(1). Read Proceedings of meeting of the Trustees held on the 21st August 1875.
Read also Proceedings of the Director of Public Instruction No. 12665 dated 27th November 1875 as to the necessity for Employing a general teacher qualified in drawing.
Read also letter of the Head Master to the Honorary Secretary dated the 29th February last reporting a great increase in the number of boys in the School and applying for an additional master.

The Trustees resolve that the Entertainment of an additional master is necessary; that if possible a European or Eurasian master be obtained with due regard, if possible to the recommendation of the Director as to qualification in drawing: That a

a Salary of not more than £ 100/. per month be given to a duly qualified teacher and that the Head Master be requested to make enquiries as to a suitable assistant on the above lines and to advertize if necessary and report the result to the Trustees for their decision.

Sir,

I have the honor to inform you that the Trustees of the Byrants Memorial High School held a meeting on the 14th Instant at the Collector's Office to Consider a letter from the Head Master reporting that since he took charge of the School on the 1st November last the number of boys attending the School had risen (from 33 on the 1st November) to 63, and requesting the appointment of an additional master: and I have the honor to enclose a copy of the resolution passed by the Trustees on the Subject.

The Trustees find that the increase of fees consequent upon the increased number of boys on the roll is so Considerable that the Salary of the additional master would probably be met out of it even if no half Salary grant could be obtained from Government, while if the usual grant be obtained the increased

fees

fees will more them meet the additional cost to the school.

The Director of Public Instruction in his Proceedings of the 27th November last, before the recent increase in the number of boys took place, remarked that "a General teacher also qualified "in drawing should be employed at "the earliest opportunity in the school "is to work efficiently". He will doubtless therefore make the usual half Salary grant.

Sir,

I have the honor to transmit, through the Director of Public Instruction for the sanction of the Government, an Extract from the Proceedings of the Municipal Council, with connected papers, regarding the employment of an additional master, a European or Eurasian, for the Breeks Memorial High School, on a salary of Rs 100 per mensem.

2. The Director of Public Instruction in his Proceedings dated 29th November 1895 no 12665 para 5 remarked that.

"A general teacher, also qualified in drawing should be employed at the earliest opportunity, if the School is to work efficiently."

3. The Head Master has informed the Trustees that the number of boys attending the School had risen from 33 on the 1st November when

when the book charge to 63, and the Trustees find that the increase of fees consequent upon the increased number of boys is so considerable that the salary of the additional Master would probably be met out of it.

4. Accepting these views the Municipal Council has sanctioned the appointment of an additional master whose employment, it is believed, will be the means of attracting more boys to the School, and tend to increase still further the income derived from fees.
