Order

The proposition statement is sanctioned.

V.R. 13/12/95

Wkd 14-xii-95 ~~Since~~ The proposal adopted is reducing the Hindu Bd schools by 33 p c and the Mappilah by over 50 p.c. Please see portion of Sub Committee report marked with red tape. Please see also the D.P.I.'s Endt. underneath this sheet. Govt. particularly wishes Mappilah education to be carefully seen to but it is to these ~~[illegible]~~ class of schools that the pruning knife has been most rigorously applied. Why should the Hindu schools not be cut down? Private enterprise will look more closely to these than it will to the Mappilahs. ~~[illegible]~~ There seems no just cause which an equal percentage should not be taken off both Hindu and Mappila schools. ~~[illegible]~~

20/12/95

Certainly it wd. seem ~~that~~ the Hindu & Mappila schools should be *

" The Director [illegible]

Revision of Primary School Estt.
Malapuram Tk. Bd

If, as Dr. Duncan says, the present proposals will make matters worse than they were before the new schools wh. have been sanctioned } Govt. were opened he sho address Govt. on the subject

J. G.
5/1/96

-*- equally cut down, but from the State in the propr. Statt. it wd. appear that the Mappila schools to be reduced are mostly schools kept up by Mollahs who afford no secular instruction worth the name – I should therefore accept the proposals of the Taluk Bd. – No doubt the D.P.I. oppose them, but that is his business – It is not his business to see to the maintenance of the roads, on which Govt. has decided that a certain proportion of the income of these Bds. must be spent. If only such Mappila schools ~~are~~ as ~~are~~ are stated are to be abolished, I don't think much harm will be done to Education – Anyway, I don't see how more than a certain proportion of the Taluk Bds. funds can be spent on education – If more Education is for political reasons necessary in this particular tract of country, as is very probably the case, Provl. must find the money. The Taluk Bd. must be made to keep up the roads first & to attend to other things afterwards – Show the Hon. Mr. Grose

H. S.
21/12/95

The reduction is necessary to enable the L. F. Bd to keep up its roads & communications properly. The amount that will be allotted to education seems twice as much as the Bd can afford. The reasons given for closing Mopla schools are *prima facie* good. I agree with my Hon. Colleagues that if more money is wanted for such schools it must [illegible]

Revision of Primary School Cott.

Revision of Primary School Cotts

Proceedings of the Sub Committee held at Malapuram on the 17th July 1895

Read proceedings of the Malapuram Taluk Board dated 20th May 1895 Communicated with the Presidents endorsement of the 24th idem forming the sub Committee for Carrying out retrenchment in the Current year's educational expenditure of the Board.

Read also Budget for 95-96 and the statements of schools prepared in Consultation with the Sub Assistant Inspector Mr Kesava Menon.

1. The Sub Committee regrets to find that the Educational Department is not sufficiently well represented, there being one Sub Assistant Inspector present to represent only the Walluvanad Taluk.

2. It also regrets to find that no detailed proposals for utilizing the Current year's educational Budget grant of Rs 14890 have been received from the educational authorities although these were called for as early as 22.12.94. This omission seriously hinders the Sub Committee from making detailed proposals for reduction of Current year's allotment as requested by the Board in its resolution above Quoted. The Sub Committee is therefore

Proceedings of the Sub Committee held at Malapuram on the 17th July 1895.

Read proceedings of the Malapuram Taluk Board dated 20th May 1895 Communicated with the Presidents endorsement of the 24th idem forming the sub Committee for Carrying out retrenchment in the Current year's educational expenditure of the Board.

Read also Budget for 95-96 and the statements of schools prepared in Consultation with the Sub Assistant Inspector Mr Kesava Menon.

1. The Sub Committee regrets to find that the Educational Department is not sufficiently well represented, there being one Sub Assistant Inspector present to represent only the Walluvanad Taluk.

