Order

Forwarded. I think the Council spend too much money on establishments. Peons ought not to be necessary in addition to bill collectors. In other towns lighting is done satisfactorily by contract. I don't see any necessity for a light inspector. He cannot do any practical good in this large scattered town & merely draws his 10 rupees for no purpose.

Tellicherry

Sir,

In continuation of this office letter of the 17th ulto No 11016 forwarding Budget of this municipality for 1897-98 I have the honor to state that at the meeting of the Council held on the 6th February '97, it was resolved that the whole establishment for lighting the town be abolished and the same be given on contract and that the services of 4 peons employed in the collection department also might b dispensed with; but at the meeting held on the 29th March '97 consistin of more than one-half the number of Councillors, it has been resolved that owing to the difficulty to secure a contractor on favourab terms that the lighting be condu ed departmentally as hitherto. T of course entails an extra expendi of Rs. 950. viz for the establishment Rs. 700, for contingencies such as for repairs of lanterns & posts Rs. 250, which latter sum may be added to Rs. 1000 budjetted for.

2 The bill Collectors by a petition represented, that it would be very difficult for them to carry out their work without the aid of peons especially when they are entrusted with the service of distress warrants. The subject was laid before the council and it was unanimously resolved that the services of the 4 peons be retained. This will increase the allotment to Rs. 310 viz 2 peons on Rs. 7 and 2 on Rs. 6 each per mensum.

3 Extracts from Proceedings of meeting, the proposition statement together with application for allotment of funds for the retention of the above establishment are herewith submitted with a request that the same may be placed before government for sanction.

I have the honor to be
