Subject.

Forwarding the Bezwada Civil Hospital
letter requesting sanction for the increase in the
salaries of the hospital servants
stating that the pay of
the Bezwada Civil Hospital ward-servant
may be increased from Rs 5 to 6 that the
increase in the other cases is unnecessary.

OFFICE OF SURGEON-GENERAL

WITH THE GOVERNMENT OF MADRAS,

Madras, 7th May 1896.

1896.

From

SURGEON-MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.I.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

Local and Municipal DEPARTMENT.

SIR,

In forwarding the accompanying letter from the Chairman, Municipal Council, Bezwada, I have the honor to state that the pay of the ward servant may be increased from Rs 5 to 6 as it is difficult to secure the services of a good--- class of men for work of that kind.

2. In the case of the other servants, i.e., the peon and the waterman, there does not appear to be any necessity for modification in the existing scale of pay so long as men can be found willing to take up such appointments at the present rate of pay.

I have the honor to be,

Sir,

Your most obedient servant,

C. Sibthorpe
Surgeon-Major-General

Surgeon General with the Government of Madras.

Comd

From

The Civil Surgeon
Bezwada

To

The Chairman
Municipal Council
Bezwada

Dated April 11. 96

Your No. 2362 of 30.3.96

Sir, I have the honor to inform you that as a general rule the pay of these men should be increased to Rupees 6 as in the pay of Rupees 5 it is difficult to get these men to do their work properly, and the difficulty of getting better men to accept thereof on the small pay offered. The peon has manifold duties to perform, taking letters locally and posting others, besides making envelopes, making books &c. Keeping order among the out-patients, during the past one year two peons resigned on account

of the small pay and the present one is far from satisfied.

The waterman's duties are laborious, though the Hospital is near the River, there is difficulty in obtaining the large quantity of water daily required for the use of the Hospital particularly during the dry season and when the Canals are full there is the difficulty in going down the large number of steps to reach the Canal and return with his two pots of water hung across his shoulders. He has to supply water for in-patients both for drinking and bathing purposes, water to wash the ward frequently and water for the garden, the kitchen and out-patient department. The water servants duties are most arduous and require

some skill, as he has to help in the dressing of both in and out-patients, take his turn of night duty every second night feed bed and dress patients and have others as we have no nurses at present in this Institution. He, besides is in charge of the bedding and clothing of which he keeps account and multiparious duties connected with patients. The Surgeon General at his late inspection of this Hospital in November 1895 remarked that the pay of the ward servants was too small to induce even sufficiently trained to accept the post.

I have &c &c
