government
considers fit to grant me for it.

Heard the above read. It is correct.
