No. 37, dated 10th February 1897:-

The papers connected with the Muthukolam Project which is also intended to give a water supply to the town of Coimbatore for drinking purposes were, on the 9th December 1896, transferred to the Revenue Department for obtaining the Collector's opinion as regards the probable return from the project. It is however considered doubtful whether the Muthukolam Project would much improve the water supply of Coimbatore Town as the Siruvani will be <sup>nearly</sup> ~~clearly~~ dry in the hot weather.
