from the President Taluk Board Srivilliputtur
to the President District Board Coimbatore

I hear from M. Rty. G. Narayana
Row Garu Member of the District Board
that the Local Fund dispensaries at
Jammalamadugu and Vempalli have been
ordered by Government to be closed from
the 1st of April next. I also learn that
Dr Campbell in charge of the London Mission
Hospital will leave this Station next month
to go to Cooler Station and will not
be back for some months. That Institution
has no Assistant but only a Compounder
and will thus be closed. Under these Circum-
stances, the abolition of the dispensary
will leave the people of this town without
any medical aid whatever especially
in urgent Cases such as deliveries

and cases requiring Surgical operations,
to say Cutting of cholera and other Cases,
I have therefore the honor to request
that you will be so kind as to have
the Government to postpone the abolition
of the Dispensary till at least Dr
Campbell returns to Jammalamadugu,
as there are several offices here and
as the town is here populous and
important than Vempalli. I have taken
the liberty to make this reference.

Dear Sir,

Having just heard that the Local Fund Hospital and Dispensary here is to be abolished in a few days, I am writing to you in the hope that you may be able to have the order delayed for at least 3 months. My reasons for making this request are
1. Our Mission Dispensary is only in the Course of Erection

SIR,

In reference to para 4 of G.O No 434 L dated 7th March 96 passing the District Board Budget for 1896-97, I have the honor to observe that Government have ordered the closure of the Hospital at Jammalamadugu owing to the existence of a mission Dispensary there. Because there was a mission dispensary at Jammalamadugu the District Board when framing its Budget for 1896-97 resolved that the Hospital at Jammalamadugu

be Converted into a Dispensary and an Hospital assistant be placed in charge of it. Dr. Campbell who is incharge of the Mission Dispensary at Jammalamadugu in his private letter dated 24th March/96 States that this Dispensary is not yet Completely ready and that it will take Some months before it is completed, and he further States that he will be absent from the Station for Some months. This letter is herewith Submitted for the information of Government.

2. The Taluk Board Presidents Proddutoor also Submitted an Official protest in his letter Current No 500 dated 24th March 96 (Copy enclosed) requesting to order the Countenuance of the Dispensary for at least one year or until the Mission Dispensary is in working order.

3. Under the above Circumstances I request that Government will be pleased not to order the abolition of the Dispensary for one year more as the town of Jammalamadugu is an important place the Head quarters of a Deputy Collector & Tahsildar and the entire closure of the Board Medical institution will Cause a great hardship to the people of the town. The inhabitants of Jammalamadugu have also Submitted a Mahajar protesting against the abolition of the hospital. It is herewith Submitted for favor of perusal. The Cost of Continuing the Dispensary Can be met from the Reserve of the District Board

To
HIS EXCELLENCY
THE RIGHT HONORABLE
SIR ARTHUR ELIBANK HAVELOCK KCMG
GOVERNOR IN COUNCIL
FORT ST GEORGE
MADRAS

31/3

MAY IT PLEASE YOUR EXCELLENCY

We, the fever-stricken inhabitants of the Taluq of Jammalamadugu in the District of Cuddapah beg leave to submit the following memorial to your Excellency's most sympathetic Consideration.

This Taluq of Cuddapah, the most notorious District for malarious fever covering over an area of 6160 square miles and with a population of 101296 inhabitants and yielding 300,000 Rs in the shape of revenue to the Government contains a Local Fund Hospital founded in the year 1884. Ever since its introduction in this Taluq it has been managed by physicians of tried abilities and consequently so much has it grown in the popular favor that it has become a beloved institution of the land.

In giving effect to a certain Government Order the Local Fund Board of this District have resolved in a meeting held on 23rd March 1896 to abolish this beneficial institution in this and some other Taluqs. We are not able to understand the policy which suggested this measure. It is said that it is intended to retrench the budget either for the schools or the Hospitals to utilize the funds for the better Condition of the roads. This policy of robbing the mind and the body to pay for the feet is most preposterous. It would not be too much to assert that in this District where both education and health are very backward any amount of schools and hospitals could not be too numerous.

