Executive Engineer's office,
No. 42 St. Salem Division,
Salem, 6 February 1896.

From,

H. H. O'Connell, Esq.,

Executive Engineer,

Salem Division,

To,

The Superintending Engineer

Fourth Circle, Coimbatore.

Sir,

With reference to your No. ²⁴/_{SL}, dated 20th January 1896, I have the honor to report that I inspected the site selected by Mr. Ellis, the Municipal Engineer of Madras, for sinking a trial well.

I have instructed the Sub Divisional officer to frame an Estimate for a well 30 feet deep. I find that the water surface in the two wells which are situated within 200 yards of the proposed well is only 2 feet below ground level and I anticipate that a good deal of pumping will be necessary to sink this well 30 feet. I request you will be good enough to arrange for the transfer of the Engine and pump used for the well in Coimbatore Jail to this work, and also let me know the

the daily cost of working the pump.

The owners of the wells mentioned above state that their wells which are 15 feet deep will not dry this year, but that during the last two or three years the wells dried as the seasons were not so good as the present one. I anticipate that if we pump out our well, when it gets below the level of these wells that we shall draw off the water from these wells.

Arrangements will have to be made to supply the owners of these wells with the water pumped from the proposed well.

The site of the proposed well is patta land and the Chairman of the Municipal Council has promised to arrange to acquire the land.

The amount promised by the municipality for the sinking of this well is Rs 2,000. I request to know if Government will provide money if the expenditure should exceed this amount.

The item of pumping will be very considerable unless the sinking of the well is put off to April. Even then I think a good deal of pumping will be necessary.

(True copy)

I have &c,

(Sd) Hugh O'Connell,

Executive Engineer.

From,

J. Hannan, Esq.,

Superintending Engineer, 4700,

To,

The Chief Engineer,

P.W. Department.

Sir,

With reference to L.O. No. 2535 W, dated 15th October 1895, I have the honor to submit for favor of obtaining sanction of Government a estimate amounting to Rs 1,280 for sinking a well at the foot of Namamalai Hill in connection with the investigation of the Salem Water Supply Scheme.

2. A copy of report No. 42 A.C., dated 6th February 1896 from the Executive Engineer, Salem Division is herewith submitted for your information with reference to your No. 258C, dated 1st January 1896.

I have the honor to be,

Sir,

Your most obedient servant,

Hannan

Supg. Engineer, 4700.