2. It also regrets to find that no detailed proposals for utilizing the Current year's educational Budget grant of Rs 14890 have been received from the educational authorities although these were Called for as early as 22-12.94. This omission seriously hinders the Sub Committee from making detailed proposals for reduction of Current year's allotment as requested by the Board in its resolution above Quoted. The Sub Committee is therefore driven to the necessity of dealing with the state o

things as it now finds. The existing educational charges of the Board as per three statements furnished by the President amount to Rs 16370 or Rs 1480 more than the total allotment of the current year which gives a per centage of 39 on the estimated receipts of the year excluding the opening balance, the endowment fund receipts; and the allotment from the District Board. To reduce this to 25 per cent means a reduction of Rs 6040 in the existing charges. The statements read at the head of the Proceedings submitted by the Sub assistant Inspector Mr Kesava Menon contain proposals to abolish 8 Hindu and 26 Moplah Primary schools as Board schools out of 23 and 47 schools, respectively under the Board, to revise the existing establishments in certain cases and also to reduce the result grants to 50 p.c. in respect of Pure Result Schools which are conducted by uncertified teachers. These proposals which the Sub Committee accepts will result in a net saving of Rs 3370 on the total existing charges. This would reduce the percentage on education to 30 from 39. The Sub Committee is of opinion that further reduction cannot be effect without throwing the two Taluks which are notoriously backward in respect

nsiderably behind. 9

should have been adopted sufficiently early in the year to reduce the existing educational charges so as to bring them within the budget limits of the current year. This having been omitted to be done and the old state of things allowed to continue for 3 months the Sub Committee thinks that it is inexpedient to propose any further retrenchment for the present and that the question may well be left for consideration at the next year's budget meeting. The Sub Committee is of opinion that considering the difficulty it experienced in getting correct information about educational matters some urgent reforms are needed in this branch and this proposal it feels can best be brought forward at the annual meeting for the consideration of the budget instead of at the middle of the year.

3. The Sub Committee thinks that the introduction of the system of payment of school fees in the Moplah schools is a retrograde step. If it is now introduced it will only tend to make education more unpopular with the Moplah Community. The Sub Committee would therefore recommend not to make a departure in the existing system - at all
Quo to for a few years to come.
to the

To

The Assistant Inspector of Schools,

9th Division.

Sir,

With reference to your endorsement no. 2280 m / 29.8.95 forwarding for remarks a copy of the Malappuram Taluk Board President's letter no. 468 / 2.4.mis dated 9 August 95 regarding the reduction of educational grant, I beg to state that I am very sorry for the abolition ~~of the~~ Velliyazhi Salary Result School. It is a thriving school in a backward locality and should not therefore have been abolished. In other respects the retrenchment in Salary Result Schools so far as this Range is concerned is not open to objection.

2. Under the assignment system only a small amount is alloted to each School according to the financial condition of the Board and the School, and according also to the educational qualifications of the teachers. The amount thus assigned to each school in the D and E lists for 95-96 is already sanctioned by the Board and credit has been taken for an expenditure of Rs 1800

No 398 D / 16.6.95

From
The Sub assistant Inspector of
Mappilla Schools, Malabar

To,
The Inspector of Schools,
Western circle

Sir,

With reference to your no 3661/12.6.95 on the resolution of the District Board President dated 17th ultimo no 301 LF I have the honor to submit that I do not see my way to effect any change in the case of Mappilla schools to meet the end desired for. At present Local Boards maintain only salary system schools for mappillas and the teachers of these schools are paid a salary varying from 2 to 7 Rs a month which itself is quite inadequate a remuneration for the work we demand from them. Now to close some of these schools, I beg to submit, goes much against the interests of Mappilla education which is only in its primary state now. Next the Mappilla education has not yet so firmly rooted itself as to introduce the levying of any kind of fees whatever low it may be. The Mappilla Schools do not permanently exist on result system and which fact is very plain from the periodical closure of many a result system Schools registered for grant examination

2. Hindu Schools both salary and result are maintained by the Local Boards and there are also too many in almost all amshoms.

