- With reference to L.O. no. *41* ^{*9.1.95*} I have the honour to forward
herein plans and estimates amounting to Rs 31600
for the protective bund for Rajahmundry for your
approval and submission to Government for sanction.
2. The rate for earthwork is necessarily high as it will
have to be obtained from the Lanka opposite to the
Rajahmundry College to which a siding could easily
be laid. I enclose a copy ~~a copy~~ of letter received
from the Eng. Engr. East Coast Ry on the subject
of drainage.
3. The Eng. Engr. Godavari East End D. States that
the bund if constructed will cause great in-
convenience to boat traffic. Besides the town
drainage water will stagnate on the town side
of the bund when the river is high.
- Both of these objections have some force.

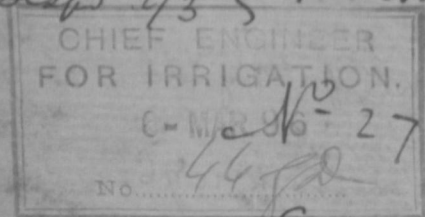

I have the honour to be
Yours most obedt. Servt.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

From the Superintending Engineer, I Circle

No. 2733 R. D. dated 29th February 1896.

Note thereon by the Chief Engineer for
Irrigation, No. 74 I., dated 28th March 1896:—

Submitted to Government. The estimate
forwarded by the Superintending Engineer, I Circle
is approved, but attention is requested to the remarks
in para 3 of his letter.

Order thereon No. 328. I., dated 6th April 1896.

Transferred to the Local and Municipal
Department with reference to G. O. No. 1985 M. Mis.
dated 18th December 1894.

Current No. 1100 M.

From

FOR ORDERS.

Please see the notes and orders
in G.O., No.1985 M., dated 18th December
1894.

2. With the endorsement read
above, the Public Works Department now
forwards the plans and estimate for a
protective bund prepared by the Superin-
tending Engineer, I Circle. The Chief
Engineer approves of the estimate which
amounts to Rs.31,600, but draws atten-
tion to the remarks in para.3 of the
Superintending Engineer's letter, where-
in it is pointed out that the bund, if
constructed, will cause inconvenience to
the boat traffic, and that the town
drainage will stagnate on the town side
of the bund when the river is high. The
Municipal Council, has, in its resolu-
tion embodied in G.O., No.1985 M., dated

18th

The plans are not sent up.
I don't see how I can understand
the matter without them

The plans were sent up

C. M. S.
C. M. S.

18th December 1894, expressed its conviction that the protective bund is necessary to the well-being of the town and its readiness to borrow the money required for its construction. If it is decided to grant the loan from Provincial funds, the Municipal Council will have to pay annually a sum of Rs.1,883 towards the repayment of the loan in 3 years with interest at 4½ per cent, and this amount can be met from the general revenues, seeing that the budget for 1896-97 closes with a balance of Rupee 4,750. Before, however, finally sanctioning the estimate, it is submitted that they ~~may~~ ^{be} forwarded to the Municipal Council for remarks, more particularly on the objections taken by the Superintending Engineer to the construction of the bund ^{may be forwarded to the Municipal Council for remarks} ~~to be submitted through the~~ ^{to be submitted through the} 29.4.96. Collector

It is not stated where the obstruction to traffic comes in: it is not apparent from the plan.

4/5/96

Order No. 797 dated 11.5.96

Para 3 of the Supt. Engr's letter will be referred to the Municipal Council for remarks which should be submitted through the Collector (from order)
