it can be carried out in spite of the popular and therefore sentimental objection. In the meanwhile arrangements will be made for putting up a strong fencing. Mr Allen assured me that there is no cause for apprehending further subsidences. On the receipt of the orders of Government, steps will be taken for the preparation of estimate and plan.

(4) Para 4(5) Improvement of the Conservancy Carts. Arrangements have been completed to secure efficient bullocks and carts from 1st April next. The rate hitherto was so poor that it was mainly the cause of the evil. It has now been raised from Rs 10-12-0 to from Rs 15 to 17 Rs according to the various kinds of Carts in use and the contractors have undertaken to supply carts of the number provided by the Municipality. Precautions have been taken to make the conditions of the Contract as comprehensive and stringent as possible and it is hoped that with the new year there will be a palpable improvement in the sanitation of the Municipality.

thus fully met, there is no occasion for any further discussion of the matter.

(3) Para 4(3) the repairs to the Shaurian tank. As regards the repairs, it was considered that Rs 3000 was too large a sum to be spent on the tank when it would become practically useless as a source of drinking water, directly the water works are opened. Two or three hence. The advice of the Executive Engineer was sought. He inspected it and after careful consideration has recommended it being filled up with earth taken from some of the dry fields close by. Roughly the cost of doing so may be Rs 1500, but against the expenditure has to be set the value of the cut granite stones used for rivetting the side walls which could be dismantled & sold. The sale may fetch at the D.P. W. rates about Rs 2000. On the whole the loss to the Municipality will be trifling, even without reckoning the prospective value of the land as a building site. But one large item against the plan is the sentiment of the people. They adhere to the memory of ancient days without giving credit to the change in circumstances. If the Government approves of this plan

Local and Municipal Department,

FORT ST. GEORGE.

Through the Collector of Trichinopoly.

SIR,

I have the honor to submit for the information of Government the report called for by G.O. No. 1665 of 18th October 1895 revising the Administration report of this Municipality for 94-95.

(1) Para 3(1) Revision of the taxes on buildings and lands. The house tax registers have been thoroughly revised with the result that the demand for the current year has risen from Rs 26870 to Rs 31870. The land tax registers have also been revised & the result is that the demand has risen from Rs 2940 to Rs 3380.

(2) Para 3(4) Contribution of the Trichinopoly Tank Board to the Municipal Hospital. The Tank Board has promised to pay Rs 1000 being the balance of contribution for the last year and to pay the current year's contribution in full. The demand being