be instructed as to what I should do in the matter

Office of the Sub Asst Inspr of Map

No 602 D

Ponnani 20th September 1895

From
The Sub Asst Inspr of Map Schools
Malabar

To
The Asst Inspector of Schools
9th Division

With reference to your endorsement No $\frac{2280\ M}{29\text{-}8\text{-}95}$ on the Malapuram Taluk Board President's letter No $\frac{465}{2\text{-}8\text{-}95}$ referred for remarks by the Inspector of schools in his No $\frac{5235}{20\text{-}8\text{-}95}$ I have the honor to state that the retrenchement of the allotment so far as Mappila Board Schools are concerned goes very much against the interest of Mappila education of the two taluks of Ernad and Walluvanad and the same is just in contravention to the wishes of the Government

2 With reference to the resolution of Proceedings of the Sub Committee advan

earning from Provincial Funds is appropriated by them as managers of schools while the Board pay stipends as well as results grants to Hindu Schools and get a majority of the result grant earning from their own funds. Besides the Board have to maintain and give Results grants to Hindu pure Results System schools whereas ~~they~~ of are saved from this part of the expenditure so far as Mappila Schools are concerned because Mappila result system schools are solely aided from Provincial funds. I should admit that fees are collected in Hindu school but this deficiency is partly made good of, by the mappila schools in as much as they contribute a good amount towards receipts in the shape of results grants from Provl. Funds.

The reduction now made in the number of mappila schools is very much to be regretted. It has been found by experience almost difficult to maintain mappila Schools on Result System but at the same time a nominal monthly pittance is sufficient for a mulla or teacher to work up a school. For the better conduct of a school adequate amount should be paid as salary. Closing of so many schools as 25 in number means the same as shutting the mappila pupils of the localities where these schools now stand from the way of primary education. There is no hope of bringing these schools on the Result system and it is therefore a matter for regret to allow the mappilas of the two taluks to remain in their present state of brutality instead of cooperating with the educational authorities for the advan[illegible] [illegible] the Com[illegible]

the Proceedings of the Sub
Committee meeting of the Mala-
ppuram Taluk Board...

C No. 142

Office of the Assistant Inspector of Schools
Ninth Division.

Tellicherry, 2nd Novr. 1895

From

The Assistant Inspector of Schools,
Ninth Division.

To

The Inspector of Schools
Western Circle

Sir,

In reference to your endorsements, no. 5231/20-8-95 and 5472/29-8-95 herewith returned, calling upon me to offer my remarks on the proposed reduction of expenditure on Education by the Malappuram Taluk Board, I have the honor to forward the marginally noted letters from the Sub-Assistant Inspectors of Schools. From these letters, it would appear that none of the Sub-Assistant Inspectors of Schools is in favor of the reduction which, it appears to me, is too large not t affect injuri

1. no 4354/6.9.95 Palghat Range
2. no 3395/5.10.95 Calicut Range
3. no 602 D/20.9.95 Mappila schools

ducation in the Taluks concerned.

2. As the details of the gross income of the Board are not available, I am unable to express a correct opinion on the real state of its finances. But ssuming that the estimated income of the Taluk Board for the current year viz Rs 51820 given in the President's letter includes the receipts from fees and Government grant on account of Education which amount to Rs 8125 according to the revised estimate for the current year, I am inclined to think that the reduction now proposed means that the Board is prepared to spend only Rs 4175 [i.e. Rs 13000 (proposed expenditure) — Rs 8125 (Government grants and fees)] on Education or only percent of the Board's own funds, i.e.

Local rates and cesses, leaving about 89 per cent for expenditure under Grants I, III and IV. I think that this proportion for Education is too small. I should in the strongest terms, recommend that the Board should ordinarily allot at least 20 per cent of its income from Local rates and cesses alone for Education; and such an allotment supplemented by School fees and Educational grants from Government will, as detailed below, make up a reasonable amount which will altogether render unnecessary the reduction proposed by the Board.

20 per cent of the Board's income from Rates and Cesses alone i.e excluding Educational grants from Government and School fees [51820 – 8125 = 43695]	Rs 8739
Add Educational Receipts - - -	Rs 8125
Total Rs	

ducation in the Taluks concerned

3. I am of opinion that in calculating the percentage of Expenditure by Boards on Education, the Educational Receipts should be entirely left out of account, the latter being properly supplementary to the Boards grants from Rates and Cesses.

