Sir,
In reply to G.O. No. 2057 mis. dated 3.12.96,
regarding the extinction of Jagannaikpur, I have
the honour to report as follows :-

At its meeting held on the 3rd October 1896
the Council resolved to acquire a piece of
land measuring 20 acres and 79 cents for the
improvement of Jagannaikpur. For this
purpose, land belonging to Basu Saravayandi
ganu to the East of the punta will be
acquired and allotted into sites. It is 15
acres and 14 cents in area of which 1/4 or
nearly 4 acres will be left for pathways each
measuring not less than 10 yards wide and the
remaining 11 acres will be marked out into

FOR ORDERS.

Mag A.

In Para 2 of the Government Order read above, the Collector of Godavari was requested to furnish a full report explaining in detail the Council's project for the improvement of the town of Cocanada, accompanied by a sketch and more accurate estimates of the cost of taking up the proposed sites. He was also requested to state whether the Estimates submitted by the Chairman included the cost of acquiring portions of the burnt down quarters of the town, which it was proposed to acquire. In reply to this, the Collector now reports that the Council has resolved to acquire lands measuring 20 acres and 79 Cents for the improvement of Jagannaikpur. It is proposed to divide one of these blocks measuring 15 acres and 14 cents into 275 sites.

after leaving nearly 4 acres for
pathways measuring not less than
10 yards wide and allot them to Pariahs
who have very small sites at present.
Another block to the west of the
punta measuring 5 acres and 65
cents is to be divided into 125 sites
after making the necessary provision
for pathways not less than 10 yards
wide. In addition to these two blocks
it is considered necessary to take
up some more sites and portions of
burnt down houses for widening some
of the streets and improving the
market. It is stated that when
all the Pariahs are shifted to
the first block above referred to,
the sites of the Pariah hamlet
which is a very good locality will
be divided into sites of decent
size and allotted to some Euro-
peans who are now in need of
houses. As regards the cost, the
Collector states that more detailed
estimates cannot be given at
present as it is not known how
far the exchanges contemplated
can be actually carried out.
The Chairman's rough estimates
however amount to Rs 2500, as

already reported, exclusive of
the sites in the Pariah hamlet
which are estimated at Rs 500.
It is also stated that Mr. Shipley
has inspected the locality and
approved of the proposed improve-
ments.

2. The following draft
Order is submitted for approval.
"Recorded with the remark that
the Municipal Council's proposals

The order requiring approval should be submitted for the
by the Council. It is not proper, approval of the Sanitary Board
but I can't see the use of any such reference in this case, as required by Para 3 of the
Reg A.

it will only cause delay. Government Order read above.
I should not dissent. Many points. 1897
in which it is so evident that
the proposals made will effect
an improvement. I should
approve the scheme. I say that
the reference to the San. Bd. may
be dispensed with under the
Cities Act.

 it is also stated that the

*2. The following draft
 has been submitted for approval
 of the Council at the present time.*

*It is suggested that the
 Council should be authorized to
 approve of the draft and
 to request the Government
 to consider the same.*
