CURRENT No. 969

From,

A. L. S. Higgins Esquire,
President, District Board,
Trincomalee.

To,

The Chief Secretary to Government
Local and Municipal Department
Groot St. George.

Sir,

Referring to G. O. No. 501 L Dis.
dated 14th March 1896, I have the honor
to address Government on the subject of
the appointment of a Local Funds Engineer
for this District.

2. In reply to my advertisements for an
Engineer I received 18 applications viz:
14 from Europeans or Eurasians and 4 from
Natives. Out of these I selected 7 names and
submitted the applications of those seven to

The

The Superintending Engineer VI Circle for his remarks. We agree that out of those seven four are more likely to be suitable than the rest, and I enclose the papers of those four gentlemen for the perusal of Government. They are the following:—

- (1) C. H. Wilks formerly employed as Executive Engineer by the Madras Irrigation ~~Company~~ (Buddapah - Kurnul Canal), and afterwards executive Engineer in the Public Works Department, and under the Pudukottah State - aged 56.
- (2) Rao Bahadur S. Subbarayachariar Pensioned Executive Engineer Public Works Department - aged 52.
- (3) C. H. Parker formerly Assistant Engineer on the Southern Mahratta Railway and the Villapuram - Guntakal State Railway, then Inspector in the Salt Department, afterwards Assistant Local Fund Engineer Godavari, and now Local Fund Engineer Sanjam District - aged 30.

(4) H. D. Perry formerly Assistant Engineer Public Works Department, then Local Fund Engineer Anantapur, and now Assistant Engineer Hyderabad Godavery valley Railway Survey - aged 30.

3. The Superintending Engineer advises that, as it is desirable that a Local Fund Engineer should be active and have a prospect of remaining in the Service for some years, it is not advisable to appoint Nos 1 or 2 who are both over 50 years of age. Otherwise I should have wished to recommend the appointment of Mr. Wilks, who has very high qualifications.

4. Mr. Parker and Mr. Perry have apparently very similar qualifications, Mr. Perry being perhaps superior in that respect; and both have experience of Local Fund Service. Mr. Perry was Local Fund Engineer in Anantapur for 3 years, and resigned, as the Collector of that district informs me, to better

better himself. The Collector also states that he considers him quite suitable for the post of Local Fund Engineer in this district. I am not acquainted with him. Mr. Parker has stuck to Local Fund Service since he joined it in June 1892. (Nominated as assistant Engineer by myself when I was President of the District Board of Godavari). Mr. Trevis speaks well of his work as Local Fund Engineer in Ganjam, and I have every confidence that he would do good work in Simenelly.

5. I beg to recommend that Mr. C. H. Parker Local Fund Engineer of Ganjam be appointed as Local Fund Engineer of Simenelly on Rs. 500 rising by annual increments of Rs. 20 to Rs. 600. If the Government approves of this proposal, I request that the President of the District Board of Ganjam may be informed direct.

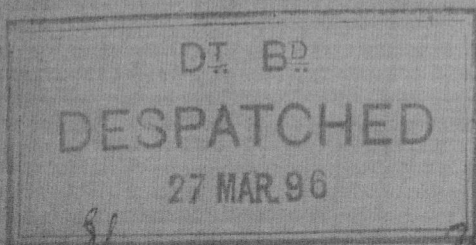

I have the honor to be,

Sir,

Your most obedient servant,

W. H. G. G. G.

President