4 As regards the proposal of the Board to close certain Schools "which "are doing practically nothing towards "the promotion of beneficial Education" I may, even taking this statement for granted, observe that there are localities where schools are now badly wanted and the allotments for the schools which are doing badly, may with great advantage be utilized for establishing and maintaining Schools at such localities.

the reduction of the rate of results fa to 50 percent, as under the Assignmen System only the net cost is paid. am sure that if the proposed reduc is carried out, the Educational interes of these Taluks will suffer.

6. I may also bring to your notice that the status of the Board Primary School-masters at present is anything but satisfactory, the average emoluments of such teachers being in a majority of cases Rs 4 to 6. This amount is quite insufficient for the maintenance of an adult and his family however small, and is inadequate to induce the teachers to do their work with zeal and earnestness. Such a low scale of stipends was fixed probably when the Schools were worked on the Combined System, when

teachers were themselves managers and ceived in addition to their stipends the full results grants and all the fees. It has always been complained of that the quality of instruction imparted in the Primary Schools is not as satisfactory as it ought to be and in order to improve this state of affairs, it is highly desirable to improve the position of the teachers employed in primary Schools as regards their monthly income. Nothing will conduce so much to the efficiency of instruction in Schools as the pecuniary status of the Schoolmasters.

7. I beg leave to observe that whereas an ordinary cooly earns on an average Rs 7 a month and whereas it is possible for a mason to earn a monthly income of not less than Rs 15, it is very much to be regretted that a teacher who has received education at some cost and who has undergone training and is spend his youth and vigour in the work of teaching should be made to occupy a less advantageous position. I think we ought rather to raise the present scale of salaries of the Board Primary School masters than to lower it. I would, if reduction *should* be made, prefer a few well-organized Schools taught by duly qualified and decently paid and therefore contented staff at some well-chosen centers, where the Schools will be well attended.

8. The interests of Primary Education will be seriously jeopardized if the Board's resolution reducing the allotment to Rs 13000 be upheld by Government and I therefore beg that the Government may be moved to dire

the Board to allot 20 per cent of its income from Rates and Cesses alone leaving the Educational Receipts to supplement such allotment. I think that it is highly essential that there should be some fixity with regard to Educational Grants, that the Board should allot some fixed portion of the Board's own income. The present uncertainty and the apprehensions in the minds of the teachers at the time of the preparation of the Annual Budgets must have a very unwholesome effect on the teachers concerned. My recommendation will put an end to this state of things. If my recommendations are approved, I may be able, in consultation with the Sub-Assistant Inspectors of Schools to submit a scheme for the propo utilization of the Board's funds; for, I think that there is some truth in the Board's contention that some Board schools are not in a satisfacto condition.

I have the honor to be, Sir,

Your most obedt Servant

Sir,

I have the honor to Submit herewith for the sanction of Government a proposition statement for the revision of the Primary school establishment under this Taluk Board.

2. The grounds of proposition are briefly explained in the appropriate Column of the statement.

3. The proposals, which were passed by the Taluk Board after mature Consideration, if sanctioned by Government, will have the effect of reducing the expenditure on education to Rs 13000 and this amount is about 25 per-Cent of the entire estimated income of the Taluk Board for the current year viz Rs 51820, and is

3511 L

No. 12686 / 28-11-95

Submitted to Government with the remark that the carrying out of the proposal of the Taluk Board will seriously check the progress of education, especially with the Mappilla community. It is only about a year ago that Government ordered the opening of additional schools in the Ernad & Walavanad Taluks and this has just been done at the cost of Provincial Funds. The proposal of the Taluk Board if carried out, will leave matters worse than they were before the new schools were sanctioned.

2. The Hindu Sub-Assistant had no right to recommend the abolition of Mappilla Board schools without consulting the Sub-Assistant Inspector of Mappillai Schools.