The advocates of this retrenchment policy may plead as an excuse the existence of a lot of village schools and an hospital founded in this Taluq by the London Mission. In answer to this we beg most respectfully to submit that these institutions of the London Mission are both in practice and precept purely christian. The rules of the working of this London Mission Hospital sufficiently bear out its purely sectarian character. One of them is that the patients who seek to it every morning are to undergo a routine of christian prayers before the hospital is opened for dispensing medicines. Of course,

this is most welcome to christian patients. The real grievance is for those who being non-christians are nevertheless bound to take the passport of these christian prayers to get themselves treated in this Mission Hospital. This institution is managed by an European Doctor with a subordinate staff consisting of christian converts from the mala caste. The Doctor is inaccessible to any one else than to the christian converts and if at all his services were to be secured by the non-christians it must be for such a high price as the poor inhabitants of this taluq cannot pay for; so his services are not within the reach of the poor inhabitants of this place. In short, this hospital is in point of its constitution, management, and discharge of its functions most offensive to the religious scruples of the people of this taluq. Consequently the generality of the population is estranged from this institution.

If the Local Fund Hospital is abolished it will be indirectly paying premium to the advances made by the London Mission, here established, in matters which they cannot directly concern themselves with and this interference will severely wound the feelings of the anti-christians

This beloved institution of a neutral hospital which for the last 12 years under the most efficient management of really charitable and kind-hearted physicians of the government service has been bringing english medicine to every one's door be he rich or poor christian or non-christian is now denied to the poor populations of this town. We have unfortunately not even a single native physician to whom we can look up without fear of religious spoilation and who can console us in the hard plight viz one in which we are deprived of our own neutral institution maintained by our own funds and brought mercilessly face to face with an alternative of free religion or long life. This is is really a very deplorable condition to which your Excellency's most humble and loyal subjects beg leave to draw your Excellency's attention.

In conclusion your Excellency's Most Humble Memorialists pray that justice be done to them by cancelling the order of abolishment of the Local Fund Hospital and thereby restoring to them their beloved institution. Your Excellency's Humble Memorialists in

Rajeshapiri Rau.

in asking this prayer are doing nothing else than expressing a desire that the funds to which they contribute by paying various kinds of taxes be utilized to supply their immediate wants of which the need of a neutral hospital stands supreme

your Excellency's humble memorialists are fully sanguine that their right of having their own funds utilized for their immediate wants will be conceded to and the wrong of their being indirectly yielded up to the religious influences of this Mission Hospital redressed. This Hospital while apparently spreading forth its hands for doing charity is really in disguise casting nets for fishing out from anti-christendom. This the people have too well understood and hence the distress of their present position.

To abolish schools and hospitals in order to advance the condition of village paths is to annihilate mind and body — leaving the standing corpse to totter on gracefully on the paved roads Ah! It is a mighty scientific feat to be accomplished while India is too poor, at present, in its scientific resources.

In closing this, your Excellency's Most Humble and Loyal Subjects, the inhabitants of Jammalamadugu Taluq pray that the Almighty God may shower on your Excellency His unfathomable blessings of long life and prosperity and last though not in the least — perfect success in the Government whose reins your Excellency has very lately amidst universal joy assumed.

Thus the inhabitants of Jammalamadugu Taluk beg most respectfully to subscribe

Your Excellency's Most Loyal and Humble Subjects.

Transfers a petition from the Inhabitants of Jammalamadugu Taluk Cuddapah Dt. praying that orders issued for the abolition of the Local Fund Hospital of their Taluk may be cancelled.

From the Inhabitants of Jammalamadugu.

We state that the Local Fund Dispensary at Jammalamadugu has been in existence for the last 12 years and that rich and the poor were treated alike there. Having learnt that it is to be abolished during the existence of Mission dispensary at the place, we pray that the order for the abolition may be cancelled as they would suffer by seeing that no help can be afforded to them whereas they have been paying their quota of payment for the medicines.
