No 356

Enclosure: - Nil

Reference - G.O. No 11 Dn. hns
dated 7 January 1896.

Subject

Requesting Sanction
for the
entertainment of
percentage maintenance
under the usual order for the
allowance of one and a half per cent
on the working estimate.

(With order)

This does not appear to be undesirable. Dindigul
is a small municipality the expenditure on public
works, ranges from Rs 4000 to Rs 5000 per annum.
The amount which will annually have to be paid
to the municipality will be about Rs 75, & the
competent authority cannot be expected to
pay the wages of a fixed monthly salary.
There are no instances of ministers being paid by
percentage, but the collector is paid a certain
percentage rate on the amount collected in Ballari
& was so for some time in Tirupathi.

To
The Chairman Mr. Dindigul
4/4/96

Here The system of paying by
a percentage on the working estimate
is I think wrong in principle. It is a
direct inducement to keep the estimate
high & is therefore the reverse of economical.
Far better pay a fixed salary of
even as much as Rs 75.
