Considering therefore the difficulties
set forth by the President, there is no
objection to verified figures being dispensed
with in ^{the} 1st half years return. It is unde-
sirable to dispense with the return itself
as it is necessary in other respects.
Under this arrangement, Column 4 of the
2^d half years return will give the figures
entered in Column 19 of the 1st half years
return.

SIR,

With reference to the acting assistant
Secretary's endorsement No. 256 dated the 24th
February 1896 referring to me for remarks
a letter from the President, District Board
Vizagapatam in which he requests permission
to submit his returns of Tools and Plant
yearly instead of half yearly, I have the
honor to state that Local Fund Public
Works rule 160 requires verified figures
to be posted in Column 20 "actually
counted" in Form 36, only when verification
of Tools & Plant actually takes place, and
that is annually under rule 158, and

The tools "as actually counted". Counting a number of petty tools such as hammers, may give an infinite amount of trouble and cause great waste of time in getting them collected for inspection and I beg to submit that this is not worth the time and labour it costs if imposed so often. The total value of the tools is but Rs10,000 less depreciation and the Board is practically secured against loss by the fact that the overseers are held personally responsible through their security bonds for issues to contractors. I therefore request permission to have this return submitted yearly instead of half yearly.

To

The Honorable J. F. Price
CHIEF SECRETARY TO GOVERNMENT,
LOCAL AND MUNICIPAL DEPARTMENT,

SIR,

In para 2 of my letter No 440 dated the 11th April 1892, I pointed out to Government the necessity in this District of lending tools to contractors for the execution of Local Fund Public Works and obtained sanction therefor in Government order No 1103 L. mis dated the 12th May 1892. We find it impossible to get materials collected without resort to numerous petty contractors to whom tools are lent by the Engineer on the responsibility of the divisional overseers. Under the rules as they now stand a return of these tools must be submitted to me by the Engineer in form No 36 (Vide rule 159 of the Local Fund Public Works Rules) every half year. This should show
