VIZAGAPATAM MUNICIPAL OFFICE,

Dated 10th April 1896

From

M. R. RY.

B. SURYANARAYANA SASTRI GARU B.A., B.L.

CHAIRMAN, MUNICIPAL COUNCIL,
 VIZAGAPATAM.

To.

The Honorable Mr. J. Price,
 Chief Secretary to Govt.
 Madras
 (Thru the Collector, Vizagapatam)

Sir,

With reference to the Correspondence ended with G.O. No. 132 M. dated 28th January 1895 I have the honor to Submit that since the receipt of the order in question to the effect that the Railway Station Compound at Waltair will continue to be included within the Municipal boundaries, the manager East Coast Railway made a reference to the Consulting Engineer for Madras stating that the matter of inclusion or exclusion of Railway Colony did not appear to have been properly represented to the Madras Government which is the

under the impression that it was understood by the Municipality that the case at issue was the inclusion or exclusion of the whole of the Railway Colony, that is, an extension or retraction of the Municipal Boundary.

In reply, the Consulting Engineer informed the manager that the question of exclusion of the Railway Colony had been already exhaustively discussed with the Madras Government and the Government of India, and that the Govt of Madras supported the Chairman of this Municipality, but he however suggested that the manager should make a distinct proposal either to have the Colony included or to pay an annual contribution to the Municipality for such of the Colony as falls within municipal limits, bearing in mind that the future head quarters of the East Coast Railway are not yet decided. It was in consequence, the manager addressed the Collector to take the necessary steps for having the Railway Colony included within Municipal limits. In his letter No 2985, dated 31st Decr 1895, the Collector asked the Council

to revise the existing municipal ^{no} boundaries sanctioned in G.O. No 986 dated 3rd October 1866.

2. The Council, leaving at its meeting held on the 26th October 1895, resolved that the whole of the Railway Colony be included within the Municipal limits, I beg to submit that you will be pleased to obtain the sanction of Government for the revision of the boundaries as given below:-

East: The Sea.
South: The backwater
West: The backwater to the point where the junction of the Causeway and Jeypore roads is formed and so on round Gallenetta and Gnanaapuram to the five arch bridge and hence to Panamutti Peta along the Bowdara road where it crosses the Railway line.

North: From the point where Bowdara Road meets the Railway line to Thatchetta palm garden along the foot of Malanetta ^{hill} then turning southwards to Yerlaggeda, thence to the back of the Rev. Mr. Hay's house, and so on to the bridge built by the late

late Janya Parvash Row, from
there by the Walter's Road, running
round Mr. Collett's house to the sea.

3. I beg to submit herewith
three plans, two from the Railway
Department and one from this
office for information.

I beg to state that the
manager East Coast Railway has
omitted in his plans (the existing
new Sontaparti) a portion of the
Municipal limits apparently from
a mistake made in the Sewerage
plan supplied to this office from
that department. This was supplied
in the plan submitted with my
letter No 688 embodied in G.O. No 132 / Returned
