Order No 591

In the circumstances now
stated, the alterations in the
conservancy establishment pro-
posed in para. 45 of the Chairman's
budget letter are approved.

2. As the Government has
undertaken the survey of all munici-
pal towns in this Presidency and
as it is not likely that a drainage
scheme for Vairamudy will be
taken up in the near future, the
municipal council's attention will
be drawn to the desirability of
having the sum of Rs 500 pro-
vided for the purpose in the
manner suggested by Dr. King in
para. 3 of his letter disposed of in
Geo. No 247 m. dated, 12 February
1896, it will be requested to re-
consider its resolution on the sub-
ject.

SALEM.

Sir,

With reference to para 3 of G.O. No. 247 M. D. dated 12th February 1896

I have the honor to forward herewith the resolution of the Council passed thereon at their meeting held on the 25th February 1896.

I have already sufficiently explained in the budget covering letter the physical state of the town which is divided by the Palar river into many islands. With the reduction in the number of Sweepers as proposed by the Sanitary Commission it is not possible to secure efficient working in sanitation. There are 11 public latrines and about 349 private latrines and the number of scavenging

now

is one mile distant - and there is no work for 32 scavengers.

The Council provided for the survey with a two fold object - firstly with a view to introducing the drainage scheme and secondly with a view to having a properly drawn map which will always be useful in suppressing encroachments.

3 Read P.O. No. 247 in this dated 12th
February 1896 on the Sanitary Commis-
sioner's letter offering his remarks on
the budget for 1896-97 regarding Con-
servancy, Vaccination &c.

Resolution: The Council Consider the
Suggestions of the Sanitary Commissioner
to be entirely unsuited to the require-
ments of this Municipality. The number
of Sweepers now entertained is just
sufficient considering that they have to
sweep the streets and drag the rubbish
Carts to the depôts which are about a
mile
