FOR ORDERS.

In para. 6 of his inspection notes on the Palni Municipality, printed in G.O. No. 1998 M, dated 28th November 1895, the Deputy Sanitary Commissioner recommended that the Muhammadan burial ground in the centre of the town and the Native Christian burial ground in the Paracharry should be closed and that new sites should be selected in their place. The Chairman in his remarks on this recommendation ^{quoting closing the Muhammadan burial ground} stated that the ~~matter~~ had been referred to a Sub-Committee for report and that the Committee had been asked to expedite it. As regards ~~the~~ Native Christian burial ground, ^{also,} he promised that arrangements ^{would} be made to close it. ~~likewise~~. In the report on the Municipal hospital for 1895-1896, however, it was brought to the notice of Government that the recommendation of the Deputy Sanitary Commissioner above referred to had not been carried out, ~~and~~ the Government thereupon observed as follows:-

"The dilatoriness on the part of the Sub-Committee appointed to select a site for the Muhammadan burial ground is extremely unsatisfactory. This matter must be dealt with at once: the Chairman will report on the subject without delay."

In reply to the above remarks the Chairman in his letter No. 15 dated 1st February 1897 reported that the sub-Committee

Committee appointed for selecting a site for the removal of the Muhammadan burial ground fixed a place, but that further particulars about the extent &c. of the same have been asked for. On the receipt of this report, the Government remarked as follows:-

"The dilatoriness of the Sub-Committee is most reprehensible. The Chairman should submit a further report on the subject by the 15th of April next".

The Chairman's letter read above is the further report above referred to and shows that after so much delay the Sub-Committee has selected sites which are considered objectionable by the Medical Officer. It is therefore evident that the question can no longer be safely left to the Council for settlement if it is to be disposed of without further delay. The following draft order is submitted for approval:-

Order. No. 1188 M. mis. dt 13-5-97.

The great delay which has occurred in the disposal of this question and the unsatisfactory manner in which it has been dealt with by the Sub-Committee appointed for the purpose reflect much discredit on those concerned. The Collector is therefore requested to select a suitable site in consultation with the District Medical and Sanitary Officer and the Muhammadan Community. The Municipal Council will then take steps to acquire the land and prepare it for use as a burial ground, and apply for the sanction of Government for closing the existing ground
