4. Read letter No ³²⁵_{27.1.96} from the Local Fund
Engineer, South Canara, requesting for reasons stated
to extend the period of appointment of the tempo-
rary Overseer sanctioned in G.O. No ⁴⁷_{9.1.96} L. Dis.

Read also President's letter II Reference on
C. No ⁷²_{13.13.} dated the 8 instant on the subject.

Proposed by Mr S. F. Brito and seconded
by Dewan Bahadur A. Pinto that the sanction
of Government be requested for the entertain-
ment of an extra Overseer for the supervision
of bridge work during the fair season and
road work in the monsoon, as the abolition

of

of the sub overseers' appointments will soon take effect and cause a saving and the appointment of a qualified man permanently is considered of importance.

IV Ref No 72 of 96

South Canara District Board Office,
Camp Bellangady Mangalore, 24th March 1896.

From

W. H. Welsh Esquire

President, District Board,

SOUTH CANARA.

To

The Chief Secretary to Government,

Local & Municipal Department,

Madras.

Sir,

The Local Fund Engineer represented that it was impossible to obtain a qualified man to fill the post of temporary Overseer sanctioned in G. O. dated 9th January 1896 No 147 L. Mis. for a period of three months only, and therefore requested permission to hold out to the would be candidate the hope of a permanent situation for some time - say for one or two years - with a view to secure an experienced man. Meanwhile the draughtsman has been detailed for duty as an Overseer for one month only his own appointment remaining temporarily vacant. The sanction to employ an Overseer for three months has in consequence practically lapsed. The District Board has passed the enclosed resolution to the effect that, considering the inability of the existing staff of the Overseers to construct important bridges which it will have on hand for some time, it is advisable to ask the sanction of Government for the entertainment of a permanent Overseer (on Rs 50) to be employed on the supervision of Bridge

bridge work during the fair season and on road work during the monsoon.

2. With regard to the abolition of the posts of Sub Overseers (of whom there are at present four, two on Rs 30 and two on Rs 25) referred to in the Board's resolution, it is likely that one or two Sub Overseers' appointments will become vacant and be abolished in the next two years.

3. And the entertainment of the proposed Overseer will not make the cost of the Engineering establishment greater for the next two or three years than what has been sanctioned for the current year, since in place of the Engineer whose salary was provided for at Rs 500 for the current year another Engineer has been appointed on Rs 400 rising to Rs 500 in 5 annual increments and the Supervisor gets biennial increments.

4. The importance of constant supervision when the foundations of bridges are being laid and construction is proceeding has been brought home to the Board by the failure of the substructure of certain culverts entrusted to a contractor. A list of works now on hand has been already submitted to Government with my letter Dis. No. 601 dated the 31st December 1895 read in the above quoted G.O. An estimate amounting to Rs 13,250 for the construction of a bridge at Yermal has been recently sanctioned by Government. (G. O. dated 11 January 1896 No 115 W.). Besides these works the Board contemplates the construction of the Uppala and Malpe bridges expected to cost about Rs 18,000 and Rs 25,000 respectively and in years to

in 50 47 L
9-1-96

in 50 190 L
29-1-96

to come eight other large bridges on Coast road No 22 as funds permit.

5. There is thus a great deal of responsible work to be done. The Engineer has concentrated his establishment upon bridge construction having, besides the temporary Overseers at Kabinhalla, stationed the Supervisor and the Coondapoor Taluk Overseer on the supervision of substructure of bridges.

6. This concentration cannot however continue long without detriment to the rest of the works in the district and the employment of a draughtsman as temporary Overseer must cease at the end of this month.

7. I have the honor under the circumstances above represented to request that Government will be pleased to sanction the post of the additional Overseer proposed.

8. A proposition statement is enclosed.

I have the honor to be,
Sir,

Your most obt. Servant,

N. W. Welch
President.
